MISS ANNA'S STORY.

The Alleged Violation of the Lunacy Laws in her Case Officially Denied.

UNANIMOUS DECISION OF THE STRIKERS' CONVENTION.

Sensation Created Among the Josephites by the Testimonial of an Apostate.

By Telegraph to the News.

ANNA DICKINSON.

The History of Her Incarceration From Different Points of View.

NEW YORK, April 10.—Anna Dickinson left the city this afternoon for Goshen, N. Y., where she will undergo medical treatment.

OFFICIALLY DENIED.

PHILADELPHIA, April 10.—The story that Anna Dickinson was a sane woman when she was committed to the Danville insane asylum, and that her commitment was irregular, that the State lunacy laws were in her case flagrantly violated, and that Philadelphia physicians and officials were concerned in the injustice done her, is officially and particularly denied here. The letter which Miss Dickinson says she sent to the chairman and secretary of the State board of charities, Doctors Morton and Wetherill of this city, was received by Dr. Wetherill, who visited her immediately, in company with the attorney of the board, Mr. Barlow.

Dr. Wetherill today said: "We found Miss Dickinson included in the most comfortable ward of the whole institution. The interview was necessarily brief, because she declined to talk to us, or at least would say very little. When not actually talking to us, she walked excitedly up and down the room, giving fulminance to incoherent words and phrases, and behind the nervously the manner insane persons are accustomed to act. Neither Mr. Barlow, Dr. Schultz nor myself had the slightest doubt that she was deranged."

"From a perusal of her story and from a knowledge of her case, do you think she is entirely sane now?"

"Speaking from what I saw of her only, I will say it is very probable she is insane at the present time. Dr. Howard of New York, I see, reaches for the opposite view of the case, and in the absence of another examination of Miss Dickinson, I can not speak positively of her condition."

DID NOT KNOW WHAT TO MAKE OF IT.

CHICAGO, April 10.—Miss Frances E. Willard, president of the National W. C. T. U., said today that she did not know what to make of the report in regard to the unjust incarceration of Anna Dickinson. She does know that Susan Dickinson has been a most generous, faithful and loving sister. She always has been regarded as a most conscientious, high-minded, Christian woman by all who know her. Miss Willard could not believe Susan Dickinson capable of the base conduct attributed to her and does not see what she could hope to gain by such a course. The plan for the fund which is being raised is that it should be placed in the hands of trustees, for the interest to be paid to Anna Dickinson, and that it shall be kept as a permanent fund for the purpose of aiding any woman who has given her life to the public and is no longer able to care for herself.

SUSAN DICKINSON.

SCRANTON, Pa., April 10.—Miss Susan Dickinson was in the city today in consultation with friends relative to the statements made by her sister to a reporter in New York. Miss Dickinson said that she had telegraphed Dr. Howard that he would be held in damages for the injury done to her sister's mind, in confirming her delusion, and also that friends in West Pittston and vicinity will testify that she has devoted her life for years to the welfare and interest of Anna, and says the latter has been demented some time, but it was only when she became violent that she concluded to have her placed in an asylum. She says that Anna was not roughly treated. In conclusion, Susan says she sees now that friends told her truly when they said she was foolish to devote her life to Anna. Hereafter Anna must find faithful servants elsewhere. She can, Miss Susan does not explain why, when the Scranton *Republican* first gave the story of her sister's insanity, she sent a strongly worded denial of it to every paper in the region, claiming that the report was a "cruel outrage."

THE JOSEPHITE CONFERENCE.

Selfy Heralds the Coming of Christ in the Person of Schweinfurth.

CLEVELAND, Ohio, April 10.—To-day a sensation was created by a testimonial presented by Charles Selfy of Detroit, who asserted that he came to Detroit from Cincinnati to see Christ in the person of a man called Schweinfurth, who holds forth at a farm called "Heaven," near Rochford. He said Schweinfurth was the wrong and Schweinfurth was all right.

It was stated later by one of the members of the conference that Selfy had been expelled from the church some time ago.

