MINING, BUSINESS AND STOCKS.

MINING SHARES NOT SO STRONG

But Buyers Were Active After Daly-West.

THE STOCK CLOSED WEAKER

Daly-Judge Held Close to Stationary Figures—New York Bonanza Takes To the Toboggan.

With only a few exceptions the mining share market was not in as good shape as yesterday. Daly-West was strong and buyers were willing to pay better prices for it; yet it weakened towards the close, ending with $43.95 bid and was offered at $44 per share. Daly-Judge held at about stationary figures and Daly, while not participating in the sales of the regular call, entered actively in the bidding and closed with $2.45 bid, $2.82½ asked. New York Bonanza was decidedly weaker. The stock led out with 27 cents bid. A block of 100 shares went at 30 cents, followed by a decline to 28 cents, at which price 1,200 shares were transferred. Wabash began with a sale of 100 shares at 44½ cents. The stock wavered and when the bidding ceased the blackboard recorded a bid of 42¾ cents, with offerings at 43½.

The quotations and sales of the forenoon were:

Selling dates, Jan. 11th and 12th. Final limit, Jan. 21st.

NO PLACE FOR WILDCATS.

President Cutting Outlines Policy of Tonopah Exchange.

The Tonopah stock exchange is now holding daily calls. At the opening session held a week or more ago, President Henry C. Cutting, in one of his customary speeches announced the policy to be carried out by the board in the future.

The Tonopah papers speak of the opening of the exchange in complimentary terms and during the course of his remarks President Cutting is quoted as saying:

"When Jim Butler gave us our leases he set us the example of doing business absolutely on the square, and we propose to follow his good example. As long as I am connected with the exchange—and hope to be connected with it a long time—as far as it lies in my power this exchange shall be conducted on the square. No 'wildcat' shall be quoted on this board, and no 'bulling' or 'bearing' of stocks for a purpose will be tolerated. We have here the greatest mining district ever discovered, and we are going to let the world know it; and nothing shall occur in the conduct of this exchange that will injure the fair name of Tonopah."

T. J. Lynch, well known in this city, is vice president of the exchange and Kenneth Donnellan is secretary.

CAVE DISCLOSED LARGE ORE BODY

Result of Recent Accident in Copper Mountain Mine.

MANAGER LLOYD ADVISED.

Details Are Yet Meager, but the Vein Is Believed to be of Large Proportions.

The old threatdbare saying "'Tis an ill wind that blows nobody good," seems to fit in about right in connection with an incident which happened in Beaver county a few days ago.

The patrons of the "News" will remember reading of the narrow escape of Supt. C. H. Smith, of the Copper Mountain mine, from being entombed in a drift behind tons of earth as a consequence of a falling in of the roof.

Some little time after the accident occurred, and when Mr. Smith was congratulating himself that he had gotten out alive, he descended the shaft again for the purpose of ascertaining how serious the damage to the mine really was. He made a thorough investigation and found that just back of where the earth came tumbling down was exposed a fine body of copper ore, which appears to be of a good grade.

Manager Lloyd has been advised of this and expects to have some of the ore sent to him for testing. The manager was in a very jubilant mood today, and while his information concerning the disclosure is yet meagre, he is inclined to believe that the vein is of generous proportions and that is contains very satisfactory values.

In the Copper Mountain mine are some large bodies of low grade copper ore which would pay well if treated in the camp, but which will not stand the expense of shipment to the Salt Lake plants and leave a profit.

It is possible that an effort will be made to sell some of the ores of the mine to the Majestic company, when its plant is completed and is ready to go into the smelting business.

THUNDER MOUNTAIN MINES.

H. H. Hunter, a Prominent Operator There Visits City.

H. H. Hunter, a prominent Idaho mine owner, registered at the Knutsford last night. He is en route from the Puget Sound to Denver, where he will hold a conference with some of his associates; among whom is John F. Campion, the Leadville millionaire.

Mr. Hunter is operating a property at Big Creek, in the Thunder Mountain region, 35 miles from the Dewey mine. He has a force of 18 men employed and last reports received are to the effect that the property has a fine showing.

Mr. Hunter anticipates much activity in Thunder mountain this year and when the new wagon road is completed the district will open up rapidly. The visitor is very enthusiastic about the country and declares that if the surface indications found there were anywhere else they would attract wide attention.

SOLD FOR $105,000.

Group of Thunder Mountain Claims Transferred.

C. R. Moser closed a deal ast week with Pittsburg and New York people for the sale of a group of 10 claims in Thunder Mountain proper of which he was chief owner.

The consideration is $105,000, a fair sum was paid down, and $50,000 is to be paid in 60 days and the balance in one year.—Boise Statesman.

