MINES AND MINING.

Little Pittsburg the Center of Attraction at the Exchange.

138 SALES REACH 27,100 SHARES.

One Thousand Shares of Great Eastern Sold—Pollock's Weekly Review—Dips and Spurs.

Had it not been for Little Pittsburg stock today, the Salt Lake Stock and Mining exchange would have come nearly scoring a goose egg. The listed stocks were wholly unnoticed as far as sales are concerned, and when the unlisted call was reached, there was nothing left to do but to fall back on that stock of stocks—Little Pittsburg—in order to save the exchange from having it recorded that on Friday, February 21st, 1896, practically nothing has been done in the way of selling of mining stocks.

The listed stocks remained about stationary in the way of quotations, and aside from an offering of $54 for 50 shares of Centennial-Eureka and $5.12½ for 25 shares of Daly-West, nothing unusual occurred.

When Little Pittsburg was called for, however, the calm which pervaded the selling of listed stocks, gave way to a storm. It started out with the sale of 100 shares at 5 cents—a figure which afterwards proved to be a little to advance of the market—Sheets to Harkness. Then 5½ cents was bid and the battle had commenced in real earnest. Bhold, said, sold was heard on every hand, Broker Airis, who by the way, is president of the company, being prominent in the buying of it, first at 5½, then at 5¾ and finally at 5¾, at which figure he announced his willingness to take all that was offered. At the close of hostilities it was ascertained that 27,100 shares had changed hands.

A large number of other unlisted stocks were called and quotations made, but none scored sales but Great Eastern, Harkness disposing of 1,000 shares to Colburn at 20 cents.

The closing figures were as follows:

POLLOCK'S WEEKLY REVIEW.

A Satisfactory Increase in Local Stock Market Business During the Past Week.

James A. Pollock says in his Weekly Mining Share Market letter today:

Business in the local stock market during the past week was marked by a very satisfactory increase in business over that of the previous same period, the improvement being on both local and outside orders. Prices were very well sustained, some of the heavy stocks making very creditable advances in prices.

Ajax is pulling out some very high grade gold ore and the properties are reported to be in very good shape. Alliance has levied another assessment of 10 cents per share, being the twenty-first. Some work is being done in the properties of the company. Another developed a strength which it has not had for some months bidding being made as high as $2.50. The development with the diamond drill is expected to show up some good ground.

Regan stockholders seem a little nearer to a settlement and some agreement will probably be reached during the coming week. Bullion-Beck paid its monthly dividend of $25,000, or 25 cents per share on the 15th. Preparations are also being made for the prospecting of new territory in the Bullion-Beck properties with a diamond drill. The management reports the recent uncovering of splendid ore bodies, and the mill is doing good work.

Continental Eureka was very strong at advanced quotations. Small blocks could have been sold at $54, while bidding on heavy amounts was very spirited. Very little indeed of the stock is being offered. Dalton has levied an assessment of 1 cent per share, but the stock about held its own during the week. The money to be raised will be devoted to the payment of the company's debt and the development of the properties, which are reported to be in good shape and capable of ore shipments as soon as the snow leaves. Daly has not declared a dividend yet, but one is still expected. The president of the company states that its treasury contains $193,700, while there is some $150,000 tied up in coeur d'alene bullion. Splendid developments in the properties of the company and its neighbor, the Daly-West, have given the stockholders of both companies great encouragement. The Daly-West is reported to be showing up greater and richer ore bodies than at any time in its history.

The Geyser mines are looking well and the mill is doing good work, but the stock did not show much strength during the week. Alice silver will sink its main shaft from the 1,000 to the 1,700 foot level and thereby open up some new and evidently rich territory. It is also anticipated that the sinking of the shaft will develop sufficient water to operate the company's plant, which would be a great saving. Shipments continue about as usual. Little Pittsburg was very heavily traded in and the quotations were on the advance. An assessment of one-half cent per share will probably be levied, but the well posted do not anticipate that this will weaken the stock, but on the other hand hold that it will improve the price. The company has a first-class board of directors now.

Mammoth was very strong, sales being made at considerably advanced quotations. The company is now out of debt and with the high grade ore on the 1,400 foot level should be able to make a splendid record of production. Mercur paid its regular $50,000 dividend yesterday. This stock also advances very well, selling considerably above $7.50, with very little of the stock offered.

Ontario was strong, with limited trading. Never did little customer, but the stock was stronger than during the previous week. Silver King came out in very limited amounts, the stock being held very strongly at $18.25. For no good reason Sunshine was slightly weaker. The mill is doing very satisfactory work and the returns seem to give the heavy holders a small degree of pleasure. Preparations are being made for putting in tanks sufficient to increase the capacity of the plant at once to 150 tons. Tetro was considerably stronger. Work at the properties continues with vim and renewed vigor and the face of the tunnel is in splendid ground. The Godiva, its near neighbor, is now making regular shipments of high grade ore. The shaft on the Gold Dust is going down through good looking ground. Utah has just paid a double dividend of 2 cents per share, or $2,000.

Dips and Spurs.

A strike of cinnabar-bearing quartz is reported in the Free Coinage group at Granisville, at a depth of 50 feet.

Tomorrow being Washington's birthday and a legal holiday the members of the stock exchange will take a needed (?) rest.

The yellow metal is being eagerly sought after by the residents of Brockton, who are confident in their belief that that is the proper place to look for it.

A special to this morning's Tribune from Cheyenne, Wyo., reports a rich gold strike near Granite canyon, a small station on the Union Pacific, twenty-one miles west of Cheyenne.

Mining and prospecting in Skull valley is being pushed with all possible energy, and if fortunes are not unearthed in the season, it will only be because they are not there.

The aggregate in dividends paid by the Mercur Mining company was yesterday ordered swelled to $400,000 by the distribution to its stockholders today of $25,000—the sixteenth monthly "divvy."

SUMMONS.

In the District Court in and for the Third Judicial District of Utah Territory, County of Salt Lake.

Anna M. Pack, plaintiff,
vs.
Hyrum Russell Pack, defendant.

The People of the Territory of Utah send Greeting to Hyrum Russell Pack, defendant.

YOU ARE HEREBY REQUIRED TO APPEAR in an action brought against you by the above named plaintiff in the District Court of the Third Judicial District of the Territory of Utah, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county, or, if served out of this county, but in this district, within twenty days; otherwise within forty days—or judgment by default will be taken against you, according to the prayer of said complaint.

The said action is brought to have a decree of the court dissolving the bonds of matrimony existing between plaintiff and defendant, adjudging that plaintiff was the innocent and defendant the guilty party, and that the custody of the minor children, namely, Mary Ann Pack, aged about 7 years, and Ella Pack, aged about 5 years, be awarded to the plaintiff, and for such other and further relief as may be just and proper.

And you are hereby notified that if you fail to appear or answer the said complaint as above required, the said plaintiff will apply to the court for the relief demanded therein.

Witness, the Hon. Orson A. Merrill, Judge, and the seal of the district court of the Third Judicial District, in and for the Territory of Utah, this seventeenth day of December, in the year of our Lord one thousand eight hundred and ninety-five.
