Ogden, Utah, Aug. 5.—The board of education met yesterday afternoon instead of last night, transacting considerable business.

The report of the school census enumerators was submitted, showing that Ogden has a school population of 6,232, which is a gain of 182 over last year's census report. Of the number 3,102 are boys and 3,130 are girls. The figures by wards are:

First ward	1,196
Second ward	1,012
Third ward	1,184
Fourth ward	1,501
Fifth ward	1,345
Total	6,232

The date for the opening of the schools this fall was placed at Sept. 11.

J. W. Newton was awarded the contract for the building of a number of small buildings at the Five Points school, the contract price being $728.20.

The following new teachers were named to complete the teaching force for the coming year: H. S. Schnell, Alice Wilson, Mrs. W. H. Meal, Grace Bobitt, Anna Christensen, Ethel Greeno, Elizabeth Charple.

SUSPECTS ARRESTED.

Last evening Sheriff Bailey and Deputy Sheriff Barlow Wilson arrested two young men who give their names as C. W. Guild and John Murphy, on suspicion of being the men who attempted to hold up and rob J. W. Butcher, the Twenty-second street car motorman, Thursday evening, firing two shots at him. These men were spotted around the circus grounds yesterday afternoon, their actions being quite suspicious. The officers placed them under arrest and locked them up in separate cells in the county jail. This morning Mr. Butcher visited the county jail and after seeing the men positively declared they were not the holdups, and the men were set at liberty.

WARRING IRRIGATORS.

Eden Water Users Cited for Contempt in Ignoring Injunction.

The litigation between the North Ogden Irrigation company and George A. Fuller and other Eden farmers becomes more complicated as the days roll along. Each day brings new developments in the action, and it appears that serious litigation will ensue before the difficulties are settled. The trouble arises over certain waters of the north fork of the Ogden river, both parties claiming right and title to the water for irrigation purposes. On August 1 Judge Howell granted a temporarry restraining order in favor of the North Ogden people enjoining the Eden people from in any way interfering or molesting 21 feet of water to which the plaintiffs claim title, that should pass the Eden Irrigation company's dam in the river and flow into the North Ogden company's canal.

The latest development in the case was the filing last evening in the district court by Judge Maginnis representing the North Ogden Irrigation company, of a complaint, sworn to by Nathaniel Montgomery, alleging that, "In direct violation of the restraining order, the defendants, and each of them, entered upon the waters of Ogden river, and that by force of arms, rebuilt a certain dam, ordered removed by the court, in the granting of the restraining order, and it is further alleged that as a result the crops of North Ogden have become damaged to the extent of $10,000, and that the defendants refuse to desist from their violation of the restraining order."

Accompanying the complaint is a citation requiring the defendants to appear in court this afternoon to show cause why they should not be fined for contempt of court in violating the restraining order.

HOME BURGLARIZED.

While Fitzpatricks Were at Circus, Robbers Ransacked from Cellar to Garret.

While the entire family were at the circus last night, the home of Mr. Fitzpatrick, 462 Twenty-third street, was entered by burglars and looted from cellar to garret. They got away with a number of pieces of jewelry, some money, a suit of clothing and a pair of trousers. They also left an old coat and vest on the floor in one of the rooms.

GLASMANN DEMURS TO LIBEL SUITS.

Atty. Farnsworth for William Glasmann and the Standard Publishing company has filed a demurrer in the Second district court in the suit brought against them by George Halverson for libel in the sum of $30,000. The demurrer sets forth 10 different grounds on which they claim a nonsuit. The plaintiff's demurr to the complaint of Mr. Halverson alleging that the complaint does not set forth sufficient facts to constitute a cause of action; also that it is multifarious.

LOOKS LIKE SPITE WORK.

Roy S. Hammond Acquitted of Petty Larceny—Payne-Skinner Wedding.

Special Correspondence.

Provo, Utah Co., Aug. 5.—Roy S. Hammond, the machinist who was arrested about 10 days ago in Salt Lake City on a charge of burglarizing the R. G. W. machine shop at Thistle, where he had been employed as a machinist, was acquitted yesterday in Justice Noon's court by a jury. He was tried on a charge of petit larceny, the prosecution having dropped the burglary charge. Mr. Hammond has claimed all the time that he only took his own tools and had sufficient evidence to prove it to convince the jury. He is the son of a prominent railroad man in New York and is evidently an honest man from the reports that come from Thistle. His father wired Mr. Hammond's attorney, here, "If Roy is innocent defend him," and also wrote a letter to Mayor Roylance expressing surprise at the charge brought against his son, saying, "I don't see why the boy should steal," and giving some of his history, which goes against the theory of anything of a petit larceny character or any other crime for that matter, being committed by him. Mr. Hammond was about to go to work in Salt Lake at his trade when arrested, and has lost that chance in addition to the expense and inconvenience of his trial.

