STOCK BROKERS WILL CELEBRATE.

Memorial Day to be Observed by the Exchanges.

WILL CONSIDER A VACATION

Business Light on the Boards Today —See the Accepted Time to Buy Mining Stocks.

TODAY'S METALS:
SILVER 61
LEAD $4.25
CASTING COPPER, 16¾

Tomorrow being Decoration Day, the stock brokers will be loser in it by taking a rest, hence there will be no call on either board, and consequently no regular sessions will be posted. On Wednesday afternoon the members of the Utah exchange will wrestle with the question of a vacation, and as a good many are in favor of suspending operations until conditions become more favorable, an early shut-down will likely be ordered.

If the popular advice, "Buy stocks when they're low" is to be paid attention to, it would seem that now is the accepted time, as stocks generally are in the dumps and the market presents many great bargains. The beginning of another week found conditions much the same as on Saturday, with business somewhat lighter. The sales on both board reached 30,825 shares for $14,462.29. The old exchange sold 4,325 shares for $1,233.67, while the new board had a better record, their transactions amounting to 26,500 shares for $13,228.62.

MINING STOCK BUSINESS.

Very Little Trading on the Salt Lake Board Today

To a combination of circumstances can be attributed the bad business in the pit today. First of all it was holiday—a day when stock trading should have been done away. Next it was Monday, that proverbial blue day, and last, but not least, Ralph Guthrie obligingly acted as caller in place of Squire Jones, who is just now polishing up for tomorrow's race. With such drawbacks to contend with, it was no wonder the brokers sold but 4,325 shares with a selling value of $1,233.67.

Joking aside it was the worst day on the Salt Lake exchange has experienced for many a month. The market was weak, business was dull and brokers were bothered. Daly West was the first seller, 200 shares going at $9.50, with the stock closing in good demand at $9.56. Daily took part in the trading at 21 cents, while Four Aces sold at 29 and Grand Central made transfers at $1.90 and $1. Oliver Marion was weak and brought but 45 cents, and Northern Light continued on the road to ruin, this stock changing hands between 41 and 42 cents. South Swansea brought $1.40 and Star Consolidated 85½ cents, while Homestake, the only seller of them unlisted, dipped 500 shares at 13½ cents a share.

Forgotten Doggerel.

Casting on today's business on the Salt Lake board, an affected wag composed the following, and sent it in for publication:

Who sold it, can you tell me who,
That broke the market right in two?
Who was it in the pit today
Took all the business away?
Who acts as sunbeams, black cats, do,
Do you spell it Guthrie, or spell it Judge?

Who heard the market to a "cow"
Who took the gilt-edged out of "sow"?
Who drew me in distraction, sighs,
Who is Guthrie, or who is Judge?

Who spoiled the trading of the day?
Who caused the boys to run away?
Who killed business, can you tell me, if
Was it Guthrie, or Have Belief?
—(With apologies.)

GOOD FOR THE UTAH.

Today One of the Best Mondays in Its History.

What is said to be the best Monday's business ever transacted on the Utah stock was transacted in the afternoon session of the mining board, when 26,500 shares selling for $13,228.62. Daily West was active at $9.50, while Hanover and Plevna sold for 26 cents. Deer Trail and Northern Light for 41½ and 42. South Swansea was quite firm and did business at $1.40.

WE LEAD IN TYPEWRITING.

Mr. William Johnson, who has charge of the typewriting department of the Salt Lake Business College, is meeting with great success in teaching the touch method. Being an expert operator himself, he naturally instills his pupils with confidence and they soon acquire their work with a vim and accuracyness which is simply surprising.

Mr. Johnson has invented a very ingenious device to assist the student in learning the keys through the sense of touch, and many people who have witnessed its adoption are evident as to the idea is unique. Mr. Johnson is now assisting in the work and expresses a degree of astonishment and enthusiasm that is indescernible to excess in teaching the art of typewriting, and the fact that students make as rapid strides as they do is the scientific method of teaching it.

