DESERET EVENING NEWS.

Wednesday, - September 25, 1895.

MUNICIPAL MATTERS

Offensive Odors and Sweetly Smelling Flowers Discussed.

PAY OF POLICE AND FIRE BOARD.

Harrigan's Old Claim Reiterated and Referred to a Special Committee —Minor Matters.

A varied program was that rendered by the City Council last night, ranging as it did, from the discussion of filthy odors emanating from the catch basins, to the consideration of the beautiful flowers, whose sweetness and delicious perfume are envied by all humankind. After the minutes of the previous meeting were read and approved, the recorder read the following

PETITIONS AND COMMUNICATIONS.

Mary A. Fisher asked for a renewal of free license. Committee on license.

Wm. Dunkley asked for a free license to peddle fruit and vegetables. Committee on license.

Frederick Smith and Joseph Smith asked permission to sell fruit at the northwest corner of South and East Temple streets during conference time. Committee on license.

Edson M. Stowell filed a petition for relief from tax sale. Referred to city attorney.

Wm. C. Jacobson asked for a renewal of his free license. Committee on license.

HARRIGAN'S CLAIM.

Frank Harrigan submitted the following claim and asked that it be referred to a special committee:

Pavement in front of Walker property on Second South	$ [illegible]
Interest on same from November [illegible], 1892	[illegible]
Discount of [illegible] per cent on [illegible], paid in warrants	[illegible]
Making a total of	$1,[illegible]

Mr. Clawson opposed the claim and moved that it be received and filed.

Mr. Harrigan being present was allowed the privilege of speaking. He said the claim had once been taken up but no favorable action taken on it, and therefore asked that it be referred to a special committee in order that the claim might be liquidated, or he would have to commence suit for its collection, before the time required by law had expired.

O'Meara opposed Clawson's motion and amended it by moving that it be referred to a special committee. A vote was taken on the amendment and it carried.

McMillan, Lynn and Cottam were appointed as that committee.

REPORTS OF CITY OFFICERS.

The city attorney recommended that the claim of W. V. Eberly, amounting to $175, for flowers furnished for the joint building, be paid. Report adopted.

The same official, in reporting on the petition of the North Point Consolidated Irrigation Co., complaining that the city was maintaining a nuisance in the vicinity of the Surplus canal, recommended that no action be taken as he considered that no nuisance existed. Report adopted.

Chief of Police Pratt notified the Council that he had received notice to remove the guards in charge of the city prisoners, and as the men were reliable and men of families, he asked that they be retained.

Cheesman moved to retain the men, but Young offered a motion that a committee be appointed to hear the statements of the men in regard to the work they had been doing. This motion prevailed and the guards were ordered to meet with the street committee on Thursday evening.

The city watermaster asked for an appropriation of $600 for labor and the purchase of 15,000 feet of lumber to replace the flume at the city cemetery. Referred to the cemetery committee.

VACATIONS DENIED.

The committee on finance reported adversely on the resolution and ordinance authorizing the chiefs of the several city departments to grant employes 15 days vacation each year. Report adopted.

The waterworks committee recommended that the petition of Isaac Hindman asking allowance of $6 for error in assessment of water rates for 1892-93 be allowed. Adopted.

The same committee recommended that the city engineer be authorized to measure the streams of City Creek, Parley's Canyon and Emigration. Report adopted.

The committee on sewerage, to whom was referred the claim of Wm. Darling for $3.50 damages done to his buggy by crossing a defective bridge over the sewer, recommended that the claim be not allowed, but that the petitioner refer his claim to the contractors.

The street committee recommended that the petition of A. W. Carlson et al., asking for the grading of Plum, between Center and Quince streets, be granted. Report adopted.

WILL SAVE THE FLOWERS.

The committee on public grounds recommended the adoption of the communication of the park keeper suggesting that a system of hot water pipes be put in the greenhouse and conservatories at Liberty Park at a cost not to exceed $250, in order to save the many valuable plants and avoid danger of fire.

A lengthy discussion ensued at the reading of the report, Clawson, Young and McCornick opposing it. Mr. Clawson thought this matter of draining the city treasury for flowers and other trifles should be put a stop to and hoped the report would not be adopted. A vote was taken and the report declared adopted.

CATCH BASINS AGAIN.

The resolution of Mr. O'Meara providing for the removal of the alleged offensive catch basins was brought up by the finance committee, to which it was referred, bringing in majority and minority reports.

The majority report signed by McCornick, Lynn and Cheesman provided for the catch basins remaining statu quo, as the cold weather would quench the offensive odor, and also with a view to economy on account of the depleted condition of the city treasury.

The minority report was by Clawson and O'Meara, in support of the resolution, and pleading for the health of the citizens who did business adjacent to the disease-breeding traps.

Clawson said he was just as economical in the expenditure of the people's money as anybody dare be, but upon investigation he had found that $150 monthly was being expended for cleaning the catch basins, when it would cost but $4,200 to abandon them entirely, which would have to be done sooner or later.

Discussion pro and con followed, and the matter finally went over for one week.

WHAT ABOUT INTEREST?

Clawson offered the following resolution which was referred to the finance committee:

Resolved, That the treasurer be requested to inform the Council what amount of the city's funds has been on deposit at interest, and the sums received for use of same.

SALARIES OF FIRE AND POLICE BOARD.

Cohn called up a bill fixing the salaries of the fire and police board at $250 each.

He then arose to speak in support of the bill and claimed that it was nothing but proper and just that they be paid for their services.

O'Meara declared that the commissioners were just as much entitled to compensation as were the councilmen. Hoped that the time would never come when the city would ask people to work for nothing.

Clawson argued that if the commissioners wanted pay they should send in a communication asking for it. Moved to refer it to the finance committee. The motion was lost and Clawson then offered an amendment making it $120 per year being equivalent to $5 a meeting.

Cheesman amended the amendment by making it $200. The amendment and sub-amendment were lost. Then Lynn offered an amendment making it $150 each per year which was also lost. The ordinance was then put on its final passage and downed by a vote of 7 ayes to 5 nays.

Cheesman then moved that the action be reconsidered and laid over for one week. Adopted.

The matter of Dr. Niles' claim for $25, for professional services rendered to Fireman Sullivan, was laid over for one week.

Appropriations aggregating $[illegible] were allowed and an adjournment taken.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A proper use of this medicine has often averted long and fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents a bottle. Z. C. M. I. drug department.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Z. C. M. I. drug department. Regular size 50c and $1.00.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Z. C. M. I. drug department.

ONE WORD,

Yes, it's only one word, but it comprehends the biggest half of the volume of good living. You're getting hungry when you mention groceries. The quality of groceries must be above suspicion, so good that it can't be any better. That's the grade of our goods every time, which is something we need not say, for everybody in Salt Lake knows it. One word of advice: Don't tolerate anything less than good living, and make it a rule to secure the best of everything by ordering your supplies from a well equipped store, where only the best can be found and where no adulterated goods are permitted to enter.
