PRIMARIES HELD BY THE CITIZENS

Attendance Generally Large And Much Enthusiasm Is Shown.

BRANSFORD IS ENDORSED.

J. D. Murdoch, Member of the Council From the First, Favored For Re-election by Voters.

Much enthusiasm was in evidence at the primaries held in the various districts last evening by the adherents to the Citizens' businessmen's party movement, at which delegates to the city and ward conventions to be held on Sept. 15 and 17, respectively, were chosen. In a great majority of the districts the attendance was large and a harmony of action was manifest.

The delegates named will serve in both the ward and city conventions. In some of the districts the name of John S. Bransford was endorsed as nominee for mayor on the ticket to be named by the Citizens, and in some of the districts of the First ward J. D. Murdoch was endorsed for re-election. The city convention will be held in the Salt Lake Theater on Wednesday next to nominate candidates for mayor, recorder, auditor, treasurer and attorney, and on Friday evening candidates for councilmen will be nominated.

Manufacturers' Association Leases New Headquarters

VERMONT BUILDING.

The above picture represents the Vermont building on South Temple between Main and West Temple streets, which when completed, about the end of November, will be the home of the Deseret Museum, the Utah Art Institute, the conservatory of music and the Utah Manufacturers' association. The museum will occupy the whole of the second floor, and will be well lighted by a number of large windows. The art gallery will be located on the west side of the sixth floor and will be lighted with top light, a double skylight of special glass affording a fine soft light.

Arrangements have just been completed for renting the whole of the ground floor to the Manufacturers' association, which at present occupies the Chamber of Commerce building on West Third South street. It is the intention of the association to maintain a permanent exhibit of Utah's industries and resources on the 10,000 feet of floor space on the ground floor. In addition to a display of the manufactures of the state, the association will solicit help from the different counties of the state, to make there a full and complete showing of the resources of the state. Reservations of space have already been asked for by a number of county officers in different parts of the state, and everything bespeaks the success of the movement. Not only has space been applied for from local people all over the state but demands have come from outside states, one firm offering as high as $150 per month for a small space for a certain exhibit. This offer was turned down for the present, as the desire of the officers of the Manufacturers' association is to promote Utah industries in preference to those of other states.

The situation for such an exhibit is considered ideal owing to its close proximity to the Temple block, as well as the splendid quarters in an elegant fireproof building. For the last four months it is said that the tourist traffic to the Temple block has averaged more than 6,000 people per week, many of whom would have stepped across the street to see the exhibits of the Manufacturers' association had they been located there. It is pointed out that tourists are interested in everything Utah while they are here and they will therefore want to see the museum, and art gallery as well as the manufacturers' exhibits, especially as they are so close at hand.

Part of the ground floor will be rented by the Manufacturers' association for office purposes, and the third, fourth and fifth floors will contain upwards of 100 offices, many of which have already been applied for by medical men and business firms.

That the building is thoroughly modern goes without saying. The cost of the structure with the ground, will be about $250,000.

A. C. Cooper, Nephi McLachlan, Margaret Thorn.

Twenty-second—Delegates: John D. Brown, Henry Linnell, W. A. Wetzell, Jr., James Poulton, P. S. Condie, G. Irvine, H. Evans, W. J. Ruttle, L. Jorgensen, W. B. Martin, J. M. Fulmer, T. A. Lowry, A. W. Rytting.

SENSE ABOUT FOOD.

Facts About Food Worth Knowing.

It is a serious question sometimes to know just what to eat when a person's stomach is out of order and most foods cause trouble.

Grape-Nuts food can be taken at any time with the certainty that it will digest. Actual experience of people is valuable to anyone interested in foods.

A Terre Haute woman writes: "I had suffered with indigestion for about four years, ever since an attack of typhoid fever, and at times could eat nothing but the very lightest food, and then suffer such agony with my stomach I would wish I never had to eat anything.

"I was urged to try Grape-Nuts and since using it I do not have to starve myself any more, but I can eat it at any time and feel nourished and satisfied, dyspepsia is a thing of the past, and I am now strong and well.

"My husband also had an experience with Grape-Nuts. He was very weak and sickly in the spring. Could not attend to his work. He was put under the doctor's care but medicine did not seem to do him any good until he began to leave off ordinary food and use Grape-Nuts. It was positively surprising to see the change in him. He grew better right off, and naturally he has none but words of praise for Grape-Nuts.

"Our boy thinks he cannot eat a meal without Grape-Nuts, and he learns so fast at school that his teacher and other scholars comment on it. I am satisfied that it is because of the great nourishing elements in Grape-Nuts."

"There's a Reason."

It contains the phosphate of potash from wheat and barley which combines with albumen to make the gray matter to daily refill the brain and nerve centers.

It is a pity that people do not know what to feed their children. There are many mothers who give their youngsters almost any kind of food and when they become sick begin to pour the medicine down them. The real way is to stick to proper food and be healthy and get along without medicine and expense.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

DEMOCRATS ISSUE CONVENTION CALL.

The Democratic party will place a ticket in the field this fall, and a call for a mass convention to nominate candidates for the offices to be filled has been issued by Chairman Benjamin T. Lloyd. The call is as follows:

A mass convention of the members of the Democratic party of Salt Lake City, is hereby called to meet at the Utah Federation of Labor hall, on the corner of State and Fourth South streets, Salt Lake City, Utah, Tuesday evening, Sept. 14, 1909, at 8 o'clock sharp, for the purpose of nominating a city ticket for the following officers:

Mayor.
City treasurer.
City attorney.
City auditor.
City recorder.

