FOR RETRENCHMENT.

The Ogden City Council Makes a Sweeping Reduction in Expenses.

Last night's session of the city council was somewhat unusual from the fact that the meeting was characterized by sentiments of union with respect to the matters of public importance which came up. As a consequence a good lot of work was accomplished in a remarkably short space of time, there being but few objections made to any of the measures brought up. Mr. Gill was chairman pro tem. The report of the committee on retrenchment was read section by section and adopted without any modifications. After reciting the fact that the committee had thoroughly canvassed the situation regarding the embedded state of the city's finances, the report recommended that the following reductions be made:

1. Sanitary Superintendent—
Two men and teams, earning per week of ..... $ 21 00
The sanitary inspector's salary 7 00
2. Fire Department—
Three men at $75 per month 225 00
3. Street Department—
Trimming, repairs and care ..... $ 750 00
So far also as other expenses and salaries 750 00
as street are lighted 500 00
4. Police Department—
Patrolmen, wages reduced from $90 to $75 per month 15 00
Sergt. of police and police court each to reduced from $90 to $75 per month 30 00
Janitor reduced from $50 to $40 per month 10 00
Fines paid for prisoners found not reduced from $50 to $40 per month 10 00
5. Hospital—
The entire hospital department, except board of trustees, to be reduced to $40 per month $40 00
6. Public buildings and grounds.
That the salaries of janitors be taken be reduced from $75 to $60 per day, and the amount of gas required to reduced from 12 to 7 burners $12 00
7. That the salaries of laborers—day laborers employed—be reduced from $2.00 to $1 per day ..... $ 30
One man off at $2 per day ..... $ 60
Making a reduction per week of ..... $[illegible]
and for the year a reduction of ..... $[illegible]

7. Tenure best of departments or any employes of the city government shall be so hired to employ any person, now hired for the purpose, and material to work, or make any contract whatever, which may be required in their department, but he shall furnish requisitions in all cases as a place for notice before their respective committees, who shall report upon the same and report their recommendations to the council. No claimant of a contingent shall be allowed to incur orders exceeding a total of $[illegible] for urgent repairs to street, sewers or bridges.

The report was made by J. D. Gill, John Hagerty, A. J. Weber and A. J. Stout.

The use of the large room in the city hall was petitioned for by Prof. T. B. Lewis, acting county superintendent of schools, for the purpose of holding a teachers' examination on the 17th and 18th of the present month. Referred to the committee on public buildings and grounds with power to act.

The committee to whom was referred the claim of M. Teuben for painting the pavilion at Lester Park reported favorably and the treasurer was authorized to draw a warrant, for the same, for $[illegible].

The claims of the Ogden Iron and Brass works, and W. J. Scott & Co. for $150.00 and $114.40, respectively, were allowed.

Jones introduced a resolution asking that $600 be appropriated for the purpose of surveying Ogden river and determining the amount of power which could be obtained in the canyon. He said large chemical works would be located here, employing from 750 to 1000 men, if sufficient power can be generated. Carried.

The reports of the city auditor and recorder for the quarter ending June 30, 1893, were referred to the finance committee.

The pay roll was presented and allowed, and the council adjourned at 9:30 p. m.

Police Court.

Justice Calhoun did a land office business yesterday in the police court, as some thirty or more persons were arraigned before his honor and disposed of.

At an early hour the police rounded up twenty-seven men in one gang at the stock yards, but, as it was apparent that many of them did not belong to the genus hobo, they were discharged with the imperative order that they must have town before nightfall. The remaining ones got ten days each.

Lester Lord was given twenty days for his little game of blistering his arm and thereby working on the sympathies of the public.

In the case of Harney McKenna, mentioned in yesterday's News as having robbed his companion of $15, no prosecutor appeared and he was discharged.

Nellie Collins was arrested on the old charge yesterday. She left $25 for her appearance but failed to come back after it, and the money was confiscated.

Hearing Postponed.

The hearing of the late John Brown will case was again postponed yesterday. The counsel for the executors asked that a continuance be granted until next Saturday, as it was believed they could get more evidence regarding the signing of the will.

Held Up.

L. E. Adams, cashier of the Utah National bank, had a very rough experience Monday night, at the hands of three holdups. He was attacked on upper Twenty-fifth street by the fellows, but they did not succeed in getting any booty, as the gentleman attacked the situation at a possibly wise sense in his sentiments, and the robbers fled without being anything further than thoroughly frightening him.

Providing for the Destitute.

A week ago last Thursday a family by the name of Collins arrived in Ogden, on their way to California, after a three months' trip overland from Texas. At the arrival the family consisted of an aged father and mother and a married son and his wife, but the following day the young man took sick with some disease of the brain, and last Monday died. He was buried by the hands of charity, Maggie Lundy grasping the situation at once and ordering the deceased buried at the expense of the city. They have friends in Wichita, Kansas, and are very desirous of going there. At present they are being provided for by Edward Cook, in whose neighborhood they are camped, but something further should be done to relieve them of the present distress and take the burden from Mr. Cook and his neighbors who have thus far done all they can for the family.

The Commercial National.

Today the directors and depositors of the Commercial National bank will hold a meeting which the matter of resuming business will be discussed.

Heavy Damage Suits.

Several heavy damage suits have been filed in the First district court by King and Howe.

One Excelsior sues the Eureka Hill Mining Co. for $20,000 damages, for breach of contract. Some time since, while in the employ of the company, he met with an accident which necessitated the amputation of one of his arms. It was then, he alleges, the company agreed to give him constant employment as long as he lived at the rate of $2 per day, which contract they are now willing to live up to.

On April 5th last, when a great many people were traveling to Salt Lake to attend conventions, a wreck, caused by a defective track, occurred near Lush on the Union Pacific. Among the passengers in a car which was topples over were Miss Emma Hoskinson of Fillmore and her daughter, Miss Edith Hoskinson, that car now been brought to the receipt of $5000 from the Union Pacific of each for permanent injuries alleged to have been sustained on that occasion.

DR. SCHENCK'S
Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergencies.
MANDRAKE
is the only vegetable substitute for that dangerous mineral, Mercury, and while its action as a cathartic is fully equal, it possesses none of its perilous effects.
In Constipation, Mandrake acts upon the bowels without depositing them in subsequent costiveness.
No remedy acts so directly on the liver, nothing so speedily cures Sick Headache, Sour Stomach and Biliousness as these
