THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

M. E. Christmas Bazar—The women of the A. M. E. church in this city, are holding a Christmas bazar.

Cattle Rounded Up—Seven head of cattle were rounded up in City Creek canyon yesterday, and turned into the pound.

Plumbers' Annual Dance—The Plumbers' union will give their tenth annual dance at Kennedy's hall tomorrow evening.

In Temperance Work—A. L. Dunlay has returned from Pioche, where he has been for the last six weeks engaged in temperance work.

Course in Forestry—The Agricultural college will establish a course in forestry as part of its curriculum, with Prof. Clark as the instructor.

Lecture on Telegraphy—Manager McNicoll of the Postal Telegraph company, will lecture this evening, before the telegraphy class of the Y. M. C. A.

Ward Memorial Services—Elder Orson F. Whitney will be the speaker at the memorial services in the Seventeenth ward Sunday evening next, Dec. 22. His subject will be "The Poetry of Mormonism."

Special Musicale—There will be a special musicale tomorrow evening at the University club, for which a pleasant program is being arranged by Harold Siegel, chairman of the social committee.

New Service Car—The Utah Light & Railway company has just turned out a new service car, to take the place of the little dinkies hitherto used. It is built like a box car, 32 feet long, and is very convenient. A second similar car is now building at the company's shops.

Plenty of Christmas Trees—Dealers say the government restrictions on the cutting of Christmas trees from the forestry reservations has reduced the supply three quarters. However, there are enough for the local demand, as Centerville canyon is private property, and there are large quantities of the trees up there. Today's prices range from 75 cents to $2.50.

Inventor at Point of Death—Charles H. LaBelle, formerly an architect, and latterly the inventor of an artificial rubber and mineral waterproofing, is at the point of death from dropsy, at his house, 968 South Temple street, after a two months' illness. Mr. La Belle is well known in this state and it was thought at one time that he would make a large fortune from his mineral propositions.

To Make Systematic Search—P. C. Stevens has gone to Lovelocks, Nev., where he will join his brother, Charles Stevens, of Long Beach, Cal., and the two will make a systematic search for their brother, Hutchinson Stevens, who is lost in the Nevada hills. The missing man is a prospector, 30 years of age, and is well known in Salt Lake. Besides the theory that he has been lost in the mountains, is another to the effect that his disappearance might have been caused by foul play.

Zion's Savings Bank & Trust Co

Pays 4 per cent on deposits.
JOSEPH F. SMITH, President.
ANTHON H. LUND, Vice-President.
C. C. BEEBE, Cashier.

PRESIDENT BELL ARRIVES.

Head of Order of Eagles Being Entertained in Salt Lake.

President T. A. Bell of the Order of Eagles arrived this morning from San Francisco to inspect the local Aerie this evening. He was met at the depot by A. G. Mahan, A. Bernstein, George Whitaker and M. M. Beaver who escorted the visitor to the Cullen for breakfast. This was followed by an automobile ride over the city, and this afternoon, a reception is being held in the parlors of the Cullen. Mr. Bell will be entertained at dinner by state officials of the order, and this evening, he is to make an address in the hall of the lodge. Mr. Bell returns to California tomorrow afternoon.

THE BEST DOCTOR.

Rev. B. C. Horton, Sulphur Springs, Tex., writes, July 19th, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." Sold by Z. C. M. I. Drug Dept. B

PORTUGAL BEY HERE.

Chieftain of Turkey Visits Salt Lake And Discusses Current Events.

Portugal Bey, assistant to the general inspector of agriculture, mining and forestry of Turkey, who is visiting in this city is an interesting talker. At home he is a chieftan and figure of national prominence, and his fame extends throughout Europe. He says his country is falling behind agriculturally because of the lack of method and organization in Turkey as a whole. Taxes are high and no system is used in handling money. Turkey is waiting for outside capital to develop her mines and run railroad lines and open good roads and work other needed changes in the interior. Progress in other affairs will come then. The Bey is authority for the statement that the German branch of the Standard Oil has purchased kerosene bed lands in Asia Minor but wild Arabs tear up pipes as fast as they are laid. The Bey will remain here several days.

COAL COAL COAL

Martin Coal company Castle Gate, Clear Creek, lump and nut specially adapted for heating purposes $6.00 per ton.

HENRY VAN DYKE

We have a complete stock of the beautiful stories of Dr. Van Dyke. His "LITTLE BLUE FLOWER" is being read wherever the English tongue is spoken. It has a beautiful moral. Your children should read it.