Also for the purpose of nominating two city councilmen for each of the five municipal wards. At this mass convention, the members from the respective wards will caucus and choose two members each for the city council, one for the short term, or two years, and one for the long term, of four-year term.

At said mass meeting a city committee will also be elected and transact such other business that may properly come before it, conducive to the best interests of the Democratic party.

This convention is called in the interest of the Democratic party and all persons who will support and vote for this party's nominees at the approaching municipal election are respectfully invited to attend.

BENJAMIN T. LLOYD,
Chairman.
JOSEPH H. HASLAM,
Secretary.

EX-SENATOR DUBOIS AGAIN HEARD FROM

Is Now Flirting With the Prohibition Movement and Gives Out Characteristic Interview.

(Special Correspondence.)

Boise, Sept. 9.—To a Statesman representative ex-United States Senator Fred T. Dubois stated yesterday:

"For once I am with the brethren. Joseph F. Smith has gone on record for prohibition. I am for prohibition, and if I had a vote in Boise today I would put it in to make Boise as dry as a bone. You see, therefore, that on one issue the Mormon brethren and myself are together.

"Having committed the Mormon church to prohibition, President Smith will not like it if any part of what he regards as his domain should go 'wet,' and if Boise does go that way inside of two years the capital of Idaho will be moved to Rexburg."

"Are you contemplating getting back into politics?" the senator was asked.

After eyeing the questioner quizzically he replied: "There is nothing in which I am less interested."

Mr. Dubois came to Boise direct from his Carey act homestead on the north side Twin Falls tract, where he has been engaged in grubbing sage and clearing his new farm.

MANUFACTURERS' EXHIBIT.

Entries Already Listed at State Fair Show Decided Interest.

The entries of home manufactures at the state fair next month are going to be much larger than those of any former fair. Together with other entries of all kinds they are coming in in a gratifying manner, and the exhibits already assured eclipse anything in the past.

This morning Supervisor Hewlett, of the manufactures department, went over nearly half of the applications and made assignments of space to the Art Metal and Chandelier company, Irvine Chemical company, Asahel T. Smith, the Nelson Glove company, Farrin Tea company, Utah Fire Clay company, Salt Lake Knitting Works, Z. C. M. I., Murphy Bros. Candy company, College Pure Food company, Fowler & Smith, Superior Baking company, Unger Iron Works, the Floff Rug company, the Utah Packing company, Hewlett Bros., Utah Bill Posting company, Vacuum Cleaning company, and the Fit-Well Artificial Limb company. Some of the above firms are asking for twice as much space as they had last year.

Harry Joseph is also working hard on the mineral exhibits, which include ores of all kinds, concentrating tables, drilling contests and bullion displays. Several medals, gold and silver, are to be awarded in this class. Already one concentrating table has been entered by Hugh J. Dykes of 69 north First West street. On the day of the drilling contests it is proposed to run excursion trains from all the mining camps.

Cohn's
DRY GOODS STORE
222-224 MAIN ST.

A SALE OF UNIVERSAL STOVES AND RANGES

We have just unloaded 3 cars of this celebrated make of Stoves and Ranges, and in buying such a large quantity, we are able to sell them to the stove-buying public at PRICES NEVER HEARD OF BEFORE FOR SUCH HIGH GRADE GOODS.

Special Features of those High Grade Ranges:

White Porcelain Lined Oven Door, easily cleaned and practically indestructible.

OVEN DOOR is spring balanced and when open rests on lugs projecting from the door hinges, making it a very substantial oven shelf.

BODY OF RANGE is made of heavy cold rolled steel, perfectly braced and riveted to prevent warping or buckling. Flues are lined with asbestos mill board, retaining the heat in the oven and preventing the steel from rusting out.

FIRE BOX is fitted with patent duplex grate, which when reversed forms a perfect wood burning grate, and which can be removed through front of range without disturbing fire box linings.

HEAVY SECTIONAL CAST LININGS, thoroughly ventilated to guarantee their lasting qualities. Extension fire box for wood.

PATENT LIFT-UP KEY PLATE over fire box, so broiling of meats and toasting can be done directly over the fire without having the smoke and odor escape into the room.

COMBINATION SMOKE AND CHECK DAMPER in high closet pipe gives perfect control of the fire and the heat in the oven.

PATENT ADJUSTABLE SLIDING OVEN DAMPER is the best damper used on any range; does not come in contact with the direct action of the fire to burn out or warp, always works easily.

KEY PLATE TOP, with heavy covers and centers.

MAIN TOP made in four sections securely bolted together; is away from the direct action of the fire and will not warp or firecrack.

POUCH FED DOOR, with check slide damper.

LOWER SLIDE DRAFT DAMPER and drop poker door.

LARGE ASH PIT SECTION, fitted with large bailed ash pan; allows a free circulation of air under grates, guaranteeing their lasting qualities.

SCREW REGISTER DAMPER in ash pit door.

CAST IRON RESERVOIR CASTING, fitted with large white enameled reservoir.

HANDSOMELY CARVED CAST BASE.

CAST IRON FLUE BACK; will not rust out.

THE NICKEL TRIMMINGS are artistically designed; prepared and plated by a special process which produces that brilliancy and silvery whiteness found only on Universal Stoves and Ranges.
