BUSINESS AND MINE.

Eastern Financiers May Consent to Take Some Utah Bonds.

OUTSTANDING INDEBTEDNESS.

Increasing Force at the Copper Plant. --The Eureka Imbroglio.—Mining and Business Notes.

Letters that have been received the past few days by representatives of eastern capitalists indicate that the latter are desirous of suspending the rule recently promulgated, to the effect that no western bonds would be taken, and are opening the way for an exception in the case of Salt Lake. The general rule, however, is in force, and wherever there is a departure from it, it will be in cases where the credit of the intending borrower is regarded as exceptionally good.

That this is the case with Salt Lake is indicated by the proposition to make the proposed issue of bonds by the board of education an exception to the rule. One prominent firm of the eastern capitalists propose to get around their instructions in this case by a suggestion made to a letter received today. The proposition was to the effect that if the election should go in favor of issuing the bonds, the local representatives will make no bids, but a member of the firm will come out and carefully examine the ground, putting in the bid himself.

Others have given instructions that if bonds are to be issued, the price offered must be specially conservative to conform with the eastern idea of a crow money market. Under these circumstances it is probable that, should the board of education make the proposed issue, there will be quite a number of bids, but that all will be at a low figure.

ISSUED BONDS.

The indebtedness in the Territory on bonds is quite an important feature, and the aggregate of money borrowed in this way is probably much larger than many people suppose. Counting in $4,894,000 of Salt Lake City bonds now offered for sale, and $21,000 of Nephi City bonds to be issued tomorrow, the total on standing is in round numbers four and a half million dollars. This amount is distributed as follows:

Territorial bonds	$ 240,000
Salt Lake City	1,500,000
Salt Lake City school district	400,000
Ogden City	300,000
Ogden school district	40,000
Weber county	20,000
Cache county	40,000
Logan City	60,000
Logan school district	40,000
Brigham City	20,000
Morgan	8,000
Box Elder	5,000
Park City	120,000
Salt Lake	1,500
Garfield	2,000
Mill Ward	1,000
Provo	125,000
Lehi	7,500
American Fork	10,000
Pleasant Grove	15,000
Springville	17,000
Salem	4,000
Juab county	15,000
Nephi	4,000
Tooele City	5,000
Manti	27,000
Sanpete	21,000
Other counties in various cities and school districts throughout the Territory	48,000
Total	$4,405,500

BANK STOCK.

A large block of State bank stock changed hands yesterday, the price being $1.08.

SCHOOL BOND ELECTION.

The Salt Lake board of education now advertises that the election for the electors to say whether or not there shall be an issue of $225,000 school bonds additional in the city school district is to be held on Monday, June 5.

THE RESOLUTION.

The following is the full text of the resolutions adopted by the Federation of Miners, at their convention at Butte last week:

Whereas, The Butte City Miners' Union has issued a call for delegates from all miners' unions of the West to be held at Butte City, May 15th, for the purpose of forming a federation of the whole for their general protection and the advancement of their interests, and

Whereas, by corrupt legislation silver has been deprived of its rightful value as a monetary metal, and

Whereas, Untold loss, misery and crime have resulted from such deprivation to the business interests and the working people of our country, and

Whereas, Imported pauper labor has largely increased the distress of the working people by overstocking the labor market, and

Whereas, As a further means of oppression, Pinkertons and other so-called detective armed forces have been used by corporations and other parties; therefore be it

Resolved, That the delegates of the various miners' unions, in convention assembled, approve the call made by the Butte Miners' union and pledge themselves to support the Western Federation of Miners, organized by this convention, and call upon all miners to join with us for general protection.

Resolved, That we condemn the damnable action of the goldbugs of Wall street and their confederates in reducing silver to a commodity, thereby destroying the chief industries of our silver states and robbing the people of their lawful money.

Resolved, That we demand that the Congress of the United States repeal the act of country to the free and unlimited coinage of both silver and gold on equal terms at the present ratio of 16 to 1, and that the government use the coins of both metals without discrimination.

Resolved, That we are unalterably opposed to the repeal of what is known as the Sherman silver purchase act, until it is replaced by a law providing for such free and unlimited coinage.

Resolved, That we pledge ourselves to aid in every movement to bring about this result and thereby give to labor its just reward and property its full value.