The church is now incorporated in Illinois, where there is a limit as to the amount of property they may hold. It was, therefore, decided today that the society shall be incorporated in Iowa, where there is no limitation. The next conference will be at Independence, Mo.

THE COKE STRIKE.

It Will Be Fought to the Bitter End.

SCOTTDALE, Pa., April 10.—It is now certain that the coke strike will be fought to the bitter end. This was the unanimous decision of today's strikers' convention. Secretary Parker, in his report, reviewed the situation at length, criticising the operators severely for their actions in the attempt to destroy the organization by posting up a sliding scale.

In the afternoon the convention was addressed by several prominent leaders who were present. National President Rae touched on the eight-hour day, and said all other miners in the United States would be with the coke region strikers on the 1st of May in the movement, and then it would be regarded as a national fight, instead of a local one. He promised them of all possible financial support.

Resolutions were then adopted that the delegates stand firm until a satisfactory settlement can be made. The convention then adjourned until to-morrow.

The Frick Company report some gains in their working force, but the Morewood force has diminished. The labor bodies are holding an important conference at the Scottdale House tonight, and mass-meetings are being held elsewhere. The strikers are jubilant tonight over the report that Governor Pattison has ordered the Eighteenth regiment home tomorrow. The Tenth will remain but a few days. Captain Loar and deputies have been released in bonds of $3000 each.

Case Determined in Cannon's Favor.

HELENA, Mont., April 10.—In the United States circuit court an opinion was handed down by Judge Knowles in the case of the Northern Pacific Railroad vs. C. W. Cannon et al., involving the title to lands valued at over $40,000, within the city limits of Helena, which the railroad claimed as part of its land grant. The decision virtually determines the case in Cannon's favor.

Will be Tried for Murder.

ST. LOUIS, April 10.—"Wib" Howard, a notorious Kentucky outlaw, who has been in St. Louis the past month for side-seeing, is to be taken to Vienna, Mo., tomorrow, where he will be tried for the murder of a deaf mute boy. It will be remembered that Howard was brought here from California, where he was serving a term in the penitentiary for robbing a stage. The Governor of California pardoned him, so that he could be tried in this state for murder. Howard is credited with having killed six or eight men in Kentucky.

Offered to Sell Out.

WINNIPEG, April 10.—It is stated here that the Northern Pacific has offered to sell out its whole system in Manitoba to the Canadian Pacific Railroad. It is probable the offer will be accepted.

Face Leaves.

NEW YORK, April 10.—Baron Fava, the recalled Italian minister, left his hotel tonight for the steamer *La Gascogne* and leaves for home tomorrow.

The United States Treasurer.

WASHINGTON, April 10.—It is practically settled that E. H. Nebecker of Indiana will succeed Huston as United States Treasurer.

Knew Nothing of It.

NEW YORK, April 10.—The officials of the Northern Pacific road, when asked about the report that the road had offered to sell its line in Manitoba to the Canadian Pacific, said they knew nothing of it.

Cheerful in the Face of the Boycott.

CHICAGO, April 10.—The Alton officials are very cheerful in the face of the boycott. At a conference today they decided to stand by their declared policy. They say they have assurances from four Eastern roads that their tickets will continue on sale. Besides there is a large territory south and west in which the paying of commissions is not prohibited, and the Alton's standing will be improved with the ticket agent in that vicinity. It will have no trouble in continuing to be lonesome in Indiana, Ohio and Michigan, so in reality the boycott is not so serious.

SCABBY, 20 East, 1st South, Sponge.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at A. C. Smith & Co.'s Drug Store.

There is no danger of a cold resulting in pneumonia when Chamberlain's Cough Remedy is used as directed "for a severe cold." It effectually counteracts and arrests any tendency of a cold to result in pneumonia. This fact was fully proven in thousands of cases during the epidemic of influenza last winter. For sale by Z. C. M. I. Drug Dept. d&s

I feel it my duty to say a few words in regard to Ely's Cream Balm, and I do so entirely without solicitation. I have used it more or less half a year, and have found it to be what it claims to be. I have suffered from catarrh of the worst kind ever since I was a little boy, and I never hoped for cure, but Cream Balm seems to do even that. Many of my acquaintances have used it with excellent results.—Oscar Ostrum, 43 Warren Ave., Chicago, Ill. d&w

RUDINI IMPATIENT.

