NEWS OF THE MINES.

(Continued from Page One.)

week will be over after the 10th. The owners have took eight feet on it, and are now doing more work, besides having connected it for a distance of 40 feet. There is no doubt that they have one of the very best mines of the district and will make a strike out of it. Dog and Wolf creeks will yet see, in the people of this county as a great gold producing section. Now it has all the appearances of being the great gold quartz section of southern Idaho.

Iron and Spars.

With a profit of a dividend on Meteor stock in the near future, the property has begun to show to dignity and infinite of it demand highly figures.

Boise Statesman: Mr. Gray, one of the owners of the Liberty mine, in the Squaw Creek district, says the ore carries $50 a ton in silver instead of gold as has been stated. There is yet a small percentage of gold.

John Webster, who has been prospecting at a place 35[illegible] south of Grass Valley, Cal., has struck a rich pocket of gold, out of which he has already taken $9,000. He has worked his claim with remarkable perseverance, and the indications are that there is plenty of gold to be mined.

The Payson Reader says that Mr. Negal Jennings and a number of other mining men have been prospecting near the mouth of Payson canyon, only two or three miles from town, and report some good ore. "Jupiter Mercury etc," is the words used by Mr. Jennings. We understand they have had assays but have not learned its value.

Some very fine ore has just been obtained from the May mine, in Granite, owned by J. L. Whitbeck and J. E. Flinders, and shipped to the Tintic reduction. It goes 37.5 per cent lead, 15.2 ounces silver, and $1.40 in gold. The parties are working the mine with a vengeance, and it promises to become the bonanza of the Free Coinage mining district.—Tooele Transcript.

Flag Presentation.

PROVIDENCE, May 8, 1896.

To the Editor:

Our district schools closed yesterday with three cheers from the hundreds of school children and citizens standing in front of our school building, hurrahing for the new forty-five-star flag which had just been raised over the tall tower. Three hearty cheers were also given to Colonel Tarlock for presenting the flag to the school.

The commencement exercises began at 2 and ended at 4 when the flag raising ceremonies were carried out. Colonel Tarlock and party arrived on the 2:50 train.

The program consisted of a song of welcome by the school, and other songs, recitations, speeches, etc.

Our infantry company, under Captains D. A. Sanders and Lieutenants Lamb and Thomas, in uniform, with their war weapons, made an imposing and interesting feature of the program.

Colonel Tarlock in his present[illegible] remarks said a high compliment to our boys in blue and made an appropriate and patriotic speech. Jos. E. Robinson, chairman of the board of trustees delivered a fitting address of acceptance and other interesting speeches were made by J. D. Gillman and J. H. Brown of Salt Lake City of the school's party.

Our teachers were, principal, L. E. Abbott, and assistants Clara Lamont, Alyie Walker and Hattie Kimball.—T. R. C.

These lists will be carefully arranged and printed in the News, since the request was made in the Relief Society conference in April, but in three instances have been otherwise, but it is needful that all should be given without further delay. Presidents will also please state at what time their stake conferences are held. Address these communications to E. R. Wells, office Woman's Exponent, Salt Lake City, Utah.

MINOR MENTION.

Three young miscreants, aged respectively from 12 to 14 years, were arraigned before Justice Werger for disturbing the peace of Mrs. Katherine Dahle who resides at 141 S. Second West, in setting stones and throwing them at her house. He found two into another the older years of the men engaged with their stringers waiting for more acts and dismissed all three with a reprimand.

The Edison phonograph and phonograph parlors are now located at 74 East Temple street in the rooms formerly occupied by H. Lindemeier and company. The apartments have been newly furnished in an elegant manner. The management has moved from their present quarters and business. Their musical machinery, together with the artistic taste shown in decoration is greatly appreciated by lovers of popular music, song and dance who attended the parlors in large numbers.

The debate on free trade and protection was given before a large audience at the Y. M. C. A. parlors last evening. E. F. Ayers and J. F. Fowler champions free trade, while W. Adams and James Baker appeared for protection. The speakers all showed that they were well versed on the subjects they represented and received much applause. Messrs. Scott Anderson, B. F. Johnson and W. Cromey were chosen to act as judges, and in rendering their decision said that the battle had been evenly fought. A musical program was rendered and W. H. Smith delivered a lecture on the A. P. A.

Officers, privates and civilians alike give the new commander a royal welcome. They hope he finds it pleasant for him during his sojourn here.

SUNDAY SCHOOL CONFERENCE.

Commenced in the Assembly Hall today—Will Extend through Tomorrow.

