CROPS DESTROYED.

Farmers' Homes Flooded and Their Fields Ruined.

GREAT DAMAGE BY HAIL AND RAIN.

Railroad Tracks Go in a Dangerous Condition—A New Bridge Wrecked.

ALBUQUERQUE, N. M., Aug. 1.—Archer Cleveland has secured and his Atlantic & Pacific Railroad company's new bridge at Rio Puerco has been wrecked.

Farmers' homes are flooded and their fields ruined. The hail was accompanied by rain and the crops on Rich creek are lying flat as if a monster roller had passed over them. A train was sent to meet the eastbound train at Rio Puerco. The country is flooded for miles east to El Paso and as far west as Winslow.

The railroad tracks are in places very dangerous and much care is being exercised to have the weak places clearly marked.

Speculation and Loss.

QUINCY, Aug. 1.—It appears that George Cornell, father of the well known of the firm of Cornell, Montreal, arrested on Tuesday, had bought 400,000 bushels of wheat at prices ranging from 61 to 74. Since it went down 10 cents, he declared $6,000 of the bank's money to cover it. Of this $3,000 will be lost.

Illegal Receivership.

PORTLAND, Oregon, Aug. 1.—In the United States court Judge Bellinger rendered a decision to which he refused to grant compensation to a receiver appointed to take charge of some property and its growing crops. He also drew the rule that such appointments are illegal and should not be made. The judge declares that the practice of appointing receivers just before harvest, in order that the mortgagees, through the agency of a receiver may reap where the mortgagor sowed, is unlawful and in violation of the right of possession to the mortgagor until foreclosure has become absolute.

TO EXTEND OUR TRADE.

Closer Connection between this Country and South America.

ST. PAUL, Aug. 1.—Harold Grant, M. E. Ulrich, W. H. Fisher and J. A. Newson, of this state, have returned from Venezuela, where they closed negotiations for the operation of a syndicate which will open that country to Americans and give American manufacturers and wholesalers a larger market and closer connection with all northern South America than ever before. Part of the concession which is granted to this syndicate, it will be remembered, is claimed by Great Britain. Now that the negotiations have been closed and the syndicate organized as the Orinoco company, it will demand full protection of all its rights to the land by the United States government. This is entirely likely, says the concessionaires to force an issue on the question of the Monroe doctrine between this country and great Britain. The concession on the Orinoco river is said to be worth many millions.

The syndicate will be obliged, under the terms of concession, to induce colonists to locate, and they will open the mines and placers. The failure is largely on disputed soil and will, it is said, quickly bring on conflicts with British authority there.

GOODLE'S TWO FORCES.

OMAHA, Neb., Aug. 1.—The old police force in possession of the city property, armed with pick handles, resisted any effort made under the new regime. The new force will be appointed this afternoon. The mayor has issued a riot proclamation.

Hunted by a Mob.

PITTSBURG, Miss., Aug. 1.—An infuriated mob is after Joe Gallie, white, and if they catch him he will be lynched, Gallie is the man who last night shot and killed Station Agent Ed West while the latter was at work in his office. Gallie wished to send a telegram about some elections in Benton county, and as West did not immediately respond to his call Gallie shot and killed him.

THE IRON TRADE

The Industry Holding Its Own Remarkably Well.

NEW YORK, Aug. 1.—The Iron Age today says: Before dealing with the conditions of trade there are some irregularities. On the whole, however, the industry is holding its own remarkably well. Bessemer pig iron has been quiet since the recent large transactions which have taken out of the market two of the large Shenango Valley furnaces for a considerable period. In the east a number of small lots have been picked up, but on the whole the shortage remains. Steel billets weakened a little early in the week, under review, large offerings of the latter troubles at the wire rod mills. Then numerous inquiries appeared in the market and the old range of prices was recovered. The mills in the Chicago district are crowded with work. The strongest article in the whole list of finished goods is plates, which are extremely scarce.

