NEWS OF THE WEST.

California Judge Says a Rapist Is Not Entitled to Sympathy.

THIEF BY TRASHY LITERATURE.

An Absconding Lawyer—Work of the Storm—General News From All Over the West.

Clifton E. Mayer, the ex-Ogden real estate broker, was again in court at Los Angeles Saturday to plead to the charge of having committed rape upon Ella Shipkin. He pleaded guilty and the court set his trial for November 5 8.

Elmer E. Rowell, one of Ben Harrison's most prominent attorneys, is missing and is alleged to be a larger embezzler to the amount of about $10,000. Since the present 7th he has been absent from the city, and when seen a short time before the summer vacation on the 10th Rowell, who has never had cause to attend to, failed to put in his appearance. One widow is lower of $5,000 on his account.

Warren Webster, convicted of making a felonious assault on 14-year-old Julia Martin, was sentenced by Judge Hebbard on Saturday to Fourteen years' imprisonment at San Quentin, Cal. The Judge intended to consider the action of the jury recommending Webster to mercy. He considered the crime as the worst on the calendar, and added that in such cases no court should be swayed by considerations of sentiment.

Fillmore, Millard county, Progress: During the storm Wednesday lightning struck the brick building belonging to Mrs. S. Bertsch, on Main street, cracking the brick wall on the north side from the roof to the foundation. In its course downward it also struck two window frames, tearing a big piece out of one and shattering the other to splinter wood. It is quite a loss to Mr. Bertsch, as almost the entire side of the building will have to be pulled down and be rebuilt. No one was injured.

A few days ago George Kitchen, of San Jose, Cal., was robbed of $80 in coin. The money was taken from behind a mirror on a bureau in the afternoon, when the family were all at home. Monday Sheriff Lyndon joined the thief in the person of Mr. Kitchen's son. The boy had taken the money and divided with a pal made by the name of Roy Cummings. All of the money was recovered with the exception of $8. It is believed the boy committed the theft as a result of reading trashy literature.

Coalville, Summit county, Times: Bishop Barnes and Robert Forrester are now engaged in looking over the Grass Creek mines, for the purpose, we understand, of making an estimate of the expense that will be necessary in order to put the mines in shape to yield 200 tons of coal per day, so that is the quantity the Utah company desire to obtain. If the expense does not pop up too high, we understand the necessary work will be begun at once, and as soon as possible a large force of coal miners will be put at work. We hope the report of these experts will be favorable.

Glenwood Springs, Colo., Avalanche: The thunder storm Saturday night was one of the worst that ever visited this section. The lightning struck stack on West mountain and set it on fire. It is said that Agent Sweet was using the telephone at the time and was thrown to the floor insensible. The court house was also struck. No damage. H. H. Demorest, Western Union telegraph operator, had a narrow escape from instant death. He had just finished a message and taken his hand off the keys when a lightning ball came in over the wire burning out an instrument, and dazing him for the moment. If he had had his fingers on the brass transmitter it would have been instant death.

Montpelier, Idaho, Post: Some careless cattle hunter threw either a lighted match or the end of a burning cigarette on the hay land near the Church Island, Tuesday afternoon, and started a fire that would have ended disastrously to the stacks and property there had it not been for the heroic efforts of M. A. Alford, Thomas Peavy and others.....About a dozen of our young folks will leave in a few weeks for Utah to attend school. We are glad to see so great an interest in education manifest, and are glad that our youth are losing none of the opportunities offered, but we are honest sorry that Bear Lake will her six thousand people cannot afford the facilities that our boys and girls are seeking.

Heber City, Wasatch county, Wave: Little Claud Willes, while raising the yard last Saturday, in the absence of both Mr. and Mrs. Willes, found a piece of canoila. He had seen the members of the band wear lamps on their caps, so, boy like, he thought to imitate them. Lighting the canoila and fastening it to his hat he went inside the house, where he accidentally came in contact with a lace curtain and the flame of the canoila was communicated to the curtain and for a time a serious conflagration was imminent. Mrs. Parry saw the fire from across the street and fastening over ran quenched the flames. The damage done was slight, but had the fire not been extinguished it would, in a few minutes, have been beyond control. The promptness of Mrs. Parry saved the home.

