RECORD SMASHED BY MAJOR DELMAR

In Great Burst of Speed He Clips Half a Second From Mark.

JOCKEYS WERE BADLY INJURED

During the Steeplechase at Latonia—Results of Events Down at Jamaica—Other Race Meets.

Memphis, Tenn., Oct. 24.—Major Delmar, owned by E. E. Smathers of New York and driven by Alta McDonald, established a new world's record for unpaced trotters at the Memphis Driving park today, when he circled the track in 2:01¼. The previous mark was 2:01¾, held jointly by Major Delmar and Lou Dillon. Today's performance was cheered by a large crowd and horsemen generally were of the opinion that had the weather conditions been more favorable the son of Delmar would have made even a lower mark. A cold wind was blowing up the homestretch, which materially lessened the speed of the horse in the final effort for the wire.

Delmar stepped the first quarter in 31 seconds, the half in 1:00¾ and the three-quarters pole was passed in 1:30¾. In the run home he perceptibly tired and passed the judges' stand in 2:01¼.

Dan Patch, the pacing champion, was sent against his own unpaced mark of 1:58¾, but he failed to equal this record. Both Delmar and Patch were accompanied by runners on the side. Results:

HERRERA'S "YELLOW STREAK"

Mexican Wanted No More of Kid Goodman and Quit Cold.

With reference to the sidestepping by Aurelio Herrera from Kid Goodman, the little fighter who once gave the Mexican a sound trouncing, the Butte News has the following to say:

Aurelo Herrera's "yellow" streak cost him an even $250 in cash, besides the several hundreds of dollars he laid out on training expenses.

That is what it cost him in cash to wear the white feather. Prospectively, it has cost him much more than that. It has cost him the faith and good will of Butte fans, with whom there was no better liked pug than he. It cost him the harvest of dollars he might have reaped in future fights in this section, for, if the local managers can prevent it, he will fight no more in Butte.

Herrera can't get even a preliminary on the coast—at the present time he couldn't get as much as that here. The news of his wild-eyed flight from little Kid Goodman will make him a laughing stock among fans from Chicago to Boston. Just why the Mexican didn't stand up to the beating that was coming is a hard thing to figure in face of the fact that his cowardice has undoubtedly cost him his prizefighting future.

Not even popular Joe Woods, Herrera's manager, can ram that "sick" story down the throats of the fans. Herrera quit, and quit in rank disorder. Early in the training season he admitted to more than one of his confidants that he didn't have any great hankering after Goodman's game, and for two weeks past he has given every evidence that he did not intend to fight.

Shortly before he went to the state fair at Helena, where he picked up a bunch of easy coin killing off the available dub supply, he fell off the water wagon with a splash that could be heard for a city block. During one of his bouts at the capital he was so well organized that he could not keep his feet while he was in the ring, and since his return to Butte he has sandwiched in highballs with his training until the training interfered with the highballs. Then he quit the training.

Yesterday morning Herrera went to Jerry Clifford with a proposition to announce that the fight would be pulled off. He said he would go into the ring and quit after the first round.

Jerry has been some time on earth, but not long enough to learn to be crooked. When the full import of Herrera's proposition dawned on him he was a little bit the wildest thing in the managerial line that was ever stuck for expenses. The Mexican's cold blooded proposition to bunko the thousands of fans who would take Jerry's word for it that the mill was to be pulled off on the square, was a solar plexus from which Clifford had trouble in recovering. When he did there was no chance for the Mexican to misunderstand the manager's emphatic refusal.

The Mexican next set up a wail for the $500 forfeit he had up; $250 for weight and $250 for appearance. Clifford refused to refund the forfeit for appearance, but gave him his weight money rather than hear any more out of him.

That the battle is not to be is a hard blow for the fans, but it has taught them to have a copper on the Mexican the next time he is shuffled into the deck.

"PENNY" GOSSIP.

The story comes from New York that Muggsy McGraw and Ted Sloan, succeeded in separating Young Corbett from a wad of $165. They took Corbett to dinner and then made him put up for everything.

