IS A TOTAL WRECK.

Collapse of Chicago's Great Coliseum, Nearly Completed.

PROBABLE CAUSE OF THE ACCIDENT

Loss Estimated at Over $100,000—None of the Workingmen Seriously Injured.

CHICAGO, Aug. 21.—The great Coliseum on the South Side, which was nearly completed and which was to have been opened on September 2nd, partly collapsed just before midnight. Tests were very few workmen and watchmen about, and it is not thought any of them were totally lost. It will be some time, however, before this can be definitely determined.

A force of 200 men had been working on the building night and day, but on the sentiment happened during the night when all the men were absent, and only one watchman was left.

The building is a total wreck, and the loss will reach between $100,000 and $150,000. But the accident happened so near before, or a few hours later, the loss of life would have been terrible. About 75 men, which was the number of men at work at 3 a. m. but more were to have gone to work.

The collapse is believed to have resulted from the giving way of the foundation of one of the great arches.

SAN FRANCISCO CONVENTION.

Resolutions Adopted by the Silver Delegates Assembled.

SAN FRANCISCO, Aug. 21.—At the immediate convention today the report of the committee on resolutions, which was unanimously adopted, contained the following as the chief plank in the platform:

"Resolved, That at the earliest moment at which it can be legally done, and without to any way considering the financial policy of any other nation of mankind, and ignoring all advice, suggestions or threats from any and every source, our national government should return to the monetary policy of the fathers of the republic, and at the college ratio of gold and silver of 16 to 1 respectively, should again permit individuals the unlimited coinage of silver and gold in our national mints without preference to either metal, thus again making our silver and our gold coin for all purposes in this country, without discrimination for or against either, thereby again making our silver dollar, as it should always have remained, a standard unit measure of values."

No program has been arranged for the morning session, so the chairman announced that the time would be occupied with voluntary speeches on silver. A number of delegates representing various competitive made brief addresses in response to the invitation.

The work of the silver convention was practically ended when the resolutions were adopted. In the evening a number of stirring speeches were made and the convention adjourned.

WOODSTOCK, Ill., Aug. 21.—The directors of the American Railway union, except President Debs, will have left jail tomorrow morning, after having served a three months' sentence for contempt of court. All of them resume their duties in the field, instructing members and organizing union. Henry goes to Pueblo, Colo.; Hogan to Ogden, Utah; Elliott to Philadelphia, while Barns will remain in Chicago and establish district headquarters there. District headquarters will be established in all the large railway centers throughout the country.

Applications for charters are being received every day.

Criticised Cleveland.

WASHINGTON, Aug. 21.—W. T. Lyon, presidential postmaster at Petaluma, Cal., was removed yesterday because he recently published in his paper, the *Argus*, an article reflecting on the President. He is a Democrat, appointed a year ago.

HOPE FOR WALLER.

The U. S. Government Will Demand His Release and Indemnity.

WASHINGTON, D.C., Aug. 21.—There is good authority for the statement that a peremptory demand will be made by the United States on France for the release of ex-Consul John Waller of Tamatave, and that satisfactory indemnity will be required for his arrest and imprisonment, which will also request for a commission to determine Waller's rights in Madagascar. The discussion of the case between the French and American diplomatic officers has reached a point where it is said there is little else for the United States to do, owing to the long that repeated requests for a copy of the charges of treasonably on which Waller was arrested have not been forthcoming from the French government.

It was said at the state department today that the delay in the case is not been very annoying to the officials, and especially to Minister Kasson. The conference at Paris in this matter is regarded as interesting the best very poor men, and will be unable to resist the decisive action by the United States. A condition which makes the delay of France more annoying to the authorities at the department is aware of the serious nature of Waller's illness. Imprisonment and further confinement is injuring his health. International questions generally move slowly, but the delay in producing papers and testimony in the case of Waller have been of a very exasperating character, and not realized in thirty places by United States officials in being about a settlement. Some of the papers which have been received at Washington by the department of Waller are been subject, and the arrest and trial a matter of International enquiry.

