FIND THE HEIRESS.

Sophie Bosman Wanted by the Netherlands Consul General.

A LARGE FORTUNE NOW IN HERS.

Romantic Career of the Lady — A Brother's Last Thoughts of His Lost Sister.

NEW YORK, June 15.—Consul General of the Netherlands, J. H. Pindeler, engaged in an interesting search for Sophie Neuman, a subject of Holland, of whom all direct trace has been lost for fifteen years and who is the heiress of a large sum of money and valuable property. Sophie Neuman, or Nobl, as her name is believed to have become, was her presumed marriage, was born in Paramatho, Dutch Guiana, January 11, 1862. Her father was a wealthy sugar planter. She had grown up unmarried when a young man named Adolph Nobl arrived in Paramatho from Germany. He had nothing to recommend him but good looks. They fell in love with each other and eloped to the United States. Herman Neuman, a brother of the eloping girl, died in Paramatho, leaving his large sugar plantation to his surviving sister Sophie, who is supposed to be now a resident of the United States." On his death bed he extorted a promise from his father to find his sister if possible, and place the property in her hands, and secure for her the complete forgiveness of her sister and her brother for her rash act. Meanwhile the costs and other property pending Sophie and her heirs is believed to amount to not less than $200,000. It has been discovered that the couple came to New York from Paramatho. Nobl died in New Jersey in 1880. The problem now is as to the whereabouts of the widow heiress.

FRANKLIN MILLER'S CASE.

He is Convicted of Murder, But Nobody Cares to Hang Him.

DALLAS, TEX., June 16.—It appears that it is nobody's business to hang Franklin P. Miller, now that he has been convicted of the murder of Police Officer Riddle and all the upper courts have declined to disturb the verdict. Miller was tried in the forty-fourth district court, of which Judge Gray presides, and soon after his conviction, and while the case was in the court of appeals, the criminal district court of Dallas was created by the legislature and all the criminal jurisdiction of forty-fourth and fourteenth district courts transferred to it, leaving the two last named courts to try civil cases exclusively. Section 2 of the act creating the criminal district court says that the two old courts shall retain jurisdiction of such cases as may be pending in them until finally disposed of and this section explicitly adds that "that nothing in the act should affect the jurisdiction of the district courts of Dallas county to pronounce sentence in any criminal cases tried in such courts before the act was taken effect."

Two days ago the Supreme Court of the United States dismissed the writ of error in the Franklin Miller case and notified the court of criminal appeals in such a manner to the lower court, meaning each court of the disposition of the writ of error, and instructing it to do the law take its course. The court of criminal appeals issued the mandate to Judge Gray, the trial judge. Judge Clint wrote a letter to the judges of the court of criminal appeals, stating that it is clear to his mind that he has not jurisdiction in the case and citing them to sections two and eight of the act creating the criminal district court, and concluding by asking for further light on the subject. At the same time Judge Clint addressed a letter of about the same tenor to Attorney General Culberson.

Elevators Bought.

TACOMA, Wash., June 16.—Frank Gross and J. T. Bibb, composing the Tacoma Grain company, have purchased of the receivers of the Northern Pacific Elevator company, the thirty-nine elevator belonging to the Northern Pacific system in the northwest. Thirty-eight elevators with a capacity of 2,500,000 bushels are located in Idaho and in Spokane, Lincoln and Whitman counties, this state, the terminal elevator, capacity 750,000 bushels, being located in Tacoma. Last year these elevators shipped 2,900,000 bushels of wheat, which loaded thirty-six ships, and this year they are expected to ship 4,000,000 bushels. The price paid is reserved.

A CONSPIRACY POINT DECIDED.

Husband and Wife, Being One, Cannot Be Held on that Charge.

CHICAGO, ILLINOIS, June 15.—The case of Mr. and Mrs. Meiner, on trial here on a charge of conspiracy to defraud Dr. Wilbur, was decided by the court's decision on a unique point of law raised by the defense. One person, of course, cannot be guilty of conspiracy. The defense argued that Mr. and Mrs. Meiner are husband and wife and said in law to be one person, consequently it is impossible to have a conspiracy. The court sustained the defense and the case were discharged.

THE CHOCTAWS SCALE.

Illinois Miners Rent to Confer Upon the Matter.

