MINING, BUSINESS AND STOCKS

FORENOON ON THE EXCHANGE.

New York Bonanza Made Some Gains While May Day Suffered a Decline.

LITTLE CHIEF AN ACTIVE STOCK

No Demand for the Dalys of Park City—Butler-Liberal Transfers—Closing Quotations.

Interest was centered largely upon New York Bonanza today and, during the forenoon calls, the stock stiffened quite perceptibly. Beginning with a sale at 67½ cents, it sold up to 71 cents. The offerings, being limited, were readily taken. May Day could not usher strength and the price sank slightly. The Daly stocks failed to meet with favor and no sales were recorded. Little Chief came out in big bunches and sold at anywhere from 2¾ up to 4 cents, closing slightly weaker. Butler-Liberal came out at 12 and 12¼ and Uncle Sam at 35½. For Wabash $1.75 was bid, but no offerings as low as that were made.

The closing quotations and sales were as follows:

COL. DORSEY WEDS.

Well Known Mining Man is Hit by Cupid's Dart.

A message from Col. G. W. E. Dorsey, to a friend in this city, announced his marriage in Fremont, Neb., yesterday to Miss Laura Hodge, a talented and popular society lady of that city. The marriage took place at the home of the bride's mother, Mrs. Caroline E. Hodge, and only a few relatives of the contracting parties were present.

The bride has been for some time clerk and stenographer for Mr. Dorsey at his Fremont office. She was one of the organizers of the Women's club, and has always taken an active part in its work. During the last 10 years Mr. Dorsey has spent most of his time in this city and Boise, near which point he is interested in mining properties,but has maintained an office in Fremont.

Mr. and Mrs. Dorsey are on their way west on their honeymoon trip.

THE SOUTH COLUMBUS.

Installation of Columbus Con. Compressor Will Insure Plenty Power.

At a recent meeting of the directors of the South Columbus Mining company of Alta, the matter of the installation of an air compressor plant was brought up for consideration, but upon the assurance of President and Manager Jacobson of the Columbus Consolidated, that his company would have plenty of power to sell after the installation of the second compressor plant, which will be ready for operation within the next six weeks, it was decided to drop the matter of purchasing a new plant.

For some time past the South Columbus has been buying power from the Columbus Con., but the service has been such that it could not always be depended upon, owing to the fact that it needed about all the power it could make in the operation of its own mines. This has greatly retarded work at the South Columbus and as good progress as many had hoped for, has not been made. But the difficulty will soon be over and the South Columbus will add another machine drill to its equipment.

Pending the installation of the Columbus Con. compressor, the force at the South Columbus has been reduced, the directors believing it money in pocket to wait until the facilities are improved.

THE SILVER DIPPER.

With Litigation Ended This American Fork Property Will be Developed.

In the district court yesterday afternoon Judge Geo. C. Armstrong rendered a decision involving the ownership of 151,000 shares, or the control of the Silver Dipper Mining property in the American Fork district. The stock was held in the name of Mrs. W. S. Pierce and creditors of the W. S. Pierce estate sought to have the stock decreed as belonging to the estate. The decision adjudges Mrs. Pierce to be the legal and rightful owner of the stock which has been held by McCornick & Co. as collateral for a long time past.

M. M. Johnson, president of the Silver Dipper company, has held an option on this stock from Mrs. Pierce and the bank and now that it has been freed from litigation, he will go ahead and close up the deal by which strong eastern talent will acquire the bulk of it and go ahead with the energetic opening of the mine.

The property is located near the Pittsburg Con. mine.

SMELTER COMBINATION.

New Corporation Will Probably be Capitalized for $20,000,000.

New York, April 20.—President F. W. Bradley of the Bunker Hill & Sullivan Mining company and W. R. Rust, manager of the Tacoma smelter, are in this city to complete the details in connection with the proposed smelting combination on the Pacific coast. It is expected that the new firm will be capitalized for from $15,000,000, to $20,000,000. It will be a close corporation, all the stocks taken by parties directly concerned in the merger. Several conferences of those intersted already have ben held but no official information as to the plans has been given out.

MORRISON SHIPMENTS.

Two Car Loads to be Sent to Smelter From Nevada Mine.

Reports brought in from Humboldt county, Nevada, indicate that conditions at the Morrison property are growing better hourly. This much was confirmed by George Morgan, the manager of the company during the day, who stated that he is preparing to ship out two car loads of ore upon his next visit to camp, which will be some time during the coming week. One car load is to be consigned to a smelter in this valley and the other to the Selby plant, near San Francisco.

