DESERET EVENING NEWS.

Thursday, - September 3, 1896.

PIONEER SQUARE EXTENSION.

Utah Pacific Improvement Company's Petition Referred to a Special Council Committee.

The City Council met last evening as a committee of the whole to consider the asked for extension of the Utah and Pacific Improvement company's franchise. There were present Councilmen Dale, Lloyd, Diehl, Allen, Morris, Le Prohon, Stewart and Newell. The petition presented was as published in last evening's NEWS, praying that the preliminary requirements to the donation of the Pioneer Square be stricken out, and that the final clause only be enforced which demands that "100 miles of the road be completed and in operation to Utah toward Los Angeles or toward Deep Creek at the end of twenty-four months."

The original franchise was dated March 12, 1896. The petitioners also left out the proviso that the company's trains should be run into the city and upon the square. After reading the petition Le Prohon was in favor of granting the petition as the ultimate object and perhaps more would be gained by so doing. Councilman Dale moved an amendment to the resolution as follows:

That within twelve months from the 12th day of September, 1896, to have fifty miles of road completed and in operation, and to have fifty miles additional completed and in operation before the 12th day of March, 1898.

Dale also thought the original requirement should be maintained, viz; that the company should be required to run its trains into the city and upon Pioneer square as set forth in the original grant.

The company was represented by J. M. Allen who expressed himself as being willing to accept the amendment of Mr. Dale, though he thought the company ought not to be expected to run its trains into the city at too early a date, and that the company desired to carry on the work in good faith. Continuing he said:

"The State of Utah is interested in the enterprise, however, as much as we are, and at the same time is not taking any responsibility. If you can get anybody to undertake such a task as this, you should certainly encourage them, and I believe you will comply with the wishes of your constituents by granting our petition. Finances at present are in an unsettled condition and the segregation of the Short Line is going on very slowly. This, of course, retards our progress, but I believe you desire to aid us, and that you will not hedge the grant of the square around in such a manner that we cannot use it. We cannot get any tonnage without building 100 miles of road in this State, and if we close up traffic arrangements with the Short Line as we expect to do as soon as that road is segregated, we will deliver our freight to them at Milford, and it would not pay us just then to run into the square. But we want the square for depot purposes, and would be unable under the terms of the grant to use it for any other purpose."

Councilman Allen asked the company representative what assurance could be given that the company would act in good faith.

The reply was that a meeting of the company was recently had in their office to which the City Council had been invited, and the nature of the work done was explained.

"Mr. Le Prohon," said Mr. Allen, "is a civil engineer and can tell you something of the company's expenditures."

Councilman Le Prohon here moved the matter be referred to a committee of five, with the city attorney associated, with directions to confer with the company and draft amended resolutions to be presented at the next session of the City Council. The motion carried unanimously, and Le Prohon, Dale, Diehl, Newell and Mulvey were appointed such committee by Stewart, chairman. The committee will meet Monday next.

In the course of the evening's discussion Diehl asked the company's representative, Mr. Allen, if his company was in anywise connected with "Bishop" Taylor of Iron county who is now attracting the attention of the citizens of Los Angeles, trying to secure a connection between southern Utah and Los Angeles. Mr. Allen replied, "We are not." Furthermore his company would be glad to see "Bishop" Taylor succeed and continued. "Neither have we discussed the matter with the people of Los Angeles, although we are on very good terms with the Terminal company at that place, and also with the Southern California Railroad company. When the proper time comes we will drop into Los Angeles and see what can be done there."

The Voting Booths.

The matter of selecting voting booth and polling places is next on the tapis with the county commissioners. The best booths so far as shown the board is that made by Barnard & Co., which is a sheet iron structure, three feet six inches square, and six feet six inches high, properly curtained with a suitable desk inside for the accommodation of the voters. The law provides that "there shall be not less than one booth for every 50 voters at the last election in the precinct." There will be about three booths at every polling place, with about 100 voters for each booth.