CHICAGO, Ill., June 15.—A committee representing districts Nos. 12, 14 and 25 of central and southern Illinois, will be held in this city today to consider the situation and if possible to settle the existing difficulties. Judging from expressions of the delegates here the prospects for settlement does not look bright. Nobody seems to be in a mood willing to say for the Columbus scale. President Clark only says he has no idea what the result of the conference will be. The proposition made by the Springfield operators for a settlement on a scale of 70 cents per ton mining, 221 cents for coal passed over a 2 inch screen, or $2.25 per day, is not received with favor.

DEGREE SECRETS TO BE RIGHT.

LIBERTY, Ill., June 15.—At a mass meeting of the striking coal miners held here last evening, a resolution was unanimously adopted to the effect that all property of the Wabash and J. H. R. roads shall not be destroyed or molested in any way, shape or form.

A SEVERE STORM.

Lightning Strikes a Building and Kills a Laborer.

CHICAGO, June 15.—A severe electrical and hail storm passed over this city this afternoon, doing considerable damage. Lightning struck the top of the Tribune building, which is ten stories high, and knocked a fifty-pound piece of granite from the cornice to the pavement, where it narrowly missed two policemen. The thunder and noise of the falling stone caused several horses to take fright and run away.

Gellios Gotch, a laborer, was instantly killed by lightning, and several houses on the west and north sides were struck and damaged.

AT DE QUINCEY.

DE QUINCEY, Ill., June 15.—The most destructive hail storm in years passed over this city this evening. Hailstones covered the ground several inches deep. Corn, wheat, oats and all kinds of fruits and vegetables are ruined. Many windows were broken.

THE STRIKE SETTLEMENT.

Some Accept; Is Which Others Refuse to.

BRAZIL, Ind., June 15.—Vice President Lewis of the United Mineworkers, in an interview, said: "The miners are disappointed by the settlement and scare we. I believe, however, that when the excitement has subsided and more sober thought assets itself the miners will see that only their interests were considered and the best that could be secured was obtained."

WILL NOT RESIGN.

PITTSBURG, PA., June 15.—A delegate convention of the miners of the Pittsburg district was held here today attended by 125 representatives. Addresses of the national officers were read and a motion made to adopt the scale. This raised a storm and two hours were spent in discussion, which at times became so animated that the presiding officer gave up in disgust and declared the meeting adjourned.

He reckoned this session, however, and after more talk a vote was taken, resulting 87 for and 35 against resuming work on Monday next.

SITUATION DISCOURAGING.

COLUMBUS, O., June 15.—Gov. McKinley was so much encouraged by news of the favorable turn affairs in the miners' strike that he ordered the seventeenth regiment withdrawn. The other troops will be withdrawn in a few days. The opposition to the Columbus compromise is rapidly disappearing.

ONLY TWO GO TO WORK.

FRONTBURG, Md., June 15.—Only two men went to work at Lonaconing today. Governor Brown has ordered the fourth regiment and the brigade staff to return home, their presence here being no longer necessary.

THREE MINERS KILLED.

BRAZIL, Ind., June 15.—At a mass meeting of miners here today it was agreed to accept the scale and endorse the action of the present officers.

THIRTY FAMILIES EVICTED.

UNIONTOWN, PA., June 15.—Thirty families were evicted at the Trotter Coke Works today and the engines put into the houses. So far the deputies have had no trouble in making evictions.

Belgians and French Disagree.

BRUSSELS, June 15.—Unfavorable news was received here from the African district of Uskangala, adjoining the Congo Free State. It is said that the French and Belgians are already upon bad terms in regard to frontier disputes growing out of the occupation of Uskangala, and that the Belgians are six times more numerous in fighting men than the French, whose position, it is believed, would be serious in the event of a conflict.

To Oppose Reynolds.

BANGOR, Me., June 15.—At the Republican party convention for the fourth Congressional district, C. D. Chapman was nominated to oppose Reynolds for Congress.

THE WIMAN TRIAL.

The Prisoner Arraigned for Sentence.—The Verdict a Surprise.

NEW YORK, June 15.—The maximum penalty for the offense of which Wiman was found guilty is ten years at hard labor in the state prison. Wiman may be sentenced to a term of from one day to ten years.

Judge Ingraham arraigned Mr. Wiman for sentence until Wednesday, June 20th. Deputy Sheriffs Brown and Reilly escorted Wiman to the Tombs prison. Having accompanied him as far as the cell door, they left him in charge of the keeper, who affectionate good-bye at the prison gate.

In answer to the requests for an interview sent him by several newspaper men, Mr. Wiman sent back the written reply:

"I am unable to see you now."

General Tracy said: "I am satisfied at the verdict, and until I can consult with my associates, I cannot say whether an application for a new trial will be made or not."

