DIVISION OF TAXES.

Question Whether the State Is Subrogated to Territory's Rights.

Held That State Is Entitled to a Portion of Tax-sale Redemptions Under the Law.

Deputy Attorney General Bonner A. Smith submitted an opinion to E. W. McDaniel, county attorney for Sanpete county, today, on two questions, pertaining to the division, with the State, of revenues collected prior to 1896. Mr. Smith holds that the State is entitled to an accounting for its portion of all moneys collected prior to that time. The opinion reads as follows:

"We are in receipt of your request of October 21st in reference to the division of the State and Sanpete county for an accounting for moneys received on tax sale redemptions in which you propound the following questions:

"First—Is the State entitled to a division of tax sale redemptions in redemption of property sold for taxes assessed prior to the year 1896?

"Second—If so, is the State entitled to a division of any moneys paid prior to April 5, 1896, in redemption of property sold for taxes assessed prior to the year 1896? Both of your questions should be answered in the affirmative for the following reasons:

"A portion of all taxes assessed prior to the year 1896 belonged to the First Territory of Utah and if a change from territorial to state government had not taken place, the territorial treasurer would have held such moneys as were paid in redemption of tax sales in trust for the benefit of the Territory. And by section 5 of article 24 being the schedule, all assessed taxes and all rents, issues, profits, rents, personal and mixed, choses in action claims the debts of whatsoever description of the territory vested in the State of Utah with the right to sue for and recover in the same manner and to the same extent to the State as if there had been no change. It follows necessarily from these provisions, that a portion of all moneys paid for tax sale redemptions, irrespective of the time when the same were paid is the property of the State and should be accounted for by the several counties. The question, so far as the Territory's rights to recover them have accrued, was decided by the Third judicial district court for Salt Lake county on the 21st of January, 1896, in the case of the Territory of Utah ex rel John T. Caine, auditor of public accounts, plaintiff, vs J. C. McNair et al, county commissioners, same being proceedings in mandamus.

CHARLES WILLIAMS CAUGHT.

He is Charged With Stealing a Horse, but Doubts Exist as to His Guilt.

Moab Times: Sheriff Wilson and Andrew Tangreen, who went out last week on a chase after Charles Williams, who was charged by Monte Moreland with stealing a horse from Tangreen, returned Wednesday, having found Williams south of Monticello.

Williams did not appear to the sheriff like one who was trying to escape and when arrested showed a bill of sale of the horse from Moreland. Moreland left here in company with Williams and gave out that he was going to Colorado. He returned in a few days and informed Tangreen that Williams had stolen a horse from him and he was making for Colorado and wanted to be deputized to go and arrest him. Sheriff Wilson went himself. Moreland's actions appeared suspicious and, finally, last Saturday night a warrant was sworn out for his arrest, when it was found he had left. Deputy Sheriff Chas. Wilson and Constable Frank Duncan started on the trail and followed to Little Castle valley where they lost track of him. Yesterday Sheriff Wilson started out north with a warrant for Moreland.

Williams was brought before Justice Tyler yesterday on the charge, preliminary hearing was postponed ten days at the defendant's request. He tells what he claims to be a straight story of his connection with the matter, and, taking it in all the circumstances, it looks as if he had been used as a tool to make easy a scheme of others.

Warner Shipping Fruit.

Moab Times: O. W. Warner has his usual large crop this year. He is shipping apples and pears, of which he will make a full car-load shipment to some eastern point. Apples and pears from this valley command a much higher price than from any other point of the country. Such a thing as a Warner apple is unknown here; this fruit is sold by the pound, wrapped in silk and thereby gives them high standing in the markets.

Information Wanted.

Y. L. M. I. A. Meeting.

MARY A. FREZER, President.

Home from the South.

Elder Franklin Rabich, son of Elder A. H. Rabich, formerly Bishop of the Nineteenth ward, called on the "News" office while passing through and reported his return from the mission field. He left this city April 4, 1895, and labored in Oklahoma, where he reports the cause progressing quite nicely, notwithstanding the hard good health and enjoyed his labors very much.

His Foot Amputated.

John Thomas, the young man who met with an accident at the works of the Intermountain Salt company Monday, as chronicled in last evening's "News," had his crushed foot amputated yesterday, that being the only alternative. The operation was performed at St. Mark's hospital, where he is expected to be confined for nearly two weeks yet.

AN IMPORTANT DIFFERENCE.

It may not be apparent to those, who think themselves so, that they are not afflicted with any disease, but that they are not strong and healthy enough to bring comfort home to their hearts—as a matter of fact, it is simply cured by a tonic, such as the Mexican Mustang Liniment of the California Fig Syrup Company only, and sold by all druggists.
