DESERET EVENING NEWS.

Monday, July 22, 1895.

FIRE AND POLICE BOARD.

Nathan Stears Asks for and Secures the Refunding of His $125 Check—Other Business Transacted.

The fire and police board met last evening at their rooms in the City Hall building. It was expected that a decision would be given in the case of Fireman McMaster, whose hearing was had last week, but after the consultation, it was held over until next week.

The next business taken up was that of a communication received by the board on July 8th from Nathan Stears, the author of the Stears check which has been mentioned so much of late. It read as follows:

To the Board of Fire and Police Commissioners:

Gentlemen—When I gave Chief Devine my check for $125 after the Stears Cures and Tried company fire, it was with the understanding, on my part, at least, that it would be distributed among the men. I was not aware of any rule of the department to conflict with this understanding, when the presentment was made during the time of the chief. I am more than pleased the money was not used as I, at the time of donating same, intended it should be, and I have no word now that it is to be applied. In view of all the circumstances, I would respectfully ask that the money be returned to me, as I can use it where it would profit only the more good; in any event, where to dispose of it would be more satisfactory to me I do not see it can be put to under the rules of the commission.

Very respectfully,

NATHAN STEARS.

Immediately upon receipt of this letter it was referred to the city attorney, who reported upon it as follows:

To the Hon. Board of Fire and Police Commissioners—Gentlemen—Referring to your communication of the 8th instant, inclosing a letter from Mr. Nathan Stears, herewith returned, and asking whether certain money donated by him can be legally refunded, we respectfully submit as our opinion that the donation, being a gratuity on the part of Mr. Stears, and he claiming that it was been and must be, under your rules, diverted from the use to which he intended it to be put, you have full power to refund the same. Very respectfully,

E. D. HOGE,
W. H. VAN HORNE,
"City Attorneys."

On motion of Mr. Noble the money was ordered refunded, all voting for it except Estey.

Upon recommendation of Chief Devine the purchase of the following was urged upon the City Council: One hose wagon, costing $500; one pair horses at a cost not to exceed $200; and 1,000 feet of hose, costing about $1 per foot. The same official also asked that maps be secured, showing the location of fire hydrants, which was also urged upon the Council.

The charges against Donovan and Sullivan were read and the hearing set for August 5th, unless other arrangements were made before that time.

After directing the purchase of all hay in Liberty Park for the fire department, and approving bills amounting to $55.41, an adjournment was taken for one week.

Power, purity and wholesomeness, the principal qualities of a superior baking powder are found superlatively excellent in Dr. Price's.

Returned Home.

Elder Charles Peterson, of Riverton, Salt Lake county, Utah, called at the News office yesterday, having returned from a mission to New Zealand on Thursday, July 18, for which part of the world he left this city on December 5, 1892. During his absence he has been laboring as a missionary among the Europeans and he reports that this work is progressing fairly well, fruits of the office continually coming to light. He has enjoyed good health and felt well while absent from home. Elder Peterson returned via Australia and spent a week in the Sandwich islands in company with the Elders labouring there. He also stopped at the Fiji islands. While in Honolulu he called up the telephone with Elder Andrew Jenson, who for the time being was some distance from the city.

Elder Peterson says the accommodations on the Australian Canadian line of steamers were most excellent and the voyage pleasant throughout its entire length. One feature of it was the religious services held in the second cabin, largely attended. Two Presbyterian ministers were in the audience, to whom the Elder had previously listened while conducting their services.

Plumbing Company Assigns.

An assignment was made yesterday afternoon by the Herrels-Davis Sanitary Plumbing company for the benefit of its creditors. The Utah Plumbing Supply company is the principal creditor, the liabilities only amount to about $2,500. Mr. Davies, who was president of the company, has assumed the assignee and he states that the liabilities are equal to about one-third of the assets but they were compelled to assign by the Utah Supply company, a strong creditor, whose claim is due to the company's creditors, either paid.

Salt Lake Driving Club.

The Gentlemen's Driving Club have leased the old Agricultural Park race track on the banks of the Jordan where they propose to hold their first meet of a series for the season. Through a hitch with the management of Calder's Park as to the receipts on July 24th the driving club has severed all connection with the park, so hereafter the struggle among the amateur drivers, and the debates as to who was the fastest horse in the respective classes will be held permanently on the west side.