PAYNE-SKINNER WEDDING.

Miss Alice Payne, 16, of Springville, and Frederick Skinner, 21, of Provo bench, were married Thursday evening at the home of the groom by Deputy County Clerk Kartchner.

The William M. Roylance company is shipping its first car of fruit this season, a car of plums. Twenty girls and five men are at work packing the fruit in the company's warehouse. The force will be greatly increased as the shipping season advances.

Dr. H. S. Pyne will go to Grand Junction Saturday to take a temporary position in a drug store. He will return to Washington, D. C., after the vacation to resume his study of medicine.

Reed Strong, the popular Provo baritone, who is now at Pocatello working at his trade in the O. S. L. machine shops, is receiving very favorable notices from the Pocatello papers for his ability as a singer. He has appeared in several entertainments and judging from the reports of the papers has made a very favorable impression.

Mrs. Sorena Jorgensen of Ephraim is here visiting her son, Principal Jorgensen of the Maeser school. Mrs. Inger Olson and her daughter, Miss Inga Olson of Mentor, Ill., relatives of the Jorgensens, are here making an extended visit among Utah relatives.

LEHI.

WATERWORKS PROPOSITION.

Meetinghouse Nearly Completed—Athletic Contests—Site for State Farm.

Lehi, Utah Co., Aug. 4.—Prof. Yoder of the Agricultural college was in Lehi Saturday and was taken in hand by a few members of the Commercial club and shown over the site offered for the state experiment farm.

A waterworks systems for Lehi is again being agitated very strongly by a number of our citizens, and it is very probable that Lehi will be provided with this much needed improvement in the not distant future. The most feasible plan yet broached is to drill artesian wells along the state road east of Lehi, where fine wells have already been obtained, and then pump the water to the north of Lehi by electric power, after which it can be distributed very easily by gravity through pipes to the homes of our citizens. Now that so many artesian wells have been driven in the fields a great many of the wells in town have dried up and there is about one well to every four or five families, which makes it quite inconvenient.

On the 12th inst. the Commercial club will meet in its new home in the bank building for the purpose of incorporating and opening the club rooms which have been fitted up in most lavish style at a cost of over $1,500.

The new meetinghouse is nearly completed. The opera chairs have yet to be put in, and it is expected that it will be ready for dedication the latter part of this month, and that the stake young people's conference will be held there on the 27th. The interior is elegant in its simplicity, and the shape of the building makes it possible to hear the least sound in any part of the house.

The new schoolhouse is also being rushed. The brick work is about half up, and it is expected that it will be ready for occupancy by the beginning of the school year.

Contests of skill between Lehi and American Fork athletes are again assuming large proportions. Beginning on the 9th at Lehi a series of 3 games of basketball will be played between the Lehi and American Fork teams for a purse of $100, and on the 27th another relay race will be run at American Fork between the Lehi and American Fork teams that ran last Friday here, each team in this race will arrange its men so that they will run their distance, the race being for half a mile. At the race last Friday the Lehi boys won by a scatch of about 15 inches. This race was witnessed by at least 1,500 people.

The speakers at the tabernacle Sunday were Elders Boyer of Springville, Mrs. Sarah P. Evans of the Weber Stake academy, and Elder John Gilchrist of Pocatello.

Sunday last a baby girl was born to the wife of T. J. Wadsworth. Also on Wednesday a boy to Mrs. V. M. West.

AMERICAN FORK.

RUNAWAY ACCIDENT.

Thomas Barratt Thrown into Wire Fence and Terribly Cut.

American Fork, Utah Co., Aug. 4.—Thomas Barratt, 12 years old, came near losing his life in a runaway here on Wednesday. He was riding in the Co-op delivery wagon with his brother Will, when the large parasol that was attached to the seat for a shade broke and fell on to the horses, frightening them and causing them to run away, throwing the two boys out. Thomas was thrown into a barb wire fence and severely cut and bruised. On one cut in the head it took 22 stitches to close up. Unless complications set in he will be able to be around again soon. The other boy was uninjured.

Roy Gardner has been appointed local manager of the Independent Telephone company.

Mrs. George Storrs, who has been confined to her bed for the past week with a severe case of erysipelas, is slowly improving.

FAIRFIELD.

SHOCKING GUN ACCIDENT.

Alfred Anderson Shot and Dangerously Wounded—Sent to Hospital.

