Suffering in Iowa—Measures Against the Pacific Railroads.

WASHINGTON, 8.—Adjutant Genl. Baker writes to commissioner Burdett Lenz, of the land office, representing the suffering of the inhabitants of northwestern Iowa, owing to the grasshopper ravages, and complains of the hardships of the settlers, who are obliged to go sometimes 200 miles to land offices, to make proof of occupancy, and he suggests the establishment of local offices.

The secretary of the treasury is preparing a formal demand on the several Pacific Railroads embraced in the act of last June, requiring payment of five per cent of the net earnings of the companies to the government, imposed by the act of July 12th, 1862. If the demand is not complied with within 60 days the secretary will notify the Attorney General, who will institute legal proceedings against the roads for delinquent taxes.

Loss of the "Henry Ames"—$15,000 Fire.

NEW ORLEANS, 8.—The steamboat *Henry Ames* had 1500 tons of through, and 300 tons of way, freight, consisting principally of grain, bacon, lard, flour, potatoes and hay. Four persons are known to be lost; no cabin passengers are missing. The boat was insured for $225,000.

A fire here this evening, on Spain Street, burned about twenty small buildings; loss $15,000.

Election Riot.

MEMPHIS, 8.—The following is an authentic account of the troubles at Somerville yesterday: much bad feeling had been engendered by the election, and the negroes had attended the polls heavily armed, and made threats to burn the town. A prominent negro politician, Cash Warren, who abused the son of Mayor Houdon yesterday, on the street, snapped a pistol twice in the Mayor's face; the Mayor then drew a pistol and shot him dead. Several shots were fired simultaneously by the friends of Mayor Houdon. The negroes accused one Oscar Burton of firing the shot that killed Warren, and when he appeared on the streets the police attempted to arrest him, he resisted and they fired on him, he returned the fire and inflicted mortal wounds on Albert and Paul Roves, and dangerously wounded one of Judge Roves' party. The negroes then opened fire on him, but as yet none of the thirteen wounds received are fatal.

WESTERN.

News from Japan and China.

SAN FRANCISCO, 8.—The Japan *Gazette* of June 20th, says: "The ues to be the Japanese expedition to Formosa. The Japanese have quite succeeded in the primary object of the expedition, and might retire with a good grace, indeed they have nothing else to do there unless it be true that they think of colonizing, and that, to all foreigners, and to many among themselves, appears mere folly. The emperor pays out of his privy purse the expense of a foreign doctor to attend the troops in Formosa.

"The deliberative assembly commences its sitting in September.

"The would-be assassins of Iwakura, lately the Japanese ambassador to foreign powers, have been decapitated.

"The Japanese government has appealed to the circuit court of California against the adverse decision given by the U. S. consul in its last suit against the P. M. S. S. for damages of $10,250, for breach of contract.

"Shipments of tea from here continue to be on a scale larger than in former seasons, in consequence of excessive competition among buyers, prices rule too high to leave a margin of probable profit to exporters.

"The government is evidently opposed to the circulation of foreigners in the interior, unless they will agree to be subject to Japanese law.

"The steamer *Canton* was lost near Foo Chow, with a full cargo of tea.

"Her Majesty's consul at Saigon has been notified that unless provided with clean bills of health, all vessels taking cargo or passengers at Saigon will be placed in quarantine at Hong Kong for seven days.

"The Chinese authorities have consented to a telegraph being erected between the Pagoda anchorage and the foreign settlement of Foo Chow, and the viceroy is desirous of having a wire to Gan Yamen in the city."

Last Night's Dispatches.

EASTERN

Dead.

HUDSON, N. Y., 9.—John Stanton Gould, a scientist, died here last night, of congestion of the lungs, in the 63rd year of his age.

$55,000 Fire—Shot and Mortally Wounded.

MEMPHIS, 9.—A fire on Union Street, this morning, destroyed property to the amount of $55,000.

An unknown person shot and fatally wounded A. C. Burton, a colored candidate for the legislature; the affair occurred at Bruken's station, and there was intense excitement among the negroes, but at last accounts everything was quiet.

Don Carlos Interviewed.