The Sunday School conference of the Salt Lake Stake began a two day session in the Assembly Hall at 10 a.m. today, Superintendent T. C. Griggs presiding. After the opening exercises Superintendent Griggs made a few remarks. The Seventeenth Ward Sunday school kindergarten class under the direction of Miss Gwendolyn Lewis, then gave an exhibition of the work done each Sunday morning, the subject being love one another, based upon the words of Jesus blessing little children. This was interpreted by songs.

Superintendent George Clark of the Fifth ward then reported their Sunday school doing that it was graded in accordance with the instructions of the Sunday school authorities, also that they have an active and zealous corps of teachers, the only secret being that they have not sufficient room for the children and therefore can not take care to use the necessary for the joy of gathering in more children although many say of the children are present. For three consecutive Sundays they met the missionary.

Elder Bassett then furnished a social hour in music.

Sugar House (Central) Sunday school then furnished an extract of their first intermediate department under the direction of T. W. Rees, the subject, Christ's sermon on the Mount. Two members of the class sang the song Mary of Jesus, and the choir rendered Amazia, the Congregation joining in.

Superintendent Hiron then reported his visits to the Sunday schools of his Stake, which he found in a good condition, and said we have a surplus of teachers who for convenience and energy could not be spared.

Superintendent W. H. Burton said Brother Winters wished him to say a few words and in response thereto he spoke with feeling for half a few minutes.

Superintendent T. C. Griggs, Elder Goddard and George Q. Cannon, general superintendent of the Sunday School Union, imparted more valuable instruction.

AFTERNOON SESSION.

Meeting called to order by Stake Superintendent T. C. Griggs.

The juvenile choir and congregation sang Hope of Israel.

Prayer was offered by Elder J. D. Cummings.

Girl with Blue the Pure in Heart was sung by the juvenile choir.

Bishop Samuel L. Howard of Riverton reports the Sabbath school of that ward in a flourishing and prosperous condition. It was fully graded and conducted in uniformity with the general rules and suggestions of the Sunday school board. The average attendance is reliably as good as that of any school in the Stake. The teachers are earnestly endeavoring to fill their stations and most, if not all of them, keep the Word of Wisdom. Teachers' meetings hold nearly every month.

Superintendent John Sutherland of Big Cottonwood reported the two schools of that ward. Excellent work was done in both. The attendance of teachers and pupils was good and all were earnest in their labors. Average attendance about 60 per cent. Monthly divided in the usual four Sunday school grades, each having a secretary. Noise Sunday was a success. Teachers' meetings are held regularly once a month. With a possible exception or two of two, the teachers and officers observe the Word of Wisdom.

"The Home by the River," quartette and chorus, was beautifully received by members of the juvenile choir.

Superintendent Isaac J. Woodle reported the South Jordan school, graded, he says and claims to accommodate each department separate D. Average attendance is good, especially as all today save two are three miles to travel before reaching school. They have found that much good results from the regular attendance of teachers; when they cannot attend the last Sunday's session the teachers are expected to assist in an exercise as early as the previous Tuesday. Last quarterly reports stated that all kept the Word of Wisdom.

Rept. Archibald Frame, of Taylorville, reported that there were three schools in his ward, each one was doing excellent work, and were nicely graded. He presided over the first of main school. Punctuality is generally observed. The first Sunday in the month is usually set apart and observed as fast day, with very gratifying results.

A very pleasing lesson was given the primary department of the Nineteenth ward school under the direction of Miss Olive Doddge, on the subject of the "Betrayal of Christ."

Prof. Jos. M. Tanner, a member of the S. H. Public board, was the next speaker. The children of the Sabbath school, he said, are the hope of Israel. They will take part in the great events connected with the growth and building up of the kingdom of God. As the children grow up to manhood and womanhood, temptations to sin will be placed in their pathway and these must be resisted and overcome. The sins and temptations of this city, he believed, are manifestly greater than in the country districts, and greater diligence and watchfulness was required of parents and teachers to keep their children in the path of duty and purity, and every effort should be made to keep them interested in the Sunday school work, that they may grow up in the fear of the Lord, and become useful and choice members of His kingdom.

Elder Levi W. Richards, of the Union board, next addressed the conference, and called attention to the importance of teaching the children of Zion the principles of the Gospel, the order of the Priesthood, and the discipline of the Church.

Assistant General Superintendent Goddard made a few observations relating to the Sabbath school work. Referring to the shooting of minutes were read before the school, the correct way, he said, of supporting of them was by a show of hands. Teachers' meetings should be held regularly, once a month at least, and opportunity given all officers and teachers to ask questions and offer suggestions for improvement.

Weary Not Was the closing hymn by the choir, and the conference adjourned, after benediction by Assistant Superintendent W. C. Burton, till 10 a.m. tomorrow.
