MINING, BUSINESS AND STOCKS.

BUSINESS LIGHT, PRICES STRONGER

Was the Prevailing Condition on 'Change This Forenoon.

CON. MERCUR SELLS AT $1.50

May Day and Other Tintic Stocks in Better Tone—Closing Quotations and Sales.

The week opened with the sale of 11,700 shares of stock which brought the sum of $2,326.50. Con. Mercur opened strong and sold at a higher figure than it has for several weeks, 100 shares going at $1.50 per share. May Day was also in better tone; Wabash exhibited a little more strength and Uncle Sam Consolidated commanded a better price than last week. On the open board Little Bell sold up to $2.50. There was a demand for Silver Shield, but the stock closed lower. No Lower Mammoth was sild, but a bid of 76½ cents was made for it.

The closing quotations and sales were reported as follows:

OVER $600,000.

That is What the Majestic Company Has Expended.

The announcement that the Majestic company's fine smelter at Milford, says the Times, is now about completed and that the development of the mines has advanced to such a stage that the lead furnace will be blown in next month and the copper furnace within sixty days, is most gratifying. We are informed on good authority that this company has expended between $600,000 and $700,000 on the purchase, development and equipment of its properties. It is a smelting plant, one of the most perfect in the west, that cost over $200,000, and is all paid for. In its mines tremendous ore bodies of a profitable grade have been opened up, and the ore supply is sufficient to supply the smelter for some years to come. It would seem that the stockholders who have invested this large sum in the development of our resources are about to reap the reward due them, and certainly all people in this region will rejoice over the prospect.

AT THE JOHNNY MINE.

Company Has Added Ten Additional Stamps to Its Mill.

The Johnny Gold Mining company has placed an order for additional equipment which includes an air compressor, 10 more stamps and five machine drills. It is expected that the machinery will be installed within the next 30 days.

Developments at the mine continue to improve and the company has a larger force of men on its pay rolls than ever before.

New Company Formed.

Articles of incorporation of the Corona Mining company of this city, were filed in the county clerk's office today. Its capital stock is $500,000, divided into shares of the par value of $1 each. B. A. Plummer is president; A. H. Mayne, vice president; B. G. Eaben, treasurer; A. M. Spooner, secretary. The company owns the Garey group of claims located in the Uintah district, Summit county.

To-day's Metals:
SILVER, Bar, 55 1-4 cents
LEAD, $3.50.
CASTING COPPER, 12 3-4 cents a lb.

SUCCESS MADE BY MR. SHERMAN

In Saving Values Contained in Ores Of Daly-Judge Mine.

SMALL LOSSES IN TAILINGS

Lead Amounts to No More Than One Half of One Per Cent—Zinc Contents Less Than Two.

When the matter of transportation is perfected the Daly-Judge mine at Park City will be ready to start out upon a very successful career. That is the most serious drawback at the present time, but the management is now at work to overcome this obstacle; until it is accomplished it will be difficult to keep the mill supplied to its full capacity of about 300 tons per day.

There seems no doubt about the mill making a very satisfactory saving of the values in the ores since the installment of the Sherman slimes settling tanks, such as are in use at the Daly-West. Mr. Sherman has adjusted the plant to the ores, so that the saving is just about as perfect as it can be. The losses in the lead contents has been reduced so as not to exceed one-half of one per cent, while the zinc going into the tailings amounts to less than two per cent.

This is indeed a remarkable change from former conditions. Now with the plant handling a large tonnage, there is apparently no longer any doubt about the Daly-Judge accomplishing great results.

The company is laying some new track in its long tunnel and making other repairs which will enable the speedy movement of ores from the mine to the mill.

There has been some talk of equipping the mine with electric cars and discarding the mule. But no plans along those lines have been decided upon, however, the equipment of the mine in this manner is among the probabilities.

MINING CONCENTRATES.

M. L. Effinger was at the Wolverine mine at Park City yesterday.

George H. Robinson has returned from Montana.

Samuel Newhouse is expected to arrive from Colorado today.

A new boarding house is being erected at the Success mine in Beaver county.