NEW YORK, 9.—The *Herald* correspondent interviewed Don Carlos at Elorria, August 4th. He said he was always glad to meet correspondents, and to give publicity to the truth. His enemies had reported much that was false about him, and had circulated absurd stories of Carlist atrocities. He did not anticipate German intervention on account of the execution of Captain Schmidt, who was arrested and convicted under very suspicious circumstances. He regretted that a reprieve hadn't reached him in time. Though the Spaniards did not like meddling with their conflict, intervention would favor him and make his leader of the united Spanish army. Spain was impoverished by the war and tranquillity was necessary to the establishment of prosperity and the government credit. His task was to restore Spain to her ancient grandeur. The Cortes should be elected fairly by the people and should reflect the feelings and wishes of the people, and not be a mere body of factious politicians, alike powerless for good and strong for evil, promulgating doctrines for the overthrow of society and ending with barricades. He would have Spain march onward with her sister nations. When her enemies are conquered and my throne has restored peace, then is the time to consider education. Touching Cuba, he said he would offer free pardon and amnesty, and would guarantee a government devoted to the interests of the island. He said he was opposed to slavery, and would abolish it with all speed. Carlos is very sanguine of the success of his cause, declaring that his prospects are favorable and giving good reasons therefor.

Deaths on the "Pat Rogers."

CINCINNATI, 9.—Forty-seven persons are known to have been lost by the burning of the steamboat *Pat. Rogers*; of these bodies 45 have been recovered.

Consolidated.

WASHINGTON, 9.—Heretofore the board of school trustees for white children and the board of school trustees for colored children have been separate, but yesterday the commissioners governing the District of Columbia consolidated them into one board, consisting of ten white, and five colored members. This consolidation is not designed to affect the present relation of white and colored schools.

WEST INDIES.

Ran Aground.

HAVANA, 9.—The German mail steamer *Alsatia* ran aground while entering the harbor of Puerto Plata, and will probably become a wreck.

CANADA.

250,000 Fire.

MONTREAL, 9.—A most destructive fire occurred here this morning. It originated in Henderson's saw mill and spread across the street, destroying property valued at $250,000. One life was lost. The fire lasted five hours.

WESTERN.

Australasian News.

SAN FRANCISCO, 9.—The British steamer *MacGregor* arrived last night, thirty-five days from Sydney.

The wreck of the *British Admiral* had been sold for two thousand one hundred and fifty pounds. Six bodies found on shore were interred.

In a prize fight near Ballarat, a man named Blair was killed by his opponent. The proceedings in the South Australian Assembly, on the ninth of June, are described as extremely disgraceful. The people of Fiji are impatiently awaiting the decision of the British government on the question of annexation. Blondin was at Christchurch, New Zealand, to investigate the facts relative to the escape of Rochefort, had been at work and the result is that all the Communists at New Caledonia will be removed to the Island of Pines for better security. Immigrants were arriving in New Zealand from Britain at the rate of six thousand per month. Wonderful gold discoveries are reported from the Thames district, forty miles from Auckland.

Thomas Strong, mate of the ship *Pride of the Port*, which arrived yesterday from Boston, was arrested last night for the murder of a sailor named Antone Spanidle, by knocking him from the fore tree to the deck, when twelve days out from San Francisco.

The *MacGregor* brings Honolulu dates to July 25th. The *Gazette* complains that the King's cabinet is weak and ought to be remodelled, that the present members are mere adventurers.

GREAT BRITAIN.

Cricket Match.

LONDON, 8.—At the Richmond cricket match to-day, about a thousand persons were present; the Richmonds retired for the first innings with a total score of 108; the Americans scored 45 runs with five out.

Riot at Portsmouth.

There was a serious riot in Portsmouth to-night, in consequence of the pier authorities closing the thoroughfare; a mob of several thousand persons destroyed the obstruction, when the police charged on them repeatedly, and many police and rioters were severely injured; a renewal of the riot is feared.

More Rioting.

LONDON, 9.—The rioting in Portsmouth was renewed on Saturday; several persons were seriously injured. The military came to the aid of the police, and the mob then dispersed.

ITALY.

More Cardinals—An Outrage.

ROME, 8.—The Pope has declared his intention to create four new cardinals.

Last night an armed band of forty persons visited Imola and proceeded to Bologna, destroying the telegraph lines and disarming the railway watchmen.

Arrested.

Eight leaders of the Internationale have been arrested here; other arrests have been made in Florence and other Italian cities; papers have been seized showing that the Internationale has been making great progress in Italy.

PRUSSIA.

Will be Recalled—Sailed for Spain.

BERLIN, 8.—The Cologne *Gazette* says the French government will recall the war ship Ormondquitous Civita Vecchia, and that the vessel will probably quit the station she has so long occupied on the 15th inst., or before.

The Emperor William has approved of the verdict of acquittal in the case of Captain Warnow, who had been tried by court-martial for his conduct in the Mediterranean at the time of the Carlist insurrection at Cartagena.
