MINING, BUSINESS AND STOCKS.

SALE OF SHARES WAS SLOW TODAY

Daly-West Caused the Transfer of Most of the Money.

PRICES HARDENED A LITTLE

Although Some of Them Fell Off in Value Slightly—No Officers Are Elected Yet.

Ajax and Carisa could have worked in double harness this morning, so far as the business done by each is concerned, and both the stocks ran close to yesterday's prices. May Day went down a little, as did Century and Con. Mercur. Nearly all the stocks hardened a little, but business was very slow, the securities that usually furnish the sellers and buyers a chance to do business remaining well under cover, but without advancing their value much. This morning's proceedings on the exchange were therefore without interest and left the following quotations posted:

MORNING PRICE LIST.

Stock	Bid.	Asked.
Ajax	35	35¼
Albion		47
Alice	40	
Bullion Beck	1 50	3 00
Boss Tweed	41½	44
Ben Butler	13	13¾
Black Jack	1 64½	1 93¾
Burton		20
Con. Mercur	1 70	1 75
Century	14¼	15¾
Carisa	40¾	40⅞
California	43⅛	43½
Daly West	25 20	25 30
Dalton and Lark		1½
Eagle and Blue Bell		90
Emerald		10
Grand Central	2 85	4 00
Golden Eagle	3	4
Golconda		10
Horn Silver	1 25	1 75
Ingot	2⅞	3⅛
Joe Bowers	4	4¾
Lower Mammoth	60	75
Little Chief		20
La Reine	16	18
Mammoth	1 20	1 50
May Day	52¾	52⅞
Martha Washington	4	4⅝
Manhattan	1¼	1⅝
Northern Light	2½	3
Ontario	6 75	8 50
Petro		10
Richmond Anaconda	5	10
Sunshine	19	20
Swansea	1 00	2 00
Sacramento	16	
Silver King		85 00
Star Con.	28	28½
Showers Con.		15
Silver Shield	9	10
Tetro		11
United Sunbeam	30	46
Utah		60
Uncle Sam	51½	53
Valeo		22½
Victor	37½	41
West Morning Glory	3½	3¾
Yankee Con.	2 09	2 15

STOCK TRANSACTIONS.

Ajax, 2,100 at 36; 100 at 37; 2,000 at 36½; 1,000 at 36⅝; 1,700 at 36¼; 2,200 at 35½; 800 at 35¼. Total 9,900 shares.

Carisa, 1,200 at 41; 1,100 at 42; 1,100 at 43; 500 at 42½; 1,000 at 41¾; 1,000 at 41½; 500 at 41¼; 3,200 at 40¾; 1,000 at 40½; 100 at 40⅝. Total 10,700 shares.

Con. Mercur, 1,000 at 1.75; 100 at 1.75½. Total 1,100 shares.

Daly-West, 275 at 25.50; 425 at 25.25; 25 at 25.00; 50 at 25.45. Total 775 shares.

Ingot, 1,000 at 2⅞.

May Day, 600 at 52½; 1,300 at 53; 900 at 52¾; 100 at 53¼; 100 at 53½. Total 3,000 shares.

Silver Shield, 1,000 at 9½; 2,000 at 10. Total, 3,000 shares.

Star Con., 500 at 29; 500 at 28½; 500 at 28¼. Total, 1,500 shares.

Sunshine, 500 at 19¼.

Ben Butler, 500 at 13.

California, 100 at 41; 1,800 at 42; 800 at 43; 500 at 42½; 1,000 at 42¾; 100 at 43¼. Total 4,300 shares.

Century, 500 at 15.

Tetro, 500 at 10.

After the morning session the following sales were made on the open board:

Daly-West, 25 at 25.30.

Uncle Sam, 300 at 51½.

Century, 1,000 at 14½.

TOTALS.

Following are the total shares sold and the amount paid for them: Regular call, 37,275 shares for $34,060.62; open board, 1,325 shares for $932.00; grand total, 38,600 shares for $34,932.62.

ELECTION TOMORROW.

It is now expected that the board of governors of the exchange will be able to get together tomorrow and elect officers to serve during the present year. Mr. Bransford has been on the jury and the delay has occurred principally on that account.