The ore to be shipped is high grade and carries large silver values.

CONCENTRATES.

Frank Judge has returned from a trip to the Lost Packer mine in Idaho.

Manager Louis S. Cates of the Boston Consolidated mines is in the city today.

Two cars of ore from the Utah mine of Fish Springs are enroute to the smelters.

Manager J. J. Trenam of the Stockton Gold Mining company is on the sick list today.

Ross Amherst, superintendent of the Alta-St. Louis property of Alta is in the city.

J. A. Czizek, manager of the Lost Packer mine of Idaho, is expected in the city tomorrow.

John Dern, manager of the Lower Mammoth mines of Tintic, departed for an inspection of those properties this morning.

The smelter of the Utah & Eastern Copper company, at Shem City, Utah, will go into commission again next week. Trouble with bad roads is about at an end.

The Salt Lake Route will conduct an excursion to the Tintic mining district on next Sunday. A special train will leave the city at 8:30 a. m. and leave Eureka, returning at 7 p. m.

The ore and bullion settlements reported late yesterday by McCornick & Company were as follows: crude ore and concentrates, $43,709; base bullion, $41,700; gold bullion, $10,503.

Ira B. Jones, the official caller of the Salt Lake Stock & Mining exchange, who has been in California for several weeks for the benefit of his health, writes that he is very much improved and that he will start for home soon.

George L. Moats, manager of the Latham mines in Nevada, has returned from a trip to Ohio, where he attended a special stockholders' meeting of the company, at which the Ohio interests were given representation on the board of directors.

W. P. O'Meara, the well known mining partner of Thomas J. Lynch, is the latest of cupid's victims, it being claimed that he will in the near future be united in marriage to Miss Kitty McCormick, a charming daughter of Los Angeles.—Tonopah Bonanza.

There are more than 600 men in Lida and more going in daily. There are half a dozen stores and about a dozen saloons, all doing a thriving business. A number of sales have been made recently and the new owners are putting men to work developing the mines. Lida surely has a great future.—Tonopah Bonanza.

B. F. Miller, formerly of the Utah and Nevada Express Co., is head of a new stage line to be operated from Vegas to Bullfrog as soon as the new sixty-five mile toll road projected by Mr. Miller is completed. This new road will greatly shorten the distance to Beatty, and as Mr. Miller's stage line wishes to enjoy some advantage from the route, it has been planned and a franchise secured to make it a toll road.—Las Vegas Age.

OPENING OF THE KENNEBEC MINES.

Manager W. J. Craig Is Now Making His Plans for The Future.

NEW EQUIPMENT TO BE ORDERED

Which Will Include Electric Power Plant and Machine Drills—Big Ore Bodies Developed.

W. J. Craig, former superintendent of the Yampa mines in Bingham, who left the latter for the purpose of devoting his entire attention to the management of the Kennebec properties near the head of the Big Cottonwood canyon, will, in a few days, make an inspection of the latter and, before his return, will have the campaign for the future fully planned.

That the Kennebec properties contain a world of ore, there is not the slightest doubt; this has been fully demonstrated in the development of the ground during the past two years,which has been done under Mr. Craig's supervision.

The Kennebec company owns the old Reed & Benson property out of which several hundred thousand dollars were taken during the early days of mining in the Cottonwood districts. The property covers the divide between Big and Little Cottonwood and adjoining it on the south is the territory embraced in what was formerly known as the famous Flagstaff mine.

It is the intention of Manager Craig to install new equipment to facilitate development and he has in contemplation the installation of an electric power plant at the mouth of the tunnel out of which a larger volume of water passes. Machine drills are to be provided, and Mr. Craig is yet undetermined whether they will be of the electric pattern or not.

By the end of the year Mr. Craig will probably make such a showing that will cause no small amount of astonishment.

MAYNE'S NEVADA MINR.

Has Opened a Good Ledge on the Goldfield Jim Claim.

A. H. Mayne is doing considerable development work on the Goldfield Jim claim on the northwest slope of Columbia mountain, says the Goldfield News. An immense ledge, fully 60 feet wide, outcrops on this claim and two shafts, each about 70 feet deep, have been put down on the ledge. The one is low grade, but there are occasionally found bunches of ore assaying as high as $230 per ton. It is the intention of the owner to build a cyanide plant to treat this large body of low grade ore which, it is thought, will easily average $10 to $12 per ton.

