REVIEW OF PREVAILING ATHLETIC SPORTS

LEAGUES FORMED FOR BASKETBALL

Athletic Committee of Elementary Schools Lays Down Rules for Contests—Games Next Week.

The following leagues in basketball for the elementary schools have been organized and the games will begin next week:

Basketball for boys below 8a.
Basketball for boys in 8a.
Basketball for girls.

The athletic committee will award suitable pennants to the championship teams of the city.

The city has been divided into districts in order that it may not be necessary to play too many games.

The rules of last year will be followed again this year. They are as follows:

1—No school will compete in an athletic contest unless the principal of the school is present during the contest.

2—Only those pupils that have satisfactory records in application, deportment and scholarship shall be permitted to represent their schools. The principal of each school shall be the sole judge of eligibility.

3—Tobacco users shall be ineligible to places on school teams. The use of profane language shall bar a pupil from further participations.

4—Disputes shall be referred to the board of athletic control for final settlement, when the school finds it impossible to adjust said disputes.

5—There shall be two 15-minute halves in basketball for boys and two 12-minute halves for girls. No time shall be taken out.

6—Principals will see that the board of athletic control is notified of the result of each contest. The notification should be sent to the athletic committee.

The statement is signed by the following officials:

J. H. Coombs, chairman; F. N. Poulson, Evelyn Reilly, Etta Powers, A. C. Clayton.

LOELL, "U" CRACK FULLBACK.

When Coach Maddock selected this sturdy player for the position of fullback on the "U" football team for this season he made no mistake, as has been demonstrated in the games played thus far. Loell is in the game all the time and is one of the best ground gainers on the team.

BRIEF HISTORY OF NATIONAL LEAGUE

Great Managers of Old Clubs—Anson, Selee and Hanlon Among the Brightest Stars.

Fred Clarke winning four pennants for Pittsburg recalls to mind that other managers have been quite as successful capturing flags in the National league. Anson holds the record with five wins for Chicago, though it has been tied twice. Hanlon is a five-time winner, winning three for Baltimore and two for Brooklyn. Selee was another very successful leader. He landed Boston in front five times, and then went to Chicago and laid the foundation for the great team. Frank Chance won two world's championships. While McGraw has been up in the race a great deal, he has finished in first place only twice.

Following is a history of the National league told in a few words:

Year. Club.	Manager.

LEADING PITCHER IS CLYDE HALL

Clyde Hall, the twirler Dugdale secured from Salt Lake, is the leading pitcher in the Northwestern league, according to the official dope from Portland. Little Rock Allen of the same team comes second, while Dode Brinker of Spokane is third.

That is the way the dope reads, but, according to the Butte Intermountain, neither Hall nor Brinker has pitched enough games to be entitled to such leadership. Allen is the real king of the Northwestern pitchers. He has officiated in 24 games, and 19 of these have been victories.

Kinsella of Portland is really the star. He was on a team that never reached the .504 mark, yet the long boy won two-thirds of his games. This is a great record. Holm of Spokane appears fourth among the steady twirlers, and he also won two-thirds of his contests. Wright was just about as good, while Killilay was but a few pegs below. Gregg was under the .500 mark while pitching for the Indians. The standings of those above the .500 mark follow:

Player, club	won.	Lost.	Pct.
C. Hall, Seattle	13	4	.824
Allen, Seattle	19	5	.792
Brinker, Spokane	3	1	.750
Thompson, Seattle	26	9	.743
Kinsella, Portland	22	11	.667
Holm, Spokane	22	11	.667
Wright, Spokane	17	9	.654
Pernoll, Aberdeen	25	15	.625
Killilay, Spokane	20	13	.606
Engle, Van'ev-Seattle	18	12	.600
Ovitz, Aberdeen	12	8	.600
Gardner, Vancouver	3	2	.600
Seaton, Portland	16	11	.593
Stever, Aberdeen	22	16	.579
Jensen, Spokane	19	14	.576
Newlin, Tacoma	11	9	.550

"HIGH FLY" NAME OF BIG HANDICAP

One of the big events at Buena Vista next week is scheduled for Wednesday afternoon when the Eagles will soar at the plant. The feature will be the High Fly handicap, probably at seven furlongs, for a purse of $300. This race should be one of the best during the meeting and it is a certainty there will be a great amount of interest in the day's card as the Eagles are to sell tickets and will receive a percentage of the gate receipts. The object of the Utah Jockey club is to help the Eagles raise funds to send a team to St. Louis on the occasion of the next convention of the F. O. E.