Raising Union Pacific Taxes.

The Union Pacific taxes in Sweetwater county, Wyoming, have been heavily increased for 1895. This is done by a raise in the assessed value of road lands, which heretofore have been listed at 15 cents per acre. The new assessment is $3 per acre.

Broke His Wrist.

Walter Grimsdell, the 11 year old son of Wm. Grimsdell Jr., of the Tenth ward, is suffering from a painful injury in the form of a broken wrist. He climbed a tree yesterday, and slipped and fell to the ground, his left arm being caught under him in a way to inflict the injury stated. Surgical skill was called and the necessary attention given.

Post Office Hours Tomorrow.

Tomorrow being Pioneer Day, a special time schedule has been issued at the post office as follows: Money order department will be closed all day; registry department will be open from 9 a.m. until 12 o'clock noon; stamps and general delivery from 9 a.m. until 1 p.m. Carriers will make two regular trips in the business districts and one in the residence. Carriers' window will be open from 12 o'clock, noon, until 1 p.m.

"Moni" is a Candidate.

"Moni" Fisher is one of the latest aspirants for municipal office. He has now declared himself to be in the field for the city recordership and wants the support of his friends whom he thinks are as numerous as those possessed by any competitor. He says he has no time to go out on a hand-shaking expedition, and wants it understood that he will attend to that duty in a most emphatic manner after election providing that the "other fellow" doesn't get there. Political wiseacres, however, are of the opinion that "Moni's" chances of not of a very remote kin, but then they can be slightly tinted between this and the date of the nominating convention of his party.

SHOULD BE ABATED.

A Disease Breeding Nuisance which Should be Given Prompt Attention.

A report reached the health department today that behind an old house, No. 324 State street, there was a terrible sickening and disease breeding nuisance. F. W. Brokmeyer, who lives in the building adjoining, entered the complaint, and he said that several reports had been made by different persons of the condition of things, but the health authorities had as yet received inactive.

A NEWS man accompanied Mr. Brokmeyer to the spot and examined the premises. The house is occupied by a Chinese laundryman named Lee Long and as it has no sewer connection of the water used in washing is thrown into a drain which comes from under the west house. The drain is about eighteen yards long and ends in a hole about four feet deep. Near the edge is a filthy out house and a stable where several wagon loads of manure have accumulated, and the water having each time the dressing into it and no outlet, has become stagnant and actually green. A strong odor comes from the place which is almost intolerable. It is said that the children who existed since early spring time and remove living in the vicinity, especially those having children, are determined to stand it no longer. It is understood that Commissioner O'Meara is agent for the property.

A Plain Statement.

NEW MARKET, Minn.—"Simmons Liver Regulator cured me of liver complaint and palpitation of the heart. I used many other remedies, but with no relief, until I began taking S. L. R."—Wm. Schutts. Your druggist sells it in powder or liquid; the powder to be taken dry, or made into a tea.

The studio of Miss Ruth Eldredge, teacher of Elocution and Physical Culture will for the summer be at 66 East, First North. Reception day, Thursdays.

Mrs. W. J. Fahey, of La Roy, N. Y., says: "Have tried fifty cough cures. Parks' Cough Syrup is the only one that helps me. I know it is the best cough remedy." For sale by Y. J. Hill & Co., and Nelden Judson Drug Co.

Buy all your medicines at Godbe Pills Drug Co.

The Latter-day Saints College.

The Latter-day Saints' College, in this city, will open for the work of the tenth academic year on Monday, September 9, 1895. The following courses are offered. Preparatory (three years); normal, four years (two years preparatory); commercial, two years; literary, five years (three years preparatory); scientific, five years (three years preparatory); special courses for students desiring to give their attention to special lines of work. Students who have completed the seventh grade of the public schools will be admitted to the first year of the preparatory course, without examination; those who have completed the eighth grade are eligible to entrance upon the second year. A specialty is made of theological, commercial and normal work, a training school being provided for the benefit of the normal students.

The faculty has been increased by the addition of four instructors and four lecturers, all specialists in their respective lines of work. Tuition is practically free, an entrance fee of $10, entitling a student to a year's work in the institution.

A catalogue giving full information may be had upon application to the undersigned. WILLARD DONE, Principal.
