CAIN HELD FOR BURGLARY.

John Cain, who was arrested on the charge of burglary, had his preliminary hearing before Judge Howell yesterday afternoon. The principal witnesses for the state were James H. Beckham and Frank T. Sawyer, who room at the Smith lodging house on Grant avenue. They testified that they were awakened from their sleep by someone in the room who was going through their trouser pockets. That their sudden awakening frightened the burglar who ran out of the room down Electric avenue. They positively identified Cain as the man. Other witnesses testified to similar facts. The court, after hearing the evidence, bound the defendant over to answer to the charge to the district court under $500 bail, in default of which he was turned over to the custody of the sheriff.

LOGAN.

COMMERCIAL CLUB PROJECT.

Eighth Grade Grduates—S. S. Convention—Flattering Crop Prospects.

Special Correspondence.

Logan, Cache Co., May 23.—The business men of Logan are taking steps towards organizing a commercial club. The committee who has the matter in hand met tonight and formulated a plan of organization to be submitted to a mass meeting to be held at the courthouse Thursday night next. The club will be modeled after the commercial club of Salt Lake. Half a dozen efforts have been made in the past to maintain a business organization here but without success. The important questions now confronting the people make such an organization a necessity and it is believed that all citizens are now converted to the proposition.

Mr. Jones of Providence shot a large brown bear at the foot of the hills just east of that town yesterday. The old bear had two cubs, one of which he captured and exhibited on the streets today.

Crop conditions at present are very favorable. Everything now points to a heavy yield of grain on the dry farms.

Hay has not been as scarce in this valley for 25 years as it is at the present time. The reason is that a large acreage of alfalfa lands has been taken for sugar beets, while the growth of the dairy interests has made a greater demand for feed.

C. W. Nibley of Baker City, Or., spent Sunday in Logan.

HUNTINGTON.

ELECTRIC RAILWAY PROJECT

Old Folks Party—Frost Injures Stone Fruits—Migrating to New Homes.

Special Correspondence.

Huntington, Emery Co., May 21.—School commencement exercises have been occupying the time of the teachers and pupils for several days past. Examinations will take place on Monday and Tuesday next.

Quite a number of families have moved from Huntington and other parts of the county to Idaho and Canada this spring, and it is feared there are more people leaving than there are coming in.

Work is very scarce here. Hyte Loveless and others have gone to Wyoming to try to get work at sheep shearing.

D. C. Robbins was here a few weeks ago after a franchise from the county commissioners for the right of way along the county road for an electric railway. The county commissioners have the matter under advisement, and as Mr. Robbins claims to have plenty of capital behind the scheme, the chances are that he will get the right-of-way, provided he can show some good faith behind the proposition.

The town marshall has been making a raid on the young boys lately for breaking the curfew ordinance. A few of the boys were fined small amounts, and as their parents refused to pay for them, they were put to work cleaning up the public square, and they made a good job of it.

OLD FOLKS' PARTY.

An old folks party was given last Wednesday for all over 60 years of age, and a few others. The usual good time was had by all.

There were 10 present who were acquainted with the Prophet Joseph Smith; two that pulled handcarts over the plains; four women who drove ox-teams across the plains, and 22 that were in Utah during the grasshopper and cricket wars of early days.

The late frosts did a great deal of damage to the fruit; there are very few peaches, apricots, cherries or plums left. The apple crop promises to be abundant.

POCATELLO, IDAHO.

Y. L. M. I. A. CONFERENCE.

Good Showing Made by a Progressive Ward Association.

Special Correspondence.

Pocatello, Idaho, May 22.—A ward conference of the Young Ladies' M. I. associations was held this evening, and was presided over by President Addie H. Hendricks. Much good instruction was given, and a general good time was had. The president reported 39 meetings held during the past year, with an average attendance of 23; 68 Journals were subscribed for, and the association was active and progressive.

CAREY, IDAHO.

DEATH'S SAD HARVEST.

