NO SUNDAY BALL IN HOOSIER STATE

Supreme Court Decides that Six Days are Enough.

LOCAL AND EASTERN NOTES

Patterson Gives the Beam-Eaters Some Rocky Horse Hide Hunting—Brooklyn Now Leads.

The game on Saturday between the Short Line and Salts is setting the residents agog and stirring up quite a respectable amount of excitement. A crowd is expected that will put any previous Sunday record in the shade.

The Salt Lake-Short Line game on Sunday has been postponed so as to throw open the main line and the deep canal to the sailboaters and the sailors who will like nothing better than cutting the dikes and let the Fort. No reply has been received as yet from General Schofey to the invitation to attend the spectacle.

* * *

The chief feature at the Lagoon on Decoration day will be the Short Line foot race that is scheduled to take place. The diamond is in splendid trim and the bleachers and grandstand are so arranged that no spectator can intrude on the ground, however much he may want to range with the angels.

* * *

The midweek month ball game between the home team and the city will be played on the University campus at 4 p.m. instead of 1:30, as previously announced.

* * *

A match game scrimmed from the "Nine" employes gave the Z. C. M. I. nine a pleasing game on the diamond, to a good sized crowd. Incidentally the "Nine" team had some practice on the field. When Jackson relieved Clark the latter was seen the Z. C. M. I.'s and it runs called, to six innings. The "Nine" failed to add any to the third, and consequently was whitewashed with a four bun trunk.

* * *

The Z. C. M. I. boys are talking long and loudly regarding the trip to Idaho City Oreg. Co. employes have taken water. The following is self-explanatory:

M. Yan. Marquette—I regret very much to be compelled to withdraw my challenge for the game of ball on Decoration Day, with your team.

Some of my best players, and those who belong to the Clerk's union, refuse to play ball on account of your nine not being in the W. P. M. closing movement. If, however, circumstances change, we would be glad to play the game at any future date. Respectfully,

D. H. WOODMAN.

* * *

On and after Memorial Day the Short Line and Salt Lakes have to dates for baseball. However as the Y. M. C. A. B. Ld. Nine and Park City propose to make their maiden bow to the public within a few days, undoubtedly the public will not be kept waiting long.

* * *

The Indiana Supreme court yesterday decided that there should be no Sunday baseball in the Hoosier state in future. Some residents in that State will probably not visit baseball for received a black eye, the majority of decent people will receive the decision with approval. Unless something is done to put a stop to the violation of the law in Utah, in the form of the reporting records of baseball games on every Sunday during the years and others who indulge in betting and general disorderly disposition outside of the city limits, baseball in the Beehive State will essentially receive a "black eye."

* * *

Schreckengost, the new-old catcher on the St. Louis team, is not in the best of condition. He is at the St. Louis grounds every morning getting into form.

* * *

Manager Watkins now hails Tom McCreery as "one of the star outfielders of the league." And he says alongside such a finished artist as Donovan.

* * *

Catcher Vaughn does not think that Mike Griffin will add any strength to the St. Louis team, in fact, Vaughn considers Stenzel the more valuable player.

* * *

For the second time this season St. Louis has dropped to second place on the average list, not because they lost more games than Brooklyn, but because they lost more with Baltimore yesterday, and simply that Brooklyn has played one game more this season than Tebeau's Nine. Now St. Louis has played 30 games, Brooklyn 31 games in 41 matches. The Grays pounded their way to victory with Cincinnati, and when the game closed the score stood 7-4. Baltimore likewise proved too strong for Pittsburg for bitter hating beaten by 9-2. At Louisville the home talent failed to find the Brooklyn's pitcher and went down before a hot score of 8-2. The Chicago-Philadelphia game resolved itself into a veritable sleeping match in favor of the Quakers 11-10, while Cleveland succeeded in beating by romancing Washington to the time of 4-2.

TWO MORE PROFESSIONALS

Ivor Lawson and Turville Wire Their Entries for the Wheel Races.

"Terrible Swede" also Enquires for a Guarantee—Local Men All Agog Over Events.

It can be safely assured that the invasion of Salt Lake City by the indefatigable and energetic professional wheelmen is practically an accomplished fact. Words of the leading cracks of America will probably attempt to sweep down on the dollars that are hung up for Decoration Day at the Calder's Park track next. If anything should transpire that they should fail to reach this city in time for the events of May 30, Cicero Evans says there will be no difficulty in arranging for a special meet for their particular benefit.

The bunch of fast racing men in Minneapolis and San Francisco yesterday afternoon and evening spent quite a few dollars in telegrams of enquiry regarding the track events in this city.

The first dispatch to arrive was as follows:

Sacramento, Cal., May 19, 1890.

J. P. Gunn, Salt Lake City, Utah: Enter Ivor Lawson, Chas. Turville, all professional races.

(Signed) CHAS. TURVILLE.

These two men will positively appear and be among the starters next Thursday, for the C. A. C. C. rules require that a racing man must ride under some strenuous method adopted by the referee.

John Lawson, the "Terrible Swede," has not sent in his entry, but from the following dispatch which was received yesterday he undoubtedly intends to be in the game that he will have some checkers to reach after. His enquiry reads as follows:

San Francisco, Cal., May 19, 1890.

Charles Smith, Jr., Salt Lake City, Utah: Can you guarantee me anything? Will guarantee free professionals.

(Signed) JOHN LAWSON.

Apparently there are two crooks of crooks, one in San Francisco and the other in Sacramento, both proposing to contribute for the prizes on Memorial Day in which event the local wheelmen will have the privilege of seeing seven big men sweep over the handlebars.