STOCKS, GRAIN AND PROVISIONS
Bought and sold on margins
P. C. LONG & CO.,
15 W. 2nd South St. Tel. 35.

CHICAGO LIVE STOCK.

Chicago, May 28.—Cattle—Receipts, 1,500. Market strong and active. Texas steers, $3.90@4.60; Texas cows, $3.00@3.50; native cows and heifers, $2.50@4.60; stockers and feeders, $3.60@4.60; calves, $4.50@6.50.

Hogs—Receipts, 20,000. Market steady to 5c higher. Mixed and butchers, $3.70@3.90; good to choice heavy, $3.80@3.95; rough heavy, $3.60@3.80; light, $3.65@3.90; bulk of sales, $3.70@3.85.

Sheep—Receipts, 8,000. Market steady. Good to choice wethers, $4.90@5.25; fair to choice mixed, $4.25@4.85; Western sheep, $4.60@5.25; native lambs, $5.00@6.60; Western lambs, $5.00@6.75.

RAILROAD MATTERS.

BURLINGTON PUSHING THIS WAY.

Eye of Railroad Building Has Now Reached the West and Prosperity Is in the Air.

"The Burlington will soon day be a Pacific coast line and that day is not very far off, either," was the remark of General Manager G. W. Holdrege, of the road, at the depot last night. "We are gradually pushing toward the Western slope, to be continued, and we need fall not have long running on that side of the range. At the present time we are devoting our energies to country tributary to Denver, and there are several important links that have been broken connectation for several years. The eye of prosperity has settled on the West will see a rush of railroad building from now on for the facts is the country here actually outgrows the and clothes so far as the railroads are concerned."—Denver News.

RAILROAD NOTES.

General Passenger Agent Wadleigh of the Rio Grande Western has sent a notice to the agents about the time that the new dining car service will be inaugurated June 1st. Meals will be served on trains Nos. 1, 2, 3 and 4.

MINING MEN ON DALY RESUMPTION

Interest Awakened by Chambers' Visit to the Coast.

FEAR OF AN ASSESSMENT.

Sutherland Back from Gold Mouse into Richmond-Anaconda Deal—Mining North of the Rock.

The visit of Hon. S. C. Chambers to San Francisco for the purpose of attempting to secure the Daly mine, stockers among mining men generally, renewed interest in real property. In the Richmond pocket, for the mine stands with a record of $1,275,000 the last addition which was made in March, 1897, when the correction of ore came to a close. Now it is the Daly is a bonanza of the first water in a recorded certainty, but the general opinion is that conditions will have to be more favorable than they are now, before Mr. Trott and associates will see their way clear to sanction a resumption. A gentleman thoroughly acquainted with the property says it will cost at least $100,000 to put things in good order, and this he adds, means a stiff assessment on the company's stockholders, a payment which some of the big ones barely are profitable at this particular time.

Richmond-Anaconda Deal.

Jesse Knight returned to his home in Provo Saturday night after a second visit to Butte, where about a week ago he completed the Richmond-Anaconda with the Hamburg, Yellow with a "Jersey" and the Gold Knight stakes, that it seemed near to impossible to accomplish the desired result as there were certain claims owners who wanted a good part of the earth for their holdings. It seemed said he, that these people had caught the property on having all the merit in the world, when the facts were it was but a prospect, and would have to be developed at considerable cost before it would be known whether it contained good ore bodies or not. He said, however, that he and associates were endeavoring to effect a consolidation of the two properties, and that he was doing his part to do all in their power to prevent it, by asking an outrageous price for their stock, which, said Mr. Knight, would never be accepted.

Back from Gold Mountain.

