Arrested—Financial Matters—Large Missionary Meeting.

NEW YORK, 10.—The steamship *Donah* arrived to-day, bringing £136,000 in specie.

Eight persons have been arrested at Boston on the charge of circulating obscene literature, and all but one locked up in default of bail.

Mr. Camp, President of the Clearing House Association, stated to-day, that financial matters were becoming brighter, the banks are gaining rapidly in greenbacks, and confidence is being restored. The banks, he says, have paid and are paying more currency than ever before, and all demands for legitimate business purposes are being supplied. The loan certificates for the outstanding amount, about twenty millions, are being cancelled as rapidly as the general welfare will admit of. Camp is of the opinion that a speedy cancellation of the loan certificates would be disastrous, but he hopes that they will be cancelled by the first date originally agreed upon; but if at that time the associated banks conclude that the public welfare demands a continuance of the loan certificates, the present policy will be adhered to. The banks have, as yet, taken no action relative to full resumption.

A large audience assembled at the Madison Square church, this afternoon, to listen to addresses upon missionary work by various missionaries in attenance upon the alliance, among them the Rev. Jessup, of Syria; Lansing, of Tyre; Gibson, of China; Talma, of Amoy, China; Edkins, of Japan; Bliss, of Constantinople; Labaree, of Persia; Kalapothakes, of Greece; Doolittle, of China; Grant, of South America; Smith, of Ceylon; McFarland, of Lima; Carpenter, of British Burmah, and York, of Madras. The exercises closed by the congregation singing "All hail the power of Jesus' name," the last verse being sung in all the various languages represented by the missionaries.

German Meeting.

Association Hall was crowded with a German audience, Dr. Schaaf making the opening address. He said he had had an audience with the Emperor of Germany, and his Majesty desired him to declare that the Evangelical Alliance had his best wishes, and to assure the delegates and the Protestant world that his deep feelings were with the Protestant church. Professor Dorner, of Berlin, spoke upon the influence of German theology upon the Protestant church of America, and deprecating sectarian divisions in this country.

Press Match.

In the press match at Creedmore, to-day, there were twenty-three entries. Gen. Hawley won the first prize by an aggregate score of 36; W. R. Clark, of the *Daily News*, the second prize, by 31; O. C. Bruce, of the *Turf, Field and Farm*, the third, by 27; Thos. Lloyd, of *Harper's Weekly*, the fourth, by 23.

Class Prejudice.

COLUMBIA, S. C., 10.—The colored Secretary of State, Hehne, has been admitted as a student into the South Carolina University, and the three principal professors have resigned in consequence.

Clearing House Business.

CINCINNATI, O., 10.—The Clearing House Association have agreed to retire the loan certificates at the rate of 20 per cent. per week, which will take five weeks to retire the entire issue.

Yellow Fever at Montgomery.

MONTGOMERY, Ala., 10.—There have been three deaths from yellow fever here within the last 24 hours.

Ex-Governor Cummings Dead.

AUGUSTA, Go., 10.—Hon. Alfred Cummings, ex-governor of Utah under Buchanan's administration, died at his residence near this city, last night.

A Terrible Cyclone.

WASHINGTON, 10. — Telegrams received this evening at the signal office from the observers at Key West and Puerta Rosa, Florida, state that a most destructive cyclone swept over those stations on the sixth instant. At Key West the wind reached a velocity of eighty miles an hour, and at Puerta Rosa ninety miles. At the latter station the sea rose fourteen feet above tide level, overwhelming the land, and washing away every movable thing. The new inhabitants of Puerta Rosa are entirely without drinking water.

The "Polaris" Investigation.

The examination of the *Polaris* survivors will be continued by the Secretary of the Navy to-morrow. The second witness called will be Dr. Scully. The only other scientific member of the *Polaris* crew to be examined is Mr. Bryan, the astronomer, who was transferred to the whaler *Intrepid*, after being picked up by the *Ravenscraig*, which vessel has not yet arrived in Scotland. Immediately upon her arrival Bryan, with the two seamen who are with him, will be sent to Washington. Buddington, Bissel and the other survivors of the *Polaris* are still quartered on the *Tallapoosa*.

Celebration—All Hands Perished.

BOSTON, 10.—The Catholic societies celebrated the birth day of Father Matthew, by a grand parade.

A capsized schooner was picked up to-day near this port, and the body of a woman was found lashed to the wreck. It is supposed that all the hands had perished.

Fall Races.

NASHVILLE, 10.—The fall races closed to-day, with two notable races. The first for three year olds, mile heats, was won by Nellie Grim, taking the first and third heats; the second being a dead heat between her and Jack Frost, the third mile being run in 1 43¼, the fastest third heat ever run on the Nashville track. The second race, mile heats, was won by Planchette, Time 1 45¾ and 1 45, the last heat being the fastest ever run on the track.

Law Suits—Shooting Affrays.