BLAMES OFFICERS FOR BANK FAILURE

State Bank of Green River Closed by Secretary Of State.

MAY PAY DEPOSITORS IN FULL

Officials Secured Loans When Institution Was Not in a Condition to Warrant Heavy Drains.

The Green River State bank was closed yesterday by the secretary of state, and the state bank examiner placed in charge. In the report of Secretary of State Charles S. Tingey regarding the bank's condition, the officers of the concern are blamed for unwise business method s. The bank's life has been but little over a year, having been organized in August of 1906. It is thought that all depositors can be paid in full.

Secretary of State Tingey says regarding the failure of the concern, the failure has been caused, "by loss of business and extreme carelessness and inability of the officer directly in charge, and from the further fact that some of the officers had secured excessive loans from the bank for their own use when the bank was not in a position to make loans."

Three months ago serious conditions were found to prevail in the bank's affairs, and labor was undertaken by the secretary of state to adjust the affairs of the concern. Conferences were held with leading citizens of Green River and with the board of directors. It was finally agreed that a new set of directors should be placed in control. It was thought that the people's confidence could be restored and in this way the bank might continue to do business. However, this was not the result. Depositors continued to drain the bank, the bank was unable to realize on its loans and therefore could not meet the demands made upon it. This forced the state to close the bank.

DUE TO BREAK IN DAM.

Concerning the failure, Secretary of State Tingey says:

"The bank commenced business under the most promising circumstances, it having been ascertained that soil and climatic conditions in and around Green River were particularly well adapted to fruit raising. Irrigation, townsite and land companies were organized, and for a year and a half the town had a wonderful growth. A new dam and canals were constructed to supply additional water, and the future of the town and the bank was most encouraging. Last spring the new dam was taken out by a freshet, leaving the town and surrounding country without irrigation water. As a result many people who had moved in from Colorado and other places became discouraged and left, taking with them their deposits and to a certain extent crippling the bank. The failure cannot be attributed to the present financial flurry, but to the general depression and loss of business as a result of the breaking of the dam, and from the inefficiency and carelessness of its former officials. It is the opinion of the bank examiner and the secretary of state that if proper and energetic measures had been taken to call in loans months ago, it would not have been necessary for the bank to close its doors.

"The loans of the bank are in good condition and it owns desirable real estate and improvements. It is believed that the depositors will be paid in full and in all probability the bank will be able to resume business within 30 or 60 days."

ORGANIZED IN 1906.

The Green River State bank was organized an dincorporated Aug. 1, 1906, with a paid up capital of $15,000. The officers were: Frank Cook, Green River, president; E. C. Million, South McAlester, I. T., vice president; R. M. Elred, Green River, cashier; George E. Thurman, Green River, and E. B. Day, Ainsworth, Neb., directors. The new officers selected after the bank examiner's examination of the company's affairs were J. M. French of Green River as president, and D. D. Potter of Green River, cashier.

State Bank Examiner C. A. Glazier reports the condition of the bank as follows:

RESOURCES.

Loans and discounts	$54,633.55

Total	$73,874.03

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. Chamberlain's Cough Remedy always cures and is pleasant and safe to take. For sale by all druggists.

STREET CAR CHANGES.

Line East of Mt. Olivet to be Abandoned—Running Schedules Altered.

The Utah Light & Power company management has secured the assent of the war department to the proposed change of route on the military reservation for the street car connection with this city. The line east of Mt. Olivet will be abandoned up to a point within a quarter of a mile of the present terminus of the Second South-Fifth South street line. The high line connecting the north limit of the post with the Third avenue line, will deviate a short distance from the present post terminus to the south, and run into the gully where the southern line ends. At present appearances, the Fort Douglas cars will run from South Temple street via V street, though there is a curve near Judge Powers' residence and connection with the Third avenue line may be made if desired.

A change has been made in the schedule of the Poplar Grove and West Temple street lines, as follows, to take effect Dec. 29:

Poplar Grove—From Poplar Grove cars will run east on Seventh South to West Temple, north on West Temple to First South, east on First South to Main, south on Main to Second South, west on Second South to West Temple, south on West Temple by way of same streets to Poplar Grove.

Cars leave Main and First South for Poplar Grove every 15 minutes from 6 a. m. to 12 midnight and 12:35 a. m.

