LAST NIGHT'S NEWS.

Proceedings of Democratic Conventions in Iowa and Nebraska.

Twenty-five and a Quarter Millions Disposed of by Charles Crocker's Will.

The Contract Labor Law Has Been Violated to a Shameful Extent.

Interesting Figures Furnished by the Commissioner of Pensions.

By Telegraph to the NEWS.

WASHINGTON NEWS.

Report of the Commissioner of Pensions.—Contract Labor, Etc.

WASHINGTON, Aug. 29.—The annual report of the commissioner of pensions shows that there were, during the fiscal year ended June 30, 1888, added to the pension rolls 60,252 names, the largest annual increase in the history of the bureau, making 452,557 pensions on the rolls at the close of the year as follows: 326,935 invalids, 92,926 widows, minor children and dependent relatives, 37 revolutionary widows, 806 survivors of the war of 1812, 10,878 widows of those who served in that war, 16,060 survivors of the war with Mexico, and 5104 widows of those who served in that war. The names of 208 previously dropped were restored to the rolls, making an aggregate of 62,289 added during the year. During the same period 15,739 were dropped from the rolls on account of death and various other causes, leaving a net increase to the rolls of 46,550 names.

The amount paid for pensions since 1881 has been $596,307,644. An increase of pensions was granted in 45,716 cases. The aggregate of pensions is $56,707,224, an increase of $3,882,579. The amount of pensions paid during the year was $78,775,802, an increase over the previous year of $5,308,280. The total amount disbursed by the pension agents for all purposes was $79,646,146. The cost attending such disbursements was in the aggregate $3,262,524, it being a fraction less than 4 per cent of the total expenditure of the bureau. The total amount expended for all purposes was $82,038,386.

There were filed during the year, 47,840 applications for original pensions, 11,786 widows, 2,446 dependent mothers, and 188 dependent fathers, making a total of 65,704. The highest number of claims on account of the late war was received from Ohio. Indiana followed next, then New York and Pennsylvania, and from Montana, Utah and South Carolina none were received.

The total number of special acts which have become a law from 1861 to 1885 is 2001, and from 1885 to 1888, during the present administration, 1969, a total of 3970. Of the latter, 191 were vetoed for reasons fully set forth in the President's messages made public from time to time.

In the fiscal years from July 1, 1882, to June 30, 1885, there were issued 191,221 certificates of all classes, and during the three following fiscal years from July 1, 1885, to June 30, 1888, 359,537, making an increase for the last three years of 168,318 certificates.

STANDARD DOLLARS.

The first shipment of standard silver dollars for storage in the large, new treasury vault was received at the department this morning, from Philadelphia, by express. It amounted to $500,000.

CONTRACT LABOR.

Representative Ford's committee on contract labor returned to Washington this morning. Speaking of the results of the trip, Ford said: "I do not think I shall make a report until the entire investigation is completed. We have more important testimony to take, but what we have taken has convinced the committee that something must be done. The laws relating to contract labor have been violated to an alarming extent, because of the lack of machinery to enforce them. The whole of Italy is flooded with steamship agents who are telling lies about this country to induce immigration. One of the facts brought to light incidentally was that naturalization papers were being issued fraudulently to an alarming extent. Another fact developed was that New England fishermen about whose rights we have had so much trouble, are really made up of aliens to the extent of 75 per cent. As to the remedy, although we shall undoubtedly recommend some legislation, the committee has not agreed upon the form it shall take. One plan which it appears to me would be effective would be to require a man to declare his intention of becoming an American citizen six months before leaving his native country; that would enable the nearest American consular agent to inquire into his character and ascertain whether or not he is a criminal or pauper. Again, some members favor a tax of about $100 on each immigrant, but I cannot agree to that plan.

The Officers Exonerated.

SAN FRANCISCO, Aug. 29.—The British court of inquiry which has been investigating the causes of the recent collision in San Francisco Bay between the steamers *Oceanic* and the *City of Chester*, by which a number of lives were lost, announced its decision today exonerating the officers and men and commending the fine discipline observed at the time of the disaster. The court states the collision can only be attributed to the fact that the *Chester* was caught in a stormy tide which forced her across the *Oceanic's* bow.

Recipients of Honors.

LONDON, Aug. 27.—Sir Charles Tupper has been made a baronet.

Minister West has been given the grand cross of the order of St. Michael and St. George and Messrs. Thompson, Winter and Berne have been made knights commanders of the same order. These honors have been conferred in recognition of the services rendered by the recipients as members of the fisheries commission.