Talking About Sending Porter Away and Recalling the Whole Italian Legation.

THE RUMORS DISCREDITED IN WASHINGTON.

The New York "Tribune" Celebrates the Fiftieth Anniversary of its Birth.

By Telegraph to the News.

MORE STARTLING RUMORS.

Talk About Ordering U. S. Minister Porter out of Italy.

ROME, April 10.—It is reported that if the United States Government does not answer Marquis Imperiali's note by Saturday, Porter, American minister here, will be ordered to leave Italy and the whole Italian legation in Washington be recalled and Italian interests left in charge of the British minister.

THE RUMOR DISCREDITED.

WASHINGTON, April 10.—It is known here that Secretary Blaine has prepared an answer to the message of Premier Rudini. The fact of the preparation of Secretary Blaine's reply is not only well understood, but it is stated, moreover, that the Secretary's letter was submitted to the President and Cabinet, and found to be satisfactory. In view of these circumstances, it is asserted with considerable confidence that the letter of Secretary Blaine has already been sent to Marquis Rudini, though whether it was communicated by mail or telegraph is not known. If the former method were adopted the Italian Premier, it is believed, was apprised of the fact. It is suggested as also very probable that the intimations have been conveyed of the advisability of conducting diplomatic negotiations between the two countries with less publicity.

For these reasons, it is thought to be almost impossible that today's rumor in Rome can be correct. No information could be secured in official circles here tonight relative to the report from Rome that Italy would close all diplomatic intercourse with the United States unless a reply was received tomorrow to the last message of Premier Rudini to the New Orleans Italian incident. The Rome dispatch was known to both the President and Secretary Blaine tonight and each returned word that he had nothing to say on the subject. There was generally a disposition to discredit the report in official circles.

THE NEW YORK "TRIBUNE."

Celebration of the Fiftieth Anniversary of that Journal.

NEW YORK, April 10.—This was the fiftieth anniversary of the birth of the New York *Tribune*, and the event was fittingly celebrated tonight by a jubilee at the Metropolitan Opera House. The vast edifice was well filled and a programme worthy of the occasion was rendered. Addresses were made by Major McKinley, Chauncey M. Depew, Charles A. Dana, Roswell G. Horr and George William Curtis. An original poem was read by Edmund Clarence Stedman, and an orchestra of 50 pieces, under the direction of Walter Damrosch, rendered six selections by American composers. Among the many prominent men present were Vice President Morton, Senators Morrill, Hawley, Hiscock and Plumb, and Secretary of the Navy Tracy. Letters were read from President Harrison, who said, "The paper has been a potent influence in more than one important crisis in our public history," from Secretary Blaine, who deeply regretted his inability to be present and expressed the esteem in which he had always held the great newspaper in whose honor the exercises were held; from Senators Sherman, Edmunds and Washburn, J. G. Whittier, Attorney-General Miller, Andrew Carnegie and T. V. Powderly.

Offer Rejected.

BOSTON, April 10.—A circular is issued to the first preferred stockholders of the Boston & Maine railroad, in the way Company, saying the propositions made by the Atchison Topeka & Santa Fe Company to exchange one four per cent bonds of the St. Louis & San Francisco Railroad Company for its first preferred stock, par for par, with interest on such bonds from January 1, 1890, was rejected by the stockholders' committee when offered.

Annie Besant, a Famous Woman.

