OIL DISCOVERIES IN GORGEOUS LAND

People Flocking to Southwestern Utah to Get in on Location of Claims.

GUSHER LOOKED FOR HOURLY.

Original Well Spouting at the Rate of Five Hundred Barrels a Day.

Product is of Dark Black Shade and Is Heavily Laden With Gasoline.

(Special to the "News.")

St. George, Utah, July 19.—News from the Rio Virgin oil fields today has electrified the entire country. Developments show that the flow is increasing rather than decreasing, and evidences are that the oil strata cover an almost unlimited area. People are flocking to the fields and are locating ground from Springdale to the Washington field south of St. George, and from north of Virgin city southeast to below Ft. Pierce, over an area of 15 to 20 miles. When the oil was struck over the entire distance and in places the oil seeps out of the ground. Ten thousand acres have been located in the last five days.

Ever since the discovery on July 14 of oil at a depth of 670 feet, efforts have been made to see through the oil shell and go deeper, but for a time this seemed to be an impossibility, as the oleaginous fluid continued to spout out in irrepressible force.

FIVE HUNDRED BARRELS A DAY.

Dr. Atleek, who has just returned from the fields reports that the well is capable of returning 500 barrels every 24 hours. When the oil was struck and for hours afterwards, the engineers tried to reduce the flow to enable them to sink further, and for one hour the well shot out at the rate of three and a half or 40 barrels an hour, and the men could not reduce the intake sufficiently to enable them to proceed.

Yesterday, however, they succeeded in going down but have not as yet passed through the oil shell and the pressure is getting greater with each day's drilling.

GUSHER LOOKED FOR.

The result is that a gusher is looked for any hour. The dark black in shade but in the sunlight presents a bright amber color and is of the consistency of machine oil, or a little thicker, and is heavily laden with gasoline.

STAKING OUT CLAIMS.

The Rhynette delegation is expected here tonight to confer with representatives here over the proposition, and people are coming in from all over Utah and adjoining states to get claims staked out.

A LONE WOMAN TRAVELER.

Mrs. Lucy A. Noble of Detroit is a Globe Trotter.

New York, July 19.—A lone woman traveler who since last October has covered a distance of 25,000 miles, and at a circumference of the earth arrived yesterday aboard the North German Lloyd steamship Frederick der Grosse. She is Mrs. Lucy A. Noble, of Detroit, a widow of middle age, with a taste for exploration and means to gratify it. She headed for the unknown world by way of San Francisco last October, and has since then been on her travels.

"I have covered 25,000 miles," said Mrs. Noble, "and have seen something of interest and instruction in each of the countries I have visited. I was alone and when I came to a place where help was required, I hired guides and interpreters. I have traveled in almost every kind of conveyance, from the continental railways cars to the mule and the camel."

Mrs. Noble went to China, Korea, Siam, Burma and India.

DIRIGIBLE BALLOONS.

France Will Increase the Appropriation for Them.

Paris, July 19.—The Petit Parisien says that it understands that the budget committee intends to increase the grant for dirigible balloons for the army which is now only \$200,000, to a sum which will allow every fort on the eastern frontier to be equipped with a balloon similar to La Patrie. More powerful balloons, the purpose of which is to be constructed for the headquarters staff.

PEASANT ROBBERS MURDER RUSSIAN JEWS.

Budapest, July 19.—The newspapers say that 37 Russian Jews started to cross the Austrian frontier at night without passports, their destination being America. They were waylaid by peasants in the village of Zwettl, the purpose of robbery. Twenty-five, including women and children, were clubbed to death.

The frontier guard reached the scene in time to prevent the robbery of the travelers and to arrest several of the murderers.

J. P. MORGAN'S PORTRAIT.

In New York Custom House and Will Be Sold by Government.

New York, July 19.—An oil portrait of J. Pierpont Morgan is among the articles that the government has sold at the forthcoming semi-annual sale of unclaimed dutiable goods.

The portrait is the work of a German artist and according to Col. Story, who is in charge of the sales department at the public stores, was evidently copied from a photograph.

The canvas is about three feet square, and those who have seen it say it is a piece of art. Mr. Morgan, however, does not want it.

The picture is consigned to Mr. Morgan and will be sold at the public stores.

AN AMERICAN VIEW OF THE SITUATION.

New York, July 19.—Declaring that the Japanese control over Korea is debauching the Koreans and fast tending to the complete eradication of Korea as a state, Homer B. Hulbert, for many years engaged in educational work in Korea, is here today on a mission from Korea to bring to the attention of the United States government and the people of this country the conditions in Korea.

Mr. Hulbert arrived today upon the steamer Deutschland with his family, after a two months' journey from Seoul, Korea, and the seat of the Korean delegation to the Hague had been made a pretext by Japan to force the abdication of the emperor and so gain further control over Korea.

FOR ACQUITTAL OF HAYWOOD

Defendant's Attorneys Asked Judge Wood to Instruct Jury To Bring Instructed Verdict.

COURT DENIED THE MOTION.

Decision on Questions Argued Yesterday Will Be Rendered This Afternoon—McFarland in Courtroom.