Resolved, That we demand the repeal of all conspiracy and anti-boycott laws and the enactment of laws prohibiting the employment of the elected or appointed officers of any city, county and state, who shall be bona fide resident citizens of such city, county and state for the protection of persons and property, and in all cases of strikes or lock-outs that may result from a disagreement between employers and employed.

Resolved, That we are opposed to states maintaining militia companies, and request workingmen everywhere not to join such organizations and endeavor to secure legislation that will abolish this great evil.

Resolved, That we demand that legislation be enacted by the mining states on behalf of the miners, the election of competent, practical miners as mine inspectors and the employment of licensed stationary engineers.

Resolved, That we demand of the government the restoration to the people of all mineral and other lands unlawfully held by railroad and other corporations.

Resolved, That we demand the purchase and use by the government of all railroad and telegraph lines in the interest of the people, and the establishment of postal savings banks.

Resolved, That we condemn, as unworthy of a free people, the Russian extradition treaty, as being calculated to retard the growth of republican principles among people living under despotic and monarchical governments.

Resolved, That we heartily approve the decision of the supreme court of the United States on the Geary law and demand its vigorous enforcement.

Resolved, That we demand the enforcement of the present mining, immigration and foreign contract labor law and the enforcement of more stringent ones, and request our representatives in Congress to work and vote for legislation leading to this end.

Resolved, That we demand the election of United States senators by the direct vote of the people.

Resolved, That we are in favor of the construction of the Nicaragua canal by this government, if owned and controlled solely by the United States government.

Resolved, That we are unanimously in favor of eight hours constituting a day's work, and we demand that an eight hour law be enacted by our legislatures.

Resolved, That we, visiting delegates in convention assembled, tender our sincere thanks to the Butte Miners' union and the Butte Bartender for courtesies and hospitalities extended while in the city.

THE EXCHANGE.

The Real Estate exchange had a light business at the meeting today. A number of waits were filed for pieces of property, but no transactions were recorded.

A MORTGAGE.

J. M. Ricketts, owner of 165x165 feet on the corner diagonally opposite the Knutsford hotel, has placed on the property a mortgage, with the Penn Mutual Life Insurance company, of Philadelphia, for $65,000. It is understood that Mr. Ricketts will use the money to erect a handsome business block on the property, which is a choice location, and very valuable.

MINING NOTES.

The dividend of the Utah mine, five cents per share, and amounting to $5,000, is payable tomorrow.

The Butte papers deny the truth of the rumor that the Anaconda company proposes to again close down its mines and smelters at an early date.

The force of workmen at the copper plant was increased today, and work on the refinery is being crowded forward by Mr. Stallman.

John P. Hite of Dandy Crossing, on the Colorado river, is in the city with specimens of horn silver ore from a vein which he discovered a few miles from the crossing.

Prospectors have located a mining claim on the hillside east of the Warm Springs, and claim they have indications of mineral there, but no discovery of ore has yet been made.

The Coeur d' Alene mines, Idaho, with the exception of those of Wardner, are reported to be under operation more generally and successfully this summer than usually has been the case at this season.

The Harqua Hala, the famous Arizona mine, is said to have been sold to the owners of the Delamar mine, Idaho. The consideration which the former owners of the Harqua Hala are stated to have received is $1,000,000.

News comes from Eureka that owing to the disturbance there on Saturday night by the noisy and riotous action of sympathizers with the Miners' union, a petition is being circulated and numerously signed, asking that marshal law be established there.

Parties whose business takes them into the mountains in the northeast of this city are on the lookout for coal. It is claimed that there are good indications of coal there, and that work will be done to demonstrate the existence of a vein and to develop it. The location of the alleged indications is not stated further than it is within ten miles of town.

SALT LAKE CLEARING HOUSE.

Today's clearing house exchanges amounted to $199,312.

AMUSEMENTS.