NEW YORK, April 10.—Annie Besant is here. She arrived on the *City of New York*. Few are now better known and loved in England than this famous woman, who but a few years ago was so unpopular and so bitterly criticised. Mrs. Besant came into prominence in 1874, when she formed a friendship with Charles Bradlaugh and the National secular society of which she was then president. During the last two years she has been associated with Mme. Blavatsky as editor of the theosophical journal *Lucifer*, and has abandoned many of her socialistic views. She has won renown as a writer, lecturer, reformer and theosophist, and is said to have done more for the poorer class of working women than any other in England. Her present visit to America is to represent Mme. Blavatsky at the annual convention of the American section of the Theosophical Society, to be held in Boston on the 26th and 27th inst. This is her first visit to America.

"Under what circumstances did you first meet Mme. Blavatsky?" she was asked.

"About four years ago I became very much interested in theosophy and I read everything I could find on the subject. I studied and read alone for about two years. At last one day Mr. Stead, then editor of the *Pall Mall Gazette*, said he knew Mme. Blavatsky, and offered me a letter of introduction, which I gladly accepted. I presented it one evening when Madame was holding a reception and naturally there was no time for private conversation. But I sat and watched her, and I never was more puzzled. Usually I form opinions of people at once, but on this night I left Madame without understanding her in the least. Before I went away she asked me to come again when she was alone, and I did so and began to understand her. But before she left the second time I read many of the attacks against her. I wanted to hear the worst that had been said, to help me decide. So I read the statements made in *Figaro* and in the most bitter ever published. I believe—and they were so manifestly unjust and unfair that they had no weight with me. I always was a member of the Theosophical Society. For the past year I have been living with Madame Blavatsky and working with her."

THE INVENTORS.

They Listen to Addresses and are Introduced to the President.

WASHINGTON, April 10.—Returning to the city, Dr. Tuner delivered an address upon Washington as an inventor and promoter of improvements. Following Dr. Tuner's interesting historical sketch came an address from ex-Representative Perkins, of Iowa, on "Effects of the Patent System on the Property of the Country." The party then went to the White House, where, at 3 p. m., the members were introduced to the President.

At a meeting tonight the National Association of Inventors was formed and a constitution adopted. Dr. Tuding was chosen president and Gardner H. Hubbard, of Washington, and Wm. A. Anthony, president of the American institute of Electrical Engineers, Thomas Shaw, of Philadelphia, and Hon. Benjamin Butterworth, of Ohio, vice-presidents.

Studying the Pension Question.

ST. PAUL, Minn., April 10.—The McHale mileage bill, which passed the senate yesterday, is now in the hands of the house judiciary committee, having been referred to that committee after it had been reassigned by the committee on elections.

Today President R. F. Clark and Manager Scott of the Metropolitan Opera House extended an invitation to the members of the committee to attend the opera tonight, but they declined, preferring to attend a performance of the extravaganza "Crystal Slipper" tonight. The invitation was promptly accepted, and about 1 o'clock this afternoon a hundred were present to study the question of the fight to shorten the mile before voting on the bill.

Leaving the Metropolitan opera house and pass passed the house two afternoon by a vote of sixty-nine to one.

The Investigation of Gibson's Case.

CHICAGO, April 10.—The Federal grand jury has continued its investigation into the charge that Secretary Gresham of the Whitney Trust company had been offered by agents of the Sugar Trust company with greenbacks for witnesses in Gibson's case. Every man in the city who is ever had any connection with the Whitney Trust and Green was summoned to appear before the grand jury.

Funeral of the Late Albert Pike.

WASHINGTON, April 10.—The funeral of the late Albert Pike took place today, and all the officials of the Masonic House. The vast edifice was well filled and a programme worthy of the occasion was rendered. Addresses were made by Major McKinley, Chauncey M. Depew, Charles A. Dana, Roswell G. Horr and George William Curtis. An original poem was read by Edmund Clarence Stedman, and an orchestra of 50 pieces, under the direction of Walter Damrosch, rendered six selections by American composers. Among the many prominent men present were Vice President Morton, Senators Morrill, Hawley, Hiscock and Plumb, and Secretary of the Navy Tracy. Letters were read from President Harrison, who said, "The paper has been a potent influence in more than one important crisis in our public history," from Secretary Blaine, who deeply regretted his inability to be present and expressed the esteem in which he had always held the great newspaper in whose honor the exercises were held; from Senators Sherman, Edmunds and Washburn, J. G. Whittier, Attorney-General Miller, Andrew Carnegie and T. V. Powderly.

