Have You a Home?

If not it will pay you to investigate the advantages of Forest Dale before buying elsewhere. We have our own water system; water piped in most durable cast iron pipe, and the ownership of the water, including the extension of the pipes part your door soon, purchasers in Forest Dale little if any more than laying the mains in most cities. The advantage this affords will be readily seen, for the water belongs to the residents (each purchaser of a lot being allowed his proportion of the capital stock of the Forest Dale Water Company) and it costs only three to five the water rates charged. The expense of running the system is very small, and after the first expense of laying the mains is paid the cost need not be more than one-tenth those charged by Salt Lake City.

Have You Saved Anything?

Many people have been waiting for years for land to reach fortune prices. In the meantime they have paid rent, and if they have made any improvements or done any work on their residences, the improvements have been made, or the work done, for their landlord. Many other people have built homes, and while these first mentioned have been "waiting for something to turn up," have paid for their property and now own the house that shelters them.

Don't Get in Debt

unless you feel assured you can get out again. But if you have money saved, buy a home. If you have an income, buy a home. It pays to have an object in view, and there is no more worthy object than procuring a home for those dependent upon you.

My clerks, at room 332 Constitution Building, will give you prices, and show you the property.

GEO. M. CANNON, OWNER.

Cash paid for Water Scrip at Cannon's Real Estate Office, 332 Constitution Building.

DESERET EVENING NEWS.

THURSDAY, - - - MAY 5, 1894.

FRAGMENTS.

The board of education met in regular session this evening.

A meeting of the board of public works was held last night, but little business of public importance was transacted.

The Council committee of sanitary rules and protective regulations will meet tomorrow at the city hall to draw up suggestions of remedies for and against the Union Stock Yards as an ordinance passed Court Judge Zane. The meeting promises to be an interesting one.

The committee of Democratic clubs are expected for a joint meeting of their names in the Walker building this evening. A good deal of business may be transacted. James H. Moyle, of Emery county, J. H. Linford, of the Forest Dale Judge Powers, of the Tuscarora, and U. M. Rapier, of the Bonneville, are here and expected, while there are other matters of interest on the program.

TO HELP THE INDUSTRIALS.

A Meeting Held Last Night—Bill Adopted Resolutions—Wild Talk.

A meeting of sympathy was held by the "unemployed" workingmen of the city last night in the interest of the industrials who marched to Murray under the delusion that a Rio Grande Western train would undertake to haul their beef.

The gathering was at the Walker Pavilion and was fairly well attended. John Stubbs was on one platform and in an interpretive speech he expressed to his characteristic manner the Rio Grande Western officials, Mayor Baskin, some of the deputy sheriffs, Governor West, the President of the United States and in fact everybody who failed to see eye to eye with himself in the "scrap" mentioned. After catching his breath Stubbs offered the following declaration:

Whereas, the workingmen, in mass meeting assembled, having learned and deeply moved of the course which the Rio Grande Western Railway company has pursued in refusing to convey to Kansas City the beef which the industrial army recently slaughtered and dressed, when a fair equivalent in money was offered them by the Salt Lake commercial, and we against a city more or less friendly to all the unemployed in their journey east.

Second, we, as American citizens, protest against this unconstitutional manner in which the government of the United States in Colorado treated the industrial army on the Capitol grounds, where working women and legislators in their lawful and we especially desire Congress to take this matter immediately into consideration so as to avert a pending revolution.

Third, we, the laboring classes, shall hold no more meetings (as the industrial army) having set an example for organizing of the interests of labor, and we pledge ourselves to support, to all lawful means, the industrial army on its way to Washington.

H. L. B. Jones then made a speech and introduced the following resolution:

Resolved, That the action of the executive board of the Knights of Labor, announced yesterday at the meeting of Grand Master Workman Sovereign, and secretary Treasurer Hayes, and Master Workman Hayes, and Master Workman Hayes, and Master Workman