LEAVENWORTH, Kan., Aug. 21.—Senator Baker is in receipt of a quite stack letter from John Waller, ex-consul at Tamatave, written to the latter's cell, touching upon his imprisonment. Waller says, in part: "As you are a lawyer of long experience, I ask you to carefully scrutinize the testimony of Captain Lavoest, and note that it was by his testimony that the prosecution seems to have based the charge that I was guilty of corresponding with the enemies of France.

"It seems, then, that the whole case against me rests upon the letter which I wrote to Rainaumbo, a young Malagasy man. The letter is to latter solely to a business office with which France has nothing to do, nor does it relate to or concern the French government in any particular whatever."

DANGER NOT YET OVER.

American Mission Attacked by a Furious Chinese Mob.

HONG KONG, Aug. 21.—Another outrage has been committed near Fou Chow. The American mission has been attacked by a large and infuriated mob, armed with various weapons. The chapel and school were wrecked and four native converts were fatally wounded, while the foreign teacher escaped. There is a strong anti-foreign feeling in Fou Chow, which is spreading among the populace, who are parading with cries of "Drive out the foreign devils."

JOINED THE CHURCH.

Rev. Thomas Irwin's Recent Arrival in Utah.

PERRY, O.T., Aug. 21.—The Rev. Thomas Irwin, who was appointed by a new religious sect at Pond Creek to collect and for sufferers in Grant county, has joined the Mormon Church in Utah. He came to the city from Kansas a few days, but soon became converted to the new religion and began preaching. He was appointed to collect aid for the poor. He canvassed Kansas City, St. Louis and Denver, and then proceeded to Utah. The result of his labors as a collector have never been made known.

KILLED BY A MOB.

A Negro Supposed to be Mentally Deranged.

CINCINNATI, O., Aug. 21.—At New Richmond, O., twenty-five miles up the Ohio river from Cincinnati, at 4 o'clock this afternoon, a mob took Noah Anderson, colored, from the jail and hanged him for the murder of Franklin Freeman, nearly 80 years old and president of the First National bank of that place.

Mr. Friedman was among the well-to-do men in Clermont county. He owned a number of farms and lived at Clermontville, about two miles from New Richmond. He was driving into New Richmond shortly after noon today, when he stopped at one of his tenants. Entering his house at the door, he went into an adjoining field, where he was suddenly attacked by Anderson, a muscular negro, who had no weapon but his hands. With these he quickly forced the aged banker to the earth, and then, notwithstanding his threat with the power of a madman, he literally crushed his helpless victim to death. Then seeing that the man was dead, Anderson fled.

The news of the shocking crime travelled swiftly, for everybody knew Mr. Friedman. It was not long until Anderson was captured and taken to the New Richmond jail where a great crowd quickly gathered. Anderson made no attempt to conceal his crime. He glibly told all the details, and said he had given the old man what he deserved.

It is said that Anderson was not right in his mind, and that one of his hallucinations was that Friedman had deprived him of a large sum of money. The truth is the two men had no dealings together, as Anderson came to New Richmond on a shanty boat only a few months ago, and claimed to be a paper hanger.

Lock Denies the Charge.

PORTLAND, Or., Aug. 21.—A. J. Lock, who, according to a dispatch from Long Beach yesterday, was arrested for the alleged embezzlement of money from a Kansas bank, arrived here today in company with United States Marshal Grady, said: "I have was no arrest. I have known Mr. Lock for several months, and in fact he has been doing some work for me."

Lock was spending a week's vacation at the coast, when information was received here to the effect that the authorities at Wichita, Kan., wanted him, although they have known his whereabouts for the past two years, as appears from the correspondence which Lock exhibits.

In regard to the story concerning him, Lock says the statements are a tissue of falsehoods. He says he never was in a bank at Wichita, and that the alleged action that he embezzled $50,000 is a fairy story. Lock has been engaged in business ever since he came here, two years ago. Of the exact nature of the charge on which he is wanted in Kansas, Mr. Lock did not want to talk.

In Search for Minors.

PROVIDENCE, R. I., Aug. 21.—Detectives and newspapermen have been making vigorous efforts today to locate the author of the telegram signed "Minnie R. Williams" received by Attorney Sun-master-general for H. H. Holmes, in Philadelphia.

