COMMITTEE MEETINGS.

The Sewer Committee Discuss Problems —Passage of Street Car Ordinance Will Be Recommended.

Several of the Council committees met in the joint building last night and wrestled with matters requiring their immediate attention.

The sewer committee had under consideration the abatement of the brewery and Fort Douglas nuisances, and inasmuch as the brewery people had signified their willingness to do everything possible to bring about a satisfactory result, a decision was arrived at to see what could be done with "Uncle Sam" with reference to the building of a sewer from Fort Douglas to connect with the city drain. The committee has also under consideration the disposal of the sewage at the mouth of the gravity sewer and will take a trip to Davis county next Tuesday to consult with those officials as to the construction of an open ditch in which to conduct the filth to the river Jordan.

The passage of the street car ordinance which was referred to the committee on municipal laws and streets, will be recommended by them at the next meeting of the Council.

The petition of Grosbeil et al asking for an extension of waterworks, will be reported upon adversely by the waterworks committee.

The United States grand jury at Boise, Idaho, on Tuesday, returned two true bills against T. A. Harris, ex-receiver of the Hailey land office. Harris is charged with embezzling $2,074.49 as receiver and $100.56 as special disbursing officer. Prior to his arrest civil actions were commenced against his sureties to recover the amount of the shortage. Tuesday judgment was taken by agreement for the full amount.

SCHOOL BOARD MATTERS.

Holiday Vacation Will Begin Dec. 20 and End Jan. 1.

A Proposed New Plan of Paying Teachers Rejected—Comparative Number of Home- and Foreign Teachers.

The board of education met in regular session last night, and among other matters considered a recommendation from the committee on teachers and school work to have the principals of the various schools act as warrant distributors to the teachers instead of having them call at the clerk's office once a month and receive them personally.

Haines opposed the motion, saying that the present pay system of the board was one of the very best and had often been favorably spoken of on that account. Teachers certainly could not seriously object to calling at the board room once a month for the purpose of receiving their salaries and receipting for the same. This would leave a perfect and unsullied record in the office and would be a guarantee against loss of payrolls. There were few people who would not willingly once a month make a journey even to Sugar House want to receive a warrant representing a substantial sum of money.

Westerfield explained that the plan as proposed by his company would do away with the necessity of teachers having to attach two figures of stamps to be paid.

To this explanation Toronto replied that the clerk counting process did not come with such frequency as to be injurious. It would simply be another way of indulging in physical culture and teachers should be able to practice what they preach.

Dr. Shipwatch said the proposed method was one that a number of eastern cities had adopted with profit and he believed it would be an advantage here as well.

President Doty called Mr. Baldwin to the chair and took the floor in favor of the recommendation. There was no money to handle, and positively no risk to run under the new scheme. It was a system that large private business concerns had proved to be good, and he hoped to see it adopted by the board.

Baldwin in returning to his place also opposed the recommendation, while Thomas favored it. It was rejected on a vote of 9 to 4.

On recommendation of the same committee it was decided that the holiday vacation should begin December 20 and end January 2.

Miss Josephine Eckman was temporarily assigned to the Davis school at a salary of $40 per month; Miss Florence Ulmer and Miss Olive Lister to teach in room 1 of the Franklin school at a salary of $25 per month. Miss Belle Lawson was transferred from the Franklin school to the Irving school.

On recommendation of Superintendent of Buildings Pinney the Irving school was accepted as completed by the contractors and final payment on the same ordered.

The following applied for positions as teachers: D. B. Dettmann, late of Gibraltar, Spain, Spanish; Lulu Dugyre, San Francisco, Spanish and French; Eva L. Kirkpatrick, Kansas City; Mary E. Campbell, of Ouray, Colo.

S. O. Kelsey applied for a position as janitor. Filed.

Treasurer Whitney's report for the month of November, showing an overdraft at the close of the month of $1,388.53, was read. Since the report was made, however, $35,000 had been received from County Collector Spencer. The statement is as follows:

RECEIPTS.

J. B. Spencer, Collector	$35,000 00
G. L. Miles, County Supt.	1,000 00
Total	$36,000 00
Overdraft Nov. 1, 1895	1,388 53
Total	$37,388 53

DISBURSEMENTS.

Paid teachers' warrants	$36,000 00
Overdraft Nov. 1, 1895	1,388 53
Total	$37,388 53

The total receipts from July 1, 1895, to November 30, 1895, were $70,556.60, and the total amount of warrants issued during the same period was $70,495.90.

The appropriation list for November, aggregating $18,838.82, of which $15,272.57 was for teachers' salaries, was passed.

It was decided that the board should defray the expenses of the recent special election so far as they relate to the hiring of judges, etc.

Mr. Cullen made a statement in relation to the employment of home and foreign teachers, which, at his request, was noted upon the minutes. He said that in the schools for 1895 there were but four "foreign" teachers employed, as against 120 "home" teachers, and 31 teachers who were none "foreign," but who are now permanent residents (many of them property owners and taxpayers.) The statement was made, he said, to show that the great majority of teachers employed by the board are "home" teachers.

On motion of Baldwin the president and clerk were instructed to communicate with the mayor with a view to saving a middle company which had been drilling in a room above, whose some other night of the week to make themselves proficient in the manual of arms as the noise of their marching interfered materially with the proceedings of the board.

THE BEST

Tea or coffee is delightfully drinkable. We have them in our stock and right here we want to say that it is a mistake to suppose that good tea or coffee can be bought anywhere, for they don't do. The market is flooded with spurious brands, and careless dealers are more apt to handle them than anything else. There is adulteration abroad and adulteration at home, and consumers need to be careful of the place where they buy. Intelligence and commercial integrity and honor in the local merchant afford the guarantee of purity which all are interested to find, for there are pure goods in the market, and careful and honest merchants know how to get them and do get them.

ANOTHER RAMBLER DAY.

The Rambler here made a great showing in the Cycle news. The first event of the day was the ten mile road race, in which McCoubrey finished first, using Elliot tires and third Kyle tires. The mile the dark race, Joe Beck taking second in the novice. Fowler fell, winning second, and Thatcher third in the new amateur. Fowler fell, winning second, and Thatcher third in the new amateur. Fowler fell, winning second, and Thatcher third in the novice race. In the half mile race, Fowler took second, Cozzens third. Half mile class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a mule got in a wheel and tried to head off McCoubrey and Weiss being immediately behind him, the result was a spill for these parties and the race left to Evans. The five mile class A, the amateur Rambler event, May taking first, Joe Beck second and McCoubrey third. Prominent prizes for one day is glory enough for any man.
