Auditor's office	3,000 00
Total	$[illegible]
Deficit	$46,826 86

PASSED OVER THE VETO.

The Mayor's veto of the ordinance creating the office of plumbing inspector and transferring the business connected therewith from the engineering to the health department was read and the question put as to the passage of the ordinance, notwithstanding the veto. The motion carried by the following vote: Ayes—Allen, Burkle, Cellery, Dale, Lloyd, Hayward, LeFebre, Morris, Murray, Norton, Stewart, Wisconsin—12. Nays—Diehl, O'Meara, Sowell—3.

DEATH INCREASE.

Health Commissioner Daly sent in the following communication, which was referred to the sanitary committee:

Gentlemen—I would respectfully request that I be authorized to employ an additional operative inspector at a salary of $60 per month, for the next three or four months. I make this request because the present inspector is unable to perform all the duties required. Our death rate in January has increased during the past three or four months from thirty to forty per cent beyond that of the corresponding months of last year. We have had hereditary diseases in certain localities heretofore almost unknown. Your sanitary body during the spring and summer months is called on for city and sewer service, in addition to their regular work at the present time the department has not one man. To keep the body up to the city standard we must have sufficient assistance to do the work which will bring about a healthful condition, and I must be excused from any responsibility for the disease and death rate which will surely increase.

I submit in this communication a tabulated statement showing the number of cases of scarlet fever, diphtheria and typhoid fever occurring in the city for the months January and July, 1895, and during the same months of 1896, a total of six cases was from sewer causes, and for the same period of the present year a total of 139 cases. This is to itself sufficient, I believe, to show you the necessity of being more liberal with the health department, to be connected with the death rate rapidly increasing.

OVER AND PAST.

The discussion on the petition of the Utah & Pacific improvement company to remove its Fort street sewer caused a great deal of time. The petition for that privilege, referred to the committee of the whole, which had appointed a sub-committee consisting of Jeffries, Dale, Diehl, Sowell and Murray, to investigate and report to the committee. After considerable questioning as to the right of the whole to appoint a sub-committee, Cellery moved that the president appoint a committee of five to investigate and report to the Council. The president appointed Diehl, Dale, LeFevre, Murray and Sowell.

APPORTIONING OF SEWERS.

The following report from a special committee appointed for that purpose was unanimously adopted:

Inasmuch as it has passed the Great Dispenser of all events to remove from the sphere of mortal action in the sewer or the good and faithful our fellow-citizen, Hon. Frederick H. Auerbach, whose vital heart ceased to beat on the 1st day of September, 1896, at sunset, in the city of New York, it is fitting that we should place upon our records of this Council a memorial of the many noble virtues of our departed friend, that those who survive us may cherish him as we have cherished him during all the years he has lived and worked and toiled in our midst.

In the galaxy of true men and public spirited citizens belongs the name of Frederick H. Auerbach, for in every sphere and relation in life was responsible and loyal.

Wrought with fade and wither on his comely countenance time will trace the record under which he swept mountains and valleys and gained strength but the achievements of Frederick H. Auerbach are and will be imperishable.

Till the remembrance of our departed fellow citizen may be forever perpetuated, and in evidence that this Council deeply deplores his departure from the earth, we offer the following resolution and request that they, together with the premises, be spread on the minutes of this meeting in full:

Resolved, Due to the death of Frederick H. Auerbach this city has lost one of its patent, national and most public-spirited citizens, whose sweet, for the last thirty years has fully entitled him to the esteem and affection of every intelligent citizen of this great Mormon Mecca.

Resolved, That in his death this city has lost one of its pillars of strength, the state of Utah one of its most enterprising business men, the world an honest dealer in right and liberty, adorning the crown of a pioneer humanity with one of its champions, and charity a Moses Man efforts.

Resolved, That we will ever cherish his memory as a philanthropist, whose deeds will live while the body mouldders in the grave, as a pioneer merchant whose name is honorably written in the history of Utah, as much over time to his trust, as a merchant, friend to the distressed and as an honorable companion, loved by all by the first death entered never.

Resolved, That to the family of the deceased we tender our most sincere sympathy, and that which nothing that can give a expression of regret and condolence can but slightly alleviate their sorrow in inconsolable loss, yet we hope it may be some satisfaction to them that one so dear was esteemed and valued by his fellow-citizens, and that his death will be regretted by all.

Respectfully submitted,
JAMES SCHETTLER,
Mayor.

