TELEGRAPHIC.

CRISIS REACHED.

Striking Lumber Shovers Defy the Officers of the Law.

SANGUINARY BATTLE FOUGHT.

Non-Union Men Terribly Beaten.—Strikers Arrested.—Laborers Will Be Protected.

ASHLAND, Wis., July 31.—The crisis has reached in the lumber shovers' strike this morning. The strikers openly defied the officers of the city and county, closing with them in a hand to hand battle, in which blood was shed freely.

The Shores Lumber company sent word to Mayor O'Keefe that it had commenced the work of loading boats with non-union laborers and asked for police protection. The mayor sent Chief of Police Schwartz and some officers to the docks where they were joined by Sheriff O'Brien and deputies. The work had barely commenced, however, when a great mob of strikers swarmed down. The foremost of them were forcibly handcuffed by the officers and others arrested, who were afterwards rescued from the police by their fellows.

A desperate hand to hand contest followed. The officers were nearly all armed with clubs and stones. The non-union men were struck down with clubs and terribly beaten as they fled, pale stricken, followed by the strikers. They were met by the officers who protected them from further violence.

Forty of the ringleaders of the strikers were arrested. Mayor O'Keefe says the president of the Lumber Shovers' Union assured him that no violence would be countenanced. He now swears the city will protect the non-union labor at any cost.

Silver Purchases.

WASHINGTON, July 31.—For the first time since the passage of the Sherman silver law, the treasury this month failed to buy the full quota of 4,500,000 ounces of silver. The total purchases for the month were 2,384,000 ounces, leaving a shortage of 2,116,000 ounces. The amount purchased today was 216,000 ounces, at the counter offer of $0.7080 per ounce.

Congressmen Pence and Bell of Colorado were in President's room at the time he rejected all offers and made a counter offer. Both of them were much concerned about what they claimed was an effort of the treasury department to "beat" the price of silver in the markets of the world. They believed their purpose to persuade the silver Democrats the first working day of the extra session by a resolution of inquiry as to whether or not the secretary of the treasury has exceeded his authority in refusing to purchase 4,500,000 ounces in July, as provides by law.

THE RAILROAD SITUATION.

A Falling Off in the Traffic of Late.

CHICAGO, July 31.—President Reinhart of the Santa Fe system, speaking of the general railroad situation, said it is true that the traffic has fallen off greatly of late, but the most of the large roads foresaw this and began to prepare for it months ago. The reduction in expense has kept pace with the reduction in traffic and the final settling up will show net earnings as most of the roads as large as usual.

Mr. Reinhart is decidedly not of the opinion that there is any foundation in fact for the many rumors in circulation to the effect that a general passage of dividends is to be expected. Such rumors are put to circulation by irresponsible parties who have sold others the property and want to buy it back cheaper. Such men ought to be in the penitentiary. With them originated the report that the Santa Fe will follow the lead of the Reading into the hands of a receiver. The financial depression will not last very long.

The Cold Storage Fire.

CHICAGO, July 31.—In connection with the grand jury investigation into the cold storage warehouse fire, a local paper tonight prints a sensational story to the effect that the fire was of incendiary origin, the incentive being a desire to cover up a wholesale theft of goods stored in the warehouse.

A Rich Merchant's Will.

OLYMPIA, Wash., July 31.—P. Hoffman, a wealthy merchant who died today from an operation performed for hernia and disease of the prostate gland, left a curious will. He requests that his body be thoroughly dissected for the "benefit of humanity." His property, which is valued at about a quarter of a million, is left to his wife. He requests her to see that his only daughter, a Mrs. Monroe of Chicago, whom he disinherited for marrying against his will, never wants for anything.

Damage by Fire.

SAN FRANCISCO, July 31.—The building and stock of Berger, Reich & company, wholesale fancy goods, were damaged $100,000 by fire tonight.

Troublesome Indians.

WEST SUPERIOR, Wis., July 31.—Advices from Washington county state that four hundred Indians are making a great deal of trouble. Some Indians are armed and are threatening the settlers, and serious trouble is feared.

An Absconding Cashier.

SPRINGFIELD, Ill., July 31.—At a late hour last night the agent of the American Express company received a dispatch from the chief of police at San Diego, Cal., stating that a man, thought to be William Whitman, the agency's absconding cashier, was in Yuma, near San Diego. Requisition papers will be secured if possible.

THE SUSPENSION OF PENSIONS.

Assistant Secretary Reynolds Explains the Policy of the Administration.

