Last Night's Dispatches.

EASTERN

Cheap Transportation.

NEW YORK, 8.—The New York Cheap Transportation Association met to-day, B. P. Baker presiding. A communication from the Cincinnati Cheap Transit Board, suggesting a joint memorial to Congress, and praying for relief from excessive charges of the Union Pacific and other Pacific railroads, was read and referred to a committee for action. The committee on railway transportation, P. B. Thurber chairman, reported that the managers of trunk lines leading from the city have at last taken the position that freight rates from the West to New York should be as low as to any other seaboard city. Their action has had gratifying results, and if continued will result beneficially for New York. The railroad companies claim that the present rates are not remunerative, but then capital stocks of all trunk lines have been watered. Special rates and contracts with wholesale merchants in the interior are deprecated, as keeping buyers from the New York market. This system has nearly bankrupted our hotel interest and has injured the passenger traffic of railroads. Railroad managers should adopt the same measures regarding westbound freights that they have adopted regarding eastbound freight.

Tweed Story False—Failure.

The story that Tweed has been in Canada is false.

The grocery firm of Dufreusne & McGantry, of Montreal and Ottawa, has suspended. Liabilities between $200,000 and $300,000.

Diaz Not Discouraged.

GALVESTON, 9.—The *News* Rio Grande City special says Diaz has lost many of his troops from fatigue and thirst and hunger and some deserted. The country is barren, and he is obliged to take forage with him. Water is also scarce. However Diaz is very sanguine.

The Indians.

OMAHA, 9.—General Crook left to-day for Red Cloud and Spotted Tail agencies, in order to discover the feeling of the Indians and thus determine what course to take with them during the coming campaign, whether to use and trust them or distrust them. Indians escaping from Crazy Horse's band have joined Sitting Bull and are busy getting together ammunition and guns, and trouble is anticipated from this source.

N. L. Convention.

INDIANAPOLIS, 9.—The National Independent Convention meets here May 17, to nominate a president. The New York *Sun* published a dispatch, to-day, announcing that it was postponed till July 4, which is utterly false.

Excitement.

MASSILLON, Ohio, 9.—There is much excitement over the miners strike here. Green hands are working under protection of the militia. Two companies of soldiers have been ordered here from Sandusky and Tiffin.

$20,000 Fire.

ST. PAUL, Minn., 9.—Wm. Nettleton's fine residence near here was burned to-day; loss $20,000.

Inundation.

ST. LOUIS, 9.—The river at this point has risen nearly two feet since last night. The water line is now within nine feet of the flood mark of 1844, and higher than at any previous time since 1850. All the cellars in front street in the business part of the city are now flooded. In the upper part of the city all the lowland occupied by lumbermen, stock yards, &c., is submerged, and considerable damage has been done. Several railroads entering this city were damaged by the recent storms.

Chicago's Two Mayors—The Lumber Strikers.

CHICAGO, 9.—The city council to-day held a session at which Mr. Colvin presided, and approved the bond given by Mr. Hoyne, as mayor. A resolution was offered, which Mr. Colvin refused to entertain, instructing heads of departments to recognize only Hoyne as mayor, and declaring him elected mayor of Chicago. After a hot debate, in which Colvin and his supporters took part, a member put the motion, and the resolution was carried.

To night Colvin has issued a proclamation to the heads of departments, ordering that they do not recognize Hoyne. In another proclamation, addressed to the good citizens of Chicago, he declares the city council's proceeding illegal, revolutionary and void, and calls on the citizens to support him in his rights and learned how they encourage such proceedings.

The riotous laborers in the lumber yards, held another large meeting to-night, but no violent demonstration occurred.

The Mining Troubles.

CLEVELAND, O., 9.—The *Herald's* Mastillon, Ohio, special says, Governor Hayes has written Adjt. General Wyckhoff, expressing a fear that the present force at Massillon would prove insufficient should there be any further disturbances in the mining districts. He further instructs him to take every precaution to have it thoroughly understood that the militia will remain until lawlessness is effectually quelled. The Adjutant General has summoned two more companies, who will arrive to-night. The Grand Jury has found numerous indictments against the partisans in the recent riots at Farmington mine but as yet no arrests have been made.

Belknap Indicted—Dom Pedro.

WASHINGTON, D. C., 9.—The grand jury of the District of Columbia, to-day, found a true bill of indictment against Belknap for receiving a bribe.