In a number of the precincts, the polling places will have to be in private residences, as there are so few public buildings for such purposes.

FATAL ACCIDENT.

Michael J. Welsh Meets Sudden Death at the Franklin School Building.

From an accident which occurred at the Franklin school house, Michael J. Walsh whose home is at 147 North Seventh West, died yesterday afternoon. Walsh was at work on a new smoke stack, and was standing beside the stack hoisting rock and brick to the top by means of a pulley, and was of necessity in a standing position most of the time.

The man at the top of the stack had just received the capstone and was using a heavy wooden mallet, weighing about ten pounds, in adjusting the rock in its place. By some unaccountable means the mallet was knocked from the stack and went crashing downward on its death-dealing mission, striking Walsh on the top of the head, felling him to the ground. He was carried to the nearest house, and aid immediately summoned, Drs. Niles and Beers answering the call.

There were no outward indications of injury, with the exception of a large bruise. He was taken to the Holy Cross hospital for treatment. Arriving there, the skull was laid open and it was found that the injury was much more serious than was anticipated. It was found that the brain cells were flattened and portions of brain matter oozed out when the surgeon's knife exposed the injury. Walsh died at 2:30 p. m., one hour and a half after he was removed to the hospital.

A touching incident occurred when the deceased's little girl brought his dinner to the school house, and failing to see her parent, made inquiries for "Papa." The men there who had so recently seen their fellow laborer in the bloom of health, now stricken down by death's hand, trembled as the little girl searched for her father. One looked at the other in dumb agony, standing to say "Little one, your papa is dead, or nearly so." A union workman said, "Tell your mamma to come as your pa has been hurt."

A sad coincidence is that Mrs. Walsh's former husband was killed by a falling hammer, while engaged at work on the Union Pacific depot at Ogden.

The deceased was a member of Lodge No. 13, A. O. U. W., and was 35 years of age. He leaves a wife and two children. In speaking of the injury, Dr. Beers said that Walsh's skull was crushed in an inch and a half from the normal so that he could not possibly have recovered. The remains were removed to Collins's undertaking parlors where they were prepared for interment. The funeral will be held under the auspices of the A. O. U. W.

SALTAIR BEACH TIME TABLE.

In Effect May 31st, 1896, at 10:15 a. m.

40 YEARS THE STANDARD.

Lake Found Guilty.

After being out six hours the jury in the Lake perjury case returned a verdict of guilty. In the absence of Judge Hiles, who is attending a sitting of court at Coalville, Judge Ritchie received the verdict and discharged the jury. A stay of twenty days was given the defendant.

Board of Public Works.

The board of public works met yesterday afternoon and held a brief session, the business being of a routine nature.

The matter of increasing the salary of sewer and other inspectors of public work was brought up by Chairman Callahan. The inspectors now receive a monthly wage of $75 and are supposed to give in return eight hours of their time each day although many work longer. After some discussion it was decided to take no immediate action, but defer the matter until the work is completed and then consider claims for extra time.

A letter was received from Silver Bros calling attention to the fact that they have a sub-contract with D. S. Griffin for making gutter plates amounting to $1,000. The chairman was instructed to notify the auditor to deduct the amount from the final estimate of Mr. Griffin's contract.

An estimate was presented by the city engineer in favor of the Utah Asphalt company for the 10 per cent retained and now due, as a guarantee on the asphalt pavement on Commercial street. The estimate amounts to $1,000, was approved and ordered paid.

Y. L. M. I. A. Meeting.

Minutes of the conference of the Y. L. M. I. A. held in the Assembly Hall September 1, Superintendent Mary A. Freeze presiding.

Opened by singing, "How firm a foundation;" prayer by Mrs. Brimley, singing, "Redeemer of Israel;" roll called showing twenty-nine associations represented.

A short talk on the subject of culture by Mrs. Minnie James was followed by remarks from Mrs. Emma Goddard on the subject of reverence.

