C. S. VARIAN CHOSEN.

The Republicans Name Him For Legislative Honors.

SPEECHES AND RESOLUTIONS.

Allegiance Reaffirmed To The Republican Party.—City Committee Enlarged.

The Republicans of this city met in convention at the Salt Lake theater last night and nominated C. S. Varian as their standard bearer in the coming legislative contest.

Judge Bennett, chairman of the Republican city committee called the meeting to order and named John Henry Smith as temporary chairman. Mr. Smith thanked the convention for the honor conferred and expressed himself that the brightest day that Utah had ever seen had now dawned upon her citizens and hoped that the Republicans of the Territory would stand together as one man and exemplify the greatness that was truly theirs.

Mr. Smith then spoke in eulogizing terms of the services of the Republican party in what he termed the "darkest days our country had ever seen." He was heartily glad that those days were numbered with the past. The future looked bright and hopeful now and he heartily desired to see Mormon and non-Mormon work hand in hand for Utah's welfare.

In concluding his remarks Mr. Smith said: "I wish to assure you that as long as I hold my present convictions I will stand side by side with you for the party's interest and glory. Let us continue the good work and if there are any suspicions in our breasts one against the other, may we learn in time that they are unfounded. And when Utah comes in as a state may we govern it according to the principles of the grand party of which we are members, and may that party forever have control."

Mr. Smith was warmly applauded and after he had finished speaking C. E. Stanton was chosen secretary.

Committees were then appointed as follows:

Credentials—Adam Paul, F. F. Addiemin, A. H. Barnes, Harmel Pratt and O. J. Salisbury.

Resolutions and platform—E. B. Critchlow, Dr. A. C. McLean, A. F. Doremus, Joseph Lippman and C. E. Allen.

Permanent organization and order of business—F. W. Tatlock, J. H. Harris, H. E. Booth, J. J. Daly and H. A. Whitney.

A brief recess was taken and on reassembling the report of the committee on credentials was adopted allowing all delegates elected at Tuesday night's primaries, seats in the convention.

The following report from the committee on permanent organization and order of business was adopted:

William Nelson, chairman; W. W. Chisholm and W. J. Beattie, vice presidents; Heber M. Wells, secretary.

Order of business:

First—Report of committee on credentials.

Second—Report of committee on permanent organization and order of business.

Third—Report of committee on platform and resolutions.

Fourth—Selection of an additional committeeman from each precinct on the city central committee, to be named by the delegates from the respective precincts.

Fifth—Nomination of candidate for Legislative Assembly.

Mr. Nelson on taking the chair made a short speech and ordered that business be at once proceeded with.

The following resolutions were adopted unanimously:

We regret the death of the Hon. [illegible] W. Hall, a young man of marked ability and growing influence, and whose taking off in the very prime of life is the occasion of this convention.

We hereby reaffirm our allegiance to the well-known principles of the Republican party and endorse the platform adopted by the last Republican Legislative convention held in this city on October 11, 1893.

The following gentlemen were then added to the city committee: J. J. Thomas, S. B. Westerfield, A. S. Geddes, James Glendenning and A. M. Grant.

Nominations were then declared in order and Harry McCallum presented the name of E. B. Critchlow who positively declined the honor.

Mr. Kaighn placed the name of John Henry Smith in nomination.

C. C. Goodwin named Elijah Sells and John Butterworth nominated Heber M. Wells.

James Devine suggested the name of W. F. James.

Arthur Brown nominated S. J. Kenyon. This closed the nominations and balloting was proceeded with, the result being as follows:

John Henry Smith	[illegible]
Elijah Sells	[illegible]
Heber M. Wells	[illegible]
W. F. James	[illegible]
W. G. Van Horn	[illegible]
S. J. Kenyon	[illegible]
C. S. Varian	[illegible]
Total	[illegible]

There was no choice, and a second ballot resulted in the nomination of C. S. Varian as the following vote, John Henry Smith and S. J. Kenyon having withdrawn their names:

Elijah Sells	[illegible]
Heber M. Wells	[illegible]
W. F. James	[illegible]
W. G. Van Horn	[illegible]
C. S. Varian	[illegible]
Total	[illegible]

The nomination was made unanimous and Mr. Varian accepted in an earnest and emphatic speech.