It is said the Dexter company will shortly begin the work of sinking the shaft at its Tuscarora, Nev., property.

The assessment on the stock of the New State Mining company became delinquent today.

The delinquent stock sale of the New York Bonanza Mining company, is scheduled for tomorrow.

Rob Walker, who is extensively interested in the St. Louis-Vassar property at Park City, visited that camp yesterday.

With the addition of the Jay Gould to his Maxfield group, Col. E. A. Wall has territory in this Bingham property comprising over 50 acres.

R. P. Hills, secretary of the Four Metals and Latham mining companies, has returned from a trip to Omaha.

Newton Dunyon, superintendant of the Daly-Judge properties at Park City, returned to camp yesterday morning, after a brief stay in the city.

Henry M. Crowther went up to Alta this morning to give his attention to development work in progress there at the properties recently acquired at the Continental-Alta company.

Samuel Newhouse has purchased an automobile which was upon the streets this forenoon. There are no finer machines in the city.

Development work is forging ahead at the Albion mine at Alta. Manager Hatfield says it will be necessary to drive the tunnel about 1,500 feet before the objective ore zones are penetrated.

The Utah Consolidated dividend will be disbursed next Thursday.

Grant H. Smith, who is largely interested in Stateline properties, has gone for an outing with his family at Brighton.

During the past two weeks teams have hauled upwards of 500 tons of ore from the Yampa dump, destined for the Bingham Con. smelter. It is still being delivered at the depot at the rate of two carloads per day.—Bingham Bulletin.

The Rob Roy tunnel, being run by contract from the Tooele side, is now in about 500 feet and at 700 feet is expected to cut the chute from which years ago $75,000 worth of ore was taken. Manager Billy Ochs reports the tunnel making good progress.—Bingham Bulletin.

Yesterday the Butler-Liberal began shipping a 100-ton lot of first-class ore. It will all be delivered to the cars tomorrow, and probably be followed by another lot next week. The mine will soon be in shape for stoping to begin.—Bingham Bulletin.

Manager Parish has decided that it would be a wise precaution to bed between 1,000 and 2,000 tons of Harrington-Hickory ore at the smelter, to guard against any interruption of the ore supply, from bad roads or other causes. The dumps at the Harrington-Hickory are now being sampled and ore hauling will probably commence at no very distant date.—Milford Times.

Everything at the American Flag is in first-class shape, and work is going on without a hitch. When asked, Superintendent Rhodin stated that he would commence shipping ore from the tunnel level just as soon as arrangements could be made for its handling. For the present the ore will be stored in the bins at the Mackintosh sampler until quantities suitable for shipping are accumulated. The ore runs high in gold and silver values. The shaft is now down 640 feet, with vein ore at the bottom, and Mr. Rhodin is authority for the statement that the mine is "looking fine."—Park Record.

The shipments of ore from the Mackintosh sampler for the past week, as reported by the Record, were:

Daly-West	1,814,000
Creole	38,000
Geord	36,000
Silver King	1,873,240
Total in pounds	3,761,260

SILVER TAKES JUMP UPWARD

White Metal Reaches Highest Point Since February 1902.

BAMBERGER VERY HOPEFUL

For Still Better Prices—Says Much Credit is Due to the American Smelting & R. Co.

The early dispatches from the east noted an important advance in the price of silver, it being quoted at 55¼ cents per ounce, which is the highest point reached since February, 1902. On Saturday settlements were made for the metal on the basis of 54⅛ cents, so the raise in price since then amounts to 1⅛ cents per once; hence it cuts quite a figure in the receipts from the various silver producing mines of this and other states of the west.

President J. E. Bamberger, of the Daly-West mine of Park City, feels very hopeful about the silver market of the future and is one of the many who believes that the metal is going higher; he expresses the opinion that it will eventually reach and settle down to a price somewhere around 60 or 65 cents per ounce.

