TELEGRAPHIC.

ANOTHER CYCLONE.

North-Central Kansas the Scene of Destruction.

GREAT DAMAGE DONE TO CROPS.

One Village Completely Demolished and Much Loss of Life Reported.

KANSAS CITY, Mo., May 17.—A special to the Journal from Concordia, Kan., says: Another cyclone visited north-central Kansas this afternoon. It is impossible to gather the details because the telegraph wires on the Missouri Pacific and the Grand Island railroads are down. The cyclone started in the northern part of Clay county, crossed or eight miles south of the little town of Palmer, and passed in a northeasterly direction through Riley county and into Marshall and Nemaha counties.

It crossed the Blue river at the junction of the Missouri Pacific and Union Pacific, and passed near the town of Axtell. The little hamlet of Bala, in Riley county, was entirely swept away. Tonight several are reported killed, there are many injured, but nothing can be learned definitely.

At Spring Valley, nine six miles south of Barnes, the storm demolished a church in which 100 people were worshiping. Many were injured. The pastor, Rev. Mason, suffered a broken leg. Surgical aid was sent from Barnes and neighboring towns.

The storm formed about 5 o'clock, almost in the track of the one that visited this section three weeks ago. The cyclone was followed by a heavy hail and rainstorm, and great damage was done to crops.

The valley of Blue river, in Marshall county, is one of the richest in the state and thickly populated. It is expected that reports in the morning will tell of the death of many persons and the destruction of a great amount of property.

Reports received indicate that the cyclone which passed over Marshall and Nemaha counties, Kan., late this evening swept over an unusually large territory, leaving death and destruction throughout the two counties. A dispatch to the Times from Herndon, Rock county, reports that Seneca, the county seat, was struck by a cyclone at 7 o'clock this evening. One-third of the residence portion of the town was destroyed and five persons killed and fifteen badly injured. The county's magnificent new courthouse, the jail, the schoolhouse and the Catholic church are among the buildings wrecked. Five hundred of the citizens of Seneca are reported to be homeless tonight. The property loss is estimated at $100,000. The five dead are two children of M. E. Voorhees, two children of Mr. Connell and a son of Peter Amsberry.

Twenty-five residences are razed to the ground and buildings innumerable unroofed. Three children of James Sherrard were killed. The west hall of the village of Bayleyville was swept away, but none were killed. The damage in this city is over $200,000.

The cyclone also swept the towns of Selentia, Nemaha county, and the reports include that many other similar settlements have suffered, but up to this hour it has been impossible to get detailed accounts of the damage.

AT FRANKFORT.

FRANKFORT, Ky., May 17.—At 5 o'clock this evening a terrific cyclone swept down upon the town of Frankfort from the southwest. Everything in the north and west ends of the town was completely wrecked. Probably three-score of buildings were razed to the ground. Some of the best residence of the town were blown to atoms. Reports coming to from the country, where heavy damage has been done, will materially swell the loss. Many are reported painfully injured, but, so far as known, no one has been killed. Many head of horses, cattle, and other stock have been killed. The Methodist and Christian churches were demolished and the Presbyterian church was badly wrecked. Scores of people were left homeless, and are being cared for tonight in public halls and in the houses of more fortunate citizens.

At Selentia a score of buildings were destroyed and several persons badly injured, two of whom will probably die.

The village of Reserve was demolished by the cyclone which swept over Marshall and Nemaha counties this evening. They report many people injured, ten or twelve very seriously. The two foremen who bring the report were sent here to summon surgical assistance. Nothing further can be learned here of the disaster at that point.

OFF FOR MOSCOW.

The Emperor and Empress of Russia and Their Suite.

ST. PETERSBURG, May 17.—The emperor and empress with their infant daughter, the Grand Duchess Olga Nicolaievna, accompanied by a numerous suite, and by the whole imperial household, took their departure this evening for Moscow. The august ceremony of the coronation of the czar and czarina, and the fetes which precede and follow that event, will fill up the time constantly from now until June 7th, which is the date fixed upon for the return of the imperial party to St. Petersburg.

Statue of Ole Bull Unveiled.

MINNEAPOLIS, May 17.—This afternoon 5,000 people assembled at the exposition auditorium to celebrate what really was a triple event—the international singing tournament, the unveiling of Jacob Fjosle's statue of Ole Bull, and to pay a tribute to the memory of the great violinist, who died just after finishing the greatest of all his works, The Sweden, Norwegian and Danish nationalities predominated.

Eight singing societies from Minneapolis and St. Paul contested, and the prizes will be awarded tomorrow.

The great statue was unveiled by Miss Caroline Bonkman, with the immense audience standing out of respect to the memory of Bull and Fjosle, the sculptor. A hidden orchestra plays one of Bull's compositions.

Bertie Fired the Shot.