Judge Wood announced at opening the Haywood case this morning that he would give his decision on the questions argued yesterday at 2 p. m. today. Court adjourned until that time, when James H. Hawley will open for the state.

Boise, Ida., July 19.—For the first time since the Haywood trial started, James McFarland, the detective whose name has been so often mentioned in connection with the securing of evidence against the Western Federation of Miners, was in the courtroom today.

He had come to listen to the arguments in the case and to attend to the opening of the case. Judge Wood announced at 10 o'clock that he would not be ready to rule on the matter of excluding certain evidence until the afternoon of the 20th. He instructed James H. Hawley, leading counsel for the state, to be ready to proceed at that time. Mr. Hawley is not expected to conclude until tomorrow afternoon. The opening address for the defense will be made by Atty. E. F. Richardson of Denver on Monday morning.

To preserve the record Mr. Richardson again today moved that the jury be instructed to return a verdict of not guilty on the ground that the defendant is not expected to be convicted by the evidence with the crime alleged. The motion was formally made and formally denied.

BAGLEY SAYS IDAHO WILL HANG ORCHARD.

New York, July 19.—"There is just one thing absolutely certain about the Haywood case," said John A. Bagley, attorney-general of Idaho, in 1904, who is in this city, "and that is, no matter what may happen to Haywood and his associates in the miners' association, Harry Orchard, the self-confessed assassin of Gov. Steiensen, will be hanged."

Orchard has not been promised immunity in Idaho, and even if he were extended executive clemency, he has only 12 months outside the state, of which he could be convicted and from punishment for which Idaho could not absolve him.

"How the Haywood trial will end, no one knows," said Bagley, "but in this they are a unit—is that exact justice be done."

FIVE JURORS QUALIFIED

Out of 340 Bailsmen Summoned to Try Case of Chinese Physician.

Los Angeles, July 19.—Efforts to obtain a jury to try Dr. G. S. Chan, the Chinese physician, accused by the state board of medical examiners of practicing medicine without a license, has been discontinued until next Monday, when 50 additional names have been summoned to appear. Up to date 240 tinsmen have been summoned, and five have qualified.

The actual bias upon answering that they would not give the same credit to the testimony of a Chinese as they would that of a refinement of the Chinese of the higher class Chinese physicians, being a university graduate and of much exterior culture, the defendant has attracted large attention, many white persons appearing among the spectators.

DANGER OF LYING ITALIAN CONVICTS PART

New Orleans, July 19.—With the noticeable dispersal today of a posse of 300 men who had formed at Gretna, La., to lynch the Italians convicted last night of the Lanier murder, the facts arise in the kidnapping and murder incident is believed to have safely passed.

This posse was the last of several small mobs which formed at widely separated points and threatened hanging the Italians.

Gov. Blanchard's prompt action in ordering out two companies of state militia within two hours after the rioting is believed to have saved the Italians' lives.

A REVOLUTION IN LOUISVILLE

With Gov. Beckham's Appointment of Councilmen and Aldermen it Will Culminate.

ELECTION WAS GROSS FRAUD.

Kentucky Court of Appeals Overturned It—Work of Preparing for Fierce Campaign This Fall Begun.

Louisville, Ky., July 19.—With the appointment by Gov. Beckham of complete new boards of councilmen and aldermen in a day or two, Louisville will have reached the culmination of a political revolution which in extent and effect has only been paralleled by one or two other cities of the first class in the history of the United States.

The upheaval is the result of the recent decision of the Kentucky court of appeals, overturning the municipal election of 1905. On the face of the returns as counted on election day, the Democratic ticket for city and county officers (Jefferson county) had been declared elected, but a contest in the courts was instituted by representatives of the Fusion ticket, the only one in the field against the Democrats. The court of appeals in the final hearing of the case decided that "gross frauds" in the matter of repeating, illegal voting and other irregularities, and falsification of the count had rendered such an extent as to render the election invalid.

Under the terms of the court's mandate it became incumbent on Gov. Beckham to appoint boards of council and aldermen and a mayor for the city of Louisville. The mayor and county judge for Jefferson county, and a county judge were, under the law, empowered to fill all the remaining county offices. All the appointments under the decision held office until a special election is held in November of this year to fill the offices until 1909.

Gov. Beckham appointed Robert W. Bingham mayor, and Walter P. Lincoln was appointed county judge.

The new mayor and county judge proceeded forthwith to make practically a clean sweep of all the minor offices, such as city treasurer, sheriff, etc. Contrariwise, none of the unscrupulous Fusion candidates has been appointed to any vacant office, their chief prominent Fusion leader was appointed sheriff. The mayor also appointed new boards of safety and public works.

The board of works is reported to be contemplating a general clean-up of those holding positions in that department on the ground that in common with the number of members of the police and fire departments, their chief work has been in the nature of that of organized intimidation and conniving at the return of the 1905 election.

The board of safety has already made a start by requesting the resignation of Chief of Police Gunther, and the resignation of the chief of the fire department to the rank of captain.