"I want to say," said Mr. Bamberger this forenoon, "that a whole lot of credit is due to the American Smelting & Refining company for bringing about these better conditions in the silver market. The policy of the company is to secure the bst price that is possible for the producers and it has sought for some time to bring about conditions whereby the making of the silver quotations will be taken away from a crowd of irresponsible brokers over in London. It seems now that the American Smelting & Refining company is accomplishing its purpose and that in the future the little coterie over on the other side of the Atlantic will lose their jobs when it comes to the fixing of the silver quotations; that the scenes will be shifted to this side and New York will be the silver market headquarters of the world.

"I believe," continued Mr. Bamberger, "that the price of silver will get down to a basis something like that upon which the Philippine money is being coined, which is something like 32 to 1, or about 65 cents per ounce. Silver at 60 cents, with the modern methods of mining is just as profitable to the producer in most cases as it was when it sold for $1.20 per ounce.

"I certainly feel very hopeful of the future and those interested in the mining industry have every reason to feel encouraged. In 1902 the silver mined in the state amounted to about $13,000,000 ounces; figured on the present increase the difference in the value of the product amounts to no small item."

THE WHITE METAL.

The Fight Going On for Control of The Silver Market.

An agreement establishing a ratio of exchange relative to silver and gold between gold using and silver using nations, as is contemplated by the International Silver Conference now in session in Europe, says the Denver Mining Reporter, would have the effect of steadying and possibly advancing the price of silver. For instance, if the ratio of 32 to 1 were agreed upon it would tend to fix the price of silver at about 65 cents per ounce. It is believed in many quarters that this ratio will be the one established. In the meantime there is a sharp contest on between the American Smelting and Refining company and the London brokers for ascendency in controlling the silver market. The supremacy of the former means that the price will be fixed in New York instead of in London as heretofore. The American company, which is indirectly heavily concerned in production, is interested in higher prices.

DOWN FROM THE PIONEER.

Fred Earls Never Saw So Much Activity in Alta.

Fred A. Earls has returned from a trip to the Pioneer property near Alta which is undergoing the process of patenting. In speaking of the old diggings in general Mr. Earls says he never saw so much activity in the camp. There is an immense lot of work going on in the different parts of the district and splendid results are being obtained. About 15 men have been put on at the Grizzly, which went into the possession of the Continental-Alta syndicate, through a deal consummated by Mr. Earls and Guy Sterling.

CARD OF THANKS.

I desire to thank the many friends and relatives for their kindness to us in our bereavement, through the loss of our baby boy, George Clark Simpson, aged 6 years, and for the many kind expressions of sympathy.

LORENZO SIMPSON,
Salt Lake City.

BOSTON STOCK MARKET.

Closing quotations today as reported by Hudson & Sons Co., brokers, were:

	Bid.	Asked.
Amalgamated	44⅞	45⅛
Consolidated Mercur	1 7-6	1½
Daly-West	40	41
Utah	25½	26
United States	19⅜	19½

PRICES DOWN, TONE WAS WEAK

Opening of Stock Market Anything But Encouraging.

PRESSURE WAS TO SELL.

Specialties Had to Take the Brunt of The Attack—Active List Ranged Below Saturday's Close.

New York, July 20.—Opening prices tended downward and the general tone was weak. There was a feeble rally, but selling pressure was renewed. The specialties bore the brunt of the selling. Amagamated Copper and Rock Island broke precipitately. Amalgamated dropped 2⅞ to 44⅞, and Rock Island ½ to 36⅝, establishing new record levels. Other losses included 3¼ in Colorado Fuel, 3 in Brooklyn Union Gas, 2½ in People's Gas and 1 to 2 in Sugar, Republic Steel preferred, Steel Foundry, Rubber Goods preferred and some railroad stocks. St. Louis & San Francisco certificates sold at 63 cash, compared with 71 on the previous sale regular way. The market was steadier at the end of the hour.

Acute weakness of individual stocks kept the whole market depressed. Rock Island was forced down 2⅞ and there were reports of a bond refunding project. St. Louis & San Francisco second preferred broke 3¾. A drop of 3⅝ in Brooklyn Transit followed. Lackawanna sold at a decline of 1⅝, with a rally of 2. Commercil Cable dropped 10 and New York Air Brake slumped 15⅝. The active list generally ranged from 1 to 2 below Saturday. United States Steel fell 1⅝ to the low record and New York Central, Missouri Pacific, Illinois Central and St. Paul were conspicuous in the selling. Dealings were not large in the general list but prices yielded easily. Westinghouse Electric advanced 4½.

