EDITORIAL EXCURSION.

Strong Letters of Encouragement.—Prospects Are That It Will Be a Great Outing.

Mr. A. B. Tuttle received letters this morning from Columbus, New Mexico, and Prescott, Arizona. The Missouri Pacific Ry. company will be glad to arrange transportation in exchange for advertising and wishing for a prosperous meeting and an enjoyable time. J. F. Pringle of Hazelton, Pa., sends letter regretting that he will not be able to attend this year, but assuring his journalistic friends of this city that he will try it and see them next year, the weather and health permitting.

Felix Martinez, councilman from the second district of the Territorial legislative assembly of New Mexico and editor and proprietor of *La Voz del Pueblo*, the leading Spanish journal of that territory, saying that he has transportation to Denver, and asking for tickets from there on.

J. C. Martin, secretary of the Associated Press association, sends the following letter:

Mr. A. B. Tuttle, Corresponding Secretary U. P. A., Salt Lake City, Utah:

Dear Sir:—Your very cordial invitation of August 7 to visit your city August 27 and 28 at hand, and I assure you it would afford me the greatest pleasure to visit your city on the occasion of the meeting. For years I had a great desire to visit Salt Lake, having heard so much of its beauty as well as the cultivated hospitality of its people, and I will sure I could not select a more auspicious time for a visit than when such an assemblage as will meet on the above date assembles. Although it is less than two weeks until I would have to start, I cannot tell yet whether I can get away or not. If, however, you can provide with transportation from Denver and return to that point, over the D. & R. G. railroad, which I understand is the most continuous and direct route (as I say possibly second—certainly if my health and business will permit my attendance. The transportation could be arranged, slowly, to be sent for to Denver in our Chicago office, but would take to hardly reach before August 20, if it is all right. I can get transportation, I think, to Denver over the Santa Fe.

I write this day to the president of our press association, Mr. M. J. Dorrington, editor of the Yuma Sentinel, and perhaps a month or will for you to send him an invitation direct, if not already done. In addition to the pleasure a visit to your beautiful city would afford, I appreciate the advantage to be derived from meeting members of the Associated Press throughout the length of the great west. Mention is made in the issue of the Journal Mirror of this date, of this meeting, a copy of which I send you by this mail.

With best wishes for the success of this meeting,

I am your respectfully,

J. C. MARTIN,
Secretary Associated Press Association.

The Commercial Tribune and Public Progress of Aug. 15 contains an item entitled "A Big Convention," in which they state that it will no doubt be the largest gathering of newspaper men ever held in the West, and setting forth the attractions that Salt Lake offers to the editors.

E. M. West, of the Ogden Standard, has just returned from Colorado, where he has been in the interest of the convention, and he says that all of the newspapers in that state will be represented at the convention. The boys in that state are exceedingly jubilant over the affair and declare their intentions of visiting this on that occasion.

The Columbus Express (Montana) of Aug. 15 has a half column article setting forth the benefits to be derived from attending the convention, and referring to the present political situation in Utah, and stating that at this time especially it will be very interesting to visit the Territory of Utah.

A stately lesser in the procession of American food products is Dr. Price's Cream Baking Powder.

Lauded by Mothers.

Last evening burglars entered the office and residence of Dr. C. A. Morman, in the Shaver block, at about 8 o'clock, and escaped carrying with them a number of articles valued in all at $100. Among the goods stolen were two pair of Yosemite opera glasses, silver knives, forks, spoons, cups and cake baskets. The perpetrators seemed to leave no clue upon which the police could work.

Marriage License.

Today a marriage license was issued to Charles Lionel Cale and Geraldine Brown, aged 24 and 18 respectively, and both of Murray. After receiving the license they were made man and wife by Judge McNulty.

AMUSEMENTS.

For two nights commencing Friday, August 23, Hoyt's A Black Sheep will be presented at the Salt Lake Theater. Otis Harlan is the star of the organization, while the balance of the cast includes Joseph Frances, Wm. Devere, Joseph Nater, Fanny Johnson, Lizzie Moore, Hattie Wells and others.

It is understood that for the coming season at the Theater dramatical presentations of the highest order will be the general rule.

Coming West.

Esther Lyons, the celebrated leading emotional actress, who has starred several seasons, has been engaged to impersonate the leading female role, and Annie Ward Tiffany, the celebrated Irish comedienne, who has started in her own plays for the past few years, has been engaged by Manager Eugene Robinson for the great Irish part of Mrs. McCann in Wm. Gill's latest domestic musical comedy, A Fallen Gail. Miss Tiffany's greatest success was a Dinky House in The Shadows of a Great City, but she expects to make a greater hit in this character. The company is coming west this season.

Brewery Blaze.

There was a blaze at the Salt Lake Brewery last evening shortly before 8 o'clock which threatened the destruction of that institution. The fire started in the roof. The department was called but not on its arrival at the brewery the flames had been completely extinguished.

New Passenger Time Table.

The following changes in the Union Pacific passenger train time table, effective tomorrow, have been announced:

No. 4, the train for Ogden, Butte and Portland, will leave at 4:15 p.m., instead of 4:55 p.m.

The train for the south will leave at 7:15 a.m., instead of 7:45 a.m.

The train from the south will arrive at 4:05 p.m., instead of 4:45 p.m.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A proper use of this medicine has often averted long and fatal illness. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents a bottle. Z. C. M. I. drug department.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Ilmendale, Mich., we are permitted to make the extract "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Hives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Z. C. M. I. drug department. Regular size 50c. and $1.00.

Excursion Rates for Students to the Brigham Young Academy.

The B. Y. Academy opens its twenty-first academic year on Monday, Aug. 19, 1895. The first two days will be occupied by examinations and registration. Regular class work will begin in all departments Wednesday morning, Aug. 21st. Where ten or more students present themselves in a body a rate of two-thirds the regular fare to Provo can be obtained from any station. Where thirty or more present themselves, a half-rate can be secured. In order that there may be concerted action, it is suggested that all people from whom Provo can be reached in one day, students present themselves at their respective stations Monday, Aug. 19. From points that would require two days, we can hand Monday, August 18. It will be necessary for one student to act as agent and do the company a service thus. In all cases where students are charged full fare, take a receipt for the amount paid in each case, and perhaps a rebate can be secured.