Hon. George Sutherland returned last evening from Marysvale, after a few days sojourn among the mines of Gold Mountain. While away he examined the Wedge, which says he, has a good vein of gold ore, and presents the appearance of being all that it is represented to be. The Gold is general hole well and will doubtless become active as soon as cash mills. Mr. Sutherland is not active in his holdings in this section but prefers to say nothing until the deal is closed up. He was seen with Harry Joseph, who will engage in the district looking up the merits of the many mines.

NORTH ON THE ROCK.

Operations in This Section Being Watched with Keen Interest.

The work that is being prosecuted north of the Hallelujah and Gemini claims is being watched with keen interest by people who are familiar with this part of the district. At the Valley end the work of the last night shift on the north, the new hoist is equipped being installed, the stack having been raised this week, and as soon as the engine is in place, sinking will be resumed.

At the Black Warrior the lodge is holding out for 12 feet from the surface with most gratifying results, some very good looking quartz and iron stringers being seen.

The last 11 feet of the Raymond shaft has gone through a body of iron that shows values in the form of lead, silver and copper, and Tom Kearns who visited the property Sunday will at once order a steam hoist and air compressor, that the work may be pushed with machine drills.

The gasoline compressor at the Billiton is working smoothly, and the shaft is going down as fast as it can be pushed under the direction of Superintendent Geo. A. Wilson.

Over at the Jefferson, which adjoins the big C. W. G. group about one and one-half miles north of the Gemini, a steam hoist has been installed, and the shaft which is 40 feet in depth for the most part in a fine body of quartz, will be sunk to the deep. The company has enough capital for a campaign of several weeks, and has a nice bundle of treasury stock as a reserve. There are seven claims in the group, which is a favorite with Eureka investors.—Tintic Miner.

Strikes Near Marysvale.

Special Correspondence.

Richfield, May 27.—D.J. Free Esq. was down from Marysvale yesterday, and stated that Tom Gillan of this city had made a good strike in the Out of Sight mine. He further stated that a good body of ore had been discovered this side of Marysvale, right beside the main road.

MINES AND MINING MEN.

The Taylor-Brown sampler received one car from Nevada today.

Six cars of ore from Tintic reached the Cookin sampler today.

The Centennial Eureka made a shipment of six cars of ore today.

Fred Fundt is reported to have leased the Tyee mine at Park City.

F. V. Farnsworth, manager of the Hero Silver at Frisco, is now inspecting that property.

It is estimated that 100 people went to Park City yesterday over the Rio Grande Western.

The Utah and Velona of Fish Springs have good ore shipments en route to market.

Shipments from Tintic during the week amounted to 37 cars of ore, 18 cars of concentrates and 6 tons of bullion.

Hon. David Evans has purchased the Black Jack and Trail mining claims at Tintic for the sum of $1,000, payment having been made Saturday.

The Tipnell group in northeastern Utah has been bonded by W. H. Dodge and associates for $12,000. This is the mine in which a big strike was made recently.

After call today there was sold at shortly for sale in entire a judgment against James H. Bacon, a holder of 1,000 shares of Dalton and Lark stock at 10 cents a share, also 100 shares of 5½ cents, Hon. D. Lane being the buyer in both cases.

MEMORIAL DAY EXERCISES.

Tomorrow's G. A. R. Program for Morning and Evening.

Memorial Day exercises will be observed by the G. A. R. tomorrow. At 10 o'clock a. m. a march will be made to Mount Olivet cemetery where appropriate services over the graves of dead heroes will be carried out. In the evening a program will be rendered at the G. A. R. hall commencing at 8 o'clock.

ORDER OF PROCESSION.

Platoon of Police.
Band.
Marshal and Aides.
Governor and Staff.
Mayor and City Council.
National Guard of Utah.
Returned Soldiers from the war with Spain.
Knights of Pythias.
Other Civic Societies.
Hearse.
Department Commander and Staff.
Other Army Posts and Other Old Soldiers.

EVENING PROGRAM.