Bonds were irregular at noon.

LIVE STOCK.

CHICAGO.

Chicago, July 20.—Cattle—Receipts, 23,000, including 1,000 Texans. Steady to strong. Good prime steers, 5.10@5.60; poor to medium, 4.00@5.00; stockers and feeders, 2.50@4.50; cows, 1.50@4.40; heifers, 2.25@4.25; canners, 1.50@2.90; bulls, 2.25@4.35; calves, 3.00@6.00; Texas fed steers, 3.25@4.75.

Sheep—Receipts, 11,000. Market 10@15c lower. Fed muttons, 3.65@4.15; wethers, 4.10@4.65; ewes, 2.50@4.10; common and stockers, 2.00@3.00; lambs, 3.75@5.55.

NEW YORK PRODUCE

New York, July 20.—Wheat—Receipts, 121,050 bushels. Declined sharply this morning under liquidation occasioned by easier cables and fine weather reports from the west. September, 80⅞@81¼.

Butter—Receipts, 9,000 packages. Dairy, 16@20; creamery, 15½@20½.

Eggs—Receipts, 11,300 packages. Steady. Western seconds to extras, 14@16½.

Sugar—Raw, firm. Fair refining, 3 3-16; centrifugal, 96 test, 3 3-16; molasses sugar, 2 15-16. Refined is firm. Crushed, 5.60; powdered, 5.10; granulated, 5.00.

Coffee—Quiet, No. 7 Rio, 5 5-16.

WOOL.

ST. LOUIS.

St. Louis, July 20.—Wool—Steady; territory and western mediums, 16@18; fine mediums, 14@15½; fine, 13@15½.

CHICAGO WHEAT.

Chicago, July 20.—Wheat opened weak and lower with September down ¼@½ at 76¼@76½. A fair cash demand held prices about steady during the opening hour.

UPPER FALLS RESORT.

Provo Canyon, Utah, July 18.—Prof. J. J. McClellan and family were visitors at the resort during the week.

The Tabernacle choir excursion from Provo brought between 600 and 700 people, all of whom had an excellent time.

Mr. and Mrs. Langley, baby and nurse are spending a few weeks at the resort.

Mr. and Mrs. J. E. Hansen, Dr. C. W. Gates, J. W. McKenna, M. L. Nelson, Walter Poulton, Thos. E. Giles, Geo. W. Nuttall, L. B. Brown, Salt Lake, have been visiting the Upper Falls the past week.

Mr. and Mrs. E. E. Corfman, Provo, are entertaining the following party here for a couple of weeks: Mr. and Mrs. H. W. Harlan, Toledo, Ia.; Mr. and Mrs. H. C. Price, Ames, Ia.; Dr. Sherman, Chicago; Mrs. W. Loar, Miss Jessie Loar, Des Moines, Ia.

Prof. Lund and wife of Provo have the following named friends for a few days in the canyon: Mrs. Frank Wyatt and son, Mrs. T. R. Wrocker, Mr. J. T. Wrocker, Miss Annie Wilson, Harlan, Ia.

Mrs. J. A. Van Norsdall entertains the guests of the resort every evening with delightful music on the piano.

The dancing excursion from Provo last week was a fine success.

Misses Lucile Sorenson, Fay Loose, Ruby Taft, Vera Davis, Alle Bee, Messrs. Walls Whitecotton, Shirl Atkins spent Thursday at the resort.

Prof. J. W. Morrison of Salt Lake was a visitor during the week.

Pronounced Dead, Came to Life.

Rochester, N. Y., July 20.—George Wilson, an old resident who was pronounced dead by his attendants, Saturday night, has come to life. When the undertaker arrived, Wilson's body was stiff and cold. Preparations were being made for embalming when the supposed corpse suddenly jumped up and swore at the undertaker for handling him so roughly. The coroner has issued an order forbidding embalming until 12 hours after certified death.