Car building has been more active lately and has found its expression in nearly demand for bars. The western association has again made an advance, this time of $2 per ton, and the western markets have followed suit with a rise of 1-140 a cent per pound.

There has been some easing up in the pipe markets lately. Cincinnati reports indicate that in the West the feeling has been only temporary. In the East the cutting rate has been modified slowly in mill items. Copper has diffused further up the consumption, showing a good increase.

CANNOT STOP IT.

Prize Fights in Texas Declared Legal by the Lawyers.

DALLAS, Tex., Aug. 1.—Ex-Circuit Judge Charles Fred Tucker, regarded as one of the clearest legal minds in Texas, stated the law governing prize fighting as follows:

"The last legislature adopted a criminal code which makes prize fighting a misdemeanor punishable with a fine of not more than $500, not more than 30 days, and imprisonment of thirty days. This law went into operation on July 20 last passed. That legislature also subsequently passed a civil code and prize fight may take place by taking out a license of $500. This law goes into effect Sept. 20, thirty days before the Corbett-Fitzsimmons fight. There is no doubt but that the Supreme court will hold that it is, or will be the law after the first day of September. The civil code was adopted last and therefore will take precedence over the other."

This opinion is concurred in by every lawyer in Dallas who has read it, and there is no power to prevent the Corbett-Fitzsimmons fight.

Nebraska Not on A. P. A.

BOSTON, Aug. 1.—The Transcript today publishes a letter from James Boyle, private secretary of Governor McKinley of Ohio, denying in the governor's name that the latter is a member of the American Protective association. Rev. James Brady, of the People's church, at a public meeting a fortnight ago, asserted that Governor McKinley was a member of the order and believed in its principles.

For Fruit Growers.

SAN FRANCISCO, Aug. 1.—Circulars purporting to come from the Edgerton company, general commission and brokerage house of Chicago, have been scattered broadcast among the fruit growers of the West. Lord Edgerton says the circular is an exposé of the recent auction sales. It is dated July 24th and among other things says:

"The fight is on. The wholesale fruit dealers of Chicago are determined upon a closed auction. The commission ground to become this morning in the Illinois Central sheds. The open auction will conduct its business as formerly, in the Northwestern. Who is right? That is to be seen; in short, we don't care. What we try after now is to buy fruit as cheap as we can. We only wish the fight the best to win. There will certainly be some auctions of California fruit here in our real low days. Come on and place your fruit with us."

A British Ambassador Resigns.

LONDON, Aug. 1.—The Daily Telegraph's Berlin correspondent says Hugo Von Mr. E. B. Malet, the British ambassador to Germany, has resigned and desires to retire from actual service in October, provided an amount of the bad health of himself and wife.

Granted An Appeal.

FORT SMITH, Ark., Aug. 1.—Greenland John Pierce, sentenced by Judge Parker to hang today for murder, have been granted appeal to the Supreme Court of the United States.

IOWA AND MISSOURI

Effort to Settle a Boundary Dispute of Long Standing.

DES MOINES, Ia., Aug. 1.—Governor Jackson is a guide to St. Louis on invitation of Governor Stone of Missouri, for a conference to endeavor to settle the long standing boundary dispute between the state and Missouri. The boundary line between the states was surveyed in 1837 and adopted when Iowa was admitted. It was marked by posts which have disappeared. Later Missouri made a survey ten miles north of the first, and the courts at last decided that the old line was correct. Meanline the posts had disappeared and for many years there have been disputes over the jurisdiction in the uncertain territory. In Mercer county, Mo., and Decatur county, Ia., there has been a feud for years because of the dispute.

Prohibitionists Take Revenge.

