WEATHER CROP BULLETIN.

During the Past Week Rain, Frost, Showers and Other Varying Conditions Have Occurred.

SALT LAKE CITY, Utah, Sept. 15, 1896.—Weather Crop Bulletin. No. 24.—The weather conditions during the week ending September 14 to 1896, were very favorable in all sections of the State for harvesting operations. Thunder showers occurred on the 8th and 9th in Salt Lake, Wasatch, Davis, Utah, Box Elder, Cache, Weber, Summit, Tooele, Juab and Millard counties, in amounts varying from a trace to .50 of an inch. Killing frost on the 10th and 11th, covered everything of a tender nature in many districts throughout the central and northern sections of the State. The fruit seems to have ripened without much injury. The last three days of the week were warm and sunny, and exceptionally fine farm work. The hay crop is thus all cut and packed, and most of the grain is in the stack. Threshing is general in all sections. The yield of all kinds of grain is reported as being about the average. Corn is being cut, beets are being dug, and plowing for fall seeding has commenced. In a few localities some late sowing has been done.

REMARKS OF CORRESPONDENTS.

Levan—A cold wave since this part of the State on the 9th; frost tender vines night of 10th and 11th; cutting and hauling oats the cause of the day.

St. George—High wind on night of 8th from the southwest, and cold wind from the west on the 10th; maximum temperature 95; minimum temperature 43 on the 10th; no rainfall.

Nephi—Hay and grain mostly headed; threshing commenced Monday; frost night of 10th, killed corn, vines and; the last weather since maximum temperature 93; minimum temperature 38; .16 of an inch of rainfall.

New Harmony—The week has been very favorable to late work.

Layton—No rain yet; the week has been windy; a little rain on Thursday and Friday; the watermelon and tomato vines touched.

Bushnell—The past week has been cool and windy with light showers Tuesday; frost Wednesday and Thursday killed cucumber and tomato vines; grain not harvesting yet.

Lake Shore—Lucern seed is turning out good—some average eight bushels to the land; there is quite a lot of grain to thresh yet; the past week has been good for farm work; 10.25 rain on afternoon of 8th, and heavy rain with thunder on afternoon of 9th.

Hinckley—The growing season is past in this valley; a killing frost on the 10th and 11th destroyed everything of a tender nature; farmers busy hauling grain; threshing commenced. Bluebell, .06 of an inch.

Center—It has been a very disagreeable week; the first part was showery, with a heavy rainstorm on Tuesday; severe frost on the 10th from potatoes, corn and all tender vines.

Payson—Cutting corn; frost on the 10th did some damage; hauling last of hay, third cutting; crop yield fair for grain of all kinds; potatoes good; heavy rain and hail on 9th.

Tooele—The weather has been fair but windy; corn cutting has begun and there is a fair crop. We need weather for our fall plowing.

Croydon—Mostly fine weather with some wind; hard frost on the 10th, cut potatoes to the ground; second crop of lucern much damaged by frost; second crop of lucern about half cut.

Coalville—Showers on 7th and 8th; hard frost on 9th, blackened potatoes, all tender vegetables and flowers; second crop of lucern being cut; grain harvest well advanced.

Spring City—First part of last week was cold; frost night of 10th; three threshing machines busy at present and more getting ready to start; grain and lucern nearly all pushed; corn being gathered.

Hooper—Hail fell on the 9th, about 1 p. m. followed by a gentle rain which continued until next morning; heavy dews on the morning of 11th, killing all tender vines; heavy gale from the south all day Sunday, interfering with hauling of second crop of lucern which is being cut and hauled; some grain headed and stacked; threshing commenced; grain, potatoes, and everything good crops; rainfall .75 of inch; maximum 82, minimum 38.

Kaysville—The past week has been very cool; no damage from frost; threshing nearly commenced; fall planting commenced; acreage will be as large as usual.

Cache Junction—Past week very cool; nights of 8th and 9th, shrewd; hard frost night of 10th; fall plowing commenced; no grain put in yet.

Newton—The weather of past week was generally favorable for harvest work, which is nearly completed; hard frost morning of 10th, killed all tender vines; tomato vines froze to the ground; threshing about half done. No fall plowing or sowing done yet.

Portage—Rain 7th and 8th, with thunder and lightning on 8th; killing frost 10th and 11th, damaged squash, lucern, etc.

Liverpool—The past week set in warm, but showers on the 7th and 8th cooled the atmosphere; the 9th and 10th were very cool, since then the weather has got warmer; farmers are busy cutting and hauling lucern seed; some winter wheat is being put in; all threshing machines are kept busy.

Brigham City—Thunder storm with strong northwest wind and one of an inch of rain on the evening of the 7th. Cloudy all Sunday with light showers on the 8th. Frost on the night of 9th, not so hard as to kill tender vines.

Lehi—The past week has been good for late crops. Best stacking and threshing is operating; since cutting of lucern good.

Juab—It has been cool and stormy until Thursday when it cleared up with a frost which killed vines and lucern; no frost since but warm and also with light winds.

Elsinore—This has been a week of variable weather, the temperature ranging from 94 to 38. Frost nipped melons with smoke, cucumbers and squash vines in the low lands; fruit is not injured.

Yellow Corn.

Contrary to the general fact the yellow varieties largely outyielded the white in 1895, the yellow varieties yielding an average of 31.8 bushels and the white 31 bushels. Up to date from the average yield for all yellow varieties for seven years was 33.1 bushels and for all white varieties 34.9 bushels.—Illinois Station.

Gladness Comes
With a better understanding of the transient nature of the many physical ills, which result before proper efforts—pleasant but effectual—should be made to remove the cause in the interests. But so many forms of sickness are in close to any actual disease, but simply to a complicated condition of the system, which the pleasant laxative Syrup of Figs promptly and permanently removes. This is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who know its excellent qualities. The best, sweetest and purest of all laxatives, it is the only one to be taken, that it is the one remedy which possesses internal cleanliness without debilitating the system on which it acts. It is therefore all important, in order to profit by its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co., only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other medicines should not be used. If in need of a laxative, one should be used, if afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed, everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