A. S. Campbell, Stock Broker,
202-203 D. F. Walker Block. Tel. 536.

Broberg & Thompson, Stock Brokers,
21 Walker Bros. Bank B'ld'g, Tel. 1257z.

Dr. Wiley on Beet Sugar Industry.

Washington, Jan. 29.—Dr. H. W. Wiley, chief of the bureau of chemistry, department of agriculture, was before the ways and means committee today in connection with the Cuban reciprocity question. His statement covered the scientific phases of the production of sugar from beets, cane, etc., and the development of the respective industries. By means of charts he showed the comparative insignificance of the beet sugar industry in 1855, when most of the sugar was made from cane. Since then conditions have reversed, until now the greater part of the sugar production is from beets. Much the larger part of this production was in Europe, the product in America being comparatively small. Dr. Wiley expressed the opinion, however, that the beet sugar would never extinguish the cane product, as the latter had certain special uses.

Alleged Burglar Suicides.

Chicago, Jan. 29.—J. M. Walsh, charged with burglary, barricaded a door in a room in the Revere house early today when the police demanded admittance and blew out his brains. A burglary had been committed several days ago in the home of A. C. Kaltenbrun by the connivance of a woman servant, and $100, a gold watch and several trinkets stolen. The police began a hot pursuit which closed about Walsh, who registered at the hotel friends which he left confessed the crime.

COMMONWEALTH AND THE MARY.

Work Renewed Upon Two Old Claims in Bingham Canyon.

ADJOIN BIG PROPERTIES.

Were Pestered for Some Time With Contest by a "Tramp" Claim That Had No Home.

There are two old claims among the Bingham mines that have for years been spasmodically prospected and developed to some extent, but with no system. They are the Commonwealth and the Mary claims, owned by an old citizen of Bingham, Peter Olson, and some Salt Lake associates. For a long time the owners of the property were pestered with contest litigation such as often occurs in the miner's life when he comes to the final act of patenting his ground. In this case the Bartholemew was the contestant. This latter was a sort of "tramp" claim—in other words, it had no home but was trying to find one. The owners of the Bartholemew were wont to show in the map that their claim rightfully belonged on the face of the Commonwealth and Mary, taking out of these last-named properties that which left to them a couple of narrow, worthless strips. At length the fight was ended and the Bartholemew was removed to another part of the camp. Now it is proposed by Mr. Olson and his associates to work thoroughly at the proper development of the property. A number of men have been put to work in the tunnels and these openings are to be pushed rapidly to a sufficient distance to demonstrate the contents of the ground, which is a close neighbor to the Yampa, Tetro and Phoenix mines. In the Commonwealth the tunnel is now in about 300 feet and that on the Mary is near 400 feet deep.

HARTFORD TROUBLES.

Attachment Suit Filed Against Company for Supplies.

An attachment suit was filed this morning by the George M. Scott-Strevell Hardware company against the Hartford Copper and Gold Mining company. The complaint alleges that the defendant company is indebted to plaintiff in the sum of $1,186.17 for goods, wares and merchandise sold and delivered to said defendant and asks judgment for that amount. Plaintiff also asks that a writ of attachment be issued against the property of defendant on the grounds that said company is a foreign corporation being organized under the laws of West Virginia.

The writ was issued by the clerk of the court.

Strong Oil Company.

Provo, Jan. 29.—Articles of incorporation of the Great Basin Oil company have been filed with the county clerk. The object of the incorporation is to conduct a general petroleum mining and land development business within the state of Utah and other states and territories of the United States; the place of the general office of the company is Provo City.

The capital stock of the company is $160,000, divided into shares of the par value of 10 cents each, and is based on the valuation of 15,792.40 acres of land in townships 21 and 22 south, range 14 east, Salt Lake meridian, Emery county. The incorporators, who each own 142,857 1-7 shares, are: Wm. H. King, Reed Smoot, Thomas N. Taylor, Samuel A. King, Wm. M. Roylance, Samuel R. Thurman and Moses C. Davis. The officers are: Reed Smoot, president; Samuel R. Thurman, vice president; Wm. M. Roylance, secretary and treasurer; Thomas N. Taylor and Samuel A. King, directors.

Documents Filed.