CHICAGO, Aug. 1.—Hervey prohibitionist carried out their first installment of revenge. Mayor Matthews, whose vote defeated the saloon ordinance, was arrested on a charge of aiding prisoners to escape. The arrest was made on complaint of Supervisor Alexander A. Donnison, who lives in Harvey. Chief of Police George Alexander and Policemen Edward Ott were also includes in the complaint, and Constable Harrington was brought over from Thornton to arrest the three officials. The news of the arrest threw the little city into a whirl of excitement. A crowd quickly gathered to see the prisoners start for Riverdale to appear before Justice Hanel. The prohibitionists gloated over the mayor's predicament and greeted him with shouts of derision. They called him a traitor, and intimated that his arrest was only the beginning of his punishment for issuing the saloon on Harvey.

Scares in Quarantine.

EAGLE PASS, Texas, Aug. 1.—Fourteen ingress cars arrived from Mexico and were immediately placed in strict quarantine. Two hundred and fifty-eight are now at the quarantine station and twenty-five cases of smallpox have fully developed. Two hundred more begin colonists are expected to arrive between the first and the fifth.

DIED IN THE STREET.

A Descendant of the Illustrious Adams Family.

NIAGARA FALLS, Ont., Aug. 1.—John Quincy Adams, a direct descendant of the famous Adams family, which furnished two Presidents of the United States, was found lying dead on Quay street near his home last evening. Adams was 59 years of age, a devotee of the bicycle. His wheel was found standing against a tree near by. The supposition is that he fell an attack of heart failure coming on and dismounted.

Money in Circulation.

WASHINGTON, D. C., Aug. 1.—The statement prepared by the comptroller of the currency shows the amount of National bank notes outstanding on July 31 to be $211,281,969, an increase for the year of $5,266,419. The amount of circulation based on United States bonds was $186,377,453, an increase for the year of $5,821,039. The circulation secured by lawful money amounted to $24,904,476, a decrease for the year of $1,068,086. The amount of United States registered bonds on deposit to secure circulating notes was $207,842,950; to secure public deposits, $15,526,000.

Populist State Convention.

COLUMBUS, Aug. 1.—The Populist state convention met here today. The party in 1894 cast 15,000 votes and last year 40,000. Hugo Preyer, the leading Ohio greenbacker, called the convention to order. Four women are present. The convention is a fine looking body. J. H. Coxey, professed candidate for governor, is the center of interest.

George A. Grout is temporary chairman. In his speech Grout steered between factions represented. Silver was not mentioned. His party was the one to right the wrongs of the people.

THE POLICE DEFEATED.

No Direct Evidence of Murder Obtained Against Holmes.

Although the Prisoner and His Confederates Are Probably Guilty of Several Crimes.

CHICAGO, Aug. 1.—The police acknowledge today their complete defeat so far in their effort to secure any direct evidence of murder against H. H. Holmes. "When we started out this case," Bait Inspector Fitzpatrick, "We knew it would be almost impossible to get any one who could positively connect Holmes with any case of murder; yet we considered it our duty to investigate. We believe several crimes have been committed and believe that Holmes and his confederates are guilty of several murders, but so far we are unable to prove that our belief is correct. We have no evidence that would even cause an indictment against any of the men now in custody, much less a conviction in a grand jury."

QUIGLEY SPEAKS.

Pat Quigley was given two hours in the sweat box today. He absolutely sticks to the statement that he knows absolutely nothing of any killing. The police secured traces of a suspicious looking away from Holmes' house at eight of several large boxes which Holmes lived there.

Fire in Brooklyn.

BROOKLYN, N. Y., Aug. 1.—A conflagration is raging along the shipping slips at the foot of Atlantic avenue. Tugs are removing the vessels.

While the ship Carnoustie from Calcutta was unloading a cargo of jute and saltpeter at Burtis' slips, Erie Basin, today, an explosion occurred which set fire to the work. The warehouse, a structure about 100 yards long, filled with jute, cotton, hemp and saltpeter, was destroyed. The Carnoustie, meanwhile, was towed to the East river, Liberty island and it may be necessary to sink her to prevent total destruction. The loss on the warehouse and contents is estimated at $100,000 to $150,000. The lighters, Captain Burdock and Walter Kirby were destroyed. The explosion which caused the fire is thought to have originated by gas accumulating in the hold of the Carnoustie.