Payson Globe: Work on the reservoir and canal near Goshen, is progressing nicely. The dam is up several feet, and to the passerby foreshadows the thrift and happiness yet in store for the industrious. A large force of teams with a moderate addition of single hands is raising it about eight inches a day. It looks like business to see two merchants, one butcher, and several families of other articles call twice a week. A trip up Little Salt Creek canyon is really a surprise to those used to traveling up it during quiet days. Survey stakes in endless numbers, smoke of steel from the numerous scrapers, thundering reports of blasting, the ring of the anvil, reports of the carpenters mallet, rattle of freight teams hauling lumber and piling, greet the traveler by and makes him wonder if he has not had a Rip Van Winkle sleep. In fact the canyon is a continuous hum of business from one end to the other. Nor does it stop here, but continues on Rimble Creek flat, where the main canal is well under way.

The difference between Pills and Simmons Liver Regulator, is just this: Pills don't go down very easy with most people, and you feel them afterwards. While Simmons Liver Regulator in liquid or powder is very pleasant to take and the only feeling that you have afterwards is the great relief that it gives from Constipation, Biliousness, Sick-Headache and Dyspepsia. It is a 12 hour cure and lasts. 2

The direct line to Kansas City, St. Louis and Atlantic seaboard, is via the Missouri Pacific Railway, from Pueblo. Through sleeping and chair cars, and all conveniences made in Union depots in the city time. Subject to Attacks of Cholera Morbus

While staying in the Delta (Mississippi bottoms) last summer, E. T. Moss, representing Lawlor, Hayley, Wire Co., of St. Louis, suffered from malaria and became subject to attacks of cholera morbus. In every instance when attacked he was relieved as if by magic, by using Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I regard it as the 'prima ultra' of medicines."

Troubled With Periodical Dysentery

Henry P. Silvera, of Lucea, Jamaica, West India Islands, says: "Since my recovery from an attack of dysentery, some ten years ago, I suffer no suddenly at times and make me very weak. A teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy taken in a little water gives me immediate relief. I could get a dozen testimonials from people in Lucea who have been cured by this remedy."

A cup of Parks' Tea at night moves the bowels in the morning. For sale by F. J. Hill & Co., and Nelden Judson Drug Co.

GET YOUR BOYS

Ready for school. Summer is over and summer clothing should go with the warm season. The youngsters need new outfits when they go back to their books, and our stock of boys' clothing presents a bonanza of opportunities. We should have a reason for everything, and the reason you should buy your boys' suits at our establishment is that we sell the best suits and offer the lowest prices. You'll believe this when you examine our goods, which couldn't be better made or of better material. First-class clothing is always the cheapest.

FALL GOODS COMING NOW.

Woolen Goods a Trifle Higher Than Last Fall, Cotton Fabrics and Sewing Silks have Also Advanced in Price.

We have entered upon this fall with the idea that we are to have an improvement in trade. And that we can easily will want better suits than they have been buying for the past three years. There is no purchase from the moderate priced manufacturers but have raised at the very least quoted in the high priced goods of last year's designs. We have also made ready to wide changes in our merchandising department. No time during these is engaging the services of one of the most reliable and best known cutters in the city, so our customers are trying to our interest by placing orders with us.

With regard to price we will adhere to our motto of series and reputation to the greatest extent possible for their money. Being satisfied with very small profits.

We have now looked over the surplus of last year's purchases, and those that are left that we can afford to present to our patrons at $15.00 or more in a suit, but still likely dress in well fitting, well made, tasteful appearing clothes, and for this we have purchased a very carefully selected line of American made goods. These goods are equal in appearance of yet and merchant appearance to those of foreign manufacture, and are of excellent wearing qualities and are represented by many unscrupulous dealers as imported, and offered for sale by them at such at prices much lower than the imported goods can be sold for, but a much higher price than we are selling the same goods for. From these goods we are ready to fill orders at from $12.50 to $25.00 and give the customers the benefit of having them cut and made by the best skilled workmen in the city, a privilege we trust will be appreciated.