Similar sweeping changes are expected to be made in the personnel of the fire department, although Mayor Bingham announced last night that he would retain the chief, Fillmore Taylor. One of the results so far of the change has been the putting of the lid down on a serious and growing habit of the general exodus of small gamblers and tenderloin habitués and "suspects" of all kinds.

Last Sunday Louisville was absolutely dry at midnight Saturday night 5 o'clock a. m. Monday morning.

The situation seems to be shaping itself toward one of the fiercest struggles in the history of the city since the coming autumn, when the recently ousted officials and their following hope through the primaries and elections, to regain control.

COMPARATIVE STRENGTHS OF GREAT NAVAL POWERS.

THE GLASS CASE.

San Francisco, July 19.—When court was called to order in the Louis Glass bribery case before Judge Lawlor this morning, both sides appeared with a renewed supply of law report books stacked upon the counsel table and both sides argued the case for an hour, consuming the entire morning session.

Mr. Delmas continued his argument as to the admissibility of certain evidence to the jury. Mr. Delmas' contention is that evidence tending to show that corrupt relations existed between T. V. Halsey, former agent for the Pacific States Telephone and Telegraph company and Supervisor Lorenzini is not admissible, inasmuch as Mr. Glass could not be held responsible for the actions of Halsey and that such evidence, if submitted to the jury would be of a dangerous and misleading character.

In the course of his plea in support of the admissibility of evidence of "sinister influences" Halsey carried home the vilest vituperation on Delmas. Delmas if ever in the courts of San Francisco save in the presence of a jury, has no better a denunciation been directed at him before Judge Lawlor than in one breath Halsey sarcastically pointed out Delmas as a "would-be Napoleon of the bar" and in the next breath he declared that Halsey was a "vile, vulgar, and contemptible" character.

When the passionate echoes of the assistant district attorney's voice had died away in the still synagogue, Delmas rose to reply. Halsey he described as a "humid bloodhound filled with the lust of prosecution, possessed with the desire to inflict pain." At another point Delmas said, his fervent voice ringing in the far corners of the room: "I thank God that I am still able to travel up and down in the country

ABDICATION OF EMPEROR OF KOREA

Much Sympathy Expressed in Tokio for the Monarch Who Has Retired.

AND ADMIRATION FOR CABINET

Marquis Saianji is Credited with The Origin of the Idea of Having Ruler Abdicate.

"Wisdom and Resourcefulness" of It Relied on to Stop Agitation and Prevent a Bad Situation.

Tokio, July 19, afternoon.—While much sympathy is expressed here for the Korean emperor, who has retired, the public is breathing easier for the sake of both countries, now that the arch-intriguer has been completely disarmed.

It is confidently expected that hereafter the relations between Japan and Korea will be of a more peaceful character. Unqualified admiration is felt for the capacity of the ministers of the present Korean cabinet in effecting the solution of a most aggravated situation without the shedding of any blood, and in a manner evincing more than ordinary moral courage.

WHO PRESSED ABDICATION. Tokio, July 19, evening.—Speculation is rife among foreigners here as to the origin of the idea of pressing the abdication of the retired emperor of Korea.

It is definitely known, however, that Marquis Ito was only a silent spectator of the event, and that it originated with the premier, Marquis Saianji, strongly supported by the ministers of agriculture and justice, both of whom are known in favor of a life of exile in Japan for the retired emperor.

Some thought that blood must be shed before the abdication of the throne could be effected, but fortunately that expectation was not fulfilled, and that aftermath is also likely to prove less serious than present occurrences at Seoul might indicate.

It is believed that the wisdom and resourcefulness of Marquis Ito will prevent the spread of any agitation likely to mar the general peace of Korea.

SEUL MUCH AGITATED. Tokio, July 19.—It is felt here that the commotion among the people at Seoul is not actuated by a spirit of true loyalty to the retired emperor, but out of the desire to see the emperor of Korea as a nation and until the intention of Japan is fully understood some agitation is naturally anticipated.

The emperor's abdication, it is expected, will assume the form of a simple transferring the throne to the late emperor's successor. The date for reports from Seoul are silent on the action Marquis Ito is likely to take after the receipt transferring the throne has been issued, but no doubt he will do his utmost to placate the excited populace.

SEUL CROWDS ENRAGED. Seoul, via Tokio, July 19, evening.—Enraged crowds are assembled at various points throughout the city and inflammatory documents against the emperor are being freely distributed giving rise to a ferrieh hope that some active opposition is about to begin.

Serious collisions are feared. It will take place tonight between the Japanese police and the rioters.

Marquis Ito is not likely, it is thought, to receive the congratulations of the press until all mild means of pacification have been exhausted.

Extraordinary police precautions are being taken throughout the city.

BEFORE THE ATTENTION. Seoul, via Tokio, July 19. (Delayed in transmission.)—The throne, long lying with 44 years of misrule toppled tonight. Upon his arrival Viscount Viscount Hayashi, the foreign minister of Japan who was greeted by the people who were expecting the annexation of Korea.

The peril to the emperor began to be realized yesterday morning, among the Koreans and considerable excitement prevails today, the people feeling that their ruler might meet an untimely end. The emperor has doubted in the palace at nightfall on the rumor that the dead Hague deputy had committed suicide, which created
