This afternoon the examination of witnesses for the defense was commenced. The other jurors in attendance were excused until Monday at 10 a. m.

Ajax Mining Company Sued.

Samuel McIntyre today filed suit in the Third district court against the Ajax Mining company, asking for $2,000. The complaint set forth that an agreement was entered into whereby the defendant was to deliver to plaintiff 72,000 shares of the capital stock of the defendant company. Plaintiff was to pay $4,000 at the time of the agreement, and before January 20, 1895, an additional $4,000. These payments were made and the stock delivered. It is alleged, however, that the agreement was to the effect that the second $4,000 should be repaid to plaintiff out of the proceeds of the sale of from the disposal of ores from the mine after a certain item of $39,080 then owing by defendant had been fully paid. That on February 1, 1897, the said sum of $39,080 had been paid, and that since such time defendant has received from the proceeds of the mine a sum largely in excess of what is sufficient to discharge the plaintiff's claim of $4,000, that defendant has paid to plaintiff the sum of $2,000 but has neglected to pay the balance, for which judgment is prayed.

Divorce Granted.

Sarah B. Jones was this morning granted a divorce from her husband, William L. Jones. The ground on which the divorce was granted was a failure to provide.

LOWER COURT AFFIRMED.

Supreme Court Opinions in Three Cases—Kessler Must Serve His Term.

The Supreme court today handed down an opinion in the case of John J. Monteque, respondent, vs George McCarroll, appellant, affirming the judgment of the lower court.

The action was brought to quiet title to twenty acres of land which plaintiff claimed to own. Defendant denied the allegations of the complaint, claiming to have been in possession thereof since 1875.

It appears that Adolph Hankammer and wife appointed Joseph C. Hemingray their agent, giving him a power of attorney, and said agent gave to plaintiff a quit claim deed to the land in question. Hankammer afterwards gave a deed of the land to John J. Ryan, in which he revoked the power of attorney given to Hemingray. The lower court held that the power of attorney could not be revoked, as it was a part of the contract, and the Supreme court affirmed the decision.

The Supreme court also handed down an opinion affirming the decision of the lower court in the case of the State of Utah vs Daniel Kessler. Defendant, was tried and found guilty of murder in the second degree, and he was sentenced to fourteen years imprisonment. An appeal was taken, a new trial ordered and this time he was found guilty of manslaughter and sentenced to six years imprisonment. From this he appealed and the Supreme court affirmed the decision.

The Supreme court also handed down an opinion affirming the judgment of the lower court in the case of George E. Woolley vs Mayces, Wells & company, a corporation, and John Kirkman, assignee.

Court Notes.

The case of Mary W. Hawley vs Prussian National Insurance company et al, was dismissed on motion of O. W. Moyle.

In the case of the Utah Commercial & Savings bank vs D. J. Williams; judgment was ordered for $441.

Judge Hiles returned from Manti this morning and Judge Johnson, who has been occupying the bench in the equity division of the Third district court, left for Moab to hold a session of court.

In the case of Taylor, Romney, Armstrong company vs. Prussian National Insurance company, defendants ordered to pay the money into court to be distributed among the intervenors.

THE GATEWAY SHUT

Northern Roads Have No Access to Utah as Yet.

COMPETITION NOT FORTHCOMING.

S. H. H. Clark of the Union Pacific is Improving in Health—Among the Local Railroads.

DENVER, June 18.—In answer to a message of inquiry sent to him from this city, S. W. Eccles, general traffic manager of the Oregon Short Line, has wired:

"Have not opened the Butte gateway, and do not contemplate doing so at present."

Had the Butte gateway been opened it would have let the Great Northern Pacific roads into Utah to compete with the Rio Grande Western and Union Pacific, and would have given the Union Pacific a chance to practically freeze out the Oregon Short Line on through traffic between Ogden and Butte by cutting the rate from the Missouri river to Ogden to $5 or $10.

SETTLEMENT OF DIFFICULTY PROBABLE.

CHICAGO, June 18.—A settlement of the Union Pacific Oregon Short Line difficulty is fully expected. Officials of both side of roads are here, and it is believed that before they go away a compromise of the differences will have been arranged and the Union Pacific will continue to route business over its outlet to Butte.

Whether it does or not, all danger of a rate war resulting from the dispute seems to have passed away. The Union Pacific claims that its attitude in the matter was misunderstood and it never had any intention of precipitating a contest the effect of which would be to demoralize traffic and dissipate revenues.