Demise of Wm. Dahlquist—Ideal Crop Conditions Favors Extensive Planting.

Special Correspondence.

Carey, Blaine Co., Idaho, May 23.—We have to record the sad death, Friday night, in the canyon above this place, of Wm. Dahlquist of Oakley, Cassia county.

The deceased had been sick and quite low for three weeks, of mountain or spotted fever, which developed into pneumonia. He was herding his sheep in the hills when first taken sick. His wife came up from Oakley and was here just a week before his death. Deceased was 48 years old and leaves a loving wife and 10 children to mourn his departure. The remains were this morning taken to Oakley by team, for burial.

Another sad death, was that of the baby girl of Robert T. and Martha E. Vance of this place. A week ago the little one was the picture of health, but came down suddenly with erysipelas and dropsy and was taken to Hailey for medical treatment, where it passed away yesterday morning.

The whole community sympathizes with the bereaved ones.

For nearly a month our Bishop has been laid up most of the time in bed, with a severe attack of inflammatory rheumatism. He is improving the last few days.

An abundance of water and frequent rains have made it an ideal spring for putting in crops and a large increase in acreage is the result.

Grass is growing rapidly, and cattle and sheep in the hills are getting fat fast. Sheep shearing is in operation by three crews, and wool is being hauled to the railroad station for shipment.

Wool buyers have visited this vicinity and contracted a large quantity of the clip, prices running from 13 to 14 cents.

A new store has just started up here, A. B. Case and T. C. Parke, being the promoters.

The Little Wood River Canal company has a force of men and teams out daily, doing repair work and enlarging the west canal. The Blaine Co-op (Carey) shipped a carload of potatoes to Salt Lake last week.

W. D. Simpson is erecting a residence on his farm in the south end of the valley.

ST. DAVID, ARIZONA.

MEETINGHOUSE DEDICATED.

Long Drouth Broken — Oil Indications Causes Some Excitement.

Special Correspondence.

St. David, Cochise Co., Ariz., May 18.—One of the best ward conferences St. David has had was held the 15th and 16th inst. Presidents Andrew Kimball and Charles M. Lawton, with a representative from each stake organization and quorum of the Priesthood were present, who instructed and encouraged the Saints and ward officers in their line of duty. A conference of each organization was held.

One of the most important features of the conference was the service held Monday afternoon, the 16th inst., at which time our metitnghouse (which is now paid for, nicely finished and furnished with everything necessary for the convenience and comfort of the meetings of the ward and associations) was dedicated by President Andrew Kimball.

On the 9th and 10th insts., we were blessed with a nice steady rain, the first we have had since last September. Crops are not quiet as good as they were last year, owing to the cold, backward spring and drouth.

The oil fever has caught this vicinity, especially Benson, 7 miles south, and Mammoth, 70 miles south of here. Oil experts claim that as good indications of oil are here as has been found anywhere. Gas has been encountered by artesian well drillers, and oily substance has been noticed on the water after the bubbles burst. The Benson Co-operative Oil Co. is preparing to drive a test weell.

Cures Kidney and Bladder Diseases in Every Form—Many People Have Kidney Trouble and Do Not Know It.

HOW TO FIND OUT.

It is the function of the kidneys to filter and purify the blood which is constantly passing through them.

When the kidneys are out of order the other organs are affected immediately and you may have symptoms of heart trouble, stomach and liver trouble, and other ailments, which are all owing to the kidneys being weak and out of order.

If you are sick **Foley's Kidney Cure** will strengthen and build up the worn out tissues of the kidneys so they will act properly and the symptoms of weakness, heart, stomach and liver trouble will disappear and you will be restored to perfect health.

HOW TO FIND OUT.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased and **Foley's Kidney Cure** should be taken at once.

Foley's Kidney Cure is pleasant to take and acts directly upon the parts affected and you begin to feel better at once.

It corrects slight disorders in a few days and it has cured many obstinate cases after other treatment had failed.

Doctors Said He Would Not Live.

Peter Frey, of Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well."