Deep Water Convention.

DENVER, Aug. 29.—The Deep Water Convention was called to order this morning by Ex-Governor Evans. The report on credentials was read and adopted.

Judge Brady, of Texas, presented the committee on permanent organization, as follows: Chairman, Hon. P. G. Noel, of Kansas; vice-presidents, Gov. Adams, of Colorado; John Hancock, of Texas; D. H. Armstrong, of Missouri; J. L. Hill, of Kansas; A. D. Yocum, of Nebraska; W. A. Culp, of Iowa; G. F. Powell, of Arkansas; J. Reynolds, of New Mexico; F. D. Kelley, of Wyoming; Lewis Wolfly, of Arizona; secretary, F. A. Dana.

Lieutenant Governor Gibbs of Texas, presented as a substitute for the report of the committee, that the convention provide its own chairman, and nominated Governor Thayer for that position. This brought on the battle between Galveston and Arkansas Pass squarely to the front, and for over two hours the substitute was warmly debated between the friends of these two cities, it being understood that Thayer was favoring Arkansas Pass, while Noel was for Galveston. The Gibbs substitute finally carried, and the roll call resulted in 217 votes for Thayer and 198 for Noel. The announcement of the vote created a pandemonium which lasted for several minutes. The convention then took a recess till three o'clock this afternoon.

On reassembling Governor Thayer took the chair and was presented with a handsome silver-mounted gavel by Senator Houston of Texas, on behalf of the president of the Texas & Arkansas Pacific Railway. After a brief address from Governor Thayer the convention appointed a committee on resolutions and adjourned till ten o'clock tomorrow.

Iowa Democrats.

DES MOINES, Ia., Aug. 29.—The democratic state convention met this morning. Michael Healy was chosen temporary chairman. Committees were appointed. Recess.

On reconvening the committee on permanent organization reported for permanent chairman Fred Lehman, of Des Moines.

After his speech balloting for candidates began. George G. Herberling, of Jackson, was nominated for secretary of state; Daniel C. Ockenstein, of Montgomery, was nominated for auditor.

The ticket was completed by the nomination of Amos Case for treasurer, Patrick H. Smith for judge of the supreme court, and Joseph O. Mitchell for attorney-general. The platform adopted endorses the national platform and the nominees of the St. Louis convention. It congratulates the people of Iowa upon the passage of the Mills tariff bill for the reduction of taxes on necessaries, and denounces the republicans for accepting the new doctrine, which means the continuance of the existing war taxes. The fifth plank of the platform says: The democratic party now as heretofore declares itself opposed to prohibition and strongly condemns it as perilous alike to our business interests and the cause of temperance. We recognize in the death of Philip H. Sheridan a national loss and hereby extend our sympathy to his bereaved family. The Sheridan resolution, which was not part of the platform, was unanimously adopted by a rising vote. Adjourned.

Nebraska Democrats.

LINCOLN, Neb., Aug. 29.—The democratic state convention met at 8 o'clock this afternoon and nominated the following ticket: For governor, John M. Shane, of Omaha, the present democratic congressman for the first district; for lieutenant governor, Frank Folder, of Colfax; for treasurer, John McPatterson, of Cassie; auditor of public accounts, W. Painter, of Boone; attorney general, W. H. Munger, of Dodge.

The convention then took a recess till 10 p.m.

The platform adopted heartily approves the platform adopted by the national democratic convention at St. Louis, and endorses the names of Cleveland and Thurman, approves the course of Representative John A. McShane, the democratic representative from the first district in Congress, condemns the republican party of Nebraska for being false to its pledges and for allowing Pinkerton detectives to be imported into the State for special police duty, favors the regulation and control of railroads and the enactment of laws to destroy "trusts," opposes the system of convict labor in use in the state, favors the present high license system as the best means of dealing with the liquor traffic, denounces protective tariff and favors the Mills bill as a step towards lightening the burdens of the people from taxation, approves the course of the administration regarding the fishery question, and denounces the two republican congressmen from Nebraska for their vote against free lumber and free salt.

Charles Crocker's Will.