In proof of this good faith in the matter the Union Pacific has agreed with the other trans-continental lines to clean up the market in San Francisco, which is one of the most troublesome spots in the West. It has also agreed with its competitors to cease the payment of excessive commissions there, so that disturbing elements may be removed from the situation. All deals with brokers are to be declared off and any further meeting of competition of any kind is to be done openly and above board. That is to be the policy in all parts of the West.

Traffic officials have received instructions from the highest officers of other roads that ticket brokers must hereafter be ignored in the conduct of business and that no relations or connections of any kind may be sustained with them. The whole situation appears more hopeful today.

S. H. H. CLARK BETTER.

ATCHISON, Kas., June 18.—B. P. Waggener, general attorney of the Missouri Pacific, today received a private telegram from S. H. H. Clark, in which he states that he is better and steadily improving.

IN CHARGE OF FRED J. KIESEL.

The Hotel Idanha at Soda Springs has been renovated and now is in full operation. Fred J. Kiesel of Ogden and associates have undertaken to make this house profitable, although for a long time past it has been unoccupied. The big place will accommodate many patrons and it is understood will accommodate them in the best manner.

IMPROVEMENTS AT SALTAIR.

By the end of the month all the work that has been carried on to improve the Salt Lake & Los Angeles road-bed will have been completed. Twelve hundred car loads of shale have been hauled and spread over the bed and 3,000 new ties are being set. With this work and the sprinkling that is done every morning the fifteen mile run will be inside of two weeks, one of the prettiest pieces of track in the country.

Roadmaster West made an examination of the road today to find out how much work will be required to build up the contemplated bicycle track. He said that the plan is feasible and it is probable that wheelmen may soon be able to make the run.

Work is going on in filling the old cars to the new ones that are now in operation. The new coaches are giving the very best satisfaction. Excursionists are pleased with the cleanliness and comfort that they insure.

LAGOON JOTTINGS.

The Ninth and Fifteenth wards are breathing the rural atmosphere of the Farmington resort today. A large crowd went out this morning and many others have waited until this afternoon and evening.

Tomorrow the Fifth ward makes its excursion, and indications are that a large number will take advantage of the outing.

Every day next week an excursion will be given to the lagoon. The main ones will probably be the Caledonian on Wednesday, the 23rd, and the Norden Society's on Thursday.

Mr. Bamberger stated today that Alexander, the bartender who claims to have been shot Tuesday night, must have a vivid imagination since an examination of the wounded arm reveals no gunshot wound at all.

LETTER FROM MISSISSIPPI.

A Resident There Gives His Views of the Mormon Conference in Sturgis, Miss.

STURGIS, Miss., June 1st, 1897.

To the Editor:

Our vicinity has had a most enjoyable time in the assembling of the Mississippi conference in our midst. Some two years since, certain parties here said: "The people of this community don't want Mormonism among them, and they are not going to have it." I wonder what they think now. The opposition manifested then, with its increased violence since, has been a stepping-stone to plant Mormonism firmly on this same forbidden ground. This is one instance among numerous others where Mormonism—so called—has been "kicked up hill" by its enemies.

The town of Sturgis during conference had one of the greatest displays of the sublimity and grandeur of the Gospel of the Lord Jesus Christ ever witnessed in this community. There was quite a respectable crowd out each day to listen to the strange doctrines of the Mormons. They doubtless expected to hear something akin to Mohammedanism, or they knew not what; but instead they heard the plain, simple story of the cross, from which man-made theology was eliminated. When much that is precious, so far as many of the sects today are concerned, Elder Pomeroy explained the origin of the Book of Mormon, and proved by incontestible scriptural evidence, its divine authenticity. The people's wonder knew no bounds; and when Elder Rydalch gave them a sketch of Utah, past and present, with the status and standing of the Mormon people, their trials and sufferings for the Gospel's sake, tears welled up in the eyes of some unused to weeping.

The Mormons are usually looked upon as misled, woefully deluded, and now it is thought by many that only the most ignorant and superstitious will embrace or have anything to do with Mormonism. But when they learn, as they did on this occasion, that Utah stands third in point of education of the states composing this great republic, they may well imagine that some of the grandest minds of this republic have been reared there. When the facts are known of the care and painstaking of the training of their sons and daughters, as they grow up to man and womanhood, they well may cease to wonder at the results. If any outside testimony were needed to show the high plane upon which the people of Utah move, I would respectfully refer the reader to an article in the Atlanta (Georgia) Constitution relative to Hon. Frank J. Cannon, Senator from Utah.

Much prejudice was allayed, as the Elders visited among the people, and the universal testimony, so far as I have been able to learn, is that they were the nicest and grandest lot of men ever assembled in Sturgis.