THE GOLDFIELD SCORPION

Manager Disposes of Large Block of Stock and Will Commence Work.

Joe Freise, manager of the Goldfield-Scorpion Mining company, operating at Goldfield and Lida, Nevada, is in the city today en rounte home from a business trip to St. Louis, where, he states, he has succeeded in placing a large bunch of the company's treasury stock.

"St. Louis people," said Mr. Freise, "while they have been slow, about it, have awakened to the fact that we have one of the finest, if not the best, mining region, in the world and now they are ready to look into anything that shows any merit at all."

Mr. Freise, in discussing the late sickness at Tonopah, attributes the cause to the unsanitary condition of the town and to the eating of canned meats as much as to the too promiscuous drinking of bad whisky and dissipation.

From here, Mr. Freise goes direct to San Francisco on a brief business errand. From there he will proceed to Lida to inaugurate an active development campaign on the company's property in that camp.

LOCAL MARKETS.

The markets this week are well supplied with vegetables and there are fresh pineapples and tomatoes from the sunny south, with strawberries from California. The latter are retailing now at two boxes for 35 cents, and appear to be in fine condition. There is a slight rise in the wholesale price of eggs, as the scarcity in this line continues. The local fish markets were strengthened this morning by the arrival of plenty of halibut, salmon, bass and quite a variety of fish all told. The prices obtaining today, are as follows:

RETAIL.

Corn, per cwt	$1.45
Corn, cracked, per cwt	1.50
Wheat, per bushel	1.10@1.20
Oats	1.80
Barley, rolled, per cwt	1.50
Flour, family, per cwt	2.40

STOCKS UNLOADED EVERYWHERE.

Pressure on Long Stocks and Considerable Declines Result in Consequence.

THE BEARS TOOK PROFITS.

They Were Very Bold and Their Attacks Dislodged Large Stop-Loss Orders.

New York, April 20.—The opening dealings showed some pressure of long stock and considerable declines resulted. Stocks were unloaded in great volume in all directions with occasional feverish rallies on bear profit taking. Amalgamated Copper with an intervening rally of a point fell nearly 3 points and Smelting 3. Union Pacific dropped 3½ with blocks of 1,000 to 7,000 shares coming out. New York Central lost 3½ and St. Paul 3⅝. Tennessee Coal fell 3¾, Sloss-Sheffield 3, Colorado Fuel 2¾ and United States Steel preferred 1¾. Illinois Central's loss was 2½. Northwestern 3⅞, Delaware & Hudson 2¾, while declines of 1 to 4 were almost universal. Chicago, St. Paul, Minneapolis & Omaha dropped 4. Northern Securities on the curb sold off over 4 points. There were some fitful rallies again before noon.

Bonds became easy in sympathy with the break in stocks.

The apparent paralysis of the demand made the bears bold and their attack dislodged enormous stop-loss orders. Prices crumbled rapidly and holders became alarmed and threw over their stocks. The break in St. Paul reached 5½, Union 4⅞, New York Central 4⅝, Metropolitan Securities 4½, Smelting, Colorado Fuel and Tennessee Coal and Iron 4¼. Amalgamated Copper, Chesapeake & Ohio, Norfolk & Western and Reading were among those losing between 3 and 4 points. There were rallies again running to a point before the hour expired.

Prices sagged again after a dull and steady interval, but did not get lower than before. The resistance shown induced some covering by shorts and a more effective rally followed. St. Paul and Atlantic Coast Line recovered 2. Union Pacific and Amalgamated Copper recovered 1½ and quite a number of others a point. The market showed some softness again before 2 o'clock.

Prices melted away again in a threatening manner to about the lowest when call money flurried. There was strong resistance which rallied St. Paul to above 181 and lifted L. & N. to 149. Enormous blocks came out again and prices went down. St. Paul, New York Central and Amalgamated Copper broke through their previous low levels, St. Paul losing 5⅝, New York Central 5¼, Union Pacific 5, and Amalgamated Copper 4⅝. The closing was exceeding active and weak.

Close: Money on call strong and higher, 2¾@6½ per cent, closing bid 5, offered 5½ per cent. Time loans slightly easier, 60 and 90 days 3¼@3½ per cent, six months 3½ per cent.

Prime mercantile paper 4@4½ per cent.