DAYTON, O., May 17.—Samuel Niswanger, a colored boy, was found in his buggy here today with a bullet in his head. Bertie McDonald of Brownville, now arrested, admits that she fired at him in the dark last night as he drove away from her salon. His have proceeded to Dayton. Harvey Miller was arrested as an accomplice.

TARIFF CONVENTION.

Will Be Nonpartisan and Larger than Anticipated.

DETROIT, Mich., May 19.—It now transpires that the bolting non-partisan commercial tariff convention, which opens in this city June 2nd, will be considerably larger than its projectors at first anticipated. Secretary H. B. Archer of the Tariff Committee League has received essentials already from commercial bodies who have chosen over 1,000 delegates. There will also be some delegates from laboring and agricultural organizations.

The convention is to be absolutely non-political and all questions must be discussed from a purely commercial standpoint. The convention will probably continue a week.

Silver Convention.

DENVER, May 17.—L. N. Stevens, committeeman for this state has called a state convention of the National Silver party, to meet on Tuesday, June 23rd, to this city to elect seven delegates to the national convention to be held at St. Louis.

Serious Conflagration.

ATLANTA, Ga., May 17.—The most serious conflagration this city has experienced in ten years broke out shortly before 11 o'clock tonight in a block in the center of the city bounded by the tracks of the Southern railway, and Peachtree, Decatur and Collins streets. The Marlborough house, adjoining the union depot, and one of the best-known hotels in the country, was destroyed, involving a loss in about $70,000 on building and furniture, covered by an insurance of $50,000.

Note Signed for President.

CHICAGO, May 17.—E. V. Debs was named for the Presidency of the United States by the Chicago Labor convention today. The resolution provoked a discussion which consumed three hours, but it was finally adopted by a slight majority.

GERMAN BUTTER.

Thirty-nine Per Cent of the Adulterated Article from that Country.

WASHINGTON, May 17.—In a communication recently received from the British board of agriculture by Acting Secretary of Agriculture Dabney, return is made of samples of imported butter analyzed under the direction of the board from May, 1895, until February, 1896, inclusive. The total number of samples so analyzed was 855, representing the products of twelve different countries. The countries in whose products adulterated specimens were found are as follows: Belgium, 5 samples, 1 adulterated; Denmark, 172 samples, 5 adulterated; Germany, 184 samples, 41 adulterated; Holland, 236 samples, 68 adulterated; Norway and Sweden, 100 samples, 3 adulterated; Russia, 49 samples, 5 adulterated. The countries can finishing samples among which no adulteration of specimens were found are: Argentine, 4 samples; Austria, 57; Canada, 39; France, 62; New Zealand, 21; United States, 65.

In regard to the adulterated products, the monthly report says: "The unusual dose proportion of over 39 per cent from Germany; the large proportion, over 25 per cent, contributed from Holland, and the fact that Denmark, by far the largest contributor of foreign butter pats note to the butter market, and enjoying an honorable and almost proverbial reputation in the butter market, should have contributed on a total of 172 specimens, 5 adulterated, or nearly 3 per cent."

THE REFORM PRISONER.

Prefer to Pay a Fine and Remain in the Country.

PRETORIA, May 17.—President Kruger is under considerable pressure to exercise his influence to hasten the decision of the executive council as to the punishment to be meted out to the reform prisoners whose sentences have been commuted. The president has recommended to be interviewed by a representative of the Associated Press, and in reply to questions put to him on these subjects, he said no one was more desirous than he of seeing a decision in regard to the sentences settled. A majority of the prisoners had petitioned him on Friday, he said, to substitute additional money fines for the terms of banishment and imprisonment which had been pronounced upon them.

Battle Against Forest Fires.

DAVIS, W. Va., May 17.—All day long hundreds of men from all sections have bravely put ineffectually fought the forest fires, which at 7 o'clock tonight, after continuing forty-eight hours, are, if possible, burning more fiercely than ever. Lumbermen who this morning estimated the probable loss at $200,000, now state that the amount has been exceeded and are unwilling to make any further approximations of the loss. The Middle Fork tract is completely wiped out, and the adjoining forest is now burning. The weather is still dry, the high shifting winds continue, and the air is stifling with the smoke and heat. The women and children from the mountain villages are to night arranging to leave their homes to take refuge in the larger towns.

THE ELECTRICAL EXPOSITION.

Messages Circling the World in Fifteen Minutes.

NEW YORK, May 18.—Chauncey M. Depew was master of ceremonies at the electrical exposition tonight, when two messages were sent by Prof. A. E. Chandler of the Postal Telegraph company from one corner of the room and received by Thomas A. Edison in the other. The first message, addressed to Edward Annan, read:

"God created nature's treasures; science utilizes electric power for the grandeur of the nations and peace of the world."

The message went to Chicago, Los Angeles, San Francisco, Vancouver, Winnipeg, Montreal, Canso, Halifax, London, and was repeated to New York. The whole transit was made in 9.05 and repeated back from London at 9.38. From London the message was transmitted to Tokio, and was received back to Edison at 9.45.

