LOCAL BRIEFS.

Watermelons are now selling at 50 and 60 cents.

The delayed steel for the Herald building has arrived, and work of construction is now being rapidly pushed ahead.

Garrison Verbryck, aged 10, son of Mrs. G. G. Verbryck of this city, is in St. Luke's hospital at Denver because of injuries sustained by being thrown from a horse at the Rob Roy ranch in Wyoming.

The annual June session of the Ladies' Aid society of the First Baptist church is being held this afternoon, at the residence of Mrs. W. C. Orem on Third street, which concludes the meetings for the season.

The baseball teams of F company, Twenty-ninth infantry, and the Twenty-second battery will contest for the Post championship, the games to be the best two out of three. The first two games will be played Saturday, June 24, and the day following.

Local lumber dealers say that prices are steadily advancing, and that the coast producers are putting up prices because they believe there will be peace pretty soon in the orient, and that then will come an immense demand for lumber from the Pacific coast.

The Wagner family of 537 south First West street is reported in destitute circumstances, and dependent on neighbors for food. Mrs. Wagner is the mother of Abe Majors, serving a life sentence in the state prison, and the two boys at home, aged 17 and 21, can not receive pay due them for several weeks; so they are in a bad way.

Judge Lindsey of the Denver juvenile court will speak in the Salt Lake Theater on the evening of the 26th inst. He will discourse on the treatment of juvenile criminals. A reception is being arranged for the judge in the Y. M. C. A. parlors, in which the city board of education and the city council are expected to participate. The Boys' Betterment league met yesterday afternoon, at the Commercial club and appointed the following committee to arrange a program for the occasion of Judge Lindsey's visit. Judge Willis Brown, S. P. Lucas, Rev. Benjamin Young, Parley P. Christiansen, and Dr. T. B. Beatty.

Quite a notable surgical operation has just been performed at St. Mark's hospital on W. W. Flagg of this city for removal of "cataract," by Dr. Henry Lamotte of the navy, and Mr. Flagg has recovered sufficiently to be removed to his home. Mr. Flagg has long been a sorely afflicted man. While examining a mine in Colorado 18 years ago he was caught in a cave-in, and lay pinned to the earth for hours before he could be dug out. He has not seen a well day since, and but for the fact that he was at the time a man of tremendous physical power, he would not have survived. Mr. Flagg rowed for two years on the Yale University crew, and was for one year its stroke, and the building up his constitution received then gave him a physique that made him a marvel among rowing men. He is now receiving the congratulations of his friends.

COUNCIL HEEDS PEOPLE'S WISHES.

Street Committee Will Recommend That North State Street Be Not Paved.

PROPERTY OWNERS PROTEST.

Newhouse Franchise Will be Taken Up Wednesday Night—Trip To Lime Quarry.

The council committee on streets, at its meeting last night, decided to report unfavorably upon the ordinance providing for the paving of State street from North Temple to the Capitol grounds and of First North street from East Temple to State. A number of property owners protested against the paving and stated that if the city and board of education properties were eliminated from the frontage there would be enough protests of private property owners to defeat it. As a large majority of the property owners are opposed to the improvement the committee decided to recommend that the ordinance be not passed.

NEWHOUSE FRANCHISE.

It was decided that on next Wednesday evening the application of Samuel Newhouse for an electric light and power franchise will be further considered by the committees on municipal laws and streets. Mr. Newhouse will be notified to be present in person or by representative. The same committees will also consider the application of the Citizens' Heating and Power company for a franchise on next Wednesday night.

TRIP TO LIME QUARRY.

On Friday the members of the committee on public grounds will take a trip to th Santa Cruz Lime company's quary near Beck's hot springs in order to determine whether or not it will be necessary to have the powder magazines in that vicinity moved before the company commences blasting in its quarry. It was feared that the blasting might cause the magazines to explode and endanger life and property hence the company asked the council to order them moved. While out on this trip the committee will also drive over to City Creek canyon to determine whether or not the operation of the rock crusher up there and the ceaseless hauling of rock and other material through the canyon should be stopped. A number of protests have been received against allowing the crusher to operate on the ground, that it frightens the horses of visitors to the canyon and makes it unsafe for a drive. The continued hauling of rock through the canyon is objected to, as the heavy wagons ruin the road and keep it too dusty. The matters will be thoroughly investigated by the committee.

TO KEEP AUTOS OUT.

The same committee also authorized the city attorney to draw up an ordinance prohibiting automobiles from using the City Creek canyon road. This is another safeguard against accident to the owners of horses and buggies who drive in the canyon during the summer season.

SPUR TRACKS FAVORED.

The Oregon Short Line and San Pedro franchises for spur tracks to connect the two main lines within the city limits, have been recommended for passage by the municipal laws and streets committees. The same committees have recommended for passage an ordinance making it a misdemeanor to leave coal holes in sidewalks open or to leave any ditch or obstruction on the sidewalks or streets unguarded.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all Druggists.

Music of the South, Saltair, tomorrow.

DELIGHTFUL PROGRAM.

"An Evening in the Old South" Most Enjoyably Spent at Unity Hall.

It was a delighted audience that assembled at Unity hall last evening to hear Miss Louise Williams and the musical talent that assisted her. Those present could easily have imagined themselves in the sunny southland, where phosphorescent light illumines the trees and where the perfume of the magnolias fills the air. The program was almost wholly of southern composition, and it was most charmingly and capably given. Miss Williams proved that she was an artist in more than one line. Her delineations of negro life and character were of the truest and purest type. Others who appeared on the program were the Ladies's Utah quartet, Thomas Ashworth, Mrs. Lizzie Thomas Edward, Willard Weihe, who performed on another new violin of his own make, J. J. McClellan, and Mrs. Agnes Osborne. The entertainment was under the auspices of the C. A. R. veterans and the announcements of the evening were made by Col. Kaighn. Miss Williams is a Daughter of the Confederacy and her appearance in Salt Lake with assistance from the "men of the north" tells pathetically, lovingly, of the great peace that broods over our nation and that the dead past has buried its dead.

WANTS DEATH REPORTS.

Italian Consul Makes Such a Request Of Governor Cutler.

Gov. Cutler has received a communication from P. Corte, Italian consul at Denver, calling attention to the provision in the consular convention between the United States and Italy which makes it a duty of local officials to report the death of Italians to the nearest Italian consul so that their estates may be properly looked after. The letter states that many of the Italians who die here are among the laboring classes but they often leave estates which would greatly assist their families in their native land. It is therefore asked that the local officials be requested to report all deaths of Italians to the consul at Denver. Gov. Cutler replied that he would call the attention of the officials to the matter.

AMUSEMENTS.

The piano recital by the great Spanish pianist, Alberto Jonas, to be given at the Salt Lake theater next Wednesday night is attracting much attention among musicians and those musically inclined. Jonas and his art are well remembered by scores of Salt Lakers who heard him in his recital of two years ago. The fact that Mr. Weihe is to play Grieg's C minor Sonata for piano and violin with the noted artist, will prove a drawing card. Weihe plays Grieg to perfection for he is an ardent admirer of the Norse master's compositions, and, being a Norwegian, he invests these works with the true northern spirit, without which they lose much of their power and originality.