Owing to the bad weather Dom Pedro did not go to Mount Vernon this morning as intended. He left this p. m. for Philadelphia.

Bristow and Buckner.

A statement is published to the effect that Bristow has suspended proceedings against John Buckner, who was collector of internal revenue at Louisville, and a defaulter to the extent of $100,000, because Miles Foster, who was the father of Mrs. Bristow, and died recently, leaving Mrs. Bristow a handsome legacy, is on the bond of the defaulter. Upon this subject the treasury records show that James T. Buckner has been for several years past collector of internal revenue for the first district of Kentucky. He is not a defaulter for $100,000 or any other sum, but during last summer his then cashier Jackson robbed him of $85,300 government money. Jackson subsequently committed suicide. The loss was discovered by Bristow's office before it was known at Louisville. All of Buckner's bonds are on file in the treasury here, and an examination of them shows that the late Mr. Miles was never on any of them. The loss is abundantly secured to the Government by the collector's bond of $150,000, and sureties, which are worth more than $1,000,000. Buckner has now a petition for relief before the House of Representatives, endorsed by citizens of Kentucky, without regard to party.

The Centennial.

PHILADELPHIA, 9.—The city presented a remarkable appearance today. Chestnut Street and all the main thoroughfares were decorated with bunting, and Independence Hall was fitted up with a number of tranparencies, calcium lights, etc.

Great progress has been made today in clearing the Exhibition buildings of rubbish. Long trains of cars, loaded with empty boxes, old lumber, etc., have been going out of the grounds all day. The main passage ways of the principal buildings are now in respectable shape for pedestrians. There remains, however, much carpentering to be done in the foreign departments. Of the great Exhibition buildings, that of the Government is in the finest order and most advanced state of preparation, and nothing is to be done but clear away the debris. The invitations to participate in the opening ceremonies to-morrow number from 3,000 to 4,000. These include kings, queens, emperors, and presidents of foreign countries, foreign ministers, consuls, judges of the Supreme Court, Congressmen, etc., with their wives. Captain Warner, of the 4th U. S. Regular artillery, arrived to-day with his command; this command will perform sentry duty in and around the building. The Krupp cannon from Germany will not be placed on exhibition for a week, owing to the difficulty of removing it from the vessel. The Empress of Brazil has been requested and consented to start the machinery in the ladies' pavilion on the opening day. The Boston Lancers, Captain Emery, numbering 125, arrived this afternoon; they will, during the three days of their stay, do guard duty for Massachusetts. The work of preparation on the grand inauguration platform was finished this evening, and everything is ready for the ceremonies. Most of the hotels in the vicinity of the grounds were crowded to night. President Grant and wife, Secretary and Mrs. Fish, Robeson, Taft, Chandler, Jewell, and their wives, and Dom Pedro and the members of his suite, Supreme Court, Congressmen, army and naval officers and others arrived this afternoon.

WESTERN.

Provincial and Dominion Government.

SAN FRANCISCO, 9.—A dispatch from Victoria says, in the House yesterday Premier Elliott announced the intention of the Government, at as early a day as business will admit, to move that the House go into committee of the whole for the purpose of further considering the position of matters at issue between the Provincial and Dominion Governments in relation to the nonfulfilment of the railway obligation towards British Columbia.

CANADA.

Inundation.

OTTAWA, Ont., 9.—The River Ottawa overflowed at Gatineau Point village, doing considerable damage to property. The whole town is completely submerged.

FOREIGN.

GREAT BRITAIN.

Pedestrianism—Backward Spring—European Crops.

LONDON, 9.—An English pedestrian named Vaughan succeeded in walking 100 miles in 18 hours, 51 minutes, 20 seconds, thus beating O'Leary's best time by 2 minutes, 5 seconds.

In the Commons to-day, Lowther, under-secretary for the colonial department, stated that there had been no further rioting at Barbadoes. Governor Hennessey telegraphed to the Colonial office that disturbances had occurred at Tobago, cause unknown. A man-of-war had gone to Tobago. The Earl of Carnarvon, Secretary of State for the Colonial Department, telegraphed for further particulars.

The steamer *Goethe*, repaired, sailed for New York to-day.

The *Mark Lane Express* says there has been no noticable change in the aspect of the country. All vegetation is making slow progress, owing to the prevalent cold winds. The season in Scotland is much behind hand. Adverse weather has caused seeding to be unusually protracted.

Continental advices, except from France, are fairly satisfactory as to the condition of the crops, although the want of sunshine has been felt there also.