G. P. NORDELL,
President of Council.
CHRISTOPHER DIEHL,
WILLIAM F. O'MEARA,
W. H. DALE,
Committee.

MISCELLANEOUS MATTERS.

The committee on sewer reconnected that the University of Utah be permitted to connect with the sewer, and that the same refer from the expense of the engineering department to the city. Adopted. Also read the petition of the University of Utah for the statement of water rates to Council. Adopted. Also that the State Fair commissioner be allowed to take fish and game out of City creek for the purpose of stocking other streams. Adopted.

An ordinance levying a tax of $1.75 per front foot for the construction of a sewer on the north side of Fifth South street, between East Temple and West Temple streets, was read the third time and passed.

An ordinance levying a tax of $1.20 per front foot for the construction of a sidewalk on the west side of Second East street, between South Temple and First South streets was passed.

Diehl introduced a resolution reducing the engineering department's allowance to the sum of $60 per month, in view of the transfer of the plumbing inspector from the engineering department to the health department. Adopted.

Burkle submitted a resolution directing the city attorney to draft an ordinance levying an assessment for the construction of a sewer on the north side of Second South street, between Second and Fifth East streets. Adopted.

J. P. Holm protested against the payment of certain water bills.

Mary Tolese sent in a claim for damages in the sum of $2,500, alleging that he was thrown from a wagon account of the bad condition of Redwood road, near North South street. Referred to the committee on claims.

R. P. Troxel asked that the sewer main be extended to his property on C street, between South Temple and First street, at his expense, in the sum of $115, so that he can connect his waste paper with the sewer. Referred to the committee on sewers, with the city attorney associated.

The city engineer reported the expenses of his department for the month of August, aggregating $905.56. Filed.

The city recorder reported that he had published the resolution to construct a sewer on the north side of Second South street, from Fifth East street to Dunbar avenue, but that protests sufficient to defeat the enterprise had been filed in his office. Filed.

The superintendent of waterworks recommended the purchase of a carload of pig lead and the mayor was instructed to make the purchase.

The health commissioner suggested that the north side of Fourth South street, between State and Second East streets, be graded, in order to prevent the presence of stagnant water in that locality. Committee on streets.

The street superintendent reported the expenses of his department for the month of August reached $1,955.87, less credits in the sum of $81.12, leaving balance $1,874. Filed.

The sanitary inspector called attention to a stagnant pool of water covering several acres of ground between Fourth and Fifth South and Fifth and Sixth West streets. Committee on streets.

The committee on streets recommended that Alma avenue be graded. Adopted.

The report of the committee on streets, recommending the filling up of dangerous holes on Eleventh East street, was adopted.

All kinds of Pyramidy and Toilet articles at the old reliable Godbe-Pitts Drug Store.

Extreme Exaltation for High School.

Entries are accumulating for the public High School which will open on Monday, September 14th, at 9 a.m., in the High School building. All people who are going to send their children to school should be present on the opening day, because the eighth grade in English will be entered in the special Fall term. Parents should also appreciate and study what the administration may offer the semester of exceptional value.

J. T. MACMILLAN, Supt.

Big Assortment of Ties.

In order to give our customers in Salt Lake an opportunity to get the best the northern market can in quality and style, we made arrangements with one of the largest tie-cutting houses in this country to cut us a lot of high-class ties for all the local occasions. This enables us to sell what is very rarely sold and also sell cheaper than we could if we had to use stocks of ties carrying any quantity. The tie is full in and comprises jaunty, lazy, Ketch and medium styles, here, ready, neat, etc., of the very latest styles. They come in seal, tuxedo, cardinals, Parisian brown, sea-green, marine seal, gray tangent, white, black and red and Ketch and Ketch. These goods will be on sale Wednesday morning, September 9th, for one week only, so we have to ship them back at the end of that time. This will be your only opportunity to get high art goods this season. Come and examine them whether you buy or not.

WATSON BROS. Dry Goods Co.

Excursion to Montpelier, Idaho.

On September 22nd the Rio Grande Western announces a rate of $16.00, high Lake to Montpelier and return, (when gate) until September 29th. The rate is made on account of the Montpelier fair and O. A. B. encampment. For further inquiries apply to ticket office, No. 13 West Second south Street.

BEST FOR BABY

And best for big folks is our castile soap. Have you ever tried it? Pure as the purest and sweet as any one is used in the making.

All the soap that is called castile soap isn't castile soap. To get the real thing ask for Babyland castile soap. The kind we sell makes a good lather.

Sold by a large lot.