The most optimistic think that they have a "pudding" and a chance to pick up expenses en route for the East, is not all be lightly passed. In the meantime the local talent are training harder than ever and to their astonishment finds that they dream of sight and dream seductive visions of leading and down the homestretch and over the tape. Notwithstanding the records the visitors have, the home professionals are not to be underrated, some of the cold that is hung up.

* * *

Sherman has ambition. He wants to try conclusions with the "Terrible Swede" for a Twenty-five or fifty mile race, but unless he gets himself in the pink to be one of the best long distance riders in the country, from his appearance on Monday, he is evidently looking for an exhibition race and the local man is anxious to accommodate him on the following conditions: Sherman and Emery to star together on one side of the track, and Lawson to start from the opposite side of the track. Twenty-five or fifty miles, still Sherman and Emery were caught or had slightly distanced at the end, he is definitely agreed to the proposal as yet.

* * *

The prizes for the track races are now on exhibition in a dozen here clothier's windows. The first prize is a handsome silver pitcher, the second prize is a diamond scarf pin valued at $75, but the actual cost of which was $50, the third prize is a handsome Bridal valued at $15 (cost and not least as one hundred and one dollars and twenty dollars for the first to cost.

Has the Utah sportsmen stayed true to their first love, Salt Lake City would have been given the go to by the track racing fever. But with a L. A. W. Meet on at the C. A. C. C. and N. C. A. riders would have been barred from competing in the race meets, it is apparently the Western League is a good thing but it is to be hoped that Sunday racing will not be a feature of the new departure.

L. A. W. RACING BOARD.

Several Changes in the Racing Rules Agreed Upon.

New York, May 19.—The racing board of the League of American Wheelmen finished its labors here tonight, the members have been in session for two days. All of the members of the board were present except W. L. Imy of Denver.

Several changes in the racing rules were agreed to, and the new rules will be published in Monday's issue. The instruments were made regarding what would be done to the riders who have raced at unauthorized meets. It was decided to suspend, but that all of them will be disciplined.

The board decided to offer a special prize for a competition to the amateur at meet in Boston. This will be in addition to the regulation prizes. An effort will be made to decide upon the best all-round rider, and with this object in view there will be three races, one a one-mile pursuit race, one a two-mile pursuit race, and another a fifteen-mile paced race, the winner of two of the three races to be known as the all-round champion.

The board will encourage interstate championships that will land the winning teams at the national meet. The divisions may pay the expenses of these teams.

The national circuit will start in the west in June, and more will be held prior to the international meet at Montreal and Boston. The dates are as follows: Terre Haute, St. Louis, (two meets), Chicago, Ottumwa, Iowa, Janesville, Wis., and the two meets in Michigan on dates yet to be selected.

After the national meet at Boston, the circuit will include Philadelphia, New York, Wilkesbarre and Providence.

WILES AND HIS WILES.

Pretty Love Scene Interrupted by an Irate Wife With a Cue.

The crowed proscenium indulged in a scandal in high life in which a lady with a grievance made her lord and master over the co-trusts with the butt end of a billiard cue. That Mr. Jim Wiles, the celebrated billiard king of the morgue is undoubtedly entitled to the good material that Dame Nature put into the composition of his cranium for his better three-quarters evidently struck with a vim that filled Wiles to the floor of his billiard emporium in the Naylor building on Main street and laid open his scalp in an artistic fashion that caused the crowd to rush to the aid and several inches of cut-gut to sew up.

The colored couple operate the Workingmen's club aforesaid. The club has received considerable notoriety during the past two months by the strict application under the gambling laws that was provoked against the institution by Mr. Wiles.

The trouble, according to more colored people who pretend to know the facts, originated in the dispute between Mr. Wiles and his better half, where Mrs. Wiles is alleged to have caught her spouse trying his wiles on a most comely damsel, and at the stage of the proceedings the outraged wife gave her husband a good coupe-de-tête with the cue, which caused him to the club room, where the discussion waxed long and hot. Finally the injured wife left the club room with hasty and conveyed a mane shot, with the consequence that the affrighted husband ran to the police station and told him out domestic. Officer Hamels attempted to investigate, but was not allowed to enter. And had to chase himself round the block.

No arrests.

THE SIXTEENTH INFANTRY.

Will Pass Through Ogden on Friday Enroute to the Philippines.

Advices received in this city late yesterday afternoon were to the effect that the Sixteenth United States infantry formerly stationed at Fort Douglas, would pass through Ogden on Friday afternoon next, en route from Fort Crook, Neb., to the Philippine Islands. The regiment consists of 50 men, officers included, and as they are well known in Ogden and Salt Lake, among whom they resided for some years, a good many will go up to meet them. For this purpose the Oregon Short Line has arranged an excursion leaving here about 3:45 on Friday.

SALT PALACE ITEMS.

The Salt Palace Services have offered a prize of five dollars for the best design of a button for wearing during the ensuing year. Work on laying out the grounds was done yesterday. Work on the structure will begin in a day or two. An offer of $5 for the use of the grounds on Saturdays for attractions until the time for the opening, was made yesterday. A 11 Nash has been selected as collector agent.

A Flower of Mission.—In many instances a persistent cough follows an attack of measles. In speaking of this Mr. Walter B. Reel, editor of the Elkin (N. C.) Times, says: "Two years ago I had an attack of measles which left me with a bad cough. I took several bottles of Chamberlain's Cough Remedy and the cough has entirely disappeared. I consider Chamberlain's medicine the best on the market."

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the cancer or tumor—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, and I felt certain it would go on to some great alarm. The disease seemed to baffle the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I knew how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.) which, from the first day, turned out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Ivey, Winston, N. C.