TESTS VERY SATISFACTORY

Moore Process Doing Big Things for Con. Mercur.

Manager George Dern of the Consolidated Mercur has received the assays of the first day's run at the new tailings plant, recently installed under the direction of George Moore of the Sunshine mine, who is the originator of the process being employed.

The returns are eminently satisfactory to Mr. Dern and the process will, no doubt, revolutionize things at the big Mercur plant in the future and be the means of effecting a saving to the stockholders, which, under present conditions, is lost.

The tailings treated assayed $1.29 per ton and after treatment a saving of 88 cents per ton was noted.

Mr. Dern is greatly elated over the results of the first tests and believes that no more difficulty will be experienced with slimes; that the old tailings dump containing 1,000,000 tons can be worked over again profitably. Much of this dump will average as well as $1.25 per ton and the manager is confident that a profit of at least 50 cents per ton can be made.

THE KENNEBEC COMPANY.

Absorbs the Gypsy Blair Territory at Alta.

The Kennebec Mining company which probably controls more territory than any other corporation operating in Alta, has taken over the holdings of the Gypsy Blair company, for a consideration of 25,000 shares of stock in the former which is equivalent to $35,000.

The Kennebec is under the management of W. J. Craig of this city. George H. Robinson, the well known mining engineer, is one of the principal shareholders.

CON. MERCUR VELVET.

Dividend Checks Aggregating $30,000 Sent Out Today.

At the offices of the Consolidated Mercur mining company in the Dooly block today, the forces are at work preparing the dividend checks, to meet the January distribution of $30,000 and will get them off in tonight's mail.

Wheeler and Wilson Incorporated

The Wheeler and Wilson Mining company, of this city, filed its articles of incorporation in the county clerk's office today. The capital socks of the company is $75,000, divided into 300,000 shares of the par value of 25 cents each. T. W. Jones is president; W. C. Tracy, vice president; and E. W. Kelly, secretary and treasurer. The company owns the Magnolia and Volunteer lode claims located in the Big Cottonwood district, this county.

GREATEST IN UNITED STATES

Opinion of the Old Hickory Copper Mine

EXPRESSED BY W. A. FARISH

The Manager of the Majestic Properties in Beaver County—Much Activity at Milford.

State Senator A. B. Lewis probably never made a more pleasant trip to the great Beaver county copper belt than the one which he brought to a close this morning. While the senator only remained in camp a day, he was nevertheless able to get around to several of the Majestic Copper company's big mines and also to the ground where the smelter is now under construction.

The Old Hickory mine, where the recent important disclosures were made, was of course the center of attraction for the senator upon the trip. When he first acquired this valuable group for the Majestic, Mr. Lewis was confident that it would become an important producer. But his expectations have been realized many times over. Since the rich ore was cut in the tunnel, just to the north of the camp buildings, the further development of the vein has brought constant surprises.

None are more enthusiastic over the new find than Manager Farish, who is very conservative about making any statements. But the Old Hickory mine, he believes to be a bonanza; and he declared to Mr. Lewis that he is confident that it will develop into the greatest copper mine in the United States, unless it is the O. K., but that is doubtful.

As the work of exploration continues Mr. Farish's judgment regarding the Majestic territory is gradually being confirmed. When he made his first examination, a year or so ago, he said at the time, that the properties were the greatest ever brought together under one management. Developments seem to indicate that he was not in error when he made the assertion.

Mr. Lewis states that a constant improvement is shown at the O. K. mine.

At the smelter, just south of Milford, very active scenes were witnessed. The lead furnace is in place and the ones to be used in the treatment of the copper bearing ores are now being installed. The brick work about the boiler house is nearly completed; the iron and steel structural parts of the buildings are being raised; the Oregon Short Line Railroad company is building new tracks about the premises, so all in all, good headway is being made by those in charge of the construction.

BACK FROM THE ERIE.

Secretary Brown Well Pleased With Conditions.

Secy. L. G. Brown, of the Erie Mining company, returned from that Beaver county property this morning well pleased with his observations in that part of the state.

The shaft at the Erie mine is now at a depth of 140 feet and is being continued at the rate of two feet per day. It is now penetrating a greyish ledge matter, almost identical with that encountered at the O. K. mine and in which native copper was found.

While in camp he visited the Old Hickory and confirms all the good things said about it.

MINING CONCENTRATES.

Fred E. and Frank McGurrin have bonded a nicely located group of claims, in the iron belt of Iron county, to eastern parties. The consideration is said to be $75,000.