The second message was from Edward H. Adams to Chauncey M. Depew, and read:

"Mighty Niagara, nature's wonder, serving men through the world's electric circuit, proclaims to all people science triumphant and the beneficent Creator."

The message over Western Union wires made a circuit between New York and Galveston of 10,000 miles. It went by way of Chicago, San Francisco, Los Angeles and St. Louis. At Galveston it was handed to the Mexican Telegraph company and transmitted by way of Mexico, San Jacob, Nicaragua, St. Elmo, Ecuador, Chorrita (Peru), Valparaiso, thence over the Andes mountains to Rio de Janeiro, Pernambuco, St. Vincent to Lisbon, from Lisbon to Penzance, England, returning over the Western Union Atlantic cable to New York. The total circuit traversed was 27,000 to 30,000 miles, completely circling the western hemisphere, crossing the Atlantic and encircling Europe on its return. Four minutes after the first message was sent out it was received from Lisbon, encircling North America.

The first message was sent out at 9.34, and received at 9.36, requiring 20 minutes for transmission. The second message was sent out at 9.39 and received at 9.54.

W. H. BATES.

Beecham's pills are for bilious ness, bilious headache, dyspepsia, heartburn, torpid liver, dizziness, sick headache, bad taste in the mouth, coated tongue, loss of appetite, sallow skin, etc., when caused by constipation; and constipation is the most frequent cause of all of them.

Go by the book. Pills 10c and 25c a box. Book *free* at your druggist's or write B. F. Allen Co., 365 Canal Street, New York.

Annual sales more than 6,000,000 boxes.

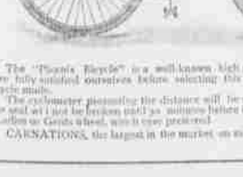
Tomorrow we look for fair and warmer weather.

A BIKE FOR A GUESS!

Commencing tonight at 7 o'clock we will start the wheels of the celebrated "Peerless Bicycle" in our corner window. From 7 o'clock tonight until 9.30 Saturday night, every cash purchaser of a dollar's worth of goods during the week will have a chance to guess how many times the wheel will travel from the time it is put in motion by the electric current tonight until we present it to the person guessing nearest, you next Saturday night, May 23. Be sure to get your tickets when you make your purchase. The guess can be made any time before 9.30 Saturday night. The wheel will be in motion each day between the hours of 8 a. m. and 10 p. m., unless the electric current is turned off.



The "Peerless Bicycle" is a well-known high grade wheel in the east. We have fully satisfied ourselves before selecting this wheel that there is no better bicycle made.

The cyclometer recording the distance will be sealed at the time it is put on. The seal will not be broken until the guessing before it is given away. We will give a Ladies or Gents wheel, size to suit purchaser.

CARNATIONS, the largest in the market, on sale today at 20c per dozen.

Miller—All kinds of Coal.

Are You One

Of those unhappy people who are suffering with weak nerves, starting at every slight sound, unable to endure any unusual disturbance, finding it impossible to sleep? Avoid opiate and nerve compounds. Feed the nerves upon blood made pure and nourishing by the great blood purifier and true nerve tonic, Hood's Sarsaparilla.

Hood's Pills are the best after-dinner pills, assist digestion, prevent constipation. 25c.

Cardston, Alberta, Canada. Special Excursion.

May 19th the Union Pacific will run a special excursion from Salt Lake to Lethbridge, Canada (the nearest railroad point to Cardston, Canada).

Fare for the round trip is $40.85. Tickets good returning 30 days.

It costs no more to get good work. Send your laundry to the Empire, 21 Commercial St. Tel. 96.

The direct line to Kansas City, St. Louis and Atlantic seaboard, is via the Missouri Pacific Railway, from Pueblo. Through sleeping and chair cars, and all connections made in Union depots in the day time. If you are going East and care for a daylight ride through the grandest scenery of the Rocky Mountains en route, see that your ticket reads via Missouri Pacific Railway. Elegant chair cars positively free to holders of regular train tickets.

H. R. KOUNS, C. F. & P. A.,
21 Morrison Block, Salt Lake City.

Pulmonary consumption, in its early stages, may be cured by the use of Ayer's Cherry Pectoral. It stops the distressing cough, soothes irritation in the throat and lungs and induces much-needed repose. Hundreds have testified to the remarkable virtues of this preparation.

It is a fortunate day for a man when he first discovers the value of Ayer's Sarsaparilla as a blood purifier. With this medicine he knows he has found a remedy upon which he may rely, and that, no life-long malady is at last conquered. Has cured others, will cure you.

People with hair that is continually falling, or, if time that has bald, can stop the falling, and get a good growth of hair by using Hall's Hair Renewer.

Have You Heard of "Sleepy Bess."

It is a charming, entirely new, A delightful student's, Sold by all enemy makers. Manufactured by M. Kopp.
