AFFAIRS OF WEBER COUNTY

Eden Roadway Ruined by Sheep —New County Highway in North Fork.

ALL READY FOR JAIL DELIVERY

Preparations Nearly Complete for Grand Labor Day Celebration—Wedding Bells—Briefs.

Ogden, Aug. 20.—At yesterday's meeting of the county commissioners, Commissioner McKay reported that a band of 2,500 sheep had been driven down the canyon and that at Eden, where the new road had just been completed, the entire road had been destroyed. Road Supervisor Allen was instructed to ascertain the owner of the flock, and repair the road, and keep record of the cost, and the same will be assessed against the owner.

Commissioner Moore stated that he had negotiated with John Ward of Liberty for a strip of land for road purposes, with the intention of doing away with the necessity of two bridges in the North Fork, and building the road up the valley on all land above the Forks. The price was to be $200, and as soon as surveys are made by the county surveyor, and title is approved, the deeds will pass and the road will be opened.

Commissioner Madson reported that three retaining tanks in the Wilson road district, supplied by the new artesian wells, were completed, and the county could begin sprinkling the roads in that district. The county has purchased a road sprinkler, and the city is invited to put a sprinkler at work from Wilson across the tracks, so as to furnish continuously sprinkled streets from the west side of Ogden across the tracks to Wall avenue.

Mayor Nelson of Huntsville notified the board that he had resigned as registration agent of the district, and Mrs. Nelson was appointed in his place by the board.

Architect Woods presented plans for the completion of the unfinished portion, the upper floor, of the infirmary, and furnished estimates of the cost, amounting to $1,700.

LABOR DAY DEMONSTRATION.

Will Eclipse All Former Celebrations —Prizes and Sports Galore.

Ogden, Aug. 20.—The Labor day committee has about completed its program which will be turned over to the printers some time during the week and it is expected that the celebration this year will eclipse anything ever held in this city by united labor.

A total value of $1,500 in prizes, ranging from a 75c pocket knife to a $400 city lot will be distributed. The day's doings are scheduled to start with a monster parade at 10 o'clock in the morning and in which every union in the city and many of the merchants will participate with beautiful industrial floats. Prizes will be given for the best floats and the union making the best appearance in line.

Exercises will be held in the Grand Opera House at the conclusion of the parade and a number of citizens and members of the labor organizations will be the speakers for the occasion.

Contests of every description will be held at Glenwood park in the afternoon. There will be bicycle races, base ball game and tug-of-war. Band concerts and dancing will be given both afternoon and evening. The twenty-round boxing contest between "Cyclone" Thompson and Pete Sullivan will be pulled off at the saucer track at 7 o'clock in the evening. The ball game, called for 3 o'clock, will be between the Eagles and Elks.

JAIL DELIVERY INTERCEPTED.

Officers Discover Saws and Bolt Cutter in Prison Cells.

Ogden, Aug. 20.—Since the attempted jail break at the county bastile about two weeks ago, Sheriff Sebring and his deputies have been on a careful lookout for any further tricks that may be attempted. Some nights the prisoners have been routed out of bed at 1 and 2 o'clock in the morning and their cells searched for tools or other implements that would enable them to escape from the jail.

Yesterday morning the usual thorough search was instituted and the officers were well rewarded for their efforts. Seven hack saws and a bolt cutter, a foot and a half long were found snugly hidden in various dark and supposedly secure corners. The officers further found that the screens on three windows had been cut away by outsiders. To lessen the danger of a jail delivery the sheriff has asked that a night guard be appointed to patrol the jail yard.

PREPARING FOR BIG RUN.

Sugar Company Making Improvements and Repairs at Factory.

Ogden, Aug. 20.—The sugar company has a force of men busily engaged repairing machinery, etc., and making a number of necessary improvements to the sugar factory in getting ready for the opening of the season's run, which it is expected will be much larger than last year. As soon as these repairs are completed some new beet sheds will be erected as the output this year will be larger than before, and more space is required to store the beets.

STREET REPAIRING.

Ogden, Aug. 20.—J. P. Moran, the Salt Lake contractor, has a large force of men at work on lower Twenty-fifth street, tearing out large blocks of asphaltum which are to be replaced with a new layer of paving. The street is in a very bad condition and is a menace to traffic, there being large holes all along the thoroughfare. Recently a wagon was broken by being driven into one of these holes. The paving will extend from the Union depot to Washington avenue.

HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by all druggists.

LAYTON.

ANOTHER GUN ACCIDENT.