Introduction ..... Chas. Crane
Prayer ..... Rev. A. H. Henry
Song "America" ..... Audience
Recitation ..... Mr. Fred C. Graham
Tenor to the "Grand Army" ..... Mr. Fred Price
Song Quartet.
Song, "Rally Round the Flag," ..... Audience
Address ..... Gen. W. M. Hughes
Song, "Testing Tonight on the Old Camp Ground" ..... Audience

Ward Entertainments

There will be a concert given by the German people of the city in Richards' hall on Tuesday evening next beginning at 8 o'clock, for the benefit of Elder Aells, who leaves shortly for a mission to Germany. No admission fee will be charged but contributions will be taken at the door.

An entertainment was tendered Elder W. G. Richards Friday evening, in the Twentieth ward meeting house. A very fine program was rendered after which Brother Richards said good bye to his friends. He left Saturday afternoon for Canada, where he will assist in conducting.

Elder Ernest J. Taylor of the Eleventh ward was the recipient of an entertainment Friday evening in the 11th ward meeting house. A very fine program was rendered and was listened to by a large audience.

MEDICAL OUTLOOK FROM ROMAN EGYPT.

[London Lancet.]

It is probable that no archeological literary discovery of the expiring century will in future be so celebrated as the scraps from the sands of the Egyptian Fayoum of more than 19,000 complete and fragmentary papyri by the explorers acting under the auspices of the "Graeco-Roman branch of the Egyptian Exploration Fund," a society which, at its commencement, owed much to the late Mr. Erasmus Wilson. A selection from some 1,000 documents, the greater part of which are at Oxford, and the minority at the Ghizeh museum, has been edited by Messrs. Grenfell and Hunt, who have car-fully edited about 150 of them and published them with a commentary, which is entitled, "The Oxyrhynchus Papyri Part I, with Eight Facsimile Plates." First in importance is the well-preserved portion of a "Logia" or collection of "Sayings of our Lord." These are also given by Dr. Sayce, Professor Platt, and other classical writers. The first papyrus of medical interest is No. 29, which is from a military archive of Oxyrhynchus, and is the certificate for the release from army service of one Tryphon, who is said to have lost his sight. It reads thus: "Copy of Tryphon, dated and signed in the twelfth year of Hadrian, Tryphon, son of Tryphon, aged 40, years, scar on right eyebrow, suffering from cataract and shortness of sight, of the metropolis of Oxyrhynchus. Examination was made at Alexandria." The report also gives an account of a lawsuit relative to the identity and the custody of an infant boy who had been left with a baby farmer. Papyrus No. 33 is the report of a medical officer upon a case of epilepsy, and the report is as follows: "To Claudianus, strategus, from Dioscorius, son of Apollonius, you of Oxyrhynchus, military physician. I was today instructed by you through Heraclides, your assistant, to inspect Ammon, a man who had been found hanged, named Horus, and to report to you my opinion upon it. Therefore, inspected the body in the presence of Heraclides at the house of Epagathus in the Broad Street quarter, and found a rope round a beam, which fact I accordingly report."

Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with Bucklen's Arnica Salve, a thoroughly anti-septic application with a record of always curing piles, old sores, scalds, burns and all skin diseases.—F. C. Schramm, Merchants building, corner Main St. and First South.

Little Sufferers Relieved.

If you have piles, CURE them. No one should suffer. Rosalind operations that simply remove the results of piles are without distributing the disease and leaving worse than before. Dr. De-Witt's Witch Hazel Salve. It has never failed to cure ONE PILE. It will do for you what it has done for others. Schramm, McCornick building, corner Main St. and First South.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost intolerable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an outlying of a humor in the blood—of terrible Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself is the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mineerville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that that was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

—is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Rheumatism, Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place.

Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

Howling Swells

we can make of a plain matter of fact basis of business by dressing him in the latest, fashionable style. If he be stylish, or in any style he desires that is elegant and tasty, we can make the man.
