RICHFIELD.

Shooting and Painful Accidents—Death of Mrs. Butler in Mexico.

Special Correspondence.

Richfield, Sevier Co., Aug. 25.—A little girl of J. M. Jensen of this city fell from a wagon on Friday and struck against a sill or bolt with the side of her face and tore her nose, lip and cheek very badly. The wound was sewed up by Dr. Herbert and the child is getting along fairly well.

Golden Dean, a son of E. P. Dean of this city, shot himself in the foot with a target gun last week. The ball entered the instep and penetrated the bone. Dr. Griffith dressed the wound, but decided not to extract the ball unless it becomes necessary to do so later on.

Miss Lizzie Butler of this city received word by wire on Friday that her mother had died in Mexico. It is only a few months ago that Miss Butler's father was taken sick in Mexico and died immediately upon being brought to Utah for medical treatment, so there is universal sympathy in our community for the children thus called upon to mourn the death of their parents.

Prevented a Tragedy.

Timely information given Mrs. Geo. Long, of New Straitsville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and $1.00. Guaranteed. Trial bottles free at Z. C. M. I. Drug Dept.

ORDERVILLE.

Light Crops—Death of Mrs. Sarah Meeks, the Oldest Pioneer.

Special Correspondence.

Orderville, Kane Co., Aug. 23.—Grain threshing is in progress. The third crop of alfalfa will be light. A shower or two of rain fell this month, but not enough to redeem the withered corn. Most of the dry land corn is being cut and hauled. Nights have been very cool, some frost in the lower part of the valley. The fruit crop will be light this season.

On the 17th inst., at 9 a. m., Sister Sarah Meeks, a widow of Dr. Priddy Meeks, passed away from this mortal career after an illness of four days. Sister Meeks received, during the Pioneer Jubilee, an oil painting portrait of herself, as a souvenir for being the oldest person living who belonged to the Pioneers. Had she lived until the 12th of next December, she would have been ninety-eight years of age. She died at her home in Orderville and was buried beside her husband. She was the mother of six children, one of whom survives her, also seventeen grandchildren, fifty-nine great-grandchildren, and six great-great-grandchildren. She was well acquainted with the Prophet Joseph Smith. She was a faithful and devout Latter-day Saint, and never spoke ill of any one.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. It is a godsend to weak, sickly, run-down people. Cure guaranteed. Only 50c. Sold by Z. C. M. I. Drug Dept.

CLINTON.

New $1,500 School House Now Under Way.

Special Correspondence.

Clinton, Utah Co., Aug. 25.—The old log school house, back of the few houses comprising this little mountain village, having done its duty well in the past, a new one is now projected. As a lady expressed it, "With a house full of bright children as I have, like many other families have, we were just bound to build a school house; it will be quite a heavy tax on the seventeen families that live here, but we will meet it in some way."

Richard Nuttall of Salem has the contract for building this new school house, and it will cost about $1,500, built of brick; a neat, trim two-roomed school building, after the design of Architect T. T. Davis of Provo.

Clinton has suffered for water this past season, but a slight fall of rain has lessened the evaporation, and Thistle creek has increased its flow.

ELSINORE.

Trial of Will Madsen—Light Harvest Owing to Drouth.

Special Correspondence.

Elsinore, Sevier County, Aug. 27.—The case of Sevier county vs Will Madsen of Monroe came up for trial on Saturday, August 25th. Madsen, who is 17 years of age, was charged with disturbing the peace on the 16th of July last by entering L. Wingate's house after dark that evening, while the father and mother were absent at a meeting, and made indecent proposals to a little 12-year old girl. The jury of four found him guilty of entering the house, but as to the other charge the jury did not think the evidence sufficient to convict. The case is held under advisement till Tuesday.

Mrs. William Smith has sold her place to Robert Eite of Salt Lake City. It is said the candy man will build quite a structure on it. It is located half a block north of the Co-op., and a fine place for business.

Harvest will soon be at an end and the threshing machines are busy. The grain don't show up as well as usual on account of the dry season. The old farmers say this is the dryest summer we have had for thirty years. Sugar beets have not suffered as much as other kinds of crops.

That Throbbing Headache.

OUR NEIGHBORS.

PRESTON, IDAHO.

Quarterly Conference Postponed to Prevent Spread of "Smallpox."

Special Correspondence.

Preston, Idaho, Aug. 27.—In consequence of "smallpox or Mantia itch" in surrounding towns it was deemed proper by the Apostles and Stake presidency to adjourn the quarterly conference that should have been held yesterday. Preston being free from any contagious diseases, the authorities desire to keep it so.

DRIGGS, IDAHO.

Fine Crop of Wheat Good Markets and General Prosperity.

Special Correspondence.

Driggs, Teton Valley, Idaho, Aug. 23.—A very heavy rainstorm visited this valley during most of last night and part of today, which will be a great benefit to our range and hay land. Crops were never better, especially with those who took care of their stuff. Both fall and spring wheat ripened in fine shape and have been harvested. Potatoes and garden stuff will be plentiful.

The Teton Valley is getting her share of the homeseekers this season; at least fifty families have located and seem contented with their new surroundings.

The mountains on the south and west are crowded with sheep mostly from outside valleys, and Teton Valley gets little benefit as they go away to winter and spend their money elsewhere. People are getting their places into hay as fast as possible so as to keep the sheep here in the winter.

Our mail service is much improved; it leaves St. Anthony just after the train gets in and arrives at Haden the same day. It lays over at Haden and comes on through Driggs to Victor and return to Haden the next day and arrives to connect with the train on the third day. This makes the service through the valley both ways in the day time, whereas before the mail went out in the night.

Several new dwellings have been erected in this vicinity this season and two other nice dwellings are being built in Driggs. The business houses claim they are doing a fine business and expect a large fall trade.

The Driggs Mercantile Co., the oldest firm in the valley, have a large trade and carry a complete line of general merchandise.

A grand ball took place at the new pavilion last night and many were out. The Beesley orchestra are up to date when it comes to good music.

BLACKSMITH WANTED.

Driggs is in very much need of a blacksmith. We have most every other business and they all seem to flourish. It is ten miles either way to a smith, and it is very unhandy for the general public to be without a blacksmith.

GOOD MARKETS.

Hay is selling readily at four dollars per ton, there being so many new settlers that have to buy. Grain of all kinds promises a good figure this fall. The people market most of their produce in the Jackson Hole country.

The travel through to the Yellowstone Park is much lighter than at this time last year.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale at A. C. Smith's drug store.

Constipation, impaired digestion and a torpid liver, are the most common ailments that are responsible for that tired, listless, fagged-out feeling that makes the summer a dreaded period to so many people. HERBINE will cure constipation, it improves the digestion and arouses the liver to normal activity. Price, 50 cents. Z. C. M. I. Drug Dept.

For mosquito bites, bites or stings of insects, animals or reptiles, apply BALLARD'S SNOW LINIMENT. It counteracts the poison in the wound, subdues the inflammation and heals the flesh. Price, 50 cents. Z. C. M. I. Drug Dept.