Pleasure Seekers Carry Gun, Which Goes Off Unexpectedly.

Special Correspondence.

Layton, Davis Co., Aug. 19.—The accidental discharge of a shotgun today came near causing a tragedy. The accident occurred near Mountain Green, Morgan county. A crowd of boys ranging in age from 14 to 20 years, left here yesterday morning for an out in the hills. This morning, while riding along in the wagon, Frank Morgan, aged 18, took the shotgun with the intention of shooting a mourning dove, and just at this time something of interest near the wagon attracted the attention of the whole crowd and as they were all looking out of the wagon with their heads close together the gun was discharged by some means that the boys fail to explain and blew the forefinger off from Frank Morgan's right hand and filled Bert Talbot's face full of powder and slight flesh wounds. The boys drove home in about two hours. Dr. Gleason amputated the finger and the patient is resting comfortably.

Today is Davis county's day at Saltair. A large number of people went from Layton.

The tomato crop in this vicinity is good, though the acreage is considerably less than it has been in other years.

HEBER.

FUEL PROBLEM SOLVED.

Company Proposes to Mine and Deliver Coal from Currant Creek.

Special Correspondence.

Heber City, Wasatch Co., Aug. 19.—The coal problem is probably solved for Heber City. The Clegg Brothers company is opening up a mine on Currant Creek, about 25 miles from Heber. The company offers to deliver the coal, at $3 per ton, on to the dividing ridge of Lake Creek and West Fork of Duchesne, if the people will help to build the road from the ridge to the mine. Teams will be able to haul two tons of coal to the load. It is about 17 miles and all down hill from the ridge to Heber City. There is a tolerably good road now up Lake Creek to a sawmill in Duchesne Fork. The county commissioners are building a road down West Fork of Duchesne to Stockmore, and if time will permit and the weather is favorable, they will also improve Lake Creek road. There will be about three miles of road to build down Currant Creek to the coal bed, and if the company cannot deliver the coal to the divide, as it proposes, teams can go to the coal bed and load. Most any kind of a team can make a trip in two days.

This new road, running up Lake Creek and down the West Fork of Duchesne to Stockmore, will be a better highway to the reservation country than the old road up Daniel's Creek, especially in the winter months with the drifting snows, and heavy hills, though the distance is about the same either way.

BIGGS, CAL.

Conditions in the Golden State Colony.

Special Correspondence.

Biggs, Cal., Aug. 15.—Biggs is located on the S. P. railway, just three miles north of Gridley, California. The saints from both places assembled at a large farmhouse at Gridley on the 24th of July and celebrated Utah's pioneer day in true old-fashioned style. LEWISVILLE, IDAHO.

ACCIDENTAL SHOOTING.

Sam Allred Shot by Toy Gun While Out on Pleasure Trip.

Lewisville, Ida., Aug. 19.—Sam Allred, a boy about 12 years old, met with quite a serious accident yesterday. Several of the Allreds, and the Misses Hunting of Menan, were out at Mud Lake on a pleasure trip. One of the Hunting girls picked up a .22 rifle, and snapped the trigger just in fun, thinking it was unloaded. It proved to be loaded, and the bullet went into Sam's body under the left arm. The party reached home with him during the night, and Dr. Price of Rigby was summoned this morning. He has not been able to find the bullet. The boy has not recovered from the effects of the chloroform yet, so nothing definite can be reported.

A frost occurred last night, the 18th, the third time within 10 days, but no great damage has been done so far.

Skin of Whole Body Covered for a Year—Awful Itching Kept Sufferer Awake Half the Night—Tried All Kinds of Remedies but They Had No Effect.

CUTICURA REMEDIES A PERFECT SUCCESS

"I wish to let you know that I have used one set of Cuticura Remedies—one cake of Cuticura Soap, one box of Cuticura, but two vials of Cuticura Resolvent Pills—which cost me a dollar and twenty-five cents in all. For a year I have had what they call eczema. I had an itching all over my body, and when I would retire for the night it would keep me awake half the night, and the more I would scratch, the more it would itch. I tried all kinds of remedies, but could get no relief. A friend of mine told me to try the Cuticura Remedies which I did, and am very glad I tried them, for I was completely cured. If any of my friends should be troubled with the same disease, I will cheerfully recommend the Cuticura Remedies, and if I know any one who wants to know how I cured myself, I shall be glad to tell them. Walter W. Paglusch, 207 N. Robey St., Chicago, Ill., Oct. 8 and 10, 1906."

CUTICURA

The Great Skin Cure and Purest and Sweetest of Emollients.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood.