M. J. O'Meara and T. J. Lynch, the two Tonopah bonanza kings, will leave for the big Nevada dump in a day or two.

The ore and bullion settlements yesterday were $57,610.

The announcement has been made that the Kimberly syndicate will take up the option on the Balaklala mine in California. The purchase price is about $750,000. One-third of this amount has been expended in development work since the option was executed.

An important strike of ore is reported in the Overlook mine in the Neal, Idaho, district.

A vein containing much $300 ore has been encountered in the Eureka mining property at Pearl, Idaho.

Watson M. Nesbit, well known in the Tintic district, has gone to Colorado, where he has accepted the position of manager of the Cortland mine in Gunnison county.

Henry Newell has returned from his California trip.

The Valco delinquent stock sale comes off in Park City next Tuesday.

George Paxton has been awarded a lease on the Joe Bowers mine of Tintic, so something of a promising nature can be looked for from that source in the near future.

The management of the Cyclone mine, of Stockton, has awarded a contract for 100 feet of additional drifting on the main level. The shaft is now down to 300 feet and the face of the drift is now 700 feet away from it.

J. A. Jacobson expects to go out to Bingham tomorrow to look after some mining interests.

The Daly-West dividend checks are being made out at the local offices of the company.

John Dern, president of the Consolidated Mercur, is expected home this afternoon from his Nebraska trip.

The books of the Daly-West close against transfer tomorrow and will remain so until after the payment of the regular January dividend on next Thursday.

Taylor & Brunton report ten cars of ore arrived at the sampler.

Senator Clark's Ophir-Hill mine contributed five cars of concentrates to today's market.

Three car loads of ore from the Alpine mine, of Nevada, owned by the O'Meara-Lynch company, are in the market today.

William Hatfield has returned from a trip to Tintic where he has been attending to some assessment work.

Arthur E. Snow, the well known mining engineer, has returned from a surveying trip into southern Utah.

President Taylor, of the Ima Gold Mining company, is expected to arrive in the city tomorrow.

MARKET OPENING WAS A HUMMER

During First Hour Many Cross Currents Observed.

OFFERINGS WERE ABSORBED

Strong Advances at Many Points—Active Realizing Held Back Some Stocks—Bonds Firm.

New York, Jan. 9.—There were many cross-currents in the very active trading of the first hour but the free market for stocks was obvious. Large offerings to realize were readily absorbed and there were strong advances at many points, while at others the selling was taken without material setback. The Wabashs were lifted 2 each and the Eries rose a point or more on enormous dealings. Rock Island preferred got up a point but the common only a fraction. The Pennsylvania group, including Reading, Sugar, U. S. Steel stocks, the local tractions and the Pacifics were held back somewhat by active realizing. The movement had spent its force to a degree by 11 o'clock and the market quieted down for a time. Profit-taking affected the Eries for a time, carrying the common back the best part of a point. The rise in Rock Island stocks was wiped out and Reading fell nearly 2 points under last night. Union Pacific, Southern Pacific and Brooklyn Transit were then taken in hand and lifted a point or more, checking the decline elsewhere, but not recovering the general strength of the market, which became during the irregular.

Atchison followed the rise in the Pacifics and Amalgamated rose 1⅝, but sugar broke to a point under last night and the market turned heavy again. Later some strength developed in B. & O. and Sugar recovered its loss.

Bonds were firm.

MONEY AND BONDS.

Money on call, easy at 4½ per cent. Prime mercantile paper, 5½@6 per cent. Sterling exchange, barely steady, with actual business in bankers' bills at 4.86.50@4.86.6.25 for demand and at 4.83.3.75@4.83.6.25 for 60 days. Posted rates, 4.84½ and 4.87½.

Commercial bills, 4.82¾@4.83½.

Mexican dollars, 38¼.

Government bonds, steady; ref. 2s reg., 108½; do. coup., 108½; 3s reg., 106¾; do. coup., 108; new 4s reg., 135; do. coup., 135¾; old 4s reg., 108½; do. coup., 109½; 5s reg., 103¾; do coup., 103¾.

Bar silver, 47⅞.

SUGAR.

Sugar—Raw steady. Fair refining 3 7-16; centrifugal, 96 test, 3¾; molasses sugar 3 3-16. Refined steady. Crushed 5.55; powdered 4.75; granulated 4.65. Coffee steady; No. 7 Rio 5¾.

LIVE STOCK.

CHICAGO.

Chicago, Jan. 9.—Cattle—Receipts, 5,500, steady; good to prime steers, 5.40@6.80; poor to medium, 3.00@5.50; stockers and feeders, 2.00@4.50; cows, 1.25@4.50; heifers, 2.00@4.85; canners, 1.25@2.50; bulls, 2.00@4.40; calves, 3.50@7.50; Texas fed steers, 3.75@4.85.

