A. H. NELSON MISSING.

He is Accused of Embezzling $13,000 from the Ogden Building Association.

The people of this city were treated to another surprise yesterday afternoon when it became known that Alfred H. Nelson was posted as an embezzler and was actually a fugitive from justice. It is charged that he has cooped the Ogden Building and Savings Association to the amount of $13,000 while acting as secretary of the society.

Some time since an investigation of the books was commenced on the quiet by the directors, as it was suspected that the accounts of the association were not just right. Nelson was made acquainted that a still hunt was going on concerning his affairs as manager of the society and it is said at once began making preparations to seek a more congenial clime. His household goods were disposed of to a second hand dealer and the exit was made, just how and where is not known.

C. W. Hestmark, president of the association, swore out the complaint charging Nelson with embezzlement, and Deputy Marshal Eaton has the warrant for his arrest. Telegraphic communications have been sent to railroad points in the surrounding states and territories. At midnight a dispatch was received containing the information that a lady answering Mrs. Nelson's description was on board the eastbound train of the Union Pacific at North Platte, Nebraska. But he, the much wanted lot at present missing Nelson, has not, up to the present hour, been heard from.

The Nelson family moved into best social circles of the city, and Nelson's sudden downfall will be regretted by many who reposed all confidence in the integrity of the man.

The loss will no doubt be a considerable one, as his bondsmen had been released some time since, and the burden will fall heaviest on those least able to bear it, i.e., the poor who have, by dint of hard labor and frugality of living, been able to lay up a few dollars against a rainy day, and now the earnings of years are swept away.

A meeting of the stockholders is called for Tuesday, August 29th, in the Utah Loan building, for the purpose of determining the financial condition of the association.

Court Items.

The Fourth district court was in session yesterday and a small amount of business was transacted.

The hearing of the will case of the late John Broom came up on an appeal from the probate court but nothing was done save the setting of the case for Friday, the 25rd inst.

In the case of Charles Crawford vs William Crawford et al, an order was made for an indefinite continuation of the matter.

The case of Thompson vs Nat M Brigham was taken under advisement.

The 24th inst. has been set for the defendants either under bonds or in custody to appear and plead to the charges preferred against them.

Justice Cahoon held a short session of the police court yesterday, when the three vagrants mentioned in the NEWS were given until 8 p. m. to absent themselves from the confines of the city.

Stephen Moore, the fellow "with wheels in his head," was sent to the city hospital.

Notes.

A laborer on Twenty-fifth street, John Boswell by name, was knocked down yesterday by a flying street car on its way to the depot. The man was somewhat hurt about the head.

John D. Marse, aged 21, and Effie M. Parker, aged 18, said to hail from Salt Lake, were married yesterday evening by Commissioner Tyrrell.

The Weber Stake academy will open on Monday, September 4th, with a good strong faculty, Dr. George F. Phillips being principal, and assisted by Joseph Stanford, Wm. H. Jones and Mrs. Marion T. Burton.

J. B. Wilson, 321 Clay Street, Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife when she was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cockeport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at A. C. Fifteen Thousand Dollars Wanted for Three Fingers.—New Cases.

James Anderson has brought suit against the Lehi Coop. for the recovery of $15,150.33 damages alleged to have been sustained in the loss of the first, second and third fingers of his right hand, cut off at the third joint. The allegation is to the effect that plaintiff was in the employ of the coop. and while so employed it was a part of his duties to feed a steam sausage grinder. The grinder rested on a frame which had been allowed to become loose, and in consequence the machine was suddenly jerked forward and back on the floor, catching the fingers of the plaintiff and cutting them off as stated, causing great suffering, necessitating the treatment of a physician and rendering him unable to perform ordinary work.

B. Y. Academy.

The new school year of the B. Y. academy commences yesterday. Considering the financial stringency there was a very fair attendance of students. A number were present from outside the Territory, principally from Arizona. Principal Cluff and his corps of teachers were kept busy examining the new students as to their educational qualifications, and assigning them to their proper departments.

Home Industry.

A meeting was held last night at the Third ward meeting house for the purpose of taking the preliminary steps in the organization of a home industry club. Myron Tanner was elected chairman and B. J. Dugdale secretary. It was decided to organize a club and to call it the Home Industrial club of the Third ward. N. J. Lewis, T. N. Taylor and George Cluff were appointed a committee on constitution and by-laws. Speeches favoring the move were made by a number of those present.

Myron Tanner will start for the south on Wednesday in the interest of the Provo Woolen mills, and will individually endeavor to organize a number of industrial clubs throughout the southern part of the Territory.

Captain W. E. Davis, who slew three men at Westwater a couple of years ago, was in the city on Saturday. He has had a prosperous season at his Westwater ranch and was looking well. He had been visiting Cass Hite at the penitentiary and stated that Hite was little more than a skeleton. An effort is to be made to secure Hite's pardon.

Ephraim Hansen of Lake Shore had a finger crushed by catching it in the cogs of a threshing machine last Saturday.

Peter Fish and family will move to Hamilton, near Toronto, Canada, in the near future, where Mr. Fish has been promised employment in a cotton factory.

U. S. Marshal Nat Brigham was a visitor to the garden city yesterday.

Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergencies.

is the only vegetable substitute for that dangerous mineral, Mercury, and while its action as a cathartic is fully equal, it possesses none of its pernicious effects.

In Constipation, Mandrake acts upon the bowels without disposing them to subsequent costiveness.

No remedy acts so directly on the liver, nothing so speedily cures Sick Headache, Sour Stomach and Biliousness as these