Mrs. Lillie Freeze said she felt a spirit of gratitude in being able to be present to administer in the office she was called to fill, and to listen to the instructions given. There was a law binding on us, which is that we should put away our pride, covetousness and selfishness.

Mrs. Zina D. H. Young said she had been fed on the bread of life by coming to conferences and that it was sweet to feast on the Spirit of the Lord. We were apt to be taken up with worldly things and forget the little things which the Gospel requires.

Mrs. Hardy said many reflections had passed through her mind in listening to the subjects spoken on; she felt to urge the young ladies to reflect upon them.

Counselor Mary P. Young expressed her thankfulness for living in this day, and of coming as a band of sisters and listening to the subject spoken of in such an intelligent manner.

Superintendent Mary A. Freeze thought we should not be too busy to be Latter-day Saints, but should be thoughtful of those around us, particularly if they were strangers.

AFTERNOON SESSION.

The session opened with singing, "We thank Thee, O God, for a prophet;" prayer by Elsie Goddard; singing, "Earth with her ten thousand flowers."

An address on home and its influence was given by Miss Lucy Smith, followed by Mrs. Maggie Shipp speaking on selfishness, and how this trait was shown from earliest childhood.

Mrs. Carrie Thomas said their experience in the study of culture had been that the Bible was the very best book written on the subject.

Counselor Nellie C. Taylor said we should think of the women we should be, for our destiny was to be queens in the Kingdom of God.

Superintendent Freeze felt to endorse the remarks that had been made, and that our conferences were exalting.

Adjourned for three months.

M. H. JAMES, Secretary.

Salt Lake Stake Conference.

The quarterly conference of this Stake will convene in the Assembly Hall, Salt Lake City, on Saturday, September 5th, at 10 a.m. and 2 p.m., and in the Tabernacle on Sunday, the 6th at 10 a.m., 2 and 7 p.m.

The officers and members of the Stake will please govern themselves accordingly.

Your brethren,
ANGUS M. CANNON,
JOSEPH E. TAYLOR,
CHAS. W. PENROSE,
Presidency of the Salt Lake Stake of Zion.

City Sunday Schools.

It is expected that the Sunday schools in the various Bishop's wards in the city will not hold sessions on Sunday morning next, in consequence of the Salt Lake Stake conference being held in the Tabernacle in this city on Saturday and Sunday. The various schools, especially the pupils therein over eight years of age, are requested to attend the Stake conference meeting on Sunday morning at 10 o'clock.

The Greatest Success

Allcock's Porous Plaster's "Pain Paint" remedy because it promptly subdues all heat and inflammation, and instantly relieves all pain. It is guaranteed to cure you. Get your money. 25 and 50 bottles. All druggists sell it.

Tomorrow's weather report on page three, Walker Bros.

Godbe-Pitts Drug Co. are noted for the best Medicines and lowest prices.

Which is worse, an affliction for life or a life-long disease, like scrofula, for example? The former, certainly, would be preferable were it not that Ayer's Sarsaparilla can always come to the rescue and give the poor sufferer health, strength and happiness.

A barking cough keeps the bronchial tubes in a state of constant irritation, which, if not speedily removed may lead to chronic bronchitis. No prompter remedy can be found than Ayer's Cherry Pectoral. Its effect is immediate and the result permanent.

When the hair has fallen out, leaving the head bald, if the scalp is not shiny, there is a chance of regaining the hair by using Hall's Hair Renewer.

Last August while working in the harvest field I became overheated, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNNELL, Centerville, Wash. For sale by druggists.

Mrs. E. R. Davis, of San Miguel, Cal., says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was to give it a trial." For sale by druggists.

Mrs. H. A. Kall, of Pomona, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure in recommending it and testifying to its efficacy." This medicine is also of great value for rheumatism, lame back, pains in the chest, pleurisy and all deep-seated and muscular pains. For sale by druggists.

Reliable Electric Work.

For safe house wiring and elegant line chandeliers, go to the Inter-Mountain Electric Co., 45 East First South street.