BIG FOOTBALL GAMES TODAY

Interest Centers in Yale-Army and Syracuse-Carlisle Contests—Both Are Important.

New York, Oct. 16.—The preliminary football season in the east came to an end today when the big college elevens prepared to line up for their first really important gridiron battles this afternoon. New York football enthusiasts divided their attention between the Yale-Army game at West Point and the Syracuse-Carlisle contest at the Polo grounds.

Both the Syracuse team and the Indian eleven spent a good night at the Hotel Cumberland here and Coaches Warner and Jones were equally confident that their respective elevens would be victorious.

Football experts regarded the West Point game as perhaps the most important of the day. The army is always relied upon to give the men from New Haven a hard tussle and there was no over-confidence in the blue camp. A year ago, Yale won by a score of 6 to 0, and had its hands full in so doing.

ALL IS READY FOR BIG FIGHT

Thousands Thronging Colma, Where Championship Battle in the Roped Arena Is On.

San Francisco, Oct. 16.—All roads led to Colma today. With all chances for a hitch in the great championship battle between Jack Johnson, the negro heavyweight titleholder, and Stanley Ketchel, the middleweight leader, apparently set at rest by the assurances of the principals and their managers, the attention of the fight loving public this morning became focussed upon Promoter Coffroth's arena in the suburbs of this city.

EXPECTS $20,000 HOUSE.

Mission street, the great thoroughfare leading to the ringside, was alive with gaily colored automobiles Colma-bound, for the spirit of the Portola festival already has spread over the city and the fight today is looked upon as a fitting curtain-raiser to a week of excitement. Street cars decked in bunting and flags long before the noon hour carried heavy loads of men on their way to the bleachers. Before the gates opened at 11 o'clock there was a long line in waiting. There was every indication that Coffroth would come up to his expectations of a $20,000 house. Sporting men are here from all parts of the country.

No work was done in either camp yesterday. Johnson showed himself in the downtown streets, driving his automobile and smiling his golden smile. He talked with easy assurance and appeared to have no shadow of doubt that he would pass the crisis in his career as a fighter with flying colors. Ketchel was out for a short run on the road. His manager said he was not doing any worrying over the outcome. Both men are reported to be in the best kind of shape. The fight enthusiasts and trainers who have watched both men at their work expect to witness a great battle.

Johnson's chances are told in his superior weight and reach, while Ketchel has a hard blow and a gameness that is devoid of fear.

STATEMENTS OF PUGS.

Statements made by the principals on the eve of the 20-round battle indicate the confidence felt by each.

"I expect to win, of course," said Ketchel. "I haven't a bit of fear of Johnson, although I appreciate his ability as a fighter. I will go after him in what looks the best way, but I never plan fights in advance. I am in the best shape that I ever was."

"I will win this fight and then I will go after Jeffries," said Johnson. "If I can get Ketchel in the first round I am going to do so. I am sure to knock him out, for I want to make people understand what a chance I have to whip Jim Jeffries."

As there is no weight-making condition, the fighters are expected to enter the ring at 3 o'clock sharp. The preliminaries started at 1:45 o'clock.

SUPPORT FOR KETCHEL.

When the two champions enter the ring their difference in weight will be around 25 pounds. Ketchel weighed 177 pounds when he got up Friday morning and his manager expects that he will reach the 180 mark today, because of the rest yesterday. Ketchel thinks he will weigh in at 178 pounds. Johnson's manager said that he was willing to have Johnson weighed in the ring and that the figure would be between 194 and 196 pounds.

In the betting Johnson still holds a 10 to 4 favorite, with even money on 15 rounds. There is a healthy Ketchel support.