Ralph M. Smith et al. have filed notices of location of the Buckhorn Nos. 1 and 2 mining claims, about three miles north of Cedar Fort.

George E. Blair et al. have filed notice of $6,200 worth of work done on the White Star group of petroleum claims in Utah county.

A mining deed from Sidney St. V. Le Sieur to St. V. Le Sieur for a one-half interest in the following mining claims, consideration $1, has been filed with the county recorder. The claims are: The North American and North American Nos. 1 to 3, both inclusive, situated in the first left hand fork of Tie fork, Spanish Fork canyon.

Judgment Against Butterworth Co.

Judgment by default for $3,060 and interest was allowed plaintiff by Judge Morse this morning in the case of the Commercial National bank vs the Butterworth Mining company. The suit was brought to recover the above amount due on a promissory note and as the defendant company did not appear to defend the action its default was taken. The plaintiff was also allowed $150 as attorneys' fees.

Cornered Oil Field.

The Mining Record says that Colorado Springs has cornered the Boulder oil fields; that 90 per cent of all the available lands contiguous to the proven territory is already owned outright or leased to local men and that the future of the Boulder oil boom will be dictated from that point.

Has Given Up.

E. H. Cowles, the Boulder, Mont., mining man, has suspended operations upon his properties near Independence. He states that he had put in all the money and time he was going to and that he had thrown up the property for good and would leave very shortly for his home in Oregon. Mr. Cowles has been a steady and persistent miner, but various obstacles and handicaps, vexations and annoying in the extreme, have finally worn his patience out.

Miner Lost.

Frank Stickler, a placer miner, aged 60 years, residing at Warren, on the trail to Thunder Mountain, is reported missing and it is feared that he has perished in the snow. The Boise Statesman says that Stickler on December 21 started from the south fork of the Salmon to take a bottle of whiskey to Joe Davis at the head of the Profile creek, a distance of 25 miles, and earn $50 as a reward. Since that time the aged rancher has not been seen and Davis, who arrived in Warren a few days ago, brings the startling information that Stickler never reached his camp. When this information reached camp a rescue party was organized and although they made a thorough search along the trail no trace of the missing man was discovered. On the journey to Davis' camp Stickler was accompanied to the fork of Elk creek, a distance of 12 miles from Warren, by Dan McCrea. At this point the two men separated, McCrea continuing on to his destination at Smith creek, while his companion started on for the Davis camp. Stickler, when he left town, was not prepared for a long journey, having no provisions with him, not even snowshoes to travel the trail. He was warmly clad, however, and told his friends on departing that he would be able to make the trip in less than a day, little realizing when he spoke that he was departing on a journey to death.

Strike at Victor.

It is reported at Victor, Colo., that two feet of good ore has been encountered by Stovkin and associates on the Maggie, located on the west slope of Bull hill, near the head of Eclipse gulch. The ore was found in a drift driven north on the 150-foot level. It has been opened on the level for 10 feet and although well broken up, shows an unchanging value throughout this distance. The assays indicate that the general worth of the rock is $30 to the ton, but by screening and sorting Superintendent Kelso hopes to increase this to $25. Fifteen tons were sent out today for sampling.

MINING NOTES.

Colorado is oil mad.

Yankee Consolidated will pay its dividend of $25,000 on Saturday.

The old board of directors of the Dalton Mining company has been reelected.

Samples from the Johnny's recent big strike fully sustain the reported richness of the vein.

Manager Young recommends the construction of a tramway from the Dalton mine to the mill, a distance of 7,000 feet.

A favorable discussion of Ernest Godbe's patented process for the leaching of fine ores by agitation occurs in the Mining and Scientific Press of San Francisco.

H. A. Cohen has resigned from the presidency and general management of the Con. Mercur company and in all likelihood Hon. John Dern will be elected to succeed him.

The Stone Cabin and Wandering Boy claims at Tonopah, Nev., have been secured by some prominent Salt Lake men by the payment of $21,000. Ore taken from this ground shows some very good values.

Everybody at Nephi is absorbed in the Grand Central-Mammoth suit. So great has the interest become that strangers are watched with a "wonder-what-side-he-is-on" attention that is somewhat embarrassing.

