Black Diamond semi-anthracite contains less ash and soot, and is cleaner and more economical than any other coal. Haim & Bamberger Coal Co. are exclusive agents.

A New Move in the Right Direction.

Arrangements have been made by the manager of the Keeley Institute of this city by which ladies receive the Keeley treatment for nervous diseases unknown to their most intimate friends, if they so desire. This is a new feature of this commendable work and one that will give many a woman the opportunity to recover the health that has been destroyed by the injudicious or ignorant use of stimulants or opiates during periods of sickness.

SIGHT READING.

Prof. Cannon is now prepared to organize classes in sight reading. Terms $2.00 for course of ten lessons. Also afternoon classes of 4, 5 or 6 or ladies, sight reading and voice culture. Terms reasonable. Private lessons in voice culture, piano, violin, harmony, etc. For further particulars apply at studio, room 18 Deseret National Bank building, corner of Main and First South.

SUBSTANTIAL CHARITY.

Practical Work of a Big-Hearted Organization.

The following report is self-explanatory:

The fourth annual collection of garments contributed to the Salt Lake City branch of the Needle Work Guild of America, was made on Thursday, Nov. 5th. The packages of clothing, made ready by the section president and secretaries, were collected, free of cost, through the kindness of Mr. W. A. Nelden. According to the records accompanying the packages, 1,420 garments were received, which number was increased by sixty-six things to 1,486. Though the number falls short of last year by more than 100, yet the quality of the garments seems even better and more substantial than any ever before received.

On Saturday afternoon, Nov. 7th, the annual meeting of officers and directors was held, and the composition of the clothing received upon the section presidents being appointed a committee on distribution. Through them, on Monday and Tuesday, Nov. 9th and 10th, the following allotments of clothing were made:

Forty pairs, cashmere hosiery were received by a gift of warm clothing for the winter.

Number of garments given to them	78
Number of garments given to children's homes	18
Number of garments given to Sunbeams' Home	12
Number of garments given to Industrial Home	12
Number of garments given to Salvation Army Rescue Home	12
Number of garments given to Free Kindergarten association	12
Number of garments given to Young Ladies' aid society	12
Total	144

The officers of the Guild wish to extend thanks to all the members for their response and cooperation in this beautiful charity; also to Wasatch Stake, the Lake House, Amerbach Bros., J. C. M. L. and R. K. Thomas for their very acceptable donations. We would also thank Mr. Christensen for the use of the store on Main street which he so kindly donated to the Guild for nearly a week.

The organization undertakes the work for another year under the leadership of the same officers, who were unanimously reselected, viz: Honorary president, Mrs. C. J. Salisbury; president, Mrs. W. A. Nelden; secretary, Mrs. E. B. Critchlow; treasurer, Mrs. Walter Murphy.

The officers are assisted by thirteen section presidents, each with four directors. Each director is responsible for ten members, making a total working force of 715.

MARY W. CRITCHLOW,
Secretary.

Elder Nell's Return.

Elder Cyrus Nell of East Mill Creek, this county, returned on the 5th inst. from a mission to the Northern States mission. He left Utah Nov. 10, 1894, and labored first in Wetzel county, West Virginia. He subsequently labored in Maryland and Pennsylvania, but again returned to West Virginia, where the last six months of his mission was spent in Hampshire and Hardy counties. He reports a great improvement since 1894 in the prospects of the work of the Gospel throughout the mission, especially in West Virginia, where many six-months' tracting the truth.

Elder Nell returns in good health and spirits, having had a rich experience.

SCHOOL BOARD'S DILEMMA.

Questions Proposed to the Superintendent of Public Instruction.

A somewhat remarkable condition of things exists in Ogden, in relation to educational matters, judging by the following communication; and if the defects in the school law indicated by it actually exist, the subject should be taken into consideration by the code commission with a view to a remedy at the coming session of the Legislature:

OGDEN, Utah, Nov. 12, 1896.

Hon. John R. Park, State Superintendent of Public Instruction, Salt Lake City, Utah:

DEAR SIR—Understanding that it is your duty, when requested by school officers or boards of education to give them written answers to questions concerning the school law," we beg to inform you that our body is confronted with a condition of things which requires immediate attention and prompt action, if any action can be taken which will be legal.

In section 117 of our present school law is the following provision: "On the first Wednesday in December, 1895, and biennially thereafter, there shall be elected one member of school board from each municipal ward of cities of the second class, who shall qualify on or before, and take their seats at the first regular meeting of the board in January thereafter."

Your early answer to the following questions is respectfully solicited:

1. Is Ogden City, being a city of the second class, by what authority shall said election for the first Wednesday in December be called?

2. By whom shall said election be called?

3. What notice of said election shall be given?

4. By whom, if at all, is the necessary judges of election to conduct said election to be appointed?

5. How and by whom shall the votes be counted and the returns thereof made?

6. Who will issue the requisite certificates of election to the successful candidates?

7. If there are no provisions in our statutes governing the matters involved in questions one to six, inclusive, can an election be legally held on the first Wednesday in December, 1896, for members of the board of education of Ogden City?

Yours very respectfully,

THE BOARD OF EDUCATION OF OGDEN CITY,
By T. E. Dee, President,
G. H. Manson,
Clerk of the Board.

FOOT BALL.

University Juniors Defeat the Collegiates Still Six Ahead.

Yesterday afternoon, on the University campus, a brilliant game of foot ball was played between the University Junior team and that of the Salt Lake Collegiate Institute. Probably 600 people witnessed the contest, which was character not by fine and exciting playing from start to finish. The University Juniors won, the score being 12 to 6.

This afternoon a game is in progress, on the same ground, between the University team and an eleven from the Brigham Young Academy, Provo. This contest has been anticipated with much interest, and was being watched by a large concourse of spectators at press time.

University Chrysalis Ball.

Invitations are out announcing the University Chrysalis ball which takes place at the Christensen Dancing academy on Friday evening next, Nov. 20th. The committee consists of J. J. Cannon, Shirley Wetzer, Sharp Stringer, Lucile Hewitt, Eden Newman, Claire Clinton, Reuben Clark, Glenie Lewis, L. L. Waters and H. L. McBride, and if these names are any criterion to go by as to the artistic success of the entertaining, nothing at it in a financial way, satisfactory information is already assured. One dollar please.

More Gas.

This city is to have more gas. Yesterday the Driver company succeeded in opening one of its wells that had been shaded up, and it began to flow with a pressure of 180 pounds. This makes three wells this company now has flowing.

A Close Shave
Depends on a good brush as well as a good razor. A thorough acquaintance of the latter every shaver knows is absolutely necessary. You can comply the latter thoroughly only when you have a good brush. Our shaving brushes are a quality plushy, comfortably soft, and the bristles won't pull out. We guarantee them fast. If ever the bristles will not longer if you use good soap with them that if you use good soap. Abide and other chemicals used in bad soaps not only hurt the skin, which of course is the most important, but also damage the brush. We recommend Williams' shaving soap, not because we sell it, but because it's the best. And really that is why we sell it.
Shaving Brushes 15c, 25c and 35c.