KUBIAK WILL GO AFTER FRENCHMEN

Philadelphia, Oct. 16.—Al Kubiak, Michigan heavyweight, will sail for Paris today. Kubiak has three matches in the French capital, the first being with Joe Jeanette at 10 rounds. Then he takes on Jim Stewart of New York, in a bout of similar duration. Should Jeanette and Kubiak go the limit in the first bout they will be rematched to fight 25 rounds.

WOMAN IS INJURED IN AUTO RACE

New York, Oct. 16.—The first accident in New York's last 24-hour automobile race at Brighton Beach motordrome occurred this morning when the Palmer & Singer car, driven by Lescault, lost its left front wheel, which crashed into Miss Alice Roberts of Brooklyn, breaking her shoulder bone and inflicting internal injuries. The driver and mechanician of the car were unhurt.

Louis Chevrolet, driving a Buick car, maintained a consistent lead during the early morning hours. At the eighth hour he was a full fourteen miles ahead of the former record, having completed 422 miles. His average speed for the eight hours was nearly 53 miles an hour, while in one hour he rounded the mile circle 57 times, establishing a new world's record for a circular track.

"TOUCHDOWN" ROMNEY; R. H.

Here is another star in the U of U. gridiron line-up. Romney plas right half and is a pretty tough proposition to go up against in a gridiron battle. He has strength, speed and stamina, isn't afraid of anything and has but one object in view—get the ball over the opposition goal line. If in striking distance of the goal he can be counted upon to put the pigskin over.

Bookies Make Ridiculous Prices And Lose Considerable Money

The bookies at Buena Vista yesterday afternoon got a bumping they will not soon forget. They made ridiculous prices in many of the events, and form players were heavily rewarded. There was a hard driving finish in every race, the horses running to form and the track fast. One of the largest crowds of the season was on hand to see the sport, at least half of the spectators being women as it was ladies day.

The first race saw a driving finish between Aunt Kit, the favorite, and St. Kilda, played heavily for place. The former won. The second race saw Prometheus the first choice and the horse won after a hard fight with Pretension who ran second and shut out Cobbleskill.

Chalum and El Perfecto were well liked in the third at four and a half furlongs, but Singleton managed to keep Eel to the front. Jim Brady was favorite but did not finish well. Jockey Nelson had his first mount at Buena Vista yesterday on Rather Royal, the race being a mile, and the little jockey succeeded in bringing the speedy animal over first with Eudora second and Sam Barber showing.

In the fifth event R. A. McCurdy was slated at 4 to 1 and climbed up to 7 to 1. This is where the books got the worst of it as there was heavy play on McCurdy and it was puzzling to the turfites why such a good price was offered. The animal lived up to his form and captured the race, beating out Reuben and Galvanic. With good prices, Bon Ton, Gossiper II. and Yankee Tourist finished in the order named, Burning Bush quitting at the stretch. The day's card was a good one and the finishes furnished plenty of excitement.

LIPTON COMING TO ARRANGE RACE

New York, Oct. 16.—New York yachtsmen learned with interest today that Sir Thomas Lipton was on his way to New York to press his claims for a race for the America's cup. At the yacht club many enthusiasts expressed a hope that the Englishman and his American rivals would be able to find common ground for a challenge. But officials declared that Sir Thomas would have to challenge under teh old rules.

AUTOMOBLIE NOTES.

The Scottish Automobile club is to present a gold badge, as a souvenir of the recent reliability trial, to each driver whose car obtained a non-stop certificate.

To stimulate touring through the Shenandoah valley region, and in the interest of better roads, a garage company at Shenandoah, Va., offers free storage to all tourists.

Indiana is rapidly coming to the front as an automobile-producing state. Indianapolis alone expects to put out fully 10,000, and the record for the state no doubt will reach 25,000.

A number of capitalists are interested in a project to establish an auto omnibus line between Bellefontaine, O., and Richwood, O. The country is thickly populated and not served by any electric line.

Below 12 miles an hour the additional tractive efforts necessary to overcome the wind resistance on heavy vehicles is comparatively small. But on the light high speed vehicles when running at speeds above 12 miles an hour, the wind resistance becomes quite a large factor.

Because it opens the door to graft, the Delaware State Automobile association has filed a protest with the Levy court against an offer of $15 reward, made by the court, for the arrest and conviction of any person violating the speed law.

