The report was adopted.

MATTERS CONSIDERED.

The same committee recommended the following subjects which was adopted:

To the Honorable Board of Education, Salt Lake City:

GENTLEMEN: Your committee on teachers and school work would report that it has had quite comprehensive consideration of the question of school organization, and would respectfully submit for your consideration the following resolutions, which we have the pleasure to offer, viz.:

Having the direction of the high school vested in the superintendent of schools, and the supervision of the grammar grades in the principals of the respective schools, we are of the opinion that the interests of our public schools would be better subserved by a change in the present system of supervision of primary grades, and respectfully request the board to give this matter its serious consideration, and to adopt the following resolutions:

1. That all graduates of the high school who desire to teach be allowed to register in the school school for teaching, practice teaching and pedagogical study. For a special examination fee with the board, they may be allowed to take a skill at the discretion of the board, a part of the fee shall be refunded to teachers.

That the board find that those teachers of such work in the general school, as the superintendent may recommend, may be permanently retained, with vacancies for their, to be selected from the graduates of the normal school.

3. That the above recommendations be given a consideration of one year, and that the superintendent be instructed to report to the board at the end of the school year.

The committee recommended that the entire of the janitors in the vicinity of the Cross school, asking for the erection of a new school, be denied. Adopted.

REPORT OF COMMITTEE.

The committee on teachers and school work recommended that Miss Ella Jones be appointed to the North, to succeed to Miss Mary E. Hogg and Miss Alice H. Wells, on account of ill health, and to fill the place of A. M. Brown, who resigned on account of ill health, and that Bernard Ellis be appointed to the position of principal at the Dayton school at $60 per month.

BIDS FOR FURNISHING COAL.

The committee on buildings and grounds reported the bids of the companies competing for the furnishing of coal for the ensuing year, which was filed.