SAN FRANCISCO, Aug. 29.—The will of the late Charles Crocker, second vice president of the Southern Pacific Company, was filed in the probate court this afternoon. Mrs. Mary A. Crocker, widow of the deceased, was appointed sole executrix. The estate is valued at something over twenty-five and a quarter million dollars, divided as follows: Real estate, $2,800,000; stocks and bonds, $12,000,000; accounts, $1,500,000; promissory notes, $8,500,000; cash, $500,000. The testator declares the entire estate is community property and his wife is to be entitled to one-half. In addition, she is bequeathed two residences, one in this city and the other in Sacramento. A number of relatives and family servants are provided for. The testator leaves to his son, George Crocker, all he had advanced to him for business. One-quarter of the residue is lest to his two sons, Charles F. and William H. Crocker. The remainder is to be invested for the benefit of the children of his deceased daughter, Mrs. H. V. Alexander, of New York.

Freight Rates.

CHICAGO, Aug. 29.—The freight departments of the western roads have received the promised supplement to the new transcontinental tariff. It modifies, in a great measure, some of the inconsistencies the Chicago merchants are complaining of, but only partly relieves this city of the discrimination imposed by the original rate sheet. On many articles that are largely manufactured here, such as matches, musical instruments, etc., the rates are still higher from Chicago to Pacific Coast points than from New York to the same points. The majority of the Missouri River roads refuse to adopt the new rates. Chairman Midgley will be home tomorrow, and a meeting of merchants and railroad men will be held to consider the subject.

The Grangers Exhibition.

WILLIAMS GROVE, Pa., Aug. 29.—The third day's session of the Inter-State Grangers Exhibition at Williams Grove opened before 25,000 persons. Col. Victor E. Piolette is head of the Grangers in this State. His speech of today was simply a tirade against Cleveland. He opposed the Mills bill, denounced Cleveland's message and said he will not support Cleveland in this campaign.

Governor Beaver accompanied by Lieutenant Governor Davis and Secretary of the Commonwealth Stone delivered addresses in the afternoon.

General Harrison.

TOLEDO, Ohio, Aug. 29.—A Middle Bass special to the *Blade* says: The people of the islands and the citizens of Ohio and Michigan are looking forward with great interest to the reception to be held at Put-in-Bay next Friday afternoon. Indications are that thousands of people will be present from all of Northern Ohio and Eastern Michigan. Ex Governor Foster says the reception will be purely informal, but the idea is to satisfy the popular demand to see General Harrison while he is in this section.

Evading the Contract Labor Law.

HALIFAX, Aug. 29.—The Portugese brigantine *Neptune* arrived here ten days ago from Faval, Azores, bound to Boston with female immigrants on board. It was said that she came in to procure water, but it has just developed that she put into Halifax to land the women, who were forwarded to their destination by rail to evade the American law. Had the vessel taken the women to Boston they could not have landed there, as they had previously been engaged to enter service in the United States.

Egyptians and Dervishes.

CAIRO, Aug. 29.—Five hundred Dervishes attacked an Egyptian fort near Wady Halfa and captured a portion of it. The Egyptians received reinforcements from Wady Halfa and finally succeeded in driving out the Dervishes, killing more than 100 of them. The Egyptian loss is 16 killed and 27 wounded.

The Flyer Wrecked.

CHICAGO, Aug. 29.—The "Overland flyer" on the Union Pacific road was wrecked at Kimball, Nebraska, early this morning by a broken rail. Three sleeping cars, one of them occupied by Claus Spreckles, the sugar king, rolled down an embankment. Spreckles escaped but three other passengers were seriously injured.

Valuable Horses Burned.

INDIANAPOLIS, Aug. 29.—The barn on the Spring Valley Stock Farm, nine miles from this city, burned yesterday. Eighteen head of fine horses perished. The fine stallion Brignoli, Wilkes was lost, also Isa, valued at $6,000, Marcy C., $5,000, Vassar Girl, Madame Homewood and others.

Boiler Explosion.

WILKSBARRE, Pa., Aug. 29.—The boiler of a locomotive attached to a Lehigh Valley freight train exploded while going up the mountains this afternoon. A brakeman named Jos. Van Horn was blown from the engine into the woods 200 feet away. Both legs and one arm were broken and his back was injured. He died before reaching home.

It is Epidemic.

NEW ORLEANS, Aug. 29.—A dispatch from Jacksonville, Florida, to the *Picayune* says: This morning's list of 21 new cases with 16 others reported up to noon, has again sent the people panic stricken in every direction.