The Turkish Side of the Story.

The Porte has sent by telegraph the following account of the disturbances in Salonica to the Ottoman ambassador at London:—

The convert to Mahometanism arrived at Salonica by railway. The Mahometans succeeded to conduct her, according to custom, to the residence of the Governor General, when about 150 persons, whom the consul of the U. S. had assembled, rushed to the convert, tore off her veil and mantle, and carried her by force to the house of a Christian. The excited Musulmans proceeded to the residence and insisted that the convert should be brought thither. The Governor, hearing that the German and French consuls had entered the Mosque, which was invaded by a crowd, went there to induce the consuls to withdraw and to calm the people. All his efforts were useless. The populace wrenched the bars from the grating, fell upon the consuls and struck them down, in spite of the desperate efforts of the Governor to shield them with his own person. The troops ultimately dispersed the people.

The Governor of Salonica telegraphs that order has been restored and the guilty parties have been arrested.

Mutiny and Murder—Fenian Convicts.

The British Consul at Rio Janeire reports by telegraph that a mutiny broke out on the bark *Caswell*, of Swansea, for Queenstown, in lat. 1 south, long. 35 west. All the officers were murdered by the mutineers.

In the Commons last night the merchants' shipping bill passed in committee.

The *Standard* to-day announces that ninety members of the House of Commons signed a memorial to Disraeli, asking for the release of the Fenian convicts. Among the signers are Fawcett, Morley, Plimsell, Mundell, Osborne, Morgan and Jacob Bright.

The Salonica Affair—Bulgarian Insurrection—Increased Duty—Diplomatic Conference—Increase of Navy.

A correspondent at Berlin says it is generally thought here that the Salonica affair will prove fatal to Turkey. The interference of European powers for the benefit of the Christians is now considered unavoidable, as it is evident that the Porte is powerless to protect them against the outbreaks of fanatics.

A special dispatch from Athens reports that the Bulgarian insurrection near Phillippolis threatens to become serious. The Porte is greatly alarmed, and is sending forward all its disposable forces by daily and nightly trains on the Adrianople Railway. The movement has been long preconcerted by Servian agitators. At first it was considered unimportant, but it spread rapidly, and the numbers of the insurgents are variously estimated at 1,000 to 10,000.

The Porte has informed foreign ambassadors that it has resolved to raise the duties on imports twenty per cent.

A Paris dispatch says reports of the outrage at Salonica received here represent that the French and German consuls were dragged from the streets into the Mosque and there sabred. The Governor arrived at the Mosque after the murders had been completed.

A Paris correspondent says the project of a general diplomatic conference on Turkish affairs begins to be seriously entertained.

A Vienna dispatch reports that the Turkish Ambassador at Berlin has been instructed to consent to a mixed foreign commission of superintendence of Bosnia.

A dispatch from Berlin says the re-organization of the Austrian cavalry has been ordered, whereby the force is raised to 60,000, exclusive of the Landwehr.

Aggressors Punished.

The Sultan of Morocco has punished the parties who committed the aggressions of neutral territory in Africa.

Bulgarian Rioters Fled—Ships for Salonica.

A dispatch from Constantinople asserts that the Bulgarian rioters have fled to the mountains, and cordons of troops have been established to prevent the movement from spreading.

Advices received at Paris, however, represent that postal and telegraphic communication between Constantinople and Sofia is interrupted by the insurrection.

A telegram from Berlin states that the German corvette *Medusa* has been ordered to leave Messina for Salonica without delay. Russian and Austrian men-of-war have also been ordered to Salonica. In consequence of an urgent dispatch from the chancellor of the French consulate at Salonica, an additional French man-of-war has gone to Syria, where she awaits instructions. The British Consul has ordered a man-of-war from the Piserus to Salonica immediately.

FRANCE.

Men-of-War for Salonica.

ROME, 9.—The minister of marine has ordered two Italian men-of-war to go to Salonica immediately.

ITALY.

Sailed for Salonica.

PARIS, 9.—*Le Pays* announces that French ironclad frigates and dispatch vessel have sailed for Salonica.

Refused to Move.

Melegari, minister of foreign affairs, informed the Chamber of Deputies to-day that the Italian Consul at Salonica entreated the Turkish troops to quell the tumult, but they refused to move.

AUSTRIA.

Gone to Berlin.

VIENNA, 9.—Count Andrassy has left for Berlin.