NOT BLOOD BUT RUST.

Durrant Did Not Use the Knife Found in the Bay.

SAN FRANCISCO, Aug. 21.—Durrant did not wash the blood-stained knife that was found in a bain at Walnut creek, where he spent the night before his arrest. The knife belonged to Lewis Rosenbaum of the Sunset office, and the supposed blood stains proved to be rust. When the knife was first discovered it was thought to have belonged to Durrant, and that it was the weapon with which Minnie Williams was killed.

Victim of a Vendetta.

HOT SPRINGS, Ark., Aug. 22.—The Sunday incl Vendetta of Montgomery county is revived with serious killed another person in its list. The story of the murder of Jno. J. H. Blanks, who was recently killed by boys and related with bandits. About one month ago a prominent farmer named Indelow was fatally assassinated while at work in his field. Dr. Brooks, it is said, developed a case against a bit upon the community and secured that to perpetrators could be run down. He ventured that no sooner was that the next count for lodgings, in well-dressed M. Clerk left town to Montgomery early last week and Dr. Brooks will not be there to tried down the assassin. It is claimed that he was assassinated to prevent him being late.

Short in His Accounts.

GUTHRIE, O.T., Aug. 22.—An apparent shortage of $5,500 in the accounts of County Treasurer L. F. Leverty, has been found and that officer has been ordered to appear before the commissioners and explain the discrepancy. It is charged that Leverty, in the sale of $30,000 worth of county bonds accounted for but $21,000 of the money.

Leverty was elected two years ago on a fusion ticket.

BOLIVIA AND CHILE.

President Baliviа Favors a Peaceful Settlement of the Dispute.

NEW YORK, Aug. 22.—The *Herald's* correspondent in Bueno, Bolivia, telegraphs that a meeting of the cabinet was held to consider the treaty settling the claim of Chile in regard to the boundary question. Only the minister of foreign affairs, Senor Lozeb, voted for the treaty as proposed, the other four ministers voting in the negative and vigorously opposing the measure. President Baliviа was silent, but after the meeting was over said: "I do, as president, accept, approve and will sustain the treaty. I will also take the responsibility of sending it to the congress for ratification."

It is said that President Baliviа has secured enough votes in the senate to sustain his action, but that in both houses of the deputies are sure to be trusted.

The *Herald* correspondent also telegraphs that in view of possible opposition to the treaty arranged to settle the boundary dispute between Bolivia and Chile, the Chilean minister has been ordered to change certain clauses.

As the treaty now stands Chile cedes to Bolivia a port in the northern part of the province of Tarapaca and at the same time guarantees that in the event of the final transfer of Tacna Arica, it will be ceded to Bolivia, that country paying Chile $5,000,000.

This money will be advanced by Chile and will be returned to her by Bolivia customs receipts. It will finally be paid to the government of Peru.

Bolivia holds that Chile shall secure her position at Tacna Arica and against aggression on the part of Peru.

MODJESKA ARRIVES.

She Says She May Settle Permanently in This Country.

NEW YORK, Aug. 22.—Mme. Helena Modjeska, the countess Bozenta, arrived late last evening on the steamship Havel. Her husband, the count Bozenta, was with her. Mme. Modjeska left this country about a year ago to revisit her home in Poland, was acting in various cities there for two months, and then imparted to fill an engagement in St. Petersburg, having received permission from the government to open a theater tour. There were heavy advance sales of the seats and the season was to begin on April 15th.

"Without any warning whatsoever," said Mme. Modjeska today, "I received notice from the government that I must not go on. I had to cancel the engagement. I tried to find out why the government officials stopped me, but the only reason they gave was that I had said something objectionable to the imperial government in a speech I made at the World's Fair in Chicago. I went to Warsaw to consult with my friends, when I suddenly received an invitation to leave Russia within twenty-four hours. I may remain in this country permanently. I have a ranch near Los Angeles, Cal. For the present we shall stay two or three days at the Hotel Imperial, and then go on a visit to Chicago to visit my son."