Hogs—Receipts today, 25,000; tomorrow, 18,000; left over, 9,000; 10c@15c lower; mixed and butchers, 6.25@6.55; good to choice heavy, 6.60@6.80; rough heavy, 6.25@6.50; light, 5.90@6.20; bulk of sales, 6.25@6.50.

Sheep—Receipts, 11,000; sheep strong; lambs strong; good to choice wethers, 4.25@4.75; fair to choice mixed, 3.25@4.25; western sheep, 3.40@4.60; native lambs, 4.00@6.00; western lambs, 4.00@5.60.

KANSAS CITY.

Kansas City, Jan. 9.—Cattle—Receipts, 3,000, including 300 Texans. Steady to strong. Native steers 3.75@6.60; Texas Indian steers 3.40@4.20; Texas cows 2.15@3.00; native cows and heifers 1.50@4.30; stockers and feeders 3.60@4.40; bulls 2.05@3.50; calves 3.00@7.00.

Hogs—Receipts, 6,000. Market 10@15c lower. Bulk of sales 6.35@6.47½; heavy 6.30@6.50; packers 6.25@6.45; medium 6.30@6.47½; light 5.90@6.30; yorkers 6.25@6.30; pigs 5.65@6.00.

Sheep—Receipts, 1,000. Steady. Muttons 3.00@4.10; lambs 3.60@5.45; range wethers 3.00@4.35; ewes 3.00@4.20.

OMAHA.

South Omaha, Jan. 9.—Cattle—Receipts, 2,600. Market slow to 10c lower. Native steers 3.40@5.75; cows and heifers 3.00@4.25; western steers 3.75@4.40; Canners 1.05@2.50; stockers and feeders 2.50@4.25; calves 3.00@6.25; bulls, stags, etc., 2.25@4.25.

Hogs—Receipts, 4,400. Market 10c lower. Top 6.40; light 6.25@6.40; pigs 5.00@6.25; bulk of sales 6.45@6.60.

Sheep—Receipts, 900. Market strong. Fed mutions 4.25@4.70; westerns 4.00@4.60; ewes 3.25@4.00; common and stockers 1.00@3.25; lambs 4.50@5.50.

NEW YORK.

New York, Jan. 9.—Wheat—Receipts, 158,650 bushels. Quiet and steady this morning on cables, small northwestern receipts and covering. May 80⅛@80 5-16.

PRODUCE.

SAN FRANCISCO.

San Francisco, Jan. 9.—Wheat—Stronger; December 1.34½; May 1.38; spot firmer, 1.37½@1.40.

Barley—No sales; cash 1.20.

LIVERPOOL.

Liverpool, Jan. 9.—Close: December, no sales; March 6s 2¼d; May 6s 4½d.

HOPS.

Liverpool, Jan. 9.—Hops at London, Pacific coast firm, £6, 10s@£7, 5s.

BUTTER AND EGGS.

New York, Jan. 9.—Butter—Receipts, 5,900 packages. Steay. State airy 20@27; creamery extra 29; creamery common 22@28.

Eggs—Receipts, 4,500 packages. Steady. State and Pennsylvania 30@31; western uncandled, poor to fancy, 21@29.

LIST OF LETTERS

Remaining uncalled for at the postoffice, Salt Lake City, Utah, Jan. 9, 1903. To obtain these letters the applicant must call for "Advertised Letters," and give the date of the list. If not called for within two weeks they will be sent to the Dead Letter Office.

BANDAGES.
It's lots handier and safer to use our sanitary bandage in case of accident, say a cut finger or scalded hand, than to tear a corner off the table cloth or spoil a good handkerchief.
Bandages cost next to nothing, and it will save temper and trouble to have an assortment of them on hand.
Bandages come in various lengths and widths, and start in price as low as 5 cents.
Of course we sell all the necessary lotions and pain cures to relieve sprains, cuts, burns, etc.
We'll show you how to use the bandages.
Come and see us for anything in the drug line.

Burlington Route
THEY REMIND YOU OF FLORIDA.
"Palm Beach," "Jacksonville," "St. Augustine," "Ormond"—these are the names of the luxurious buffet-smoking-observation-cars on the Burlington's Chicago Special.
The names suggest warmth — color — comfort — tropical splendor. The cars are worthy of their names. They contain almost every luxury of the magnificent Florida resorts after which they are named.
Leave Denver at 4:15 p. m. Arrive Omaha 6:45 next morning; Chicago 7:55 next evening.
Another good train for Omaha and Chicago is the