TOPEKA, Ks., 10.—A suit in garnishment was brought some days ago in the district court here, against the State treasurer by the creditors of ex-Senator Pomeroy, to recover seven thousand dollars, which figured in the last Kansas senatorial election. The treasurer filed an answer to-day, delaring that the money was not in his possession, he having returned it to the Lt. Governor, from whom he originally received it. Personal suits have been brought against the treasurer and Lt. Governor.

Two shooting affrays occurred at Granada, the western terminus of the Atchison, Topeka, and Santa Fe R. R., last night, in which one Mexican was killed by another, and Lt. Roe was wounded by one Oliver, recently confined at Fort Lyon on a charge of theft.

Santanta and Big Tree Released.

CORSICANA, Texas.—A special from A. Zedick, editor of the *Progressive Age*, reports that Governor Davis and party have just arrived from the Indian conference, at Fort Sill. The chiefs Santanta and Big Tree were released on condition that if the Kiowas or any other Indians, at any time hereafter, raided on Texas, they together with the raiders would be immediately arrested, and troops would be at once posted along the Texas frontier bordering on the reservation. The Indians who have recently raided in Texas will be turned over to the State authorities, and all captives and horses stolen from Texas will be returned to their owners. Agents will be appointed by the U. S. to call the roll daily, and only three days' rations are to be issued to the Indians at one time.

WESTERN.

"Shanghaied."

SAN FRANCISCO, 10. — Several members of the crew of the ship *Baltic*, from New York, assert that the entire crew were "shanghaied" at that port. The case has been brought to the attention of the United States courts.

A recount of the votes for city treasurer gives Hubert, democrat, a majority of fifty-three votes over Bauer, who was supposed to have been elected.

FOREIGN.

FRANCE.

Important Meeting of Republicans—Bazaine's Trial.

PARIS, 10.—A meeting of the republican members of the Assembly was held at the residence of Jules Simon last night, one hundred delegates present. An electoral scheme was adopted, and a committee, composed of representatives of the three groups of the left, was appointed to draw up an official declaration in the name of the republican party. Thiers and Gambetta support the action of the meeting, which has also the approval of many conservative deputies. The republicans are generally becoming more hopeful.

There was a larger attendance of spectators at the Bazaine court-martial to-day. Several interesting documents were read relating to efforts to communicate with Metz, and the probity of the messengers employed, twenty of whom have been summoned as witnesses. The prosecution attaches great importance to the dispatch delivered, as it alleges, to Bazaine on the 23rd of August, announcing McMahon's movement towards the Meuse, to join hands with the enemy of Metz. Bazaine is charged with refusing to avail himself of balloon services to communicate with the interior. The council for the defence will move that the justificatory memoir, published some time ago by the accused, be admitted as evidence.

Chambord—Refused Permission—Will Explain—A Denial—No Intention to Fight.

It is now reported that the Count de Chambord will go to Hainault, Belgium, on the frontier of France.

The German authorities have refused the Duke D'Aumale permission to visit the battle fields of the late war in Lorraine.

A denial is given to the report of the seizure of Prince Napoleon's photographs.

Baron Stoffel, whose name has been mentioned in connection with the Bazaine investigation, writes to *Le Bien Publique*, that he is ready to explain his conduct before the proper tribunal.

Among the documents read at the trial of Bazaine, to-day, was one showing that there were seventeen millions of cartridges in the arsenal of Metz, of which only one million had been used when the place capitulated, and that when Bazaine said he had no ammunition, the fact was he had no intention of fighting.

BELGIUM.

Judicial Congress.

BRUSSELS, 10.—The Internal Judiciary Congress opened here to-day. Miles, of the United States, made a speech on the origin of international arbitration. David Dudley Field, of New York, was present. Letters from the King of Belgium and Count Sclopis were read.

AUSTRIA.

Royal Visiting.

VIENNA.—The German Emperor, with a suite of fifty persons, is expected to arrive on the 16th inst. The visit is intended to be a quiet one, and there will be little or no public festivity.

ITALY.

Contradicted.

ROME, 10.—The report that the Italian government is about to issue a note explaining the King's recent visit to Berlin is contradicted.

SWITZERLAND.

Priestly Plotting.

BERNE, 10.—The federal council has received a memorial from the consul of Greece, complaining of the Bishop of Monnillos' intrigues on the French border, and praying that the French government be requested to put a stop to the annoyance.

SPAIN.

Carlists Defeated.

MADRID, 10.—The report of the Carlist victory, on the 6th inst., near Cirauqui, is officially declared false. Gen. Moriones reports that in the engagement that day the enemy was defeated and driven back with the loss of one hundred killed and five hundred wounded. The casualties of the republican army were nineteen killed and forty wounded.

EAST INDIES.

Railway Completed.

BOMBAY, 10.—The railway from Bombay to Madras is completed.
