CHOLERA IS OVER.

Full Official Report of Dr. Jenkins.

QUARANTINE, N. Y., Sept. 26.—"Cholera is over, and at present the port of New York is free from disease," said Health Officer Jenkins this afternoon.

For the first time since the "Moville" arrived, August 30th, there are no cases of cholera in Quarantine.

The "Arizona" and "Australia" sailed for Glasgow this afternoon.

The "Arizona" from Bremen arrived this evening with 332 cabin passengers. No cholera.

The captain reports that Mrs. G. Greenman, who was accompanied by her daughter, is missing. After a thorough search, the conclusion was reached that she must have thrown herself overboard, especially as she had given her jewelry to another lady to keep for her. She was 45 years of age and a resident of New York. The case is a mystery.

A MYSTERIOUS CASE.

Charles Mendelsohnsh was found sick tonight in a double tenement at 341 Eleventh avenue. The sanitarians argued that the case must have thrown small
