DESERET EVENING NEWS.

FRAGMENTS.

As the time draws near for the approaching school election the determination that politics ought to keep in the background gains strength.

Now a few sparkling paragraphs get out and last year's stuff has evidently to go moaning down the dim lids of the Nineteenth week. There was very little snow but the boys enjoyed it all the same.

The resuscitation of the contract with the builders of the gravity water works system marks an day when a log left on the beach with one fish will give the new administration a good deal of trouble to complete.

The police are still looking for Francis the alleged partners of Mrs. Hainsworth or Hawkesworth, who was so flagitiously burnt to her husband's bed sometime ago. He is now believed to have left the city.

Hamilton Dodson have been found by Coroner Clark Ridge to the following: Lidney Gomelsand and Mary Schmidt of Salt Lake; Arthur T. Green and Annette Anderson of Mill Creek, Peter L. Bergen and Rose E. Porter of Salt Lake; F. W. Gelder and Emma Holmes of Ogden; N. E. Peterson of Smithfield, Ut. and Sara Fisher of Provo.

There are at least five applicants for the position of city plumbing inspector and at the time for Lindley, where the Liberals refused to nominate for the Council, is mentioned as a candidate. Some of these officers will lose their place and if so will really be called upon to make room for another. The man who is trending onto comfy upon his back than any other is Edward H. Rudd.

Now that the Mayor's appointment of Mr. Stoutt as a member of the board of public works has been set aside by the City Council, there is considerable speculation as to who will succeed Mr. Stoutt. It is said that the latter is now exceedingly sorry that he resigned and that he would accept reappointment as a compliment. "But," said a well known contractor last night, "everything seems to go backwards and there is no chance for him."

Saith Pat Hynes last night: "I agree exactly with the Liberal-Democrats who was quoted in the News. Which he says that the laborer who worked against the Citizens' movement and put up money to defeat it should be given the offices and they might not work for recognition, for women say 'sentiment exactly, and holds fast to a good, strong political principle." He says I shall not endorse any of my friends for office under the new regime and I don't care who knows it."

Wonderlined.

The equine stock company of this amusement resort have been presenting a repertoire of popular drama during the week in a manner that has met with approval by the patrons of this house. Each performance seems to be an improvement and the management have tried faithfully to give the public performances of merit.

On Thursday night the great drama Arah Na Pogue will be given. Mr. Thomas O'Malley has been specially engaged and will be seen in his great character of Michael Feeny, assisted by Mr. Harry Barlow as Shawn, and the entire cast, insuring an interesting performance.

The usual instructive features will hold forth in curio hall and new specialties will be seen on the bijou stage.

LOW BUDDING DOWN IN.

Work business had been in progress for more than an hour—a couple—President Lorenzo entered the chamber and dropped into Councilman Bell's chair, which was empty by reason of Mr. B's absence, and seemed wanted the president to take the notice, as several of the members had commenced to change their usual show other signs of uneasiness, but Mr. Lorenzo now said he had some points to draw up, hence his tardy appearance and he would probably be obliged to go away early.

A SPECIAL FIRE DOUTY.

The city waterworks reported that he had discharged for good and cut Sidney recess, his deputy, Levi Arnell, assigned.

QUITCLAIM DEEDS.

The city attorney reported recommending that Ephraim Hess be given a quitclaim deed to certain property sold for taxes; that E. H. Bostwick and Ellen McKay be given similar relief.

BAD STREET REPORT.

In reference to the mayor's appointment of Joseph M. Stoutt as a member of the board of public works the following was received from the committee on public works:

In the matter of the communication from the mayor, dated Nov. 14, 1893, which was referred to the committee on public works, we report as follows: We regret exceedingly that we are compelled to report adversely to the confirmation of Mr. Joseph M. Stoutt as a member of the board of public works. There is no question in regard to the integrity of the gentleman. Our objection is based solely upon business. We find upon investigation that certain interests already amply represented by three members, Mr. Downey is president of the Commercial National bank; Mr. Stoutt is vice-president of the Commercial National bank; Mr. Watts is cashier of the State bank of Utah, and the addition of Mr. Stoutt, who is the president of the Utah National bank, would virtually place the board entirely in the hands of the banking institutions. Your committee deem it unwise to select an appointment exclusively from a class as in our opinion there are other commercial interests which can justly claim representation in such important department. As a matter of fact, we think a department such as this should be represented to some extent at least by practical men well informed and skilled in mechanical arts. In selections, your committee was guided by what appeared to them to be for the best interests of the city and believe they have expressed sentiments which will be approved by a large portion of the community.

A. L. SIMONS,
L. R. RICH,
F. J. HOGAN,
Committee on public works.

The report was adopted on a vote of 10 affirmative to 1 negative vote.

WARM SPRINGS LEASE.

The committee on public grounds recommended that Bolton & Byrnes, lessees of the Warm Springs, be allowed to cancel their last agreement with the city in favor of their former contract recently rescinded in favor of the one now in force. City attorney with instructions to draw up the necessary papers.

THE BIG COTTONWOOD STREET RAILWAY.

The franchise of Rowe, Summerhays, Cannon and others for a street railway was taken up shortly after being typed about for a considerable time was laid on the table to come up the first thing under the head of miscellaneous business.

RENEWAL OF LIQUOR LICENSES.

The committee on license recommended the renewal of liquor licenses to C. F. Wilson, Frank Smith, S. H. Newman, and Joseph Crosby. Adopted.

FIRE LICENSES.

The committee on license recommended that fire licenses be granted to Wm. Noyes, L. H. Rumel, George Brown and Charles Cutler for ensuing twelve each. Adopted.

LEGAL'S CARE FORD.

The committee on claims reported adversely on the claim of Calvin Lister for damage alleged to have been done by cutting off the water supply to his shop place. Adopted.

FROM THE OFFICIAL MINUTE FOR MINUTES.

The special sewer committee reported as follows: Mesdames Stoutt, Evans, Woolley and Hess recommended the following report which was adopted and ordered sent to the committee of the whole: Your committee on sewers beg leave to report as follows: Your committee on gravity sewer beg leave to report:
