PRACTICALLY COMPLETE

Gen. Wood's System of Civil Government in Good Working Order.

SPANISH OFFICIALS STEP DOWN.

Officials are Chosen by a Committee of Fifty Prominent Cubans Whom Wood Believes Honest and Conscientious.

Santiago de Cuba, Sept. 27.—The system of civil government established by Gen. Wood is practically complete and in good working order. Maj. McCleary, formerly attorney general for Texas, and a Spanish scholar, has been appointed mayor and the Spanish officials are giving place to Cubans. Gen. Wood says he does not know the capabilities of the men taking office. They are chosen by a committee of fifty prominent Cubans whom he believes to be honest and conscientious.

This committee recommends men whom its members think would be efficient in the various offices to be filled. The choice of men by the committee does not necessarily end, but must be made over the signatures of the entire fifty members.

Gen. Wood finds that the plan works admirably. Lieut. Hunt has been appointed to codify the Cuban laws.

Rear Rigney one of the largest sugar planters in Cuba who has arrived here from Manzanillo, reports the conditions there worse than ever. The insurgents, he asserts, refuse to grant permission for the carrying on of work on the plantations and the Spanish officials decline to furnish protection to those desiring to work. The Cubans earnestly request Gen. Wood to send to Manzanillo food and clothing. They declare they are much suffering there but private advices received by us, Wood deny absolutely the stories of destitution and declare that work is abundance, but that the Cubans will not work and he has therefore refused to send the supplies asked for.

William Sulzbacher, before the war American consul at Manzanillo, arrived here today and visited Gen. Wood. He recounted many outrages acts on the part of the insurgents who, he declared, demand tribute from every one fortunate enough to be a peaceful people and threaten the confiscation of the property of everybody and planters. Many persons say that the recognition of the Cubans has not been granted because the British make work and pilgrimage impossible. There is a general feeling of alarm in Manzanillo over the departure of the Spanish troops and the American soldiers and extremely bitter feeling.

Gen. Wood has asked permission from the Washington government to appoint Demetrio Castillo special chief of his Cuban staff to represent him in dealing with the Cuban insurgents in the country districts.

News was received from Puerto Principe to the effect that there is much sickness among the Spanish troops. There are now 4,000 Spanish soldiers in the province and half of them are suffering from scurvy and dysentery. The Cubans hold the country and refuse to permit fresh provisions to be carried to the cities.

HOT TAMALES.

An Incident that May Result in an Exchange of International Correspondence.

Texarkana, Ark., Sept. 26.—An incident that may result in an exchange of international correspondence has occurred here. Frank Cotres, a Mexican tamale maker, and his wife were pounced upon by a negro man on the streets of Texarkana and the former were severely beaten. The assailant, whose name is Alexander Brown, was arrested and locked up. After making his charges in the magistrate's court, against Brown, Cotres opened correspondence with President Diaz of Mexico his telegram costing $7. President Diaz answered, acknowledging the receipt of the telegram and stated that he would place the matter in the hands of the Mexican consul at Brownsville, Texas.

Infatuated With Another Girl He Put His Wife Out of the Way.

Forth Worth, Tex., Sept. 27.—Rev. George Morrison, pastor of the Methodist Episcopal church at Pachaudie City, who has been on trial at Kerrville for a week on the charge of murdering his wife, October 18, 1897, was today found guilty and his punishment fixed at death. Before the death of his wife, Morrison was engaged to wed Miss Annie Williams of Topeka, Kan., and when interrogated he was at her home. It developed in the trial of the case that Morrison was infatuated with the Topeka young lady, and that he chose to put his wife out of the way in order that he might marry Miss Williams.

DELEGATES DELIGHTED.

Philippine Delegates Call at the White House to See President.

Washington, Sept. 27.—Gen. Francis V. Greene, who was major general of volunteers for distinguished services in the invasion of the Philippines, accompanied by the personal staff and the delegates from the Philippine insurgents visited here this afternoon. Gen. Greene and party came to the Arlington hotel.

Gen. Greene and staff called at the adjutant general's office, the other rooms, and were escorted to the White House by Gen. Corbin. The Philippine delegates are desirous of conferring with the President, and the purpose of their reception was under consideration at the state department this afternoon. There is no doubt but that the President will grant them an audience in their personal capacity.

The delegates were the center of much interest at the hotel. Mr. Lopez said that no instructions had yet been received from the Philippine government, as a guide to the future movement, but these were expected very soon of the delegates.

When Mr. Lopez was asked as to the reports that the Filipinos were soliciting help from European governments, he declared that such reports were utterly unfounded and unjust. They were actuated by the most perfect good faith with the American authorities. As an evidence of this he cited the fact that the German consular officer on the island had requested a conference with Aguinaldo, but that leader had refused to grant the conference. Mr. Lopez also characterized as unwarranted the stories that Germany was secretly supplying the Philippine insurgents in order to bring about international discussion and embarrassment. Asked concerning Gen. Greene reached Gen. Corbin's office, he found awaiting him a commission of Major General of volunteers, dated, so as to place him in that grade from August last. He promptly took the oath of office and became a full-fledged major general.

Gen. Greene brought from Manila the official report of Gen. Merritt, and inclosed with this were the reports of the subordinate commanders of the United States army who participated in the military operations before Manila.

PROVO.

PROVO, UTAH, SEPT. 26, 1898.

Fourth District Court.

The case of the State vs Paul Riewert occupied the day and evening in the Fourth district court yesterday.

Evidence was introduced for the prosecution to the effect that improper relations had taken place between the prosecuting witness and the defendant on two occasions in April of this year.

Defendant denied this and introduced evidence showing that he had a good reputation for virtue and chastity and that the prosecuting witness had a bad reputation for those qualities.

Arguments were commenced last evening, the defense being first heard, when the case was submitted to the jury.

In the Pollman case, Monday, Mrs. Pollman, wife of Peter Pollman, deceased and mother of James C. Pollman, the defendant, testified that the reputation of defendant for truth was peaceable and inoffensive. Deposition was good, and with a great deal of hesitation, that the deceased had a reputation for truth and was angry. Two of defendant's nieces testified to a similar character.

The case was then argued by County Attorney Rolapp for the State and M. M. Warner and D. D. Hanks for the defense, each side being ably presented.

The court charged the jury and in about an hour they returned with a verdict of not guilty. The defendant broke down and cried for the first time during the trial. He and his aged mother and his brother, who were present, were soon surrounded by friends and they left for their Pleasant Grove home to receive congratulations and sympathy in the family. In Pleasant Grove, where the circumstances surrounding the case, and where the two men, the deceased and the defendant, are well known, the verdict, it is believed, will meet the approval of all.

The next case to come up was the State vs Paul Riewert. Defendant, who lives in Lehi, is accused of criminally assaulting Miss Pleasant Grove, who resides at Fort Duchesne, on April 20th of this year. County Attorney King and Colonel C. Rogers appeared for the State and Judge Hall and Mr. Duff for the defendant.

John W. Hoover was appointed guardian of the person and estate of Andrew J. Hoover, under bonds of $1,000.

Estate of Stephen D. Rose, deceased, decree of distribution made and final account of administrator approved.

Estate of John Daily, deceased; order to sell real estate.

Estate of Hans Christiansen of minors; final account of John C. Miller, guardian, approved and guardian discharged.

L. N. Hadley vs George T. Fury et al; defendants' petition for a jury decided.

D. D. Sessions vs F. W. C. Halbhrook et al; set for September 30th, subject to agreement of counsel.

State vs Cal. Cragun; till October 1st given to Mr. Cragun to consult counsel.

Jurors A. W. Miller, J. T. Bringhurst and T. C. Beck were excused for the term.

Estate of Jacob Stout, deceased; petition for letters testamentary granted to Annie M. Stout; bonds fixed at $4,000.

Jens Christian Jensen of Lehi, a native of Denmark, was admitted to citizenship.

The committee on public and expenses reported favorably upon painting a sidewalk for witnesses, whereby the city saves some money, the sidewalk is built south of the public office. The report also recommends that the city incorporate with the county in building the walk. The report was adopted, and the committee was authorized to solicit bids for the proposed sidewalk.

The joint committee, consisting of the committees on judiciary and the commission on streets and alleys, reported on the recommendation of the former that some steps be taken to light the city. The committee recommended that the city should own a lighting plant, and that a location be secured near the head of the Temple square canal, where by damming the canal a sufficient volume of water could be obtained to generate the necessary electricity. The committee further recommended that preliminary surveys and estimates be made, to assist the council to ascertain the cost of the proposed plant.

Councilor Harris opposed the adoption of the report for the reason that the city could not afford the expenditure and that the law did not authorize the taxation necessary to raise the money needed to build the plant.

Councilor Keeler was in favor of the report for the purpose of investigation for cost of the proposed plant and believed that it would prove profitable and beneficial for the city to own an electric light plant and that one could be built without creating a debt beyond the debt limit.

Mayor Jones spoke briefly in favor of investigation of the cost, being ready. The majority of the council also favored an investigation, and so voted.

Charles Jacobson, of Heber, was in Provo yesterday on his way to Florida to raise Torrey's range ponies. Mr. Jacobson is on a 30 days furlough, given on account of poor health. Years in the Heber country have impaired Mr. Jacobson's health very much. He says that the stories of soldiers looking for food and medicine are untrue so far as the rough riders are concerned.

A story is told of two young men who went from Provo to Spanish Fork Saturday evening and became so boisterous through imbibing Spanish Fork whisky that they were arrested. They left one of their horses in security for their appearance before the Spanish Fork justice of the peace, and on their return one of them rode in the buggy and the other rode on the horse, holding up the horseless end of the buggy.

Some nine weeks ago a four-year-old son of C. C. Nelson, of Lake View, was scalded on the forehead by a pitcher of hot water. The forehead was pressed against the brain, and for about four weeks the child has suffered severely from spasms, which it is feared are depressing on the brain. Monday, Drs. Allen and Taylor were called, and while they had no hope of saving the child's life, they decided to perform a surgical operation to ease the pains. A piece of bone one inch wide and two inches long was removed. The child died soon after.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are today worn off their feet. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so bad that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, upon advice of my physician, the disease spread to my entire body, and from November to March I suffered great pain, and my joints became so stiff that I could not walk. I finally decided to try S. S. S. Before finishing the bottle I was able to walk well, my pains were all gone, and I felt like a boy. I continued to use the medicine until I had taken six bottles, when I considered the cure complete, and to two months I was entirely free from Rheumatism, and have since enjoyed good health. I have recently taken a bottle of Swift's Specific for a slight attack of Rheumatism, and it cured me in a few days.

S. A. BOYD, Mayor, Chattanooga, Tenn.

Blood Poisoning Accompanied by Rheumatism.

I was in the army and contracted a very severe case of blood poisoning, which was followed by rheumatism, and pronounced by two physicians incurable. I was in a very bad condition when I began taking S. S. S., but it soon cured me, and I have had no return of the disease. I know of many others who have been cured by this wonderful medicine.

SIDNEY M. TRUITT, Atlanta, Ga.

Don't suffer longer with Rheumatism. There is no joke in Rheumatism, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.