PITTSBURG, July 31.—Judge Slagle of the county court recently wrote Assistant Secretary of the Interior Reynolds about the recent suspension of many pensions, etc. He has received a lengthy reply from Mr. Reynolds explaining the policy of the administration. Reynolds says substantially that the suspensions to which the judge referred were made by virtue of an order of Secretary Hoke Smith. Secretary Hoke Smith ordered the suspension of all pensions which were. The present secretary having found that the erroneous orders of Smith were unwarranted and various adjudicated pensioners questioned could not do otherwise than revoke these orders providing a new one in accordance with the law for future practice and order a re-examination of prior adjudications to correct error.

In conclusion Reynolds said: "We are simply correcting abuses and placing pensioners under the act of June 27, 1890, on an equality. We are pledged to make the pension roll a roll of honor, and will continue this work till the people who demanded a reform shall call a halt."

An Important Decision.

PORTLAND, Ore., July 31.—United States District Judge Bellinger has rendered an important decision in the case of a Chinese woman. She was refused a landing on the ground that she was only the mistress of Mr. Kum. Judge Bellinger, however, holds that they were legally married according to Chinese law, he therefore allowed her to land.

Cattle Missing.

SAN FRANCISCO, July 31.—When the case of M. H. Cattle, the actor, accused of the murder of Policeman Grant was called today, Cattle failed to appear. He is out on $20,000 bail and a bench warrant was issued for his arrest.

The Chinese Bill.

WASHINGTON, July 31.—Secretary Carlisle has taken a hand in the Chinese row in New York where there has been so much friction between the treasury agent and Collector Hendricks. The secretary says flatly that the department cannot concur in Hendricks's view that the unauthorized practice discontinued by its order of the 14th instant of authenticating certificates of the Chinese consul at New York by the signature and seal of the collector should be resumed. The secretary quotes cases where said practice resulted in a number of Chinese getting in who had no right here.

Peary's Arctic Expedition.

PHILADELPHIA, July 31.—A special dated St. John's, N. F., says information is received from Labrador of serious trouble to Lieutenant Peary's expedition. It is said it is so great that the trip is likely to prove a failure.

Paddy Smith and Young Corbett.

BOISE City, Ind., July 31.—The lightweight fight between Paddy Smith, brother of Denver Ed. Smith and "Young Corbett" otherwise known as George Green, at the Columbian Athletic club, attracted 5000 people tonight. The fight was for a purse of $5000 of which $500 goes to the loser. This was "Young Corbett's" first English fight, and his name-father Champion Jim Corbett was there to see it. He was received by the audience on his entrance with a great demonstration.

In the twenty-seventh round Green was knocked down by a swing on the jaw. He got up before being counted out, but Smith knocked him down again five times in succession, Green finally clinching to avoid punishment. This was the hottest round of the fight. In the twenty-eighth round Green came up apparently fresh, but Smith landed and knocked him down. Delaney then threw up the sponge but Green would not quit until Champion Jim Corbett went into the ring and made him step.

FRANCE'S ATTITUDE IN SIAM.

The Blockade Continued and an Attack on Bangkok Threatened.

Security Demanded for the Carrying Out of the Terms of the Ultimatum.

LONDON, July 31.—The Paris correspondent of a news agency says: It is learned on good authority that France demands as security from Siam, that the terms of the ultimatum will be carried out, the temporary custody of Chanta-Bun, a town near the Gulf of Siam; also that Siam shall establish no military stations in certain named places near the frontier of Cambodia, or within a certain distance from the Mekong river.

A dispatch from Bangkok, dated Monday, 7 p.m., says: "The uneasiness among the people, far from lessening, is increasing. Seven more French gunboats have arrived. Negotiations are still going on, but the progress made is not reported. The intentions of the French are awaited with fear and apprehension. Admiral Humann has issued a second blockade notice, to take effect three days from Saturday. He will seize the British steamship Pallas and swift, now lying off Bangkok, to go outside the blockade limits. Unless the French government interposes quickly an attack on Bangkok seems certain.

The Standard's Paris correspondent says: "Owing to the representation made to Deville by Lord Dufferin, the question of a neutral zone between the French possessions in the Siamese peninsula and British Burmah and the Shan states has been settled satisfactorily. It has been agreed that the French blockade of the Siamese coast be raised immediately.

No confirmation of this was received up to a late hour tonight.