NEW PHILIPPINE CURRENCY.

Manilla Merchants Prefer Mexican Dollars to It.

Manila, July 19.—Gen. Leonard Wood arrived here today. He will confer with Gov. Taft and Gen. Davis on the Moro question and will leave shortly for Zamboanga to organize the government of the Moro province.

The government will tomorrow commence the circulation of the new currency authorized by the United States Congress at its last session. Considerable difficulty in adjusting it to the conditions here is anticipated. It is expected that the circulation of the new currency will be limited because the Mexican coins will continue to be legal tender until December. The merchants use Mexican coins because they are cheaper and their purchasing power is equal to the new coins. It is believed that the entire year's crops will be paid for and handled in Mexican money. A shortage of Mexican coins is threatened, these coins, to the value of $10,000,000 having been exported to Singapore and Hongkong since January.

The court of inquiry into the charges of cruelty brought against Maj. A. L. Howze, headed by Gen. Moore, has gone to Laoag to investigate the charges formulated through Gen. Miles and Maj. Hunter. All the American witnesses in the case have gone to the United States, and an inquiry will be necessary there.

The first herd of carabao which the government imported to restock the plantations has been attacked with hemorrhagic sepemicia and the mortality is heavy. The disease is apparently incurable. The herd has been isolated and the spread of the disease checked. The government hopes to successfully complete its plan of restocking the plantations.

The battalion of scouts which is going to the St. Louis exposition is now assembling at Manila. It includes Ilocanos, Macabebees, Tagalogs and Visayans. Maj. Carrington has been chosen to command the battalion. The collection of the Philippine exhibit for the St. Louis exposition is making excellent progress and promises to be thoroughly representative.

Tetanus Successfully Treated.

New York, July 20.—Two more cases of successful treatment of tetanus are reported at the Harlem hospital. They were carried out by injection of anti-toxin into the spinal column after the patients had developed lockjaw.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or the respective signers for further information.

IN THE DISTRICT COURT, PROBATE Division, in and for Salt Lake County, State of Utah. In the matter of the estate of John H. Rumel, deceased. Notice.—The petition of Gustave H. Backman, administrator of the estate of John H. Rumel, deceased, for confirmation of the sale of the following described real and personal estate of said decedent, to-wit: 68 shares North Point Irrigation Stock; part of the southwest quarter of section 34, township 1 north of range 1 west, Salt Lake Meridian, commencing at the southwest corner of said quarter section, running thence east 67 rods, thence north 46 rods, west 67 rods, south 46 rods to place of beginning; part of the west half of section 34, township and range aforesaid, commencing at a point 49.1 rods east of southwest corner of the northwest quarter of said section, running thence north 32 rods, east 34.8 rods, south 32 rods, east 11 rods, south 16 rods, west 35.9 rods, north 16 rods to place of beginning, containing 10 acres; all in Salt Lake County, State of Utah, for the sum of $2,500.00, and upon the following terms, to-wit: Cash upon confirmation, as appears from the return of sale, filed in this Court, has been set for hearing on Friday, the 31st day of July, A. D. 1903, at 10 o'clock a. m. at the County Court House, in the Court room of said Court, in Salt Lake City, Salt Lake County, Utah.

Witness the Clerk of said Court, with the seal thereof affixed this 18th day of July, A. D. 1903.

(Seal) JOHN JAMES, Clerk.
By J. U. Eldredge, Jr., Deputy Clerk.

Burlington Route
BURLINGTON EQUIPMENT
The Burlington has the best equipment made on all its through trains. The strongest cars, the biggest cars, the safest cars. It doesn't make any difference what kind of cars—coaches, chair-cars, tourist-cars, palace sleeping-cars—they're the best that money can buy.
It's the cheapest plan. We don't have break-downs from poor equipment, and our patrons are pleased.
Chicago flyers leave Denver 4:15 p. m. and 10 p. m.; to St. Joseph, Kansas City and St. Louis 2:30 p. m. and 10 p. m.
