This Means Business.

On the principal line of the Chicago, Milwaukee & St. Paul railway passenger trains are electric lighted, steam heated and protected by block signals. With these modern appliances, railway traveling at high speed has reached a degree of safety heretofore unknown and not attainable on roads where they are not in use. Electric lights and steam heat make it possible to dispense with the oil lamp and the car stove. Block signals have reduced the chances for collisions to a minimum by maintaining an absolute interval of space between trains. For safety, convenience, quick time and close connections at Chicago for all points east these are some better. For maps, time tables, etc., call on or address L. L. Downing, Gen'l Agent, 212 south West Temple street, Salt Lake City.

THE STATE'S SCHOOL CHILDREN.

Census Returns Show an Aggregate of Eighty-One Thousand.

The school census returns of the state for the year 1897-8 have been compiled by superintendent of Public Instruction Park. They show an aggregate of 81,035, an increase over the preceding year of 2,026. Of these 78,451 are able to read and write, 78,132 are in attendance upon the district schools, 9,030 are out of school. The colored children number 151 and the whites 81,884; there are 41,001 boys and 40,034 girls. The superintendent's report is as follows:

County.	School population.
Beaver	1,[illegible]
Box Elder	2,[illegible]
Cache (outside of Logan)	2,[illegible]
Carbon	[illegible]
Davis	3,[illegible]
Emery	[illegible]
Garfield	1,[illegible]
Grand	[illegible]
Iron	[illegible]
Juab	2,[illegible]
Kane	[illegible]
Millard	1,[illegible]
Morgan	[illegible]
Piute	[illegible]
Rich	[illegible]
Salt Lake (outside the city)	6,[illegible]
San Juan	[illegible]
Sanpete	3,[illegible]
Sevier	2,[illegible]
Summit	[illegible]
Tooele	1,[illegible]
Uintah	1,[illegible]
Utah (outside of Provo)	[illegible]
Wasatch	1,[illegible]
Washington	1,[illegible]
Wayne	[illegible]
Weber (outside of Ogden)	3,[illegible]

The school population of Salt Lake City on July 1st of this year was 12,[illegible]; Ogden, 3,[illegible]; Logan, 1,[illegible], making a total for these cities of 22,174, and of all the cities and counties in the state 81,035.

The returns of 1896 showed 80,[illegible] children of school age and a total population for the state of 207,905. In 1895 of one child of school age to 3.4 persons of the total population. The State census of 1895 showed a ratio of 3.[illegible]. Compared on the average of these two years, 3.4, the total population of the State on July last should be 2[illegible]. It will be placed at 236,286 or a gain of 62,[illegible] since the Federal census of 1890 was taken.

STATE SHEEP TAX.

Question Involving the Constitutionality of the Law Before Judge Norrell.

Judge Norrell, late Saturday afternoon, heard arguments, on demurrer in the Summit county case, involving the constitutionality of the sheep tax. The case is the same in Summit county, by John L. Boyden, county clerk, against Hanford Gustavson. The complaint sets up that between May 10, 1897, and August 25, 1897, the defendant pastured 5,000 sheep without obtaining license therefor, or paying the license fee thereon as he should have done, by virtue of an ordinance passed on April 26, 1897, by the board of county commissioners of Summit county, requiring that the owner of sheep shall pay a license for pasturing the same on the range. The license imposed an license of 10c and fee thereon 1,000 sheep amounted to $105, for which plaintiff prays judgment. The sheet of the license was to raise revenue and the defendant alleged that such an ordinance was unconstitutional and on that ground demurred to the complaint.

The case is a most important one involving the sum of over $20,000. The county commissioners of a number of counties in the state passed ordinances similar to that enacted by the Summit county people. The amount of the tax varies from 5c to 10c a head on the sheep, and in some counties the amount of money which would be realized from this tax would exceed one-half of the county taxes, and in some counties the amount of money which would be realized from this tax would exceed one-half of the county taxes, and in some counties the amount would exceed the whole expenditures of said counties.

County Attorney Shields of Summit county, and Attorney P. L. Williams made the arguments for the plaintiff, and Attorneys Rich and Lewis and Moyle represented the defendant.

Judge Norrell after hearing arguments took the matter under advisement.

Joseph Jensen Badly Hurt.

Brigham Bugler: Tuesday morning Joseph M. Jensen, the most prominent sheep raiser and dealer in Deseret county, fractured his leg in a peculiar accident. The result is he is laid up with two broken ribs and one badly injured but not serious bruises. It seems he was driving down Forest street alone. As he drove, a team pair of bays, were crossing the railroad near the depot, one of the singles was badly slipped out, letting the single-tree on to the horses' heels. They were up and off like a shot. Turning to the north near the water tank, Mr. Jensen was thrown out of the vehicle striking a stick hard and was painfully hurt as above stated.

Sawing and Logging.

Brigham Bugler: Wm. Jarrett is daily from the settlement this week. He expects to operate his mill near the old twin mill site, some fifteen miles from Brigham, all winter. He is running six men, some 22,000 feet of lumber weekly. Some days he says as high as 4,000 feet. The boys who are now engaged in hauling logs on the ground logs that will make 300,000 feet of lumber. They have no other to haul. The condition of the roads at present will compel them to deliver the entire lumber in Brigham at about $11 a thousand.
