WEATHER AND CROPS.

Snow, Rain, Low Temperature, Ice, Frost and Damaged Vegetables.

High Winds, Thunderstorms, Showers of Hail, Stacking of Grain Wheat and General Review.

George N. Salisbury, United States Weather Bureau, director, has issued the following weather and crop bulletin for the past week:

The first two days of the week were warm; the remaining days were very cool for the season, being ten to fifteen degrees below the normal. The features of the week were the heavy rain on the 7th and 8th, and the general frosts from the 8th to the 9th in different localities, being severest on the 8th.

The week was favorable for small grain, only. Both spring and fall wheat look fine. Winter wheat is heavy, or heading out generally, and barley also. The fall rye, however, is back or caught branded grain very much. The frosts, especially the severe one of the 8th and 9th, killed potatoes and tomatoes in the ground, nipped other vegetables, beans and corn, and in some places damaged fruit. Alfalfa cutting has begun. All indications the crop will be heavy. Strawberries are abundant, and ripening quickly.

Summary of Reports by County.

Wasatch—Rain on 6, 7, 8, and snow squalls. Highest 80, lowest 28. Heavy frost 8th, serious disaster to tender vegetables. Potatoes killed to ground. Gain frosts on low lands. Ice thick as window glass.

Uinta—Rain on the 8th, mixed with snow to amount of 1.00 inches. Outlook for crops never better.

Weber—Fore part sultry. Heavy rain 7th; volume of wind cool and stormy. Frost on 8th, damaging garden plants, but only slight injury to orchards.

Davis—The past week was fairly serene. Fore part warm, latter cool. Rain and hail on 7th and 8th. Frost on 8th; no damage. Having commences. Crops never better.

Salt Lake—Highest 82, lowest 48. Fore part warm and pleasant. Showers on the 7th and 8th made vegetation grow rapidly. Some are cutting lucern, but the majority are waiting for settled weather.

Box Elder—Highest 83, lowest 30. Rain on the 7th and 8th. Latter part of week cold. Cherries and strawberries ripe. Commences cutting lucern. Spring grain right; fall grain looks very well. Frost on the 9th, damaging potatoes.

Cache—Changeable. Snow on the mountains, 7th. Frost on the 7th and 8th, injured potatoes and beans. Grain has not suffered. There will be a heavy crop of alfalfa. Crops in general are very well.

Rich—Highest 78, low of 28. Heavy frost on the 8th, damaging potatoes, Grain looks well. Irrigation just commencing; water plentiful.

Morgan—More or less stormy. Heavy rain on the 8th and 7th, followed by frost which injured potatoes in the ground, and even has leaves turned black. But a good week for all crops proof against frost.

Summit—First of week warm, making fast growth. On the 7th rain all night, and on the 8th snowed all day. Closed up, and injured potatoes, currants, gooseberries and tender vegetables; 11th warm. Ground in good condition.

Tooele—Winter wheat headed. Grain in bloom. Slight frost on 11th. Small grain suffered on account of drought until the rain of 8th and 7th. Barley is coming.

Utah—Highest 88, lowest 32. Crops progressing fine. Grain heading out. Light frost on 9th which nipped corn, beans, potatoes and tomatoes. The heavy rain of 7th was fine for crops. Beets are improving. Rain went down to surface water, slash coming up.

Sanpete — Highest 87, lowest 31. Frost 8th and 9th. Corn and potatoes, which were well screened, killed to the ground. Beans, cucumbers and tomatoes were also killed.

Juab—Heavy rain 7th and 8th. Cold since, nights frosty. Potatoes, beans, cucumbers and corn on lowlands, frost bitten.

Millard—Rain 7th, which helped grain very much. Frost night of 8th took potatoes, squash, beans, etc. Corn much damaged, beets scant. Lucern cutting begun.

Sevier—Potatoes and other stuff hurt by frost. Grain and alfalfa have all been damaged.

Grand—June 6th cutting first crop of lucern was begun. Ice on the 8th east of Moab.

Wayne—On 7th frost killed corn, beans and potatoes. Grain and alfalfa not injured.

Piute—Sharp frost 8th and 9th. Lowest 32. Lucern hurt, also potatoes, but have heard of no grain injured.

Iron—Crops look pretty well, considering the cold and windy weather. Shower first of week.

Garfield—Grain is slow. Lucern has not done much since the cold spell. Spring wheat doing well; winter wheat splendid.

Kane—Crops doing well where there is water. Range very dry; water low. Frost 8th nipped potatoes.

Washington—Favorable to grain. First crop alfalfa being garnered.

THE CASE OF C. C. SYLVESTER.

Governor West Declines to Honor the Requisition Papers from California.