Dr. M. N. Buck and family left here last night for Los Angeles. The doctor is well known here in mining circles and expects to go to Boise for a visit to some properties near there in which he is interested.

It is probable that the capacity of the Annie Laurie mill at Gold Mountain will be doubled in the spring. That district is rightly named, for the whole mountain seems to contain low-grade gold ore, and the Annie Laurie is "in the middle of the bunch."

Articles of incorporation of the North Moccasin Mining company have just been filed at Helena, Mont. The company is partially the result of efforts of A. H. S. Bird of Salt Lake, and is capitalized for $2,500,000. It has acquired the Santiago group in Fergus county, Mont.

Baker City (Ore.) Herald: A very rich copper ledge was recently discovered in the fabulously rich copper belt of the Seven Devils. The ledge is nearly pure copper. Its discovery happened in a singular manner. The Ludiker brothers were out hunting, and having shot a deer proceeded to drag their game down the mountain side. In doing so, the snow and soil were scraped from the rich find, carrying with it portions of copper and exposing a six-foot vein of marvelous richness.

Denver Republican.—Frank L. Moone is at the Albany hotel with his pockets full of ozokerite. Mr. Moone is in Denver to exploit his property, which is located in eastern Utah near the Rio Grande Western railroad. He owns a section of land there, and it is upon this tract the ozokerite mine is located. The mineral is found in veins about 60 feet below the surface. Mr. Moone says that very little of the output of the mine has been sold as yet, but he has shipped 2,500 pounds of it to Germany, where it brought 11 cents a pound.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about $1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. Godbe-Pitts Drug Co., corner Main and First South streets.

Careless in Transmitting Money.

Washington, Jan. 29.—Remarkably careless practices in the transmission of large amounts of currency by mail to Cuba are complained of in a report received today by Postmaster General Payne from Director General Fosnes of the Cuban postal service. The registered mail is being regularly and largely used for the transmission of money between the United States and Cuba. Mr. Fosnes says that with liberal use of strong paper, twine and sealing wax it is possible to so wrap these packages that they cannot break open and "subject officials to unwarranted stress of temptation."

Mr. Fosnes reports: "Yesterday there was received in Havana in transit to Cienfuegos from the National Bank of Commerce of New York city a package bearing $7.44 in postage and weighing 23 pounds, and which may have contained a half million dollars in currency. Through openings in the package protruded large bills in plain sight of a dozen clerks. The railway mail clerks probably learned of the contents from the Havana clerks and tonight the package may be lying outside the safe in the Cienfuegos postoffice by reason of the size of the parcel. Only last week the attention of a local bank was called to the insecure manner in which three packages from New York, each containing $20,000 in currency, had been prepared for mailing. The paper wrapper was worn and the money exposed to plain view. The normal risk in the mails of enormous sums of money is great enough and should not be increased by the ocular revelation of the contents."

GAINS SMALL BUT UNIFORM.

Professional Traders Realized on Yesterday's Purchases.

SOME SPECIALTIES YIELDED

Reaction in Amalgamated Copper and Sugar Caused Whole Market to React.

New York, Jan. 29.—There were quite uniform gains of a small fraction, running up to ½, scattered all through the list in the opening dealings. Amalgamated Copper rose ⅝. Professional traders realized on yesterday's purchases and their sales were large enough to wipe out the opening gains. Some of the prominent specialties yielded below yesterday's close, notably Amalgamated Copper, Sugar and People's Gas. When pressure against the specialties relaxed buying developed in the Southern Railway stocks. Blocks of 3,000 or 4,000 shares of the preferred were bought, advancing it over a point. The general market became firmer and the western and Pacific stocks rallied. Great Northern preferred rose 2¼. The whole market reacted again when Amalgamated Copper and Sugar were forced a point under last night. The movement generally was very narrow both ways.

Bonds were moderately active and firm.

The general market was dull and heavy after mid-day. Smelting preferred gained a point.

MONEY AND BONDS.

Money on call nominal, at 2@2¼ per cent. Prime mercantile paper, 4@5 per cent. Sterling exchange, steady, with actual business in bankers' bills at 4.86⅞@4.87 for demand, and at 4.84½@4.84⅝ for sixty days. Posted rates, 4.85@4.88; commercial bills, 4.83⅝@4.82⅞.