IN THE WHITE HOUSE.

The Central Committee of the Pan-Republican Congress Visits President Harrison.

RESOLUTION BY THE COUNCIL OF THE IRISH LEAGUE.

The Funeral of the Late P. T. Barnum Beautiful Display of Floral Pieces.

By Telegraph to the News.

THE PAN-REPUBLICANS.

The Central Committee Pays a Visit to the White House.

WASHINGTON, April 10.—The Central Committee of the Pan-Republican Congress paid a visit to the White House this morning, headed by Judge Arnoux, who made a short address to the President, outlining the work accomplished and contemplated. The President made a brief response, expressing his interest and saying, while he could not speak officially without the authority of Congress, his own feelings were always in sympathy with all movements which tend to the enlargement of human rights.

THE IRISH NATIONAL LEAGUE.

The Council Adopts a Resolution and Adjourns.

CINCINNATI, O., April 10.—The council of the Irish National League of America adjourned this afternoon, subject to the call of the president, after adopting the following resolution:

Whereas, The Executive Committee of the Irish National League of America is without advice from the Irish National League, Dublin, and a quorum is prevented requiring an indefinite postponement of the Convention of the Irish National League of America, and Timothy Harrigan, secretary of the Irish National League of America, has resigned his office and is not accessible and necessary to be furnished in correspondence with Parnell and Harrington to enlighten us as to the wishes of the Irish National League, Dublin, and a quorum is prevented from the same cause, Dublin, and the president is hereby instructed to request the presence of Parnell, and of the members of Parliament at such convention.

A resolution was also adopted expressing sincere regret at the illness of Hon. John E. Armstrong, now in Dublin.

BARNUM'S FUNERAL.

Thousands Pay Their Last Respects to the Deceased.

BRIDGEPORT, Conn., April 10.—Business was generally suspended here this afternoon and every office given an opportunity to pay his last respects to the late P. T. Barnum. The South Congregational Church was crowded in all its parts and thousands unable to gain admission had to content themselves with viewing the funeral cortege as it passed through the streets from the house to the cemetery. The funeral ceremonies were simple, in accordance with the wish of the deceased. The services were conducted by Rev. L. H. Fisher and Rev. Dr. Calvin, of New York. The display of floral pieces was beautiful.

Barnum's Will.

BRIDGEPORT, Conn., April 10.—The will of the late P. T. Barnum was filed at Marietta immediately after the funeral today. The wealth of the great showman is estimated at over $5,000,000. He gives his wife $100,000 absolutely and $50,000 annuity. He bequeaths to the First Universalist church of this city $15,000 for providing preaching and other services according to the United States convention in conformity to the faith of Universalism. He bequeaths to Caroline C. Thompson, of New York, $50,000, and Nina H. Seely, his grandson, $25,000. In the same called he states he has to make her named Barnum and provides that if Clinton A. Seely and Caroline his name to Clinton Barnum Seely he will give him $25,000 more. The residue between Barnum and Bailey shall be conferred and divided equally of his share in the show is given to Clinton Barnum Seely providing he will decide sufficient time to the interest of the show to carry it on successfully. If the sum reaches over $50,000 a year the balance goes to his estate. To Mrs. Henry Burbidge, of Denver, he gives the income of Indian land in Denver. To Treasurer Fish of the great show he bequeathed 5 per cent of the profits, providing he remains at the head of the show for three years, in the present salary. The residuary estate, after the payment of bequests is divided among his children and grandchildren. The Tufts estate, valued at upwards $40,000, to Universalist societies and institutions, to hospitals and asylums in various cities, $50,000 is left. Any contestant of the will is to be cut off. The last codicil, dated March 30, 1891, provides that his executors shall complete a new historical and scientific building in this city, the same to cost $125,000.

Miss Phoebe Holds the Fort.