PARIS, July 31.—It is stated on high authority that France intends to take decisive steps to ensure Siam's carrying out the terms of the ultimatum. The blockade will be continued till France's demands are satisfied. A prominent Paris merchant who owns warehouses in Bangkok, in an interview today, expressed the opinion that decisive action was necessary to restore the prestige which France enjoyed in Siam after the adoption of the commercial treaty of 1889. The French trade has recently declined heavily, he said, in consequence of English and German enterprise and intrigues to destroy the French influence.

ASHAMED OF THEMSELVES.

Members of the House of Commons Regret the Riot.

LONDON, July 31.—In the commons tonight Hunter, liberal, asked if the assault committed Thursday would be allowed to pass without punishment being inflicted upon the offenders, also what action would be taken if he moved for a committee on investigation.

Gladstone said he would answer tomorrow.

Fisher, conservative, who started the fist fight, arose and expressed deep regret for the part he took. He thought Logan intended to assault him or Carson.

Logan emphatically denied any intention to assault any one, and deeply regretted being concerned in the affair.

Gladstone said the explanations were satisfactory, and he hoped the matter would be allowed to drop.

Balfour and McCarthy also expressed satisfaction, but McCarthy protested against the statement that the row was due to the Irishmen.

Peace Restored.

NEW YORK, July 31.—A dispatch was received this afternoon by the Nicaragua Canal company from its agent at Granada, stating that peace is restored in Nicaragua.

The Argentine Uprising.

BUENOS AYRES, July 31.—The rebel forces are concentrated around La Plata, preparing for an attack. The government has ordered 5000 more, and is confident of his ability to hold his own. Several thousand colonists have joined the insurgents marching on to Santa Fe. The rebels have been victorious at Rosario.

Trouble in Mexico.

OAXACA, Mex., July 31.—Trouble between the towns of Macuilapex and Tejalpa in this state over the question of boundary lines has culminated in a battle, a number of people on both sides were killed and many wounded. A large detachment of troops was sent to quell the disturbance.

In Box Elder County.

Correspondence DESERET NEWS.

WILLARD CITY, July 28, 1893.—Considering the busy season and short evenings, we had a very successful free illustrated lecture in this place last evening, in the meeting house. Willard is noted for intellectual lectures and knows how to appreciate them.

M. W. Dalton and I took a stroll through an eleven acre fruit garden in the borders of Willard City. Meeting the proprietor, Byron Barker, he made us welcome and conducted us around, explaining the varieties of pears, plums, peaches, quinces, prunes, apples, blackberries and raspberries. I thought this one of the choice sights of a long journey. Great credit is due Brother Barker and his family, who, I learn, have contributed means to make this choice home what it now is. I should say there will be gathered 400 cases of blackberries, 200 of raspberries, about two tons of plums, 2000 boxes of peaches and forty or fifty boxes of pears.

There is another Barker here, but no relations, and who has a model grape field, the best in this part of the country. It is said he makes people feel overjoyful some times. These two gardens are exceptional, though there are here other creditable orchards and productive gardens.

Although crops here appear pretty fair, complaints are more of lighter yield than usual. The caterpillars did bad work on fruit trees. Some few apricot trees are at this time leafless with shriveled fruit, which is dropping from the trees. Grasshoppers are eating the lucern badly. They are very numerous, and fears for next year are expressed by the farmers. Water seems to be plentiful hereabouts, and the prospects are good and encouraging for a supply. No one appears idle. Every one has something to do.

I attended the Young Ladies' Mutual Improvement Association meeting, which was well attended. Essays, lectures, questions and answers, singing and remarks were made with a very agreeable time.

EDWARD STEPHENS.

The Result of Merit.

When anything stands a test of fifty years among a discriminating people like the Americans, it is pretty good evidence that there is merit somewhere. The value of a medicine is best proved by its continued use from year to year by the same persons and families, as well as by a steady increasing sale. Few, if any, medicines have met with such continued success and popularity as has marked the introduction and progress of BRANDRETH'S PILLS, which, after a trial of over fifty years, are conceded to be the safest and most effective purgative and blood purifier introduced to the public.

That this is the result of merit, and that BRANDRETH'S PILLS actually perform all that is claimed for them, is conclusively proven by the fact that those who regard them with the greatest favor are those who have used them the longest.

BRANDRETH'S PILLS are sold in every drug and medicine store, either plain or sugar coated.

The "LION COFFEE" Bicycle

Was drawn by Number 1866. Who has it? C. H. Martin, 480 South West Temple.

Take Good Care of The Children.