Fairfield, Utah Co., Aug. 11.—While examining with a companion a loaded revolver in a saloon here last night, Alfred Anderson was shot and seriously if not fatally injured. He had just laid the gun down on the bar when Lewis Ingalls picked it up, when it went off, the bullet entering Anderson's body on the right side below the ribs, ranging upwards to the left, lodging just under the heart. He was taken to a Salt Lake hospital on the afternoon train yesterday.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Z. C. M. I. Drug Dept. price 50c.

HYRUM.

PRES. PARKINSON HONORED

On His Fiftieth Birthday Anniversary—Miss Babcock Gives Recital.

Special Correspondence.

Hyrum, Cache Co., Aug. 3.—Yesterday being the fiftieth anniversary of President William C. Parkinson's birthday, a great many of his friends gathered at his residence in the evening to congratulate him on the auspicious event, and to show their appreciation of an able and kind presiding officer. The evening was spent in listening to vocal and instrumental music of a high order, as well as readings and recitations. All present were treated to a fine lunch with ice cream, etc.

Mrs. Parkinson proved herself a liberal and able hostess.

The speeches delivered at the occasion bore evidence of the kind feelings existing between the presiding officer and those under his charge.

Prof. Maude M. Babcock gave a recital on the evening of the 2nd inst. at the stake building before a large audience.

RICHFIELD.

LOCATE SUGAR FACTORY SITE

Beet Crop Not So Bad as Reported—Unfortunate Sent to Hospital.

Special Correspondence.

Richfield, Sevier Co., Aug. 3.—At a session of the district court held yesterday Isaac Birdsall of Monroe was appointed guardian of the person and property of his daughter, Cora Birdsall, aged 36 years. At the hearing it developed that the young lady was not merely incompetent but dangerously insane. Accordingly she was brought before the court today for the purpose of having her committed to the state mental hospital. According to the testimony of her parents she had worried a good deal over religious matters and had made several attempts to take her life. The judge ordered her committed.

SUGAR FACTORY SITE.

President Thomas R. Cutler and Supt. George Austin of the Utah Sugar company will be here this evening for the purpose of definitely locating a site for a sugar factory somewhere in Sevier or Sanpete county. The farmers of Sevier county naturally want the factory to be located here. The beet crop may be considerable of a failure this year but we do not anticipate that it will continue to be so, neither do the sugar factory people or they would not contemplate the investment of so large a sum of money. The condition of the beet crop may not be as bad as it has been represented. The report comes from Austin, the largest district in the county, that present indications point to a good crop and that in many cases the yield will reach 25 tons to the acre.

SALINA.

VOTING FOR HIGH SCHOOL.

Funeral of Alma Neilson, Who Was Killed on the Railroad.

Special Correspondence.

Salina, Sevier Co., Aug. 3.—There was a large attendance at the funeral of Alma Neilson, who was killed by the cars on Wednesday morning. The services were held in the ward meetinghouse Thursday, Aug. 3. Elders James S. Jensen, E. W. Crane, Jr., and Bishop C. A. Mattsson were the speakers. The choir rendered fitting and appropriate music for the occasion.

Aside from the failing which led to his death, young Neilson was well thought of, being a kind, good natured young man.

FAVOR OF HIGH SCHOOL.

At the election held here on the 31st of last month, there were 54 votes cast in favor of establishing and maintaining a high school in Salina, and four votes cast against the proposition.

LAKETOWN.

BISHOPRIC ORGANIZED.

Sheep Shipments—Bear Lake Fruit—New Arrival.

Special Correspondence.

Laketown, Rich Co., Aug. 2.—President Wm. Budge and Counselor Wm. L. Rich were here last Sunday to attend ward conference, when Elders Edward Crowther and Nephi C. Wahlstrom were sustained as first and second counselors, respectively, to Bishop G. H. Robinson, and were ordained High Priests and set apart by Elders Budge and Rich.

The reports rendered by the presiding officers showed the ward and its auxiliary associations in good condition.

Joseph E. Moffat, Esq., returned from Omaha Saturday, where he satisfactorily disposed of his sheep shipment.

Messrs. Aquila A. and John Nebeker are now en route for Chicago with 10 carloads of sheep. John will be accompanied home by his daughter, Miss Eva M., who has been pursuing expert musical training for several months in Chicago.

Our Bear Lake orchards are putting forth their luscious fruits—cherries, raspberries, etc., being our portion just now. This has been a very dry season hereabouts. The hay men say crops are rather short on account of scarcity of water.

Arthur Smith of Round valley was seen "strutting around" our town a few days ago as though he owned the controlling interest and stock in a sugar factory. His wife had just presented him with his first baby girl, and third child.

PANGUITCH.

OVERDOSE OF LAUDANUM

Causes Death of Mary E. Jenks—Forest Ranger Hurt—Rain.

Special Correspondence.