United States District Attorney Judd's mission to Delaware to the case of C. C. Sylvester, the packed convict who had escaped from San Quentin prison, California, reached Governor West after the News went to press yesterday afternoon, and, acting upon the recommendation therein contained, the governor has decided to honor the requisition of Governor Markham. The question is a puzzling one, and the United States attorney took with him some very strong arguments. In sending back the papers Governor West has taken the further step of the states by the end that it makes the evidence of "parole of honor" work or accounts" any offense or a crime of any sort against the laws of California, but simply says:

"If any prisoner at parole shall leave the prison without permission to and shall, he shall be held as an escaped prisoner and arrested on sight."

There is nothing in the requisition papers and the laws of California which makes the violation of a parole a crime, but simply makes such violation a cause of reserve and imprisonment; so that the question seems to be presented in a new form. Will a governor issue a warrant with a strong accusation against the laws of the state of California and for which his extradition is sought? I do not think they do.

I greatly appreciate the gravity of the situation which you have submitted to me as well as the responsibility resting upon you as Governor of Utah, in this matter. On the one hand it is not only made your duty by the Constitution and act of Congress to do first a fugitive from justice taking refuge in your jurisdiction to a demanding State from which he has fled, after a signed consideration of credit presented to your hands a fair and just treatment of the Executive of any state or Territory in a matter of this kind.

On the other hand, the liberty of the individual citizen is involved; if you are to hand within your jurisdiction as a citizen of the United States to be a right to come here and to remain here protected by the laws of Utah, so long as he shall behave himself; and when a demand is made that he be arrested and forthwith extradited to another jurisdiction, he has the right, under the laws of the United States, to require of you that the law under which he is demanded shall be fully complied with before you shall take the responsibility of depriving him of his liberty as such citizen.

If there was a well founded doubt in this case I should recommend that you resolve that doubt in favor of the liberty of the citizen and refuse the application for Sylvester's extradition; but in my mind there is no doubt. The requisition papers in my opinion, wholly fail to comply with the law, and I, therefore, recommend that you do not issue your warrants of arrest and extradition.

Was Not Libelous.

The case of the People vs Francis G. Lotz, of the Merchants' Protective association, charged with threatening to publish a libel against G. W. Powers, came to an end in the police court last evening, Justice Smith sustaining the demurrer and holding that the complaint did not allege sufficient facts to constitute a cause of action.

Scrofula Tumors

Salt Rheum, Nervousness, Other Troubles

Complication of Diseases Cured by Hood's Sarsaparilla.

Mrs. Mrs. Butterfly
Dorchester, Mass.

"C. I. Hood & Co., Lowell, Mass.:
"Dear Sirs: From childhood I had been a great sufferer from scrofula, having a tumor on my neck much larger than another to my shoulder. I was also afflicted with salt rheum. We spared much money for medical attendance and medicine, but all to no avail. Three years ago I commenced to use Hood's Sarsaparilla. The results with me were marvelous. My neck soon healed and was free from any tumor, and my scrofula difficulty was then overcome and entirely cured. I am now in good health, and I owe it all to Hood's Sarsaparilla."

Serious Female Troubles.

"I became very nervous and weak, and could not sleep. Took quite a quantity of medicine, but it did me no good. The doctor said I could not live long. I was advised to try Hood's Sarsaparilla, and commenced to take it. After taking a few bottles I was able to do my housework, and my digestion improved, and I am now in good health. I owe my health to Hood's Sarsaparilla."

My Own Work Alone.

"I had suffered with a bad stomach for a long time. I was so bad I could not do my own work. I was so nervous I could not sleep. I was also troubled with a cough. I was induced to try Hood's Sarsaparilla, and after taking three bottles I was able to do my own work. I can now sleep well, and my cough has left me. I owe my good health to Hood's Sarsaparilla."

Hood's Sarsaparilla Cures

Hood's Pills cure Liver Ills, easy to take, easy to operate. 25c.

Bicycles

BROWNING BROS.

SUPPORT HOME INDUSTRY.

THESE ARE THE PEOPLE WHO SELL HOME MADE GOODS

THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give preference to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people; you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. Keep this in mind, every dollar expended for Utah made goods, means work, employment for some labor; every dollar expended for goods manufactured elsewhere, means employment for somebody living elsewhere, and whose interests are generally not with us. "Charity begins at home." This is a time for both common sense and patriotism.

When you wish to buy anything be sure to look over the following list before making your purchase:

JOHN C. CUTLER & BRO.,
AGENTS PROVO WOOLEN MILLS,
20 Main Street, Salt Lake City. We have a full line of all kinds of Woolen Goods, and are making Clothing in both ready made and made to order, and uniforms of all kinds.