Cost of the Chicago Terminal.

MILWAUKEE, Wis., June 14.—Colonel Pettibone added a little fillip to the bubble Oakes examination today by showing that the whole cost of the Chicago Terminal property, according to his estimate, was something like $23,000,000 instead of $18,000,000, as appears by the showing of the other side.

AN OHIO PENSIONER.

He Fell in the Hands of the Friends of Woman Suffrage.

WICHITA, KAN., June 15.—At Kingman, last night, when Editor Brown arrived from the Populist State convention, where he lustily fought woman suffrage, he was met at the depot, taken from the side of his wife, clothed in a Mother Hubbard dress and sun bonnet and compelled to march through the streets beneath a green umbrella. The friends of woman suffrage did it.

Homeopaths in Session.

DENVER, COLO., June 15.—The second day's session of the American Institute of Homeopathy was opened with nearly 300 persons are in attendance. The report of the board of censors showed that nearly 100 new members were elected. In the afternoon the section on clinical medicine and obstetrics reported. Papers were largely attended and the papers highly scientific.

THE INDUSTRIAL CAMPS.

Coxey Contemplates a March from Washington to the Pacific.

The Relative Set Positions—Carter's Army Corralled—In Other Camps.

WASHINGTON, June 15.—Calvin's army of Industrials which reached this city some time after Coxey's contingent, and which has been nearly all the time at Hyattsville, has become weary of waiting for something to turn up, and now contemplates a march from here to the Pacific coast. The start probably will be made Sunday, and on the way west speeches will be made in favor of things advocated by Coxey. There are between 150 and 200 men.

KELLY GETS WOOD.

MOUNDSVILLE, Ill., June 15.—Kelly's armies, who are camped here, today threatened to commandeer meals and food from houses in some if they were not cared for. Fearing that the hot-starved men, who had only a light meal in twenty-four hours, would resort to raids, the mayor has collected a wagon load of provisions and $25 for the men, and will drive them out tomorrow.

CARTER'S ARMY ARRESTED.

OMAHA, June 15.—Two hundred and forty of General Carter's commonwealers have been corralled by deputy marshals at Big Springs, and are now loaded in box cars there awaiting orders for their disposal from Judge Dundy. Late this evening Deputy Marshal Liddiard, with a force of 125 special deputies, arrested the entire force of the Industrials, accomplishing the feat without trouble. Word was sent at once to Omaha, and Judge Dundy notified. He finally decided to order the release of the men if they would agree to disperse. If they insisted on remaining in a body they were to be brought to Omaha as prisoners.

OMAHA, Neb., June 15.—Johnsburg is being rapidly freed of the Coxeyites on account of the arrest and transportation of seventy of their number taken to Denver.

Big Springs is now the center of the situation. The "weasels proposed this morning that they be allowed to take possession of a train, sidetrack arrest and be carried to Omaha as prisoners. Chief Deputy Coggeshall stated that he was not willing to accept such terms, although the proposition has met with favor among the railroad officials. Some members of the army are securing wagons to carry them to Grant, the nearest station on the Burlington & Missouri.

A secret ballot was held at the camp and it is thought that this plan of campaign will meet with great favor. It is more than likely that the latest contingent of regulars will reinforce Coxey tonight or tomorrow on account of the unmanlike treat of the commonwealers.

THE SUGAR TRUST HEARING.

Testimony Closely Examined and Demolishing Everything.

WASHINGTON, June 15.—After Mr. Havemeyer had been dismissed, each member of the committee summoned to be catechised in the most comprehensive manner as to whether he knew of any corrupt propositions made relating to the sugar schedule, or whether he had been interested in any way in speculation in sugar stocks. The denials were as sweeping as the interrogations. After twenty senators Aldrich, Allison, Hale, Berry and Blanchard were put through the same catechism. Each member of the Senate will be asked to testify.

Senator Brice reiterated his declaration in his letter to Chairman Gray. He declared: "Since entering the Senate I have not been concerned in any way, directly or indirectly, in any property, securities, stocks, or interests or speculations in anything that is mentioned in the tariff bill from the first line to the end of the free list, with the exception of some local manufacturing establishments in Lima and adjoining towns in Ohio."

Mr. Brice was very explicit and emphatic in his denial of any knowledge of campaign contributions from the sugar trust. He knew nothing of the contributions in 1892.