CHINESE EXCLUSION LAW.

A Question as to Its Validity Raised.

CHICAGO, Aug. 1.—The validity of the Chinese exclusion act has been called in question in the case of four Chinamen arrested at Detroit, charged with attempting to enter the city. They were released a few days ago in the Detroit municipal court and ordered to be deported at the expiration of their terms.

Attorney Springer, of Detroit, intercepted the deputy United States marshal who had the four men in custody, and a writ returnable today was issued compelling the marshal to show cause why the prisoners should not be released on the ground that the examination in the warrant were too vague. By advice of the circuit judge, before whom the case was heard, the matter was taken before Judge Brewer of the United States court. The latter continued the case until September 1, giving the Chinamen their freedom until then in a bond of $500 for the four. When the case comes to trial, the law will be attacked, the Chinamen's attorneys claiming it is invalid, as it excludes only "laborers," and is otherwise foil of weak points.

Mr. Thomas Returns.

Mr. R. J. Thomas, the traveling representative of the Eisteddfod which takes place in the Tabernacle in October next, returned home this afternoon after having visited the principal cities of Colorado and Wyoming in the interest of the grand musical event.

He states that the interest that is being taken by all the cities he visited surpassed all expectations and he sees no reason why this should not be the greatest event of the kind ever held in the Rocky mountain region. Organizations have been formed and secretaries appointed to look after the interests of their respective cities and local talent will be kept busiling to carry off the prizes that are offered. Mr. Thomas says this is more especially the case in the district for baritone solos. Leadville and Denver will show themselves, as will some of the cities of Wyoming.

The railroads have been very generous in giving rates and everything points to the unbounded success of the coming Eisteddfod.

Land Office.

The following filings were made in the land land office under date of Aug. 1:

Edward William Palmer, of Logan city, homestead entry of 160 acres in township 12 north, range 1 east, in Cache county.

Hyrum M. Clark, of Pahreah, homestead entry of 160 acres in township 41 south, range 1 west, in Kane county.

Peter Wilde, of Grantsville, homestead entry of 160.62 acres in township 4 south, range 4 west, in Tooele county.

Aaron N. Osmer, of Castle Dale, homestead entry of 160 acres in township 18 south, range 8 east, in Emery county.

Wooten Gee Jr., of Monroe, cash final payment for homestead entry of 2.33 acres in township 18 south, range 1 west, in Sevier county.

Much Exaggerated.

SPECIAL TELEGRAM TO THE NEWS.

AVON, July 28, 1895.—Your issue of the 25th contains a special dispatch from Pocatello to Chicago, stating that the Indians had killed a settler, his wife and child in Bell River valley and that the settlers had pursued and killed six Indians. This information is false as also is much matter contained in the Salt Lake Herald touching this trouble. From information obtained from Indian courses we are convinced that the reports of the Indian trouble are much exaggerated.

CHARLES E. NORTON.

Police Court.

Short and uninteresting sessions were held in the police court today the interesting entered down stairs.

Harry Brown and Joshua Lobolin, two drunks, were fined $5 each.

Young Charley Yee Hoodoo $10 for keeping a gambling house.

John Doe Lockett, a big negro, will be arraigned tomorrow afternoon upon the charge of assaulting J. H. Crofton.

For Their Mental Condition.

Tony Jones Cates, Jennie Bigelow and Clara West, were using examined, at the county jail, as to their sanity.

O'Neara Calls It a Joke.

Commissioner O'Neara received a News item on the silver issue, and made the following statement:

"That was a joke on the part of the gentlemen who wedding were not seen in the south hospital. What indeed they thought was only a rehearsal of the wedding proceedings." This was in response to the request of the wedding of Lillian Cady and Miss Hope Cooper, at St. Mark's cathedral, which was announced in our editorial columns, yesterday, this morning.

Miss Ida Shaw has returned to Salt Lake from a visit where remaining in the country. She will now give her attention to her business in Home and Napier.