Sterling exchange steady with actual business in bankers' bills at 4.86.20@4.86.25 for demand and at 4.84.45@4.84.50 for 60-day bills.

Posted rates, 4.85@4.87.

Commercial bills, 4.84⅛@4.84¼.

Bar silver, 57.

Mexican dollars, 44½.

Government bonds, steady; railroad bonds, weak.

LIVESTOCK.

CHICAGO.

Chicago, April 20.—Cattle—Receipts, 7,500; market slow. Good to prime steers, 6.00@6.65; poor to medium, 4.50@5.70; stockers and feeders, 2.50@4.90; cows, 2.00@5.75; heifers, 3.00@5.00; canners, 1.60@3.10; bulls, 2.50@5.00; calves, 3.00@6.50.

Sheep—Receipts, 5,000; market steady to weak; lambs, steady. Good to choice wethers, 5.25@5.50; fair to choice mixed, 4.00@4.75; western sheep, 4.50@5.50; native lambs, 4.50@6.70; western lambs, 4.50@6.70; western lambs, 4.50@7.75.

OMAHA.

South Omaha, April 20.—Cattle — Receipts, 2,500; market slow to 10 cents lower. Native steers, 4.50@6.50; cows and heifers, 3.50@5.10; western steers, 3.00@5.30; canners, 2.00@3.50; stockers and feeders, 2.75@4.00; calves, 2.75@6.25; bulls, stags, etc., 2.50@4.25.

Hogs—Receipts, 7,500; market shade to 5 cents lower. Heavy, 5.20@5.32½; mixed, 5.20@5.25; lights, 5.20@5.30; pigs, 4.75@5.25; bulk of sales, 5.20@5.25.

Sheep—Receipts, 1,500; market steady to easier. Western yearlings, 6.00@6.70; wethers, 5.30@5.80; ewes, 5.00@5.50; lambs, 6.80@7.40.

KANSAS CITY.

Kansas City, April 20.—Cattle—Receipts, 4,000; market slow. Native steers, 4.75@6.10; native cows and heifers, 2.50@5.85; stockers and feeders, 3.00@5.25; bulls, 2.75@4.75; calves, 3.00@6.00; western fed steers, 5.00@6.40; western fed cows, 3.50@5.40.

Hogs—Receipts, 7,000; market 5 cents lower. Bulk of sales, 5.20@5.35; heavy, 5.30@5.37½; packers, 5.25@5.37½; pigs and lights, 4.40@5.30.

Sheep—Receipts, 4,000; market steady. Muttons, 4.50@6.00; lambs, 6.00@7.50; range wethers, 5.00@5.65; fed ewes, 4.50@5.75.

PRODUCE.

CHICAGO.

Chicago, April 20.—A break of 4 cents a bushel occurred here in the price of wheat for May delivery. The sharp reaction was said to be due to heavy liquidation by a number of discouraged holders. The action of the market today gave indications of a possible abandonment by the Wall street coterie of the deal in May wheat. No evidence was discernible, however, of any concerted selling movement on the part of the eastern speculators. May opened at 1.13@1.13⅛, and for a time held comparatively steady. Later sentiment in the pit became extremely bearish and prices rapidly declined until May touched 1.09½. Distant deliveries also were weak, influenced to a large extent by general rains throughout the winter wheat belt.

Cash: Wheat—No. 2, red, 1.12@1.13½; No. 3, red, 1.00@1.12; No. 2, hard, 1.11@1.13; No. 3, hard, 97@1.10½; No. 1, northern, 1.12@1.14; No. 2, northern, 1.07@1.12; No. 3, spring, 1.03@1.12.

Corn—No. 2, 48@48¼; No. 3, 47¼@47½.

Oats—No. 2, 30@30¼; No. 3, 29¾@29¾.

Later, under heavy liquidation, the May option broke sharply, the price declining 5 cents from the highest point of the day. Selling was general and was participated in by a number of commission houses supposed to be operating for the Wall street clique. The lowest point reached was at 1.08½. Meantime July sold off to 86⅝. During the last few minutes the market rallied slightly on covering by shorts, but the close was weak, with May off 3⅝ at 1.10, July closed at 87⅜@87½, a net los of ⅛@¼.

In corn the market closed steady with July up ¼@¼ at 47⅝@47¾.

July oats opened ⅛ to ¼ lower at 29¼ to 29⅜ and sold up to 29½.