Senator Hill was also examined. In addition to questions as to whether he had speculated in sugar or sugar trust stock, which were answered in the negative, Senator Hill was questioned in regard to the meeting at the residence of Senator Brice when the sugar question was discussed. He said he was present at that time and listened to the Louisiana senator, who explained the sugar duties and told what was needed, but he did not remember seeing Havemeyer there.

"I did most of the listening," said Mr. Hill.

In Central and South America.

NEW YORK, June 16.—The *Herald's* special says: General Carlos Ezeta, the deposed president of Salvador, has sent a cable message to President Diaz, of Mexico, asking him to intercede in Washington on behalf of Antonio Ezeta, his brother.

The *Herald's* Buenos Ayres dispatch says: The correspondent in Santa Ana sends word that both armies have abandoned the city. Buffalos have been proclaimed and have instituted a reign of terror. A mob is now seeking plunder.

A dispatch from Rio Janeiro gives a discouraging view of the situation there. Many citizens have been imprisoned for unknown reasons. Private correspondence is being tampered with in the postoffice.

A SAD ACCIDENT.

A Child Wandered Away and is Found Dead.

SANTA FE, N. M., June 15.—Mrs. M. A. Downing, formerly Miss Burke of St. Louis, with her four-year-old son Jack, visited in the foothills yesterday. Mrs. Downing became absorbed in a book while Jack amused himself gathering flowers.

In a short time Mrs. Downing missed her son and, receiving no reply to her calls gave the alarm and her men began scouring the country. After twenty-four hours they found the body of the boy, still warm, ten miles from where he had started. Apparently he died from exhaustion and fright. The mother is on the verge of insanity.

HAVE YOU A DOUBT

AS TO WHO ARE SALT LAKE'S LEADING SPECIALISTS, IF YOU HAVE READ THE EVIDENCE OF YOUR FRIENDS AND NEIGHBORS.

If you have been a constant reader of this paper for the past few months and have noticed the testimonials published by Shores & Shores and the skin specialists, you will see that Drs. Shores & Shores have each week given the public one or more new testimonials of patients who have been cured by their new treatment, while our would-be competitors, instead of giving you chil, re-spit testimonials of people who have endorsed their names without fear, but those who have cured their ailments, as the records of the newspapers will prove, so they resort to all kinds of schemes to deceive the public.

Drs. Shores & Shores live on their own reputation.

Of treatment. They do not advertise one man's system and use another. Drs. Shores & Shores' reputation for the past six years in the Territory of Utah is a guarantee of honest and skillful treatment.

Drs. Shores & Shores are having the pictures made of patients who have completed their treatment. Here what they say, go interview them, and they will tell you the difference between the old and the modern.

MRS. DORINA CHRISTIANSEN, Residence 151 Second South and Fourth East Streets, City.

COULD NOT SWALLOW.

The Alarming Condition of Mrs Christiansen—She is Cured in Our Month by Drs Shores & Shores' New Treatment.

To say Mrs. Christiansen was a sufferer is putting it mild. When she placed herself under the care of Drs. Shores & Shores, it was doubtful if she would ever be made well, her case had run so long that the search had thoroughly demolished her entire system, her throat was raw and irritable that it was with the greatest difficulty that she could eat enough to keep her alive. Here is her signed statement word for word.

SALT LAKE CITY, Utah, May 31, '94.

To Whom It May Concern:

This is to certify that I come to Drs. Shores & Shores a wretched sufferer with catarrh of the head and stomach. I was so very bad that I could not even take a drink of water or food to any shape without throwing it up, and I can now truthfully state that after one month's treatment I am a well woman.

These are the dates of treatment Drs. Shores & Shores gave daily. This is the class of troubles that have made them famous over the country, and this is the class of trouble that the medic doctors try to treat, fail, and then advertise they are doctors.

Drs. Shores & Shores.

Specialists,

Zion Medical and Surgical Institute

34 E. Second South Street.

Consultation All diseases of the Eye, Ear, Nose, Throat and Lungs, Female, Urinal and private diseases. Our treatment for Piles is new, painless and certain. Our use method.

Office hours—10 to 4 p. m. Tue 7 to 8 p. m. Sundays, 10 to 1 p. m.

Free Sunday a month for all catarrhal diseases. Consultation Catarrhal free from our new treatment.

If You Cannot Come to Salt Lake

Write for the mail treatment. Owing the dissatisfaction by personal charge experiences in the mail department, and by a system we have adopted, correspondence receives those out of the city quite as well as those who come to the office. Send for symptom blank. Medicines shipped carefully by mail prepaid.