Frank D. Kimball presented resolutions favoring the early opening of the Uintah and Uncompahgre reservations. The resolutions were [illegible] after which the convention adjourned.

Rowland Hall Kindergarten.

The kindergarten department of Rowland Hall closed a very successful term today. The program was [illegible] by singing songs appropriate to that feature of school work, the songs being of a pleasing and varied character. The children entered into the spirit of the singing with commendable enthusiasm and unanimity. After the singing the little folks were given [illegible] which they constructed [illegible] and also "[illegible]" neat and tasty specimens of their handiwork. The marching to the accompaniment of a piano was a pleasing part of the exercises, and was carried out with military precision.

A speech from Mr. [illegible] followed in which he showed the excellent training given by the kindergarten system and from statistics proving that out of 9,000 children from the slums of the city educated in the San Francisco kindergarten, only one was ever brought before a court of justice at any crime. The presents made by the little ones for their parents and [illegible] were then distributed, this ending the exercises.

Among the games were the "Chapel," played by three children, the statue of the barrel consisting of children, and the "[illegible]," played by a little girl of three. The [illegible] was led by Emily [illegible] and Johnny [illegible]. As in Miss Hart's school, Santa Claus came in for his share of the entertainment and left some gifts [illegible].

[illegible] form was tastefully [illegible] with wreaths made by the children, and lent a cheerful air to the occasion.

This department of Rowland Hall was organized by Miss [illegible], a young lady well qualified for this feature of educational work. A large number of visitors was present and spoke appreciatively of the character of the proceedings. The winter term will open January 3, 1894.

Mining Notes.

Judge James Moriarty came up from Denver last evening. He says the owners of the [illegible] mill expect to start it up again soon. A recent discovery of free gold has been made in the Cliff mine.

Andrew Gebhardt of this city owns the Tilden No. 2 mine at Bingham, in which a good strike of ore is reported. The tunnel is in over 2000 feet. It has encountered a vein of ore which assays 13 per cent lead and ten ounces of silver to the ton. The vein is four feet wide.

Lehi Banner: The report reached town yesterday that gold had been found in Tickville and a rush was made for that region. A number secured location blanks and left yesterday morning and the whole district will soon be located. Mr. I. Winberg has been packing up his stock of goods this week preparatory to moving to Moab, Emery county. The Coop. have had a very busy week and have had to engage extra help to take care of their increasing trade. S. W. Ross, Edward Ross and Edgar Ross have bonded their claim in the Camp Floyd district, known as the Highway, to J. M. Davis.

The joint irrigation dam of the Modesto and Turlock irrigation districts, across the Tuolumne river, near La Grange, California, was completed on Wednesday, after two and one half years' work. It is the highest overflow dam in the world, being 127 feet high. At the base it is 117 feet thick, and at the top 15 feet. It is in the shape of an arch, and is 330 feet across at the top. The cost was about $550,000. It contains 38,700 cubic yards of masonry, and 31,000 barrels of cement were used. The dam will supply water to 276,000 acres of land. The canals upon [illegible] sides have been partially finished, the total work so far costing $1,800,000.

Manti Sentinel: Walter Stringham has been showing us some photographs of the Edmonds mine. Two pieces of coal are shown, one weighing 1,800 pounds and the other 1,200. Judging by the number of men employed they must be doing a big business. Edmonds has been offered $20,000 for the coal mine, but as the S. P. V. has an option on it for $40,000, no sale was made. Joseph Judd, P. H. Madsen and Jacob Wintch have been putting in a few days prospecting for coal. They found what they were hunting for about three miles south of Manti, and the work of developing is being pushed ahead. There is every indication that a first class mine will be the reward of their labor.