Many of the old moss-backs, if I should so call them, refused to come out to the meeting, and kept all others away that they could, but in spite of their efforts many came, and the good seed was scattered far and wide, and evidently will bring forth fruit in the near future.

H. P. DOTSON.

NO MORMON NEED APPLY.

Gus Backman's Appointment as Swedish Vice Consul Refused Because of His Religion.

Mr. Gustave H. Backman of this city received a letter from the Swedish and Norwegian consul, Mr. A. Grip, today refusing to appoint him to the Swedish vice consulship at Salt Lake City. This was rather a surprise since Senators Rawlins and Cannon and Representative King all strongly recommended him, and he had received the best endorsements from prominent men here. In fact Mr. Backman had received information from Senator Rawlins indicating that he would certainly receive the appointment. The reason for the refusal on the part of Mr. Grip to submit Mr. Backman's name to the Swedish officials was that Mr. Backman is a Mormon.

One More Pioneer Reported.

MOUNT PLEASANT, Sanpete Co., Utah, June 17th, 1897.

To the Editor:

My father, Abraham Day, was a Battalion boy. He was honorably discharged from the United States service in California, and on the way home arrived in Salt Lake City, October 16th, 1847. He left on the 19th of the same month to join his family in Kanesville, or Council Bluffs. He will soon be 80 years of age. My mother is 78. Both are able to be around.

I could give some very interesting incidents of his life, but fear trespassing on your time.

JOSEPH S. DAY.

Scanlan Sent to Jail.

Burt Scanlan, the deaf mute, was tried before Justice Wenger yesterday afternoon for battery, found guilty and sent to jail for 25 days. Scanlan is the man who assaulted Ed. Murthie last Saturday night. Murthie is now at the hospital in a very precarious condition.

Tomorrow at Lagoon.

Tomorrow the people of the Fifth ward will have an outing at Farmington Lagoon. A program of sports and outdoor exercises has been arranged and the probabilities are that a good crowd will be in attendance. There will also be a game of baseball—the Kids against the Giants.

TORE THE HOUSE DOWN.

An Extraordinary Case Ventilated in Justice McMaster's Court Today—Defendants Fined.

Today's most extreme case of disturbing the peace was tried in Justice McMaster's court, and the result of the trial was that William Langton was fined $50 and his father, Isaac Langton, and nephew, Isaac Langton Jr., were each fined $25.

The complaining witness is J. P. Emmertson, and the testimony went to show that he has been very much imposed on. It appears that he and Langton have been in business together in the past, and the former asserts that the account between the two is over $300 in his favor. Trouble arose recently when Emmertson refused to pay his monthly rent of six dollars for the use of a frame house, at that time owned by Langton, situated on the corner of Eighth West and Second North streets. He was willing to allow the money to go on Langton's debt to him, but this Langton would not permit and began suit.

During the progress of the suit, last Monday morning, Langton engaged the other defendants and three other men, said to be tramps, to go to the house and tear it down. Emmertson was away at the time but his wife and children were at home. The men began by tearing out the doors and windows and did not stop until every door in the house was removed. Then they tore a hole through the ceiling of one of the rooms, and thus gained an admittance in the space just under the roof. From this position they were able to break parts of the roof away. When they had finished the once comfortable home afforded less protection than the poorest barn. The shingles and lumber were scattered about the yard and the plaster and dirt on the furniture and floors.

The house was, it is claimed, worth about $1,000, and there is no apparent reason for tearing it down, other than to get rid of the tenants.

Emmertson, who is a poor man, has lived in this place because he could afford no better, although he said he feared severe sickness in his family on account of exposure to cold and storms. He finally applied to the county attorney, and the result was that a criminal action was begun.

The Langtons gave notice through their counsel, Attorney Joseph Rideride, that an appeal would be taken.

Eddy and Chapman.

W. M. Eddy and Charles Chapman, two well known bunco steerers, are again in the toils, the couple being charged with gambling, together with a charge of vagrancy against the first named. They were arraigned in the police court this morning but refused to plead until they had consulted an attorney, hence the hearing was set for tomorrow at 10 o'clock. Yesterday they swindled F. J. Sandburg out of $150, so he says.

Municipal League.

At the municipal league meeting last evening Mrs. E. B. Wells read an entertaining paper on Women as a Factor in Municipal Politics; Henry W. Lawrence spoke on the Initiative and the Referendum; arrangements were made for a branch organization in each municipal ward; and plans for a mass meeting in the Grand Opera house June 24th were adopted.

Syrup of Figs

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