ROLLER IS GOING AFTER BIG ONES

Seattle Physician-Wrestler Anxious to Go to the Mat With Foreign Grip Artists.

Dr. B. F. Roller, the physician-wrestler of Seattle, who has made quite a name as a mat artist, and his manager, Jack Curley, who are now in the city, are planning an invasion of Europe, and Dr. Roller hopes to clean up all the gripmen cross the pond. Dr. Roller and Mr. Curley, accompanied by their wives, are resting for a day or two in this city. From here they will go east, as Dr. Roller has a number of matches on in the middle west. After fulfilling his contracts, Roller and Curley will go to Europe where they expect to get on several good matches.

The party is accompanied by Harry Cort, son of John Cort, the theatrical man, and it is understood that young Cort will go with the wrestler and his manager.

Dr. Roller does not have a very high regard for foreign wrestlers and is of the opinion that none of them stands any chance with Champion Frank Gotch. Dr. Roller says he would like another chance at the champion but does not believe he could beat Gotch unless the latter were not in prime condition.

HIGH SCHOOL ATHLETICS.

There was a meeting at the Salt Lake high school yesterday afternoon of the athletic association. Principal Eaton addressed the students and outlined the work for the year. The election of officers resulted as follows: Will Goodspeed, president; Reg Wallace, vice president; Heber Romney, secretary. There was a meeting of the girls during which the basketball situation was discussed and plans talked over for the game this season. The classes will meet soon and select captains and managers of the various teams.

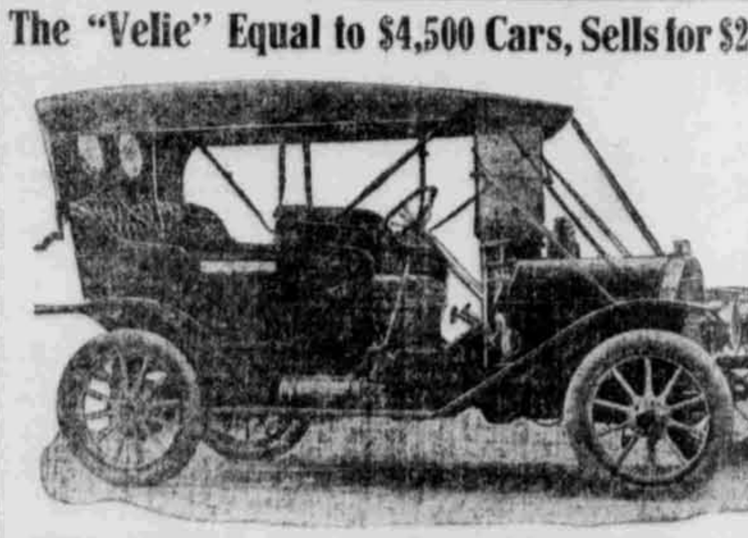
The "Velie" Equal to $4,500 Cars, Sells for $2,000



1910 Velie Touring Car.

So well reputed are the Velie Automobiles, that even before the agency was placed with the Consolidated Wagon & Machine Co., of this city, through Mr. George T. Odell, the General Manager, inquiries for the 1910 cars were received at the Velie factory. A gentleman on his way to Salt Lake writes from Denver:

Velie Motor Car Co., Moline, Illinois. Denver, Colo. October 1, 1909.

Gentlemen—Your letter of Sept. 24th received Saturday, and I will say in reply that I am interested in the subject of automobiles.

I will be glad to hear from you when the proposition you now have under way is settled. I think you have the best car on the market under $4,500. Very truly yours,

P. O. Box 1044. F. G. PINKERTON. SALT LAKE CITY, UTAH.

The Velie car is the only car in the country at any price that is equipped with a three auxiliary ignition system for emergency. It is a combination of the dual and Jauble system, employing eight spark plugs, and it carries with it an absolute guarantee for one year, with the reputation of the Velie Vehicle Co., and the Consolidated Wagon & Machine Co., behind it. A sample Velie Automobile will be shown at the latter's establishment, 138-150 State Street, within the next day or two.