MISS BABCOCK'S EXHIBITION—The Theater was filled with a large and attentive audience last evening on the occasion of the first public exhibition in this city of the new science of physical culture, now being taught in the University of Utah, the B. Y. Academy at Provo and several minor schools by Miss M. Babcock. Miss Babcock herself attired in the loose-fitting Zouave dress in which the exercises are gone through with, directed, and her pupils to the number of 250 gave the drill, the ladies being similarly uniformed. The result was one of genuine pleasure and surprise. The pupils are made to go through a series of steps and motions, and later through exercises with sticks, dumb bells and war clubs—the aim being to exercise all the members of the body, and to give grace, ease and supple motion to the limbs. No one who saw the bewildering number of movements through which Miss Babcock took her class last evening, can for a moment doubt that the new science accomplishes exactly these ends, or that it is destined to be universally adopted in all our schools. Several members of our city board of education who were present, expressed themselves as delighted with the exhibition. The pupils went through the marches and exercises to music. The manifestations of applause on the part of the audience were numerous and prolonged. Those taking part were from the University and the B. Y. academy at Provo, while the juveniles were from several private schools in the city. The general verdict was that they exhibited marked proficiency for the time they have been studying the whole entertainment, lasting its length, was charming, and Miss Babcock may be said to have given Salt Lake a new definition of the "poetry of motion."

HALLEN AND HART appear at the theater tonight and tomorrow night.

THE CHANTON, which the choral society gratuitously render for the benefit of the Deep Creek Railroad land, will be given Saturday evening at the theater and the advance sale opens tomorrow. The house ought to be a sold out before noon.

Where is William Jarpin?

W. Smith of Tauranga, Bay of Plenty, New Zealand, is anxious to hear of the whereabouts of William Turpin, who left Derbyshire, near Leeds, Yorkshire, England, a good many years ago. On coming to America he went to Nauvoo and later came to Utah.

Birthday Surprise.

Yesterday afternoon the majority of the adult members of Union ward met in the Co-op. hall and arranged a pleasant surprise on Bishop Isaiah Phillip on the occasion of the seventy-eighth anniversary of his birth. He was invited to attend a special meeting and was astonished when he arrived at the hall to see an assemblage of people, numbering about 150, seated at two tables, each extending the length of the building, laden with an excellent repast. As the bishop entered the people rose from their seats and the Union brass band struck up a lively air. The bishop was presented with a suitable gift and he heartily expressed thankfulness he felt at the unexpected manifestation of the good will of the people and stated that he was one of the entire congregation of United Brethren time. President Woodruff baptized some fifty-three years ago in Herefordshire, England. An original poem, composed by a member of the ward for the occasion, was also read, and songs, recitations and dancing occupied the remainder of the time till midnight.

Williams and "Fitz" to Fight.

Mike Fitzgerald has astonished the local sporting fraternity by issuing a challenge and posting $100 to fight Jim Williams, the champion Territorial slugger. Williams has covered Fitzgerald's money, and arrangements for the contest, which is to come off in this city or Ogden in about six weeks, have already been made. The agreement is such that unless Williams knocks Fitzgerald out in six rounds the latter shall be declared winner of the fight.

WITHIN OUR GATES.

Mr. and Miss Bee of the Garden city are doing their best to enjoy our fine Christmas weather at the Knutsford.

***

John P. Hite, of the Henry Mountains and thereabout, is now in this city. He brings with him good reports of new and old developments in that region.

***

A. D. Gash, attorney-at-law, druggist and Democratic politician at Provo, is here with us looking almost as well as when the news of Cleveland's election arrived.

***

Mrs. May, a daughter of Col. H. C. Lett (who has not yet returned from Washington) has arrived here on a visit which will probably cover several weeks.

***

The Cullen has the following Utah contingent among those who made legible signs upon its register: W. H. Hawley, Ogden; R. P. Dayton, Eureka; Harvey Sibley and Solon Spiers, Park City.

***

Charles Hermann of Tooele county is ranging hereabout at present. The gentleman is probate judge of that county, meaning of course that he is also a Republican and the dreadful axe lightly to fall most any time now; but it he has an idea that he can escape the result of its dull, sickening thud when it does descend by being somewhere else, he is undoubtedly mistaken.

TERRIBLE ITCHING.

Used Everything Five Months. In Three Weeks not a Sore or Pimple. Cured by Cuticura.

When my baby was three months old, his cheeks and forehead began to break out with white pimples as red as scarlet. In a few days they increased, which was terrible. Alike he would rub it, mother would come from the parlor. In a few days it was spread over the top of his head, then grew down all the time. I saw your advertisement of the Cuticura Remedies and commenced their use. In three weeks' time there was not a sore or pimple, and yet he is healthy and he has a beautiful head of hair. One persent here with.

MRS. OSCAR JAMES, Woodston, Kas.

My infant eighteen months old, was afflicted with eczema or tetter, which started in one place on his face. All remedies failed until I procured CUTICURA. Cured a year and no return of disease.