Mexican dollars, 44¼.

Government bonds, steady. Ref. 2s, reg. and coupon, 108⅜; 3s, reg., 108; do., coupon, 108⅜; new 4s, reg., 139; do., coupon, 140; old 4s, reg. and coupon, 111⅞; 5s, reg., 106; do. coupon, 107¼.

Bar silver, 55⅝.

SUGAR.

Sugar—Firm. Fair refining, 3⅝; centrifugal 96 test, 3 11-16; molasses sugar, 2 15-16; refined, firm; crushed, 5.25; powdered, 4.85; granulated, 4.75.

Coffee—Barely steady. No. 7 Rio, 5 13-16.

LIVE STOCK.

CHICAGO.

Chicago, Jan. 29.—Cattle—Receipts, 15,000, including 1,000 Texans; slow. Good to prime steers 6.50@7.40; poor to medium 4.00@6.00; stockers and feeders 2.25@4.50; cows 1.25@5.00; heifers 2.50@5.50; canners 1.25@2.30; bulls 2.25@4.50; calves 2.50@6.50; Texas fed steers 4.05@5.25.

Hogs—Receipts 28,000; tomorrow 25,000, left over 1,800; strong. Mixed and butchers 5.80@6.30; good to choice heavy 6.15@6.40; rough heavy 5.90@6.10; light 5.60@5.90; bulk of sales 5.90@6.20.

Sheep—Receipts 18,000; sheep steady; lambs stronger. Good to choice wethers 4.30@5.00; fair to choice mixed 3.75@4.40; western sheep 4.00@5.00; native lambs 3.50@6.00; western lambs 5.00@5.30.

KANSAS CITY.

Kansas City, Jan. 29.—Cattle—Receipts 9,000, including 200 Texans; steady. Native steers 5.00@6.55; Texas and Indian steers 4.00@5.35; Texas cows 2.50@4.25; native cows and heifers 2.75@5.25; stockers and feeders 3.50@4.85; bulls 2.50@4.50; calves 4.00@6.25.

Hogs—Receipts 11,000. Market strong. Bulk of sales 5.50@6.40; heavy 6.40@6.50; packers 6.00@6.40; medium 5.90@6.35 light 5.40@6.15; yorkers 5.25@6.00; pigs 4.50@5.25.

Sheep—Receipts 4,000. Market steady. Muttons 4.00@5.00; lambs 5.50@6.00; ewes 4.00@4.50.

OMAHA.

South Omaha, Jan. 29.—Cattle—Receipts 3,000. Market steady to strong. Native steers 4.75@6.75; cows and heifers 3.00@5.40; Texas steers 3.50@4.40; cows and heifers

canners 1.75@2.90; stockers and feeders 2.80@4.60; calves 4.00@7.00; bulls, stags, etc., 2.25@4.50.

Hogs—Receipts 10,000. Market shade lower. Heavy 6.00@6.30; mixed 5.95@6.10; light 5.60@6.05; pigs 4.50@5.50; bulk of sales 5.90@6.10.

Sheep—Receipts 2,400. Market steady. Fed muttons 4.05@5.00; westerns 3.75@4.25; ewes 3.50@4.10; common and stockers 2.75@4.25; lambs 4.50@6.00.

DENVER.

Denver, Colo., Jan. 29.—Cattle—Receipts 250. Firm. Beef steers 3.50@5.25; cows 2.50@4.00; stockers and feeders, freight paid to river 3.00@4.50; bulls, tasgs, etc., 1.50@3.00.

Hogs—Receipts 250. Steady. Light packers 6.00@6.10; mixed and heavy 6.10@6.30.

No sheep.

PRODUCE.

CHICAGO.

CHICAGO.

Chicago, Jan. 29.—On the produce exchange today the butter market was firm; creameries, 15@25; dairies, 14@20.

Cheese—Steady, 10¼@11.

Eggs—Firm; fresh, 24½.

BUSINESS NOTES.

Today's bank clearings amounted to $409,040.70, as against $448,609.06 for the same day last year.