Panguitch, Garfield Co., Aug. 2.—About 5 p. m., July 31, Mary L. Jenks, divorced wife of Everard Bierer of Salt Lake City, and an employe at the Panguitch Indian school, breathed her last. Mrs. Jenks had been here but about a month, having had trouble of a domestic nature which resulted in a divorce recently being granted her husband. She originally lived in Pennsylvania. About three years ago she came to Utah, and until coming here she resided in Salt Lake City. The cause of death seems to have been accidental, from an overdose of laudanum. Dr. R. G. Clark was called to attend her, but the drug had done its work and nothing could be done to revive her.

Mr. Kener, supervisor of the Sevier forest reserve, came in last evening with a broken rib, caused by accidentally falling the other day while out on the reserve. Mr. Kener is around, but will lay by a few days while the injured part is mending.

The past few days about .65 of an inch of rain fell. Much hay is still in the field, some cut, while some is yet standing.

Murray Department.

The "News" is delivered in Murray and vicinity from the branch office every night. L. E. Lauritzen, Branch Manager. Orders for Church Works and advertisements received. Office at the Murray Eagle.

(Hot Over the Bell Wire.)

At the city council meeting held last Tuesday the following business came up: An opinion from the city attorney was asked for regarding the legality of an ordinance governing the conditions of out buildings. He was also asked to prepare an ordinance licensing amusement halls.

The case of Lorenzo Williams and Charles Caldwell again came up before the council, it having been learned that the city ordinance in some respects was unconstitutional, therefore these parties were not prosecuted. After some discussion on this subject the attorney was instructed to investigate the matter with the point in view of amending the city ordinance, or to pass a new ordinance prohibiting slaughter houses within the city limits.

WANTS WATERWORKS FRANCHISE.

John P. Cahoon was present and made a proposition to the city in which he will establish a water system furnishing the city water for sprinkling, and in case of fire, and also for culinary purposes. The council took the proposition under advisement.

A bill was presented by the road supervisor for $981 to defray expenses for street improvement. The city officials also presented a bill for $203.

The lane running by Thos. Haslem's in the northwest part of the city, was ordered not repaired, as the lane is not of a proper width, and will not justify repairs unless property owners in the lane will allow the city to widen the street.

The completion of the repairing of the State road, south of Little Cottonwood creek, was reported by the supervisor, and he is now working on the road between Seventeenth South and Miller's residence.

The Bell telephone installed in the city jail was ordered moved to Councilman McCleary's residence on Sixteenth South.

PRIMARY WORKER SURPRISED.

Mrs. James E. Moss, counselor of the primary association of South Cottonwood, was given a surprise last night by the primary officers, who presented her with a handsomely bound copy of the Doctrine and Covenants, with her name inscribed therein. Inasmuch as Mrs. Moss is going to leave the ward her primary associates thought it fitting and appropriate to give a party at her home in remembrance of her faithful service. The Bishopric and 50 officers were in attendance. Many dainties were served and a general good time was had.

A RUNAWAY.

The Taylorsville people last Monday were brought to their gates by the running away of Wm. Bennion's team, which was hitched to a surrey loaded with merchandise and children. The team was left standing in front of W. E. Parker's residence, until it became weary and started down the street at a high rate of speed. The children were dropped off at different points along the road, but fortunately received no injuries. The team continued to Frank Dansie's of West Jordan. There it fell with exhaustion.

CALDWELL-HARRIS NUPTIALS.

Miss Anna Caldwell, a popular young lady of this place, was married last Thursday to George Harris of Salt Lake City.

FIVE WITNESSES.

After struggling against Bright's Disease 18 years, Mrs. Adeline Sweet of San Francisco, aged 74, was told by her doctors she could not live three days. She recovered. We asked several of the friends to attest the facts. Here they are:

San Francisco, Dec. 12, 1904.

Jno. J. Fulton Co.—Dear Sirs: As requested, we visited Mrs. Adeline Sweet of 304 Carl street and found her a charming old lady, bright and sunny, her every word carrying conviction. She suffered from Bright's Disease over eighteen years and had been under the care of the best physicians, including Drs. Monihan and Irvine of Minneapolis and several here.

Early in November, 1902, they decided she couldn't live three days. Her next-door neighbor, Mr. J. A. Eveleth, president of the Eveleth-Nash Fruit Co., procured Fulton's Renal Compound for Bright's Disease and insisted upon her taking it. She commenced to rally, and is today a living testimonial to the value of this life-saving Compound. She took dozens of it, and although 74 years of age she is now well enough to visit friends, assist in the housekeeping and can do her own shopping. She closed, "I hope my story will reach and impress many suffering ones." Facts certified and approved by