Boise, Idaho, Statesman: Barney McGill, one of the owners of the South Africa mine at Idaho City, is at the Bancroft. Mr. McGill says the mine looks better than at any time since it was discovered. A shaft has been sunk 40 feet and from it the owners have drifted 25 feet. The quartz is decomposed and is as much as it can be crushed by being turned in the hands. He says a sack of the ore was sampled and [illegible] $65 a ton and all the gold was not saved. Mr. McGill discovered the mine by accident. He was in the mountains with his son [illegible] and was going to [illegible] when he stumbled on to the property. His brother is with him and the [illegible] has [illegible].

John Baker, who formerly followed mining in this Territory [illegible] is now in the real estate business in Detroit, Michigan, writes to the Chamber of Commerce asking what is now the outlook in mining and sheep raising in Utah.

W. E. Hubbard, President of the Chamber of Commerce, has returned from the Camp Floyd district, where he has been viewing the great gold [illegible].

Several Mexican children were brought [illegible] one of the city [illegible] at [illegible].

SALT LAKE CLEARING HOUSE.

Today's clearing house exchanges amounted to $241,141.

TODAY'S QUOTATIONS.

New York—silver, [illegible]; lead, $3.22½. London—silver, [illegible].

ORE AND BULLION.

McCornick & Co. received today: Silver [illegible] ore, $2,000; Hanauer bullion, [illegible]. Total, $11,[illegible].

T. R. Jones & Co. received today: Ore, $1,[illegible]; bullion, $[illegible]. Total, $[illegible].

W. A. Hodges had in [illegible] today 150 tons of Bullion-Beck ore and three other cars [illegible].

A Missionary Aid Party.

A missionary aid party will be given in the Seventh Ward assembly hall under the auspices of the M. A. Society. Good music will be furnished and an enjoyable time is expected.

It Needs "Fixing."

Councilman Lawson when asked today what he intended to do with his resubmitting of licence, replied: "It needs fixing a little more and as soon as that has been attended to it will be cooked up and placed on its final passage." The reporter then inquired what particular part of the measure needed repairing. He responded: "Well, I have come to the conclusion it is not just right, but it will be put into good shape before I get through with it."

The Delta Phi society gave an enjoyable ball at the University of Utah last night. The music was furnished by the Christensen orchestra.

Frederic Phinney, leader of the Iowa State band, which played several weeks at the World's Fair and will be at the Midwinter Fair in California, was in the city today. His band expects to give one or two entertainments in this city.

Kit Carson county, Colorado, has a flour mill at Burlington. Before its establishment doubts were expressed whether the surrounding plains could keep it running. It is now discovered that there will be no necessity of importing wheat to keep the mill running the year round.

OBITUARY NOTES.

HANNAH G. PERKINS.

A private telegram from St. George states that Mrs. Hannah G. Perkins, widow of the late Patriarch Wm. G. Perkins, died there at 11:20 last night. Mrs. Perkins was one of the "old timers" of Salt Lake City, and was well and favorably known here. She moved with her husband to St. George in 1862 when that place was first settled, being among those first called to go there.

Mrs. Perkins was a woman of refinement and education who gave up friends and luxury in England many years ago for the Gospel's sake. She came to Utah in early times and passed through many trials peculiar to those days, but her faith in and integrity to the Gospel principles were unwavering to the day of her death. She was engaged for many years as a worker in the St. George Temple, and only desisted when failing health prevented a continuance of such labors. The deceased was in her eighty-sixth year.

FRED E. WILLIAMS.

The funeral of Fred E. Williams, a veteran miner of the west, who died at the Holy Cross hospital on Monday last, of pneumonia and delirium tremens, occurred today from Evans' undertaking parlors, under the auspices of the Argenta Lodge, A. F. and A. M. The deceased had been a resident of Utah for more than a score of years and was well known and widely respected.

MRS. BARNEY RILEY.

Undertaker Charles Shower went up to Park City today to bring back with him for interment tomorrow, the body of Mrs. Barney Riley, who died from consumption yesterday. The deceased was thirty-two years of age, and leaves a husband and three children to mourn her death. She was the daughter of Seaton Wright of the Mount Olivet cemetery of this city.