Coach Conibear of the Montana football team, which met defeat here recently at the hands of the Utah boys, writes Manager George Riser that they would like another chance, and suggests that the local team make a trip to Missoula for Nov. 12.

Mexican Aurelio Herrera writes the Butte Miner a long letter in which he declares that he did not sidestep Kid Goodman, and further declares that he is not a quitter but was sick and could not fight. This sounds rather strange in view of the fact that he is matched to fight Kid Sayers in Milwaukee on Nov. 18.

At 3:30 o'clock tomorrow afternoon, "Dare Devil" Jed Newkirk will give another exhibition with his man killer, 999. He will try to break the world's record for half a mile track, and will give local auto enthusiasts an idea of what real speed is. The exhibition will be given at Agricultural park track, and the outlook for a large crowd is good.

Ever notice the tender sympathy a crowd of baseball spectators invariably display when a poor umpire is struck by a ball or meet with any other mishap during the game?

Really it is touching.

The judge of play, the nature of whose work has always made him easily the most popular man around, has often been accused of purposely allowing himself to be hurt in order to evoke the sympathy of the "fans."

The latter have various methods of expression that show unmistakably how they feel about it. They seem to follow a graduated scale, something like this:

Umpire Hit on Mask—Titter of delight.

Umpire Hit on Shin—Ha, ha, ha.

Umpire Hit on Neck—Prolonged ha, has.

Umpire Sprains His Ankle—Loud yells of ecstacy.

Umpire Rendered Unconscious—Gleeful cries of "Take him to the morgue," etc.

The killing of an umpire on the field has not yet become a common occurrence, so no set phrase for expressing pleasure over such an incident is known.

If the tragedy should occur at any time within your sight, however, it is safe to bet that you will be observing the proper form in throwing your hat in the air, doing a clog dance, and yelling like an exuberant college boy.

Edward R. Thomas will, some time during the present meeting at Jamaica, or the coming one at Aqueduct, sell all his horses in training that will not fit into the plan of himself breeding the horses which he will race and which he has mapped out for himself. In no way does this mean that Mr. Thomas will, even temporarily, retire from the turf. He will race next year and the year after, precisely as he has been doing, with the exception that the horses which will carry his colors will be meant to take their places later in the breeding establishment which it is his purpose to found.

Mr. Thomas feels that there is a more thorough enjoyment to be had in racing horses that he has bred himself than in winning with those purchased in the open market. At the same time, he realizes that a breeding establishment cannot be made up in a month or in a year, and until such a one as he has planned shall yield its produce, he will race with others, bred elsewhere. All his future purchases will be made with a view to creating and perfecting a stud so that there shall be no period of retirement by him.

Consumptives Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." Sold by F. J. NATURE TELLS YOU

As Many a Salt Lake City Reader Knows Too Well.

When the kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Salt Lake City people testify to this.

Thomas Smith, paper hanger, of 128 South Main street, says: "A slight pain in my back coupled with a disturbed action of the kidney secretions led me to reason that if my kidneys were at fault a stitch in time would save nine, and the present was the time to act, for kidney complaint is so gradual and so insidious in its dealings with ordinary mortals that complications are apt to arise which lead to serious trouble. I tried a remedy very flatteringly advertised to cure kidney complaint, and gave it a fair trial, but it failed to stop my backache. Then I went for Doan's Kidney Pills to the F. J. Hill Drug Co's store and commenced the treatment. It only required a dose or two to tell me that they were acting just as promised. After their use for some time the backache and irregularity of the kidney secretions absolutely stopped."

TRUTH IS MIGHTY AND WILL PREVAIL!

The Grand Prize—highest award—unanimously voted the Brown Shoe Company by the International Jury of Awards of the Louisiana Purchase Exposition.

This Jury was selected from this and foreign countries, and a number of them brought from long distances on account of their ability as shoe experts, to determine upon the merits and superiority of every element that combines to make a perfect shoe. After thorough and repeated examinations, they decided unanimously that The Brown Shoe Company had scored more points and exceeded in merits all others, and was entitled to the highest recommendation in their power.