* * *

The Zion's Savings Bank and Trust company sold today, lots 21 and 22, block 8, Forest Dale addition to Oliver F. Bunch for $300; also, to Albert B. Wyler, lots 23, 24 and 25, block 8, same addition for $450; also, a brick house and half an acre of land to Mrs. Isabella C. Webb for $1,500.

* * *

J. C. Cutler, Jr., said today that the statement yesterday of J. Pierepont Morgan as to the prosperity of the country and the fact that it has come to stay, coupled with the fact that the falling down movement in the general stock market has ceased, will have a most excellent and healthful effect on the stock market in Salt Lake City.

* * *

The agents of the Wells-Fargo and Pacific Express companies in this city, both agree that the business of their respective companies this month is a marked advance on the corresponding month of a year ago.

* * *

The state board of corrections has let the contract to the Salt Lake Electrical Supply company for furnishing the electric material for the state prison at $1,007.01—and don't forget the one cent. The work of installation will be done by the convicts. The board will put a hot water heating plant in the new administration building in the spring.

* * *

The National Bank of the Republic's postponed election results in the choice of the following directors: Frank Knox, George A. Lowe, J. C. Lynch, S. B. Miner, Henry Phipps, G. S. Holmes, Stephen Hays, James A. Muray and Thomas Kearns. The directrs elect Frank Knox president, George A. Lowe vice-president and W. A. Adams, secretary.

* * *

R. P. Morris has sold to Daniel Wolstenholme for $4,000 an undivided one-third interest in a lot running through the block bounded by Fifth and Sixth South streets and Third and Fourth West streets.

* * *

The last issue of Dun's Review says of business conditions in this city: "Jobbing business is fairly satisfactory for the season and lack of snow does nto tend to encourage heavy purchases. Jobbers, however, report a satisfactory business in staples of all kinds, and a fair trade is had in groceries, hardware, drugs and notions. Satisfactory spring orders are being booked, and a few houses are beginning to make spring shipments. In the local sugar market the situation is quiet. Retail trade is a little slow. Collections are fair."

* * *

Bradstreet's gives the following schedule of reasons why business failures occur, with comment on the same:

"A—Due to faults of those failing.

(1) Incompetence, (irrespective of other causes).

(2) Inexperience (without other incompetence).

(3) Lack of capital.

(4) Unwise granting of credits.

(5) Speculation (outside of regular business).

(6) Neglect of business (due to doubtful habits).

(7) Personal extravagance.

(8) Fraudulent disposition of property.

B.—Not due to faults of those failing:

(9) Specific conditions (disaster, etc).

(10) Failure of others (of apparently solvent debtors).

(11) Special or undue competition.

Of the failures reported in the United States during the past year 71.4 per cent. were reported due to one or more of the first eight mentioned causes—in other words, more than seven-tenths were due to faults of those failing, while 28.6 per cent. were due to faults of others. This, it is to be noted, is rather a different showing from that made in 1900, when fully 77.4 per cent. was due to faults of the traders themselves and 22.6 per cent. was due to faults of others. The closest approach to this showing made of recent years is found to be that of 1898, when 70 per cent. was due to faults or weaknesses of the traders themselves and 30.3 per cent. to others.

WELL, WOULDN'T THAT FREEZE YOU?

The idea of a dealer sending you coal which you couldn't burn and then not offering to change it for you. Let us tell you—leal at the "money back" place.

Burlington Route

BURN THESE FACTS INTO YOUR BRAIN.

The direct line from Denver to the East is the Burlington Route.

It is 30 miles shorter than any other line.

The running time of its fastest train, Denver to Chicago, is 27½ hours. No other train makes faster time. No other train is so uniformly "on the dot."

Burn these facts into your brain. Some day they will be useful to you.

Burlington trains leave Denver 4 p. m. and at 10 p. m. for Omaha and Chicago; at 3 p. m. and 10 p. m. for Kansas City and St. Louis.

Tickets at offices of connecting lines.

TICKET OFFICE,
79 W. SECOND SOUTH ST.
Salt Lake City.

R. F. NESLEN, General Agent.

P. S.—Thro' sleeper to Omaha and Chicago leaves Salt Lake City at 3:15 p. m. daily.

BEST ROUTE. MOST RELIABLE. QUICKEST and SAFEST BETWEEN OMAHA & CHICAGO