CHICAGO, April 10.—Miss Phoebe Couzens, secretary of the board of lady managers, still holds the fort at the World's Fair headquarters, determined to assert her rights as secretary of the executive committee, to which place said committee elected Miss Cook the other day. Miss Couzens says she has received telegrams from many lady commissioners taking sides with her. A local paper says differences have for a long time existed between President Mrs. Palmer and Secretary Couzens. The latter, it is said, has upon several occasions refused to sign communications unless the pronoun "we" was used, referring to herself and the president. Mrs. Palmer, it is asserted, has stated to friends talking of Miss Couzens: "I cannot spare red with her and can only close the door in her face." This trouble is viewed seriously by certain World's Fair officials. Should Miss Couzens make a legal fight, as has been threatened, it will seriously injure the interests of good of the board. Or should the courts decide in her favor, thus ratifying the executive committee's acts, it would practically result in dismantling the board and cause no end of trouble.

Guilty of Conspiracy.

MONTPELIER, Vt., April 10.—The jury in the stone-cutter's conspiracy case returned a verdict today, finding the four respondents, members of the union, guilty of conspiracy to prevent Jacob McGuire from working as a stone cutter because he was a non-union man.

Executed for Murder.

COLUMBIA, S. C., April 10.—Century Butler and Hampton Nelson were hanged at Sumpter for the murder of Captain John Muzzy in January last. Both earnestly protested innocence while on the scaffold and displayed great religious fervor.

Counterfeiters Arrested.

ST. LOUIS, Mo., April 10.—Early this morning the police arrested two men, giving their names as Clarence Wells and William Wayles. The men had just stepped from a steamer arriving from New Orleans. They carried a satchel, in which was found a complete outfit for the manufacture of counterfeit silver coin, together with a number of finished products. They were brought over to the United States authorities.

Bloody Affray in a Slave Camp.

NEWTONS, Ark., April 10.—News of a bloody affray in a slave camp under the junction of Black and Cement rivers has just reached here. Eight men participated in a free fight, two being killed and two others fatally wounded. The fight started over the possession of whisky.

Shot to Death.

BIRMINGHAM, Ala., April 10.—Chas. Bagsley, the negro who killed Officer Wood at Bessemer a few days since, was shot and killed by a posse at John's Station this morning. The officers learned that the murderer was concealed in a negro's house, and going there demanded surrender. Bagsley opened fire, and Deputy John Saunders fell, mortally wounded. Bagsley broke out of the rear door of the house and ran. The posse opened fire and he fell with twenty holes in his body.

Children Poisoned.

GREENSBURG, Pa., April 10.—Three children of David Carroll died in agony this week under suspicious circumstances. At the inquest it was discovered that poison had been given. The two children who are dying and are sick will probably follow.

WATER IN THE DESERT.

An Enormous Reservoir Discovered in the Sahara.

PARIS, April 10.—Advices from Oran state that the official announcement of the discovery of a great reservoir of water, 120 feet below the surface, was discovered at El Goba, a small caravan station in the midst of the Sahara desert. The discovery was made while workmen were sinking a well. The shaft already gives forty gallons of good clear water per minute and the masses of the water be greatly increased. The discovery is of the highest importance and will tend to develop the caravan trade. This is the first time water has been found at so slight a depth in the Sahara.

The Opium Traffic in India.

LONDON, April 10.—In the Commons tonight the annual motion against allowing opium traffic in India was made and carried by a vote of 160 to 145, the minority of the opposition greeting the government's reduced majority with loud cheers.

THE IRISH LAND BILL.

Balfour's Tyrannical Tactics The Weapon of Closure Used to Abridge the Debate.

CAPITAL AND LABOR IN THE ROYAL COMMISSION.

The Cunard Involving Miss O'Shea and Parnell.—Gladstone and the Dynamiters.

By Telegraph to the News.

LONDON NOTES.

The Government and the Irish Land Bill.