Cars leave Poplar Grove for Main and First South every 15 minutes from 6:23 a. m. to 12:23 a. m. and 12:58 a. m.

West Temple—Cars leave Main and First South for West Temple every 30 minutes, 7 and 37 minutes after the hour, from 6:07 a. m. to 12:07 a. m. inclusive and 12:35 a. m.

Cars leave terminus of line on south West Temple for Main and First South every 30 minutes, 22 and 52 minutes after the hour, from 6:22 to 11:52 p. m., 12:20 a. m., and 12:48 a. m.

This routing of schedules will afford the residents of Seventh South between Second West and West Temple a 15 minute service, and the residents of West Temple, north of Seventh South, will have a 15 minute service in addition to the 30 minute service on the West Temple line.

AGREEABLY SURPRISED.

Many sufferers from rheumatism have been agreeably surprised at the prompt relief afforded by applying Chamberlain's Pain Balm. It makes sleep and rest possible. For sale by all druggists.

STATE HEALTH FOR NOVEMBER

State Board Issues Official Warning In Regard to Measles.

The November bulletin of the state board of health has been published. The total reported deaths from all causes were 329, with 11 more deaths not reported during the previous month. Ninety-four districts reported no deaths, and 45 localities reported freedom from contagious diseases. Scarlet fever, 149 cases, 8 deaths; smallpox, 22 cases, no deaths; diphtheria, 121 cases, 8 deaths; typhoid fever, 127 cases, 18 deaths; whooping-cough 55 cases, no deaths; measles, 1,151 cases, 4 deaths; chickenpox 147 cases, no deaths; pneumonia, 94 cases, 89 deaths; consumption, 7 cases, 5 deaths.

The state board has just issued the following official warning:

In view of the prevalence of measles in many localities in epidemic form, it is recommended that a strict quarantine of all persons affected be maintained and also that children in the same family who are not affected with the disease shall be prohibited from attending school for a period of not less than one week following the report of the case. While measles is a disease which is not in itself usually fatal there is always danger of fatal or serious complications and every effort should be made to prevent its spread. It is desirable that county and town ordinances shall be passed providing for the report and quaratine of persons affected with measles and health officers are requested to take up the matter with the proper authorities in all counties of the state with a view of securing the passage of such an ordinance. The ordinance should provide for the report of the disease in the same manner as that required in other contagious diseases and that the patient shall be quarantined for a period of not less than 10 days and until the eruption and other signs of the disease shall have disappeared; that the quarantine shall not prevent adult members of the family from pursuing their occupations; but that children in the same family shall be prohibited from attending school or mixing with other children for a period of not less than one week; also that a card on which is printed the word "measles" shall be displayed during the period of the quarantine.

It is suggested that the school buildings throughout the state in districts where any contagious disease has prevailed, shall be thoroughly cleaned and disinfected during the holiday vacation; and it is hoped that health officers will initiate these measures in all said districts.

EXPOSURE

To cold draughts of air, to keen and cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds.

Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Tex., writes, Jan 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take. Sold by Z. C. M. Drug Dept. B

HIS FIRST ARREST.

Special Police Officer Riley, who was appointed yesterday by the chief of police, made his first arrest last night as he was on his way to the station to report for duty. At Second South and Fourth West street he heard a woman scream. He rushed to her assistance and she reported that a one-armed man named John Clark had attempted to wrench a purse from her hand. Riley captured the man and took him to headquarters. Clark made a denial of the charge.

THAT'S IT! ! !

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup, your cough will be a thing of the past. It is a positive cure for coughs, influenza, bronchitis and all pulmonary disease. One bottle will convince you—at your druggist, 25c, 50c $1.00. Sold by Z. C. M. I. Drug Dept. B

Everything in leather goods for Christmas at Schramm's. Where the Cars Stop.

EVERY WOMAN HOPES

For a home of her own some day. A place that she may take a pride in, knowing that every new idea which she may carry out will not have to be given up when the landlord raises the rent. Most every woman too, wants to be in the nicest residence district in town, east of Main street and on the North Bench if possible.

We have in the beautiful homes we have built on Ninth avenue a number of ideal places where the family of modest means may be comfortable in its own house, for on terms of long time payments, which will equal no more than rent, these houses are for sale. They are brand new, thoroughly modern and cheaper than they will be in the spring. Before seeing us about them call at 458 C street and get the keys to make an inspection.