JACKSONVILLE, Florida, Aug. 29.—There is no longer a shadow of doubt that we have on our hands a regular epidemic. Thirty-four new cases were reported to the board of health for the 24 hours ending at 7 o'clock this evening. The colored people assert that 10,000 people will soon be dependent on the relief committee, and that $10,000 per week will be required to furnish them were the bare necessaries of life.

Catch of Sealskins.

SAN FRANCISCO, Aug. 29.—The Alaska Commercial Company's steamer *St. Paul* arrived from Unalaska today having 100,000 sealskins, the season's catch on St. George and St. Paul Islands. She also has a number of other skins and furs, the value of the entire cargo being estimated at $2,000,000. The revenue cutters *Thetis* and *Bear* at last reports were in the arctic and all on board were well. No seizures were made this season, though it is reported by the agent of the Alaska Commercial Company that several British schoomers have been taking seals within the prescribed limits.

BRIEF TELEGRAMS.

Melbourne, Aug. 29.—The colliers' strike is seriously interfering with the movements of steamships.

Canajoharie, Aug. 29.—Z. S. Terry, of Waterville, has just sold his 1888 hop crop at 25 cents, an advance of 10 cents on the pound within one week.

New York, Aug. 29.—It is reported that Langtry has given up her trip to California and will follow Gebhardt to Europe, sailing Saturday.

Vienna, Aug. 29.—Emperor Francis Joseph has invited the Prince of Wales to witness the autumn maneuvers of of the Austrian troops.

New York, Aug. 29.—Jean Francois Steyaert, who recently confessed at New York that he killed a wealthy merchant named Van Dewalle in Belgium last March, arrived here today and was put on board the steamer for Belgium.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1, at A. C. Smith & Co's Drug Store. (6)

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at A. C. Smith & Co's Drug Store.
Large Bottles $1. (6)

THE CYCLORAMA.

Everybody should visit the Battle of Gettysburg in the circular building, erected especially for it on West Temple Street, south of the Temple Block, between South and First South Street. Descending the steps you pass through a dark hall and ascend inside to the center of the building, and appear to be on the summit of a hill with a vast expanse of country before you. Dead and dying are all around as well as guns and equipments; canteens, gun-carriage wheels and munitions of war; bodies of troops, artillery duels, bayonet charges, movements of divisions, brigades and regiments are portrayed with wonderful accuracy. At intervals a descriptive lecture is given, and you can spend an hour here to good advantage. d

OPENED BUSINESS AGAIN.
The well known and popular Butcher, Wm. Wood, who, after carrying on business in this city longer than any other butcher, sold out and retired to his ranch a few months since, has been induced through the return of his son William from his foreign mission, to again open a shop, this time with his sons as his partners. Under the name of Wood & Sons, they will carry on a wholesale and retail trade at 34 West, First South St., having purchased the premises lately occupied by Cook & Glanfield. They will be pleased to serve all their old customers and as many new ones as choose to favor them with their patronage, and guarantee satisfaction. dés

MARRIAGE LICENSES.
TO MEET THE REQUIREMENTS OF the lately-enacted Territorial law, providing for a marriage license being issued by the Clerk of the Probate Court of the county in which the intended bride resides before a marriage can be legally performed, there has been issued from the press at this office a supply of licenses of approved form, which Probate Clerks will do well to avail themselves of. The law also requires that the person performing the ceremony return with the license, within thirty days after the marriage, a certificate over his own signature and countersigned by two or more witnesses present at the ceremony stating the date and place of the marriage. These certificates, suitable for either a civil officer or an Elder of the Church to use, can be had at this office in any quantity, and Probate Clerks ought to keep some of them on hand also, so that if necessary they could supply the person applying for a marriage license with a certificate also, to provide against the possibility of the person who is to officiate in performing the ceremony not having one to furnish them with.

IDEAL BROILING.
Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.
Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings.
Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.
THIS IS THE IDEAL WAY TO BROIL MEATS.
There is no taint of coal gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every housekeeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now on the market.

THE PATENT
Wire Gauze Oven Door
IS THE LATEST IMPROVEMENT ON THE

It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will
Revolutionize the Present Methods of Cooking.
ITS THEORY
Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.
Through this Gauze Door the air freely circulates, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and actually cooked with less consumption of fuel than in an oven with a closed door.
It makes an enormous saving in the weight of meat.
It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the superior QUALITY OF THE FOOD COOKED IN IT.
OPINION OF AN EXPERT.
MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the oven of the Range, as compared with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I find, also the consumption of fuel in this Range is much less than any other for same work."