LONDON, April 10.—The Government having succeeded in rushing the Irish Land bill through the first stages when the Irish party were fighting on the question of leadership, now show a determination to follow a similar policy in committee. Balfour's action in using the weapon of closure to abridge debate on the first clause is so typical as an application as the present Government have given.

GLADSTONE

held a conference today with several McCarthyites, and the result of the meeting was to issue a circular to united action among the opposition, instead of every man fighting on his individual responsibility, summed up the Liberal amendments, upon which the struggle will proceed for several weeks to come, include opposition to the use of local funds as guarantees for loans and objection to the tenants' insurance fund, and to the proposal to levy the amount of any deficiency on county rates. None of these amendments are acceptable to the Government, and after much talk each will be defeated in turn.

THE LABOR COMMISSION.

A close scrutiny of the personnel of the Labor Commission confirms the belief that the government does not intend to permit hazardous questions as to the basis of the relations of labor and capital to be considered. Roughly classified, capital has fourteen representatives and labor thirteen. The Radicals and labor members of the Commission complain that the labor contains only six genuine labor representatives, against eleven large employers, while the sympathies of the other members are on the side of capital. The notable omission of the agricultural troubles and the absence of allusion to the land question stamp the commission as the creation of a cabinet of landlords. Whatever work is done will apply to immediate remedial legislation of a practical character.

Mr. Shaw's Resolution.

Mr. Shaw is unwilling to render Parliament, even with the chance of resuming leadership of the anti-Parnellites, s The struggle is too much conflicted.

The cunard involving

MISS O'SHEA AND PARNELL

has ceased to be heard. Parnell is not to the Commons direct from Brighton. Captain O'Shea continues to reside at the West End of Brighton. Mrs. O'Shea is still at the West End, which is known as "Fire Escape Terrace." She drives out with Parnell.

GLADSTONE'S DENIAL.

Gladstone having been privately asked for a statement in reply to Parnell's charge that Gladstone gave an interview to the American dynamiters at Harwarden, says his denial alone ought to suffice.

IN THE COMMONS

today, on the Irish Land bill, Labouchere moved to omit the word "guarantee?" from the clause proposing that advances be made by the issue of guaranteed land stock, equal in nominal amount to the sum advanced. He denounced the scope and principle of the bill. A long debate followed, participated in by Balfour, Gladstone, Timothy Healy and others. Balfour moved the closure, which was carried and Labouchere's motion was rejected.

CANYONS POSTPONED.

Both Parties in Chicago Charge Each Other with Fraud.

CHICAGO, April 10.—Owing to the absence of Attorney Sugg, the Board of Election Commissioners postponed the canvass until to-morrow morning. Both Republicans and Democrats continue to charge each other with fraud in more or less definite ways.

Colonel Nye, chairman of the Republican Campaign Committee, accompanied by Stubs Attorney Longbacker, today applied to Judge Tuthill for a writ of mandamus to compel the arrest of Dennis Sheehan, a democratic judge of election, who is said to have broken up the ballot box after the polls had closed on election day. The judge at once signed the warrant and it was given to a deputy to serve.

Ex-Mayor Harrison has joined forces with the Democrats in the fight against Cregier before the election board. He talks vigorously about frauds perpetrated by the Cregier forces, and says he will subpoena illegal votes to ferret out the alleged frauds and punish the perpetrators.

Bound by Oath to Murder the Czar.

LONDON, April 10.—The *Telegraph's* correspondent at St. Petersburg says Shumeiken, the man arrested Monday on suspicion of being about to make an attempt on the Czar's life, belonged to the Scaesola Club of Kharkoff, the members of which are bound by oath to make continual efforts to murder the Czar. Most of the members have been arrested. A number of students were also arrested at Kharkoff. It is feared this will break out at the university there.

Another sensation has been caused here by the suicide of a house officer who, it is rumored, was involved in a plot against the Czar.

Five Thousand Carpenters will Quit Work.

PITTSBURG, April 10.—It is definitely determined that on May 1st five thousand carpenters in the Pittsburg district of the Brotherhood of Carpenters and Joiners of North America, will cease work until the builders concede the eight hour demand.
